

The background of the slide is a complex, abstract pattern composed of numerous overlapping, irregular, rounded shapes. These shapes, referred to as 'blobs', are rendered in a variety of shades of blue, teal, and grey, creating a layered, organic effect. The blobs are distributed across the entire frame, with some being more prominent than others, creating a sense of depth and movement.

# 100 random blobs

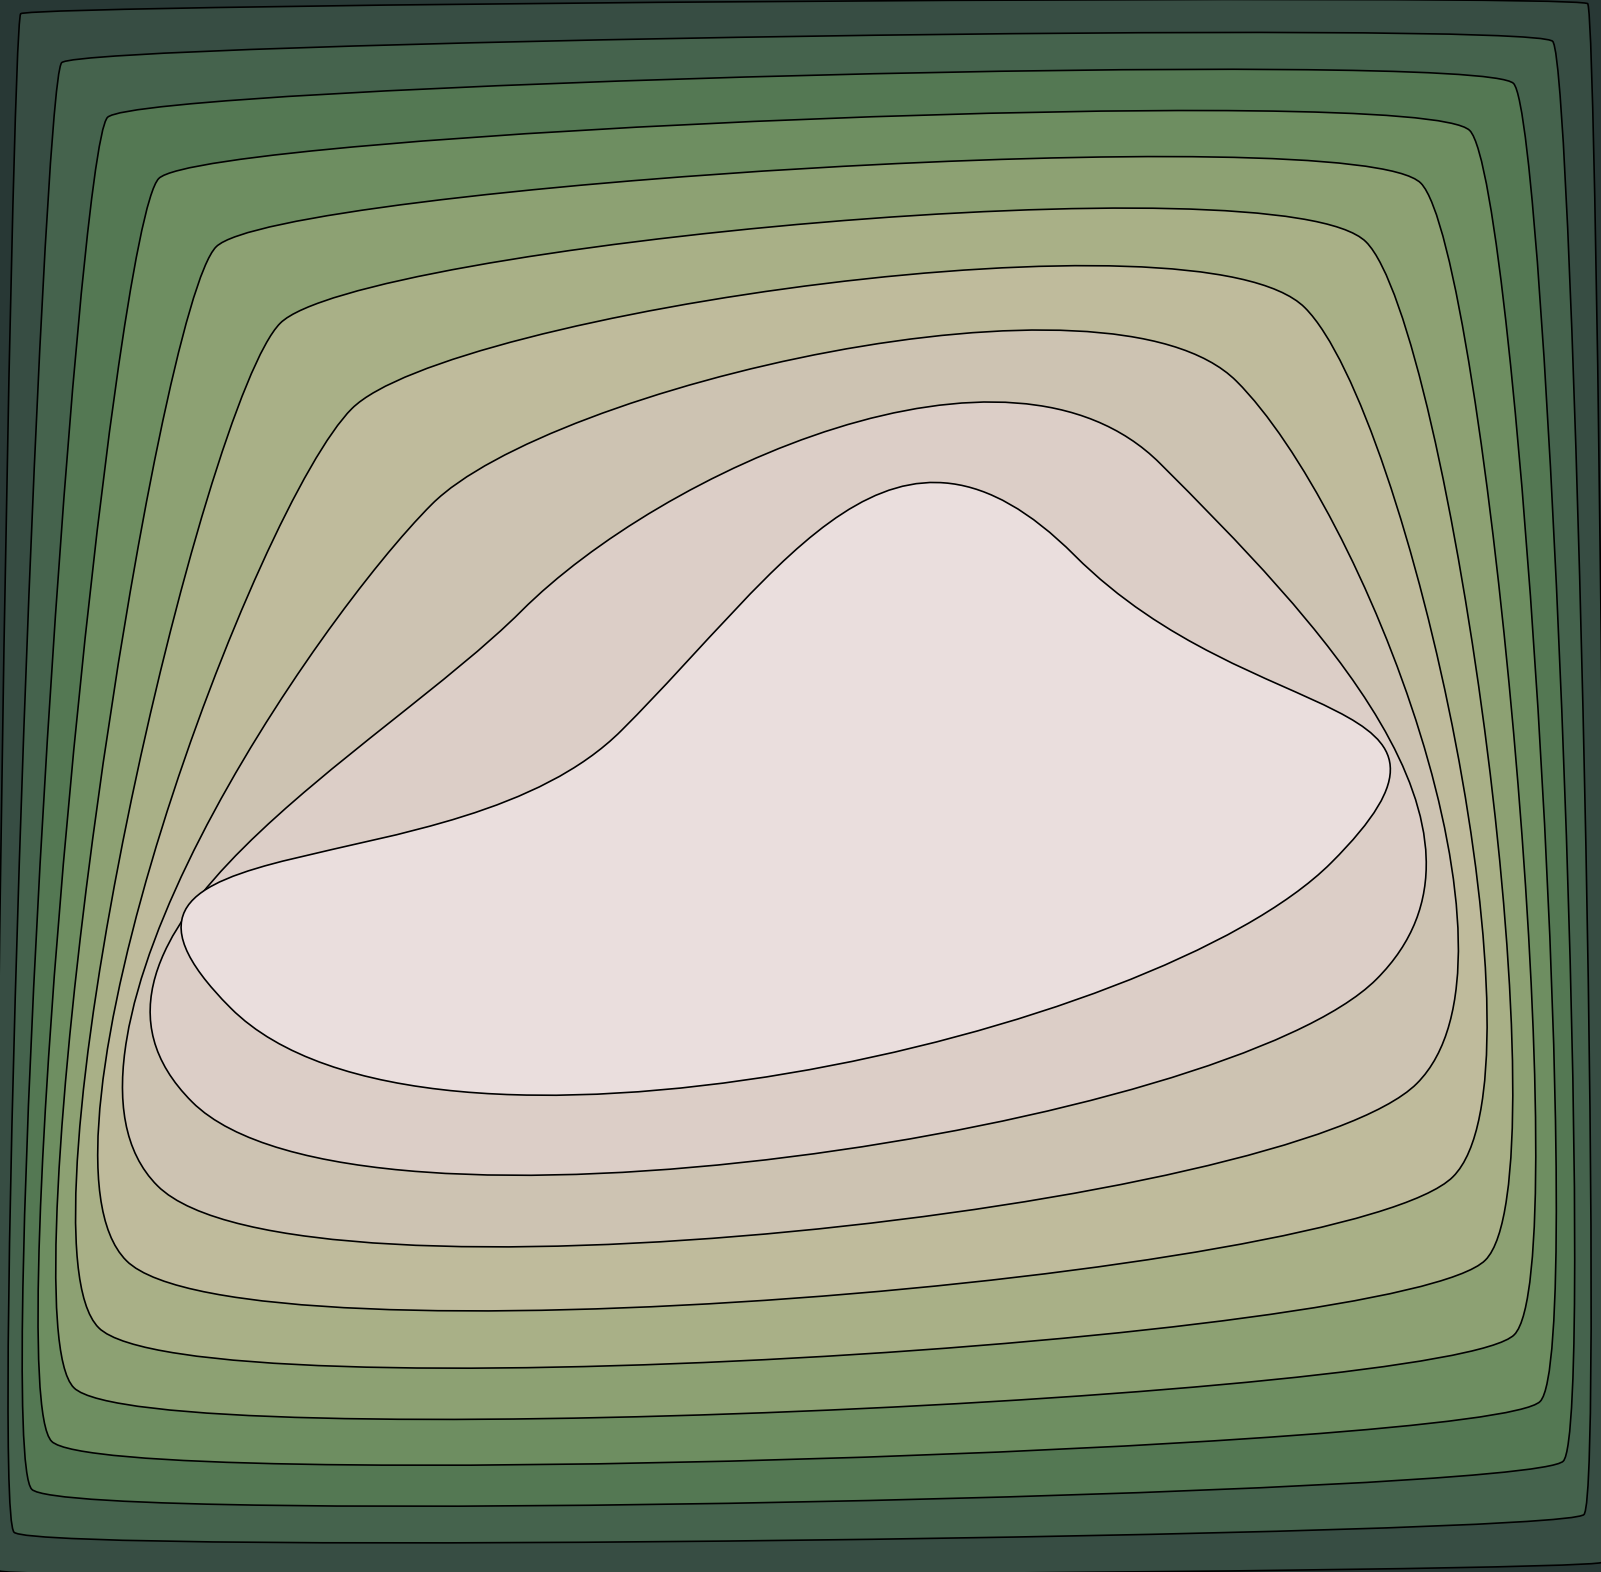

November the 20th, 2015 — Vasilis van Gemert

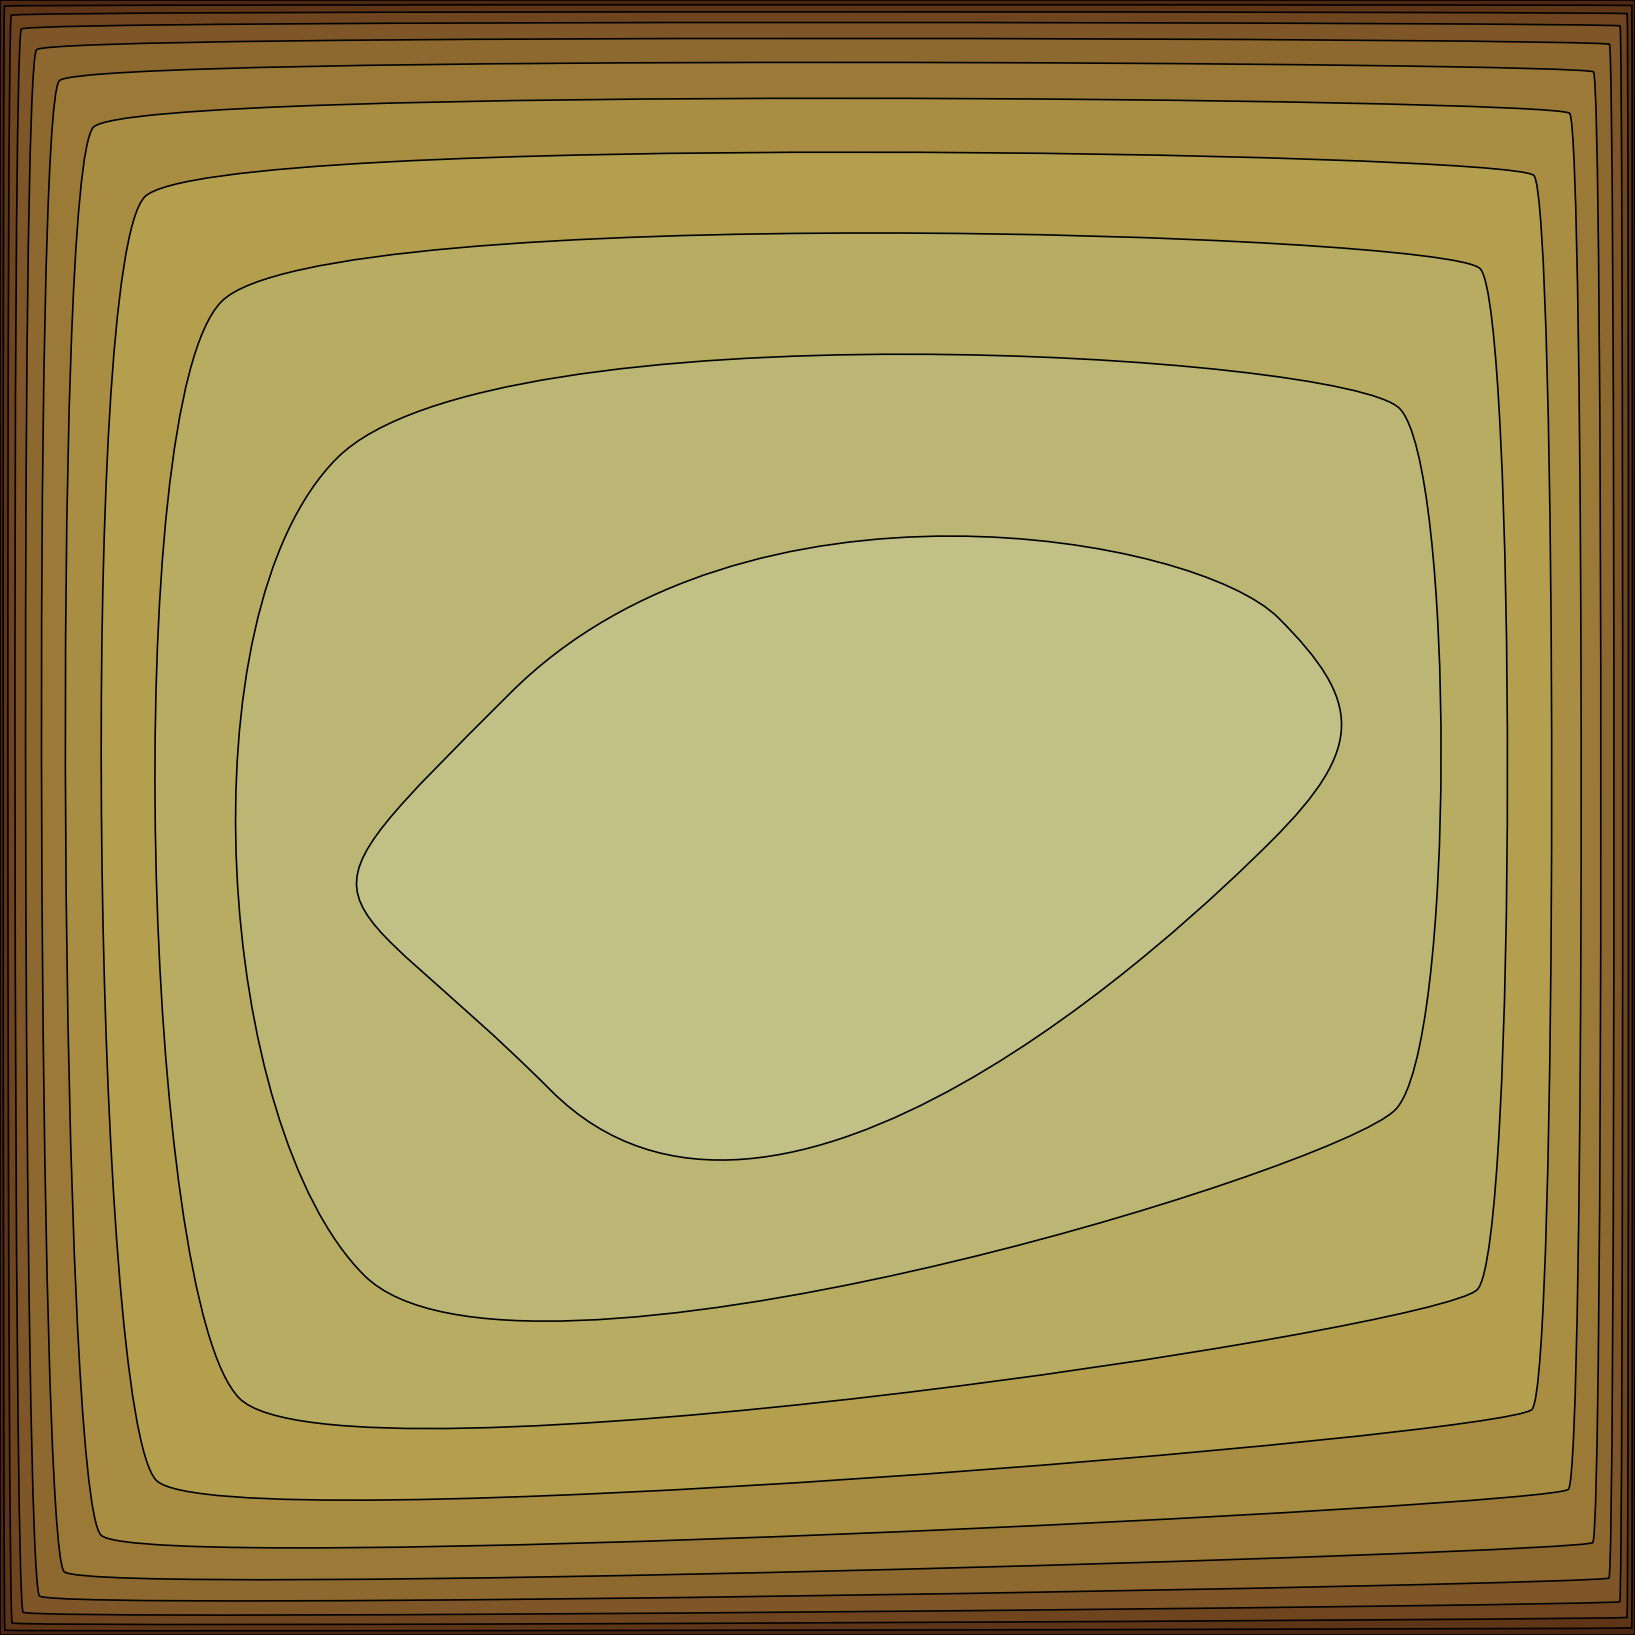

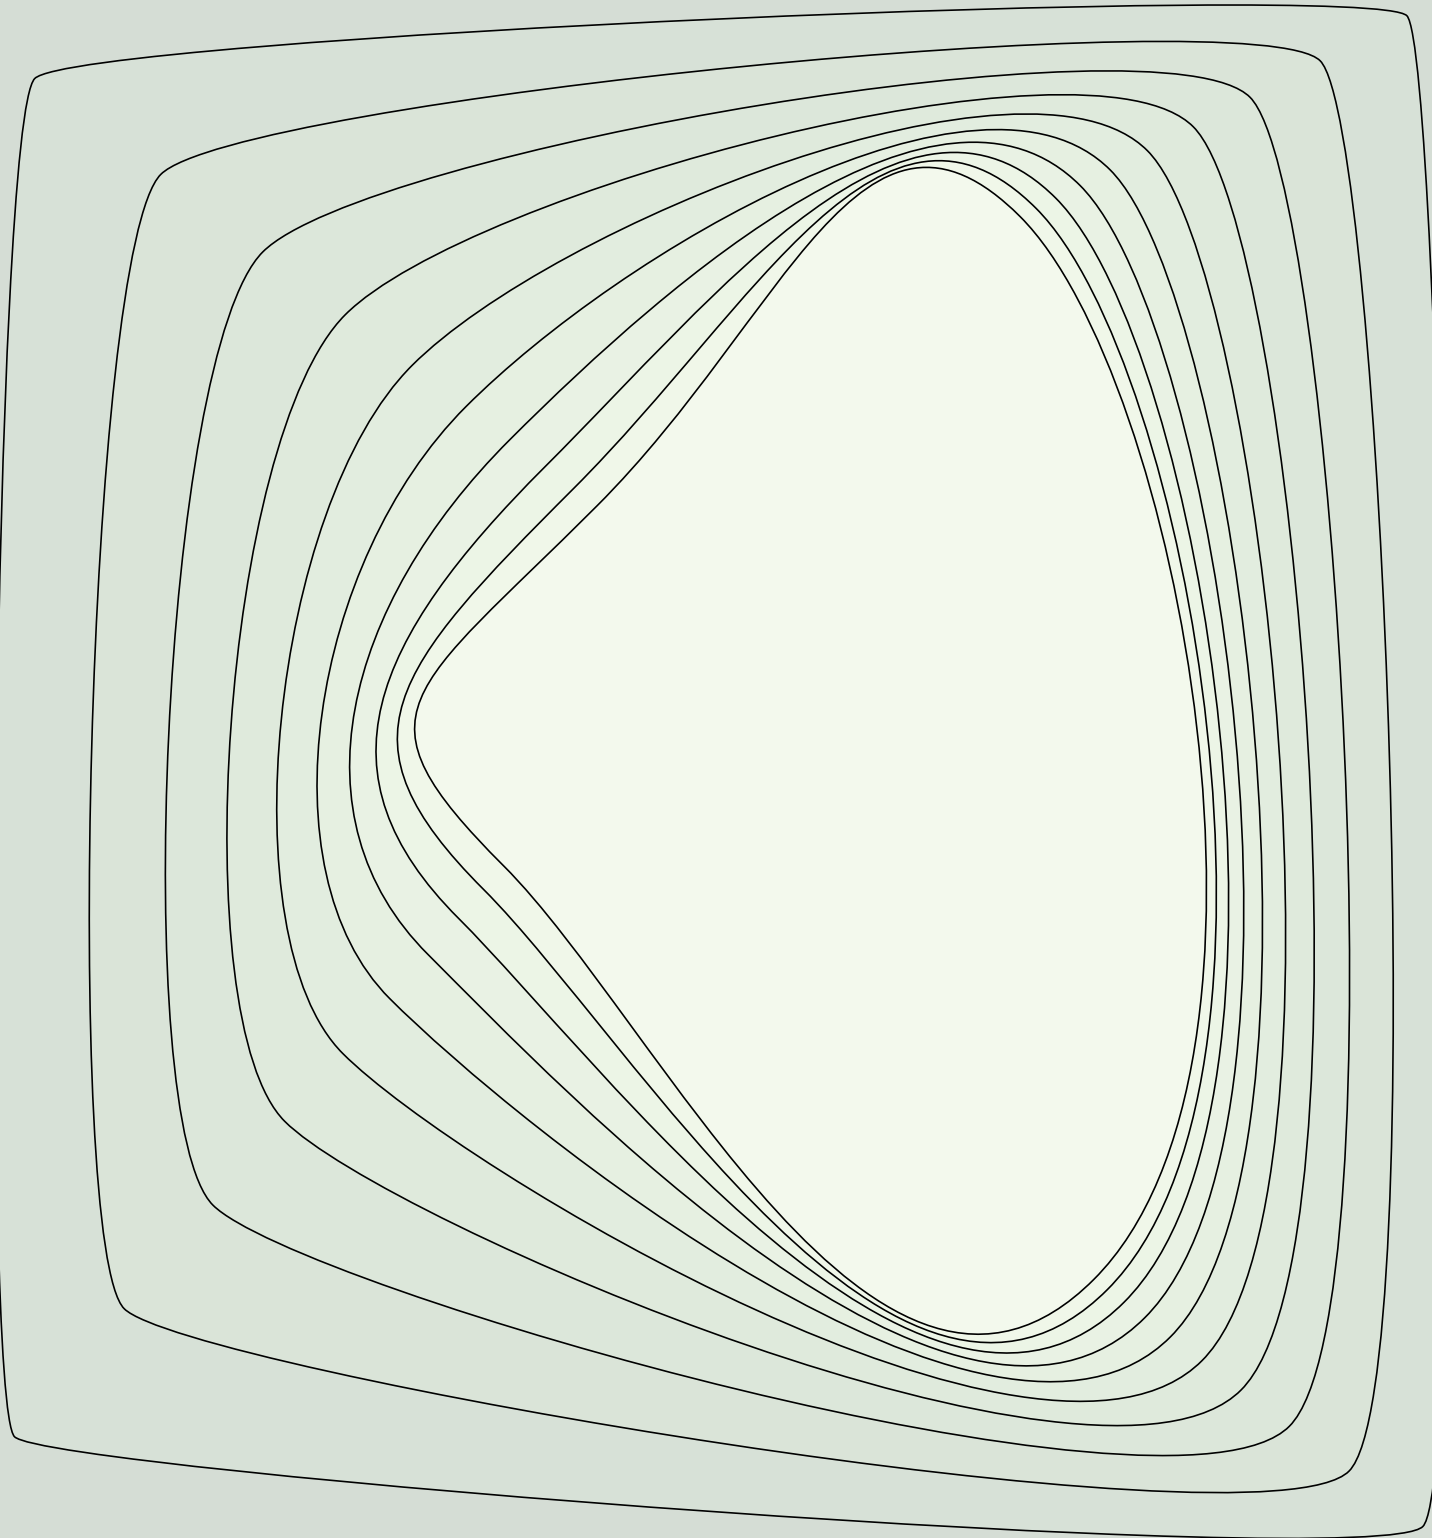

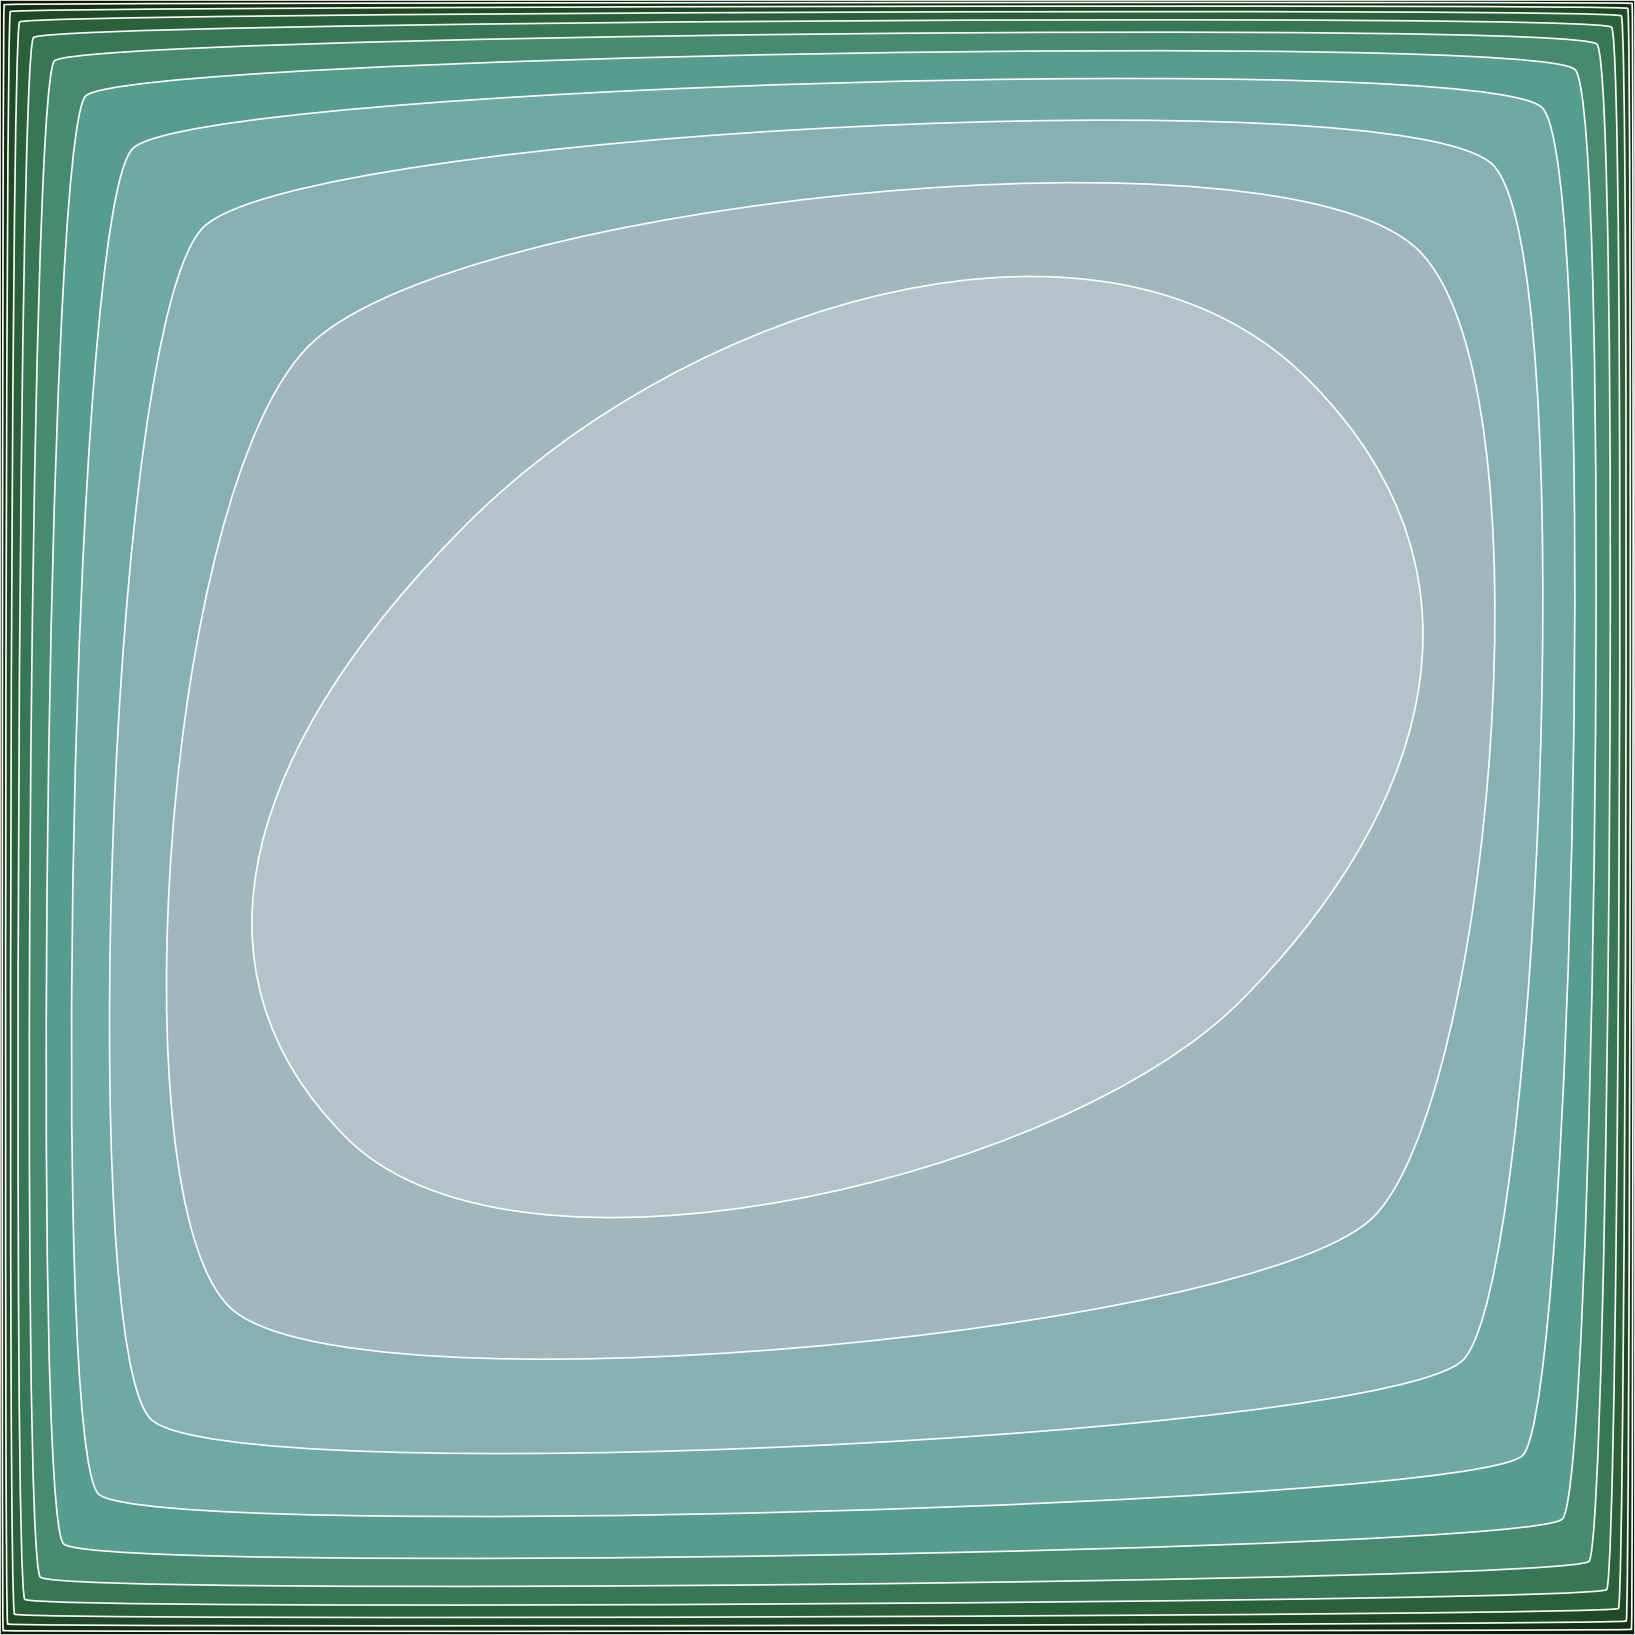

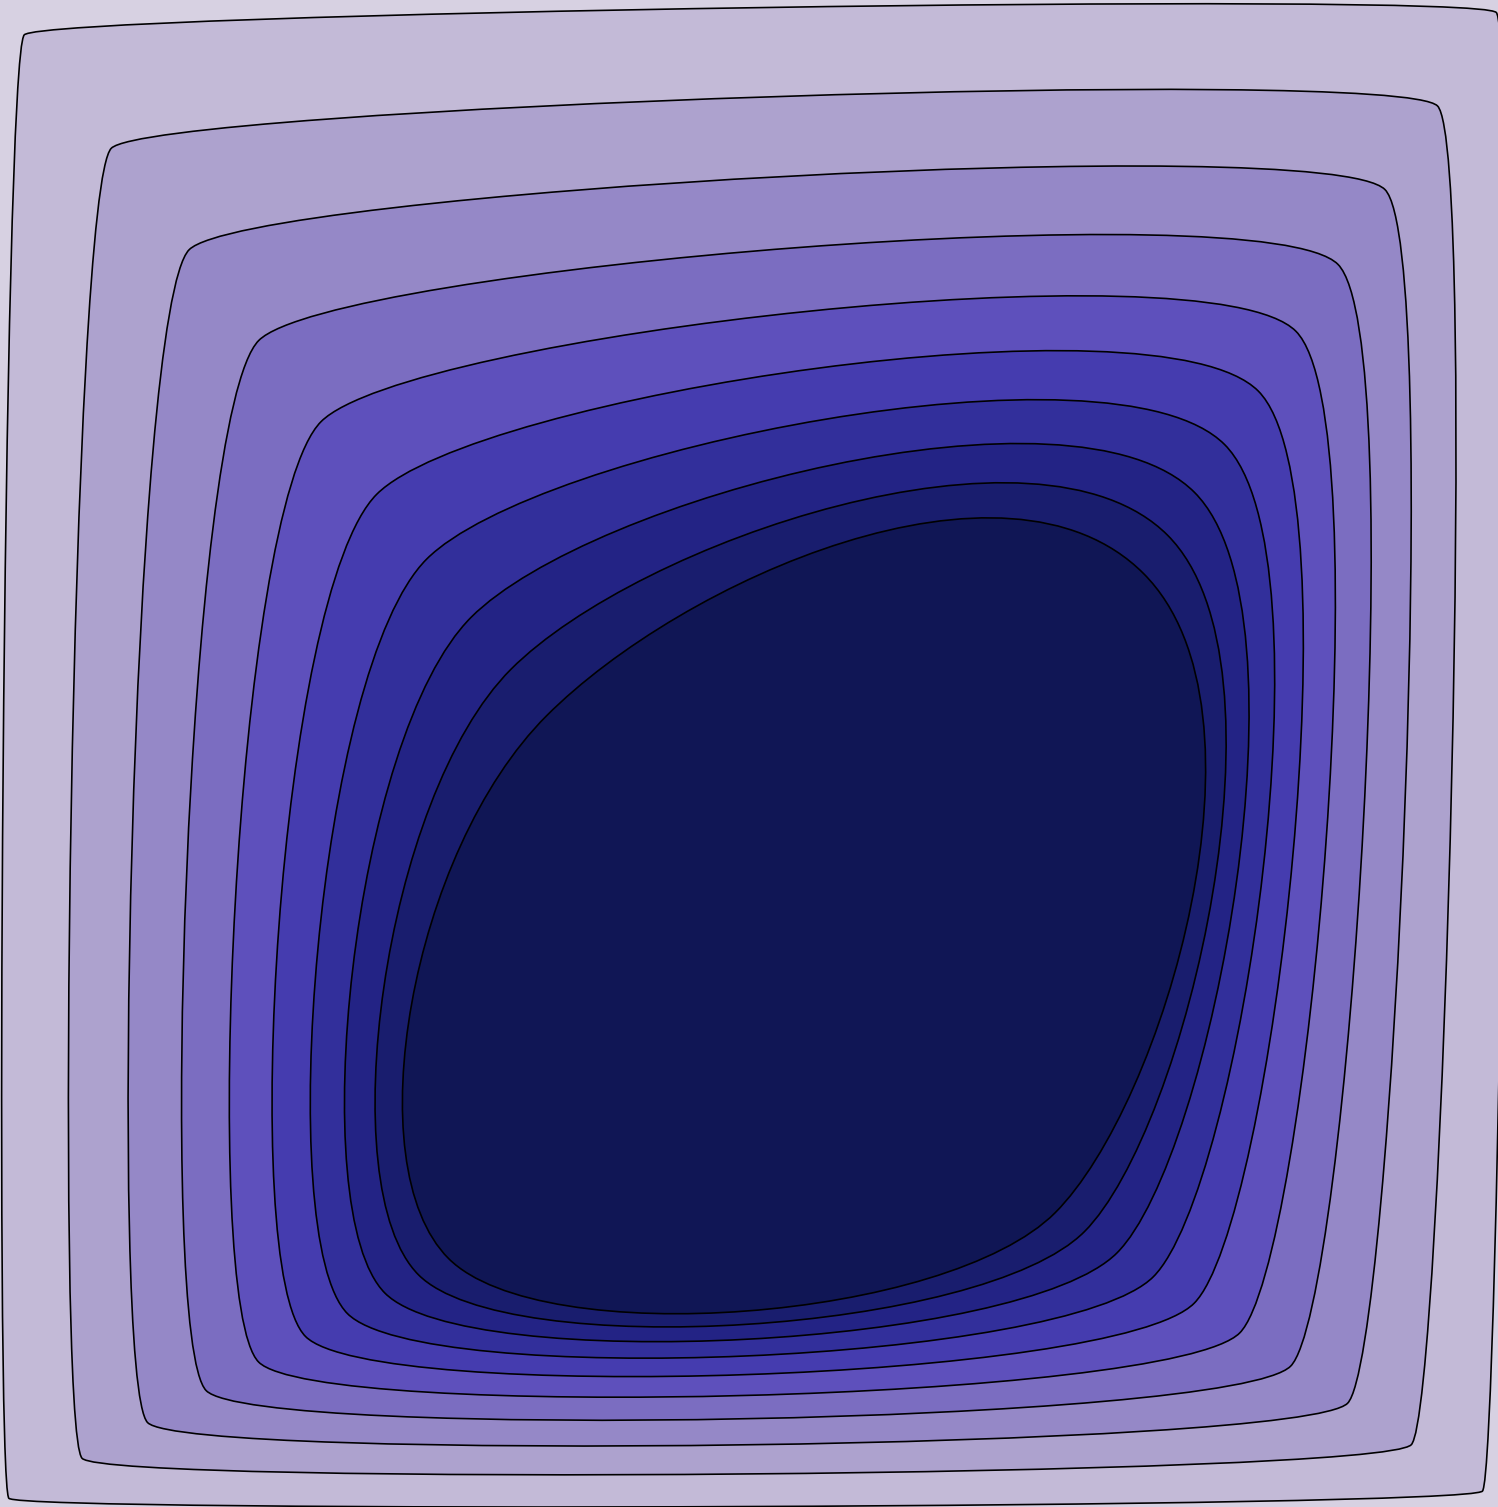

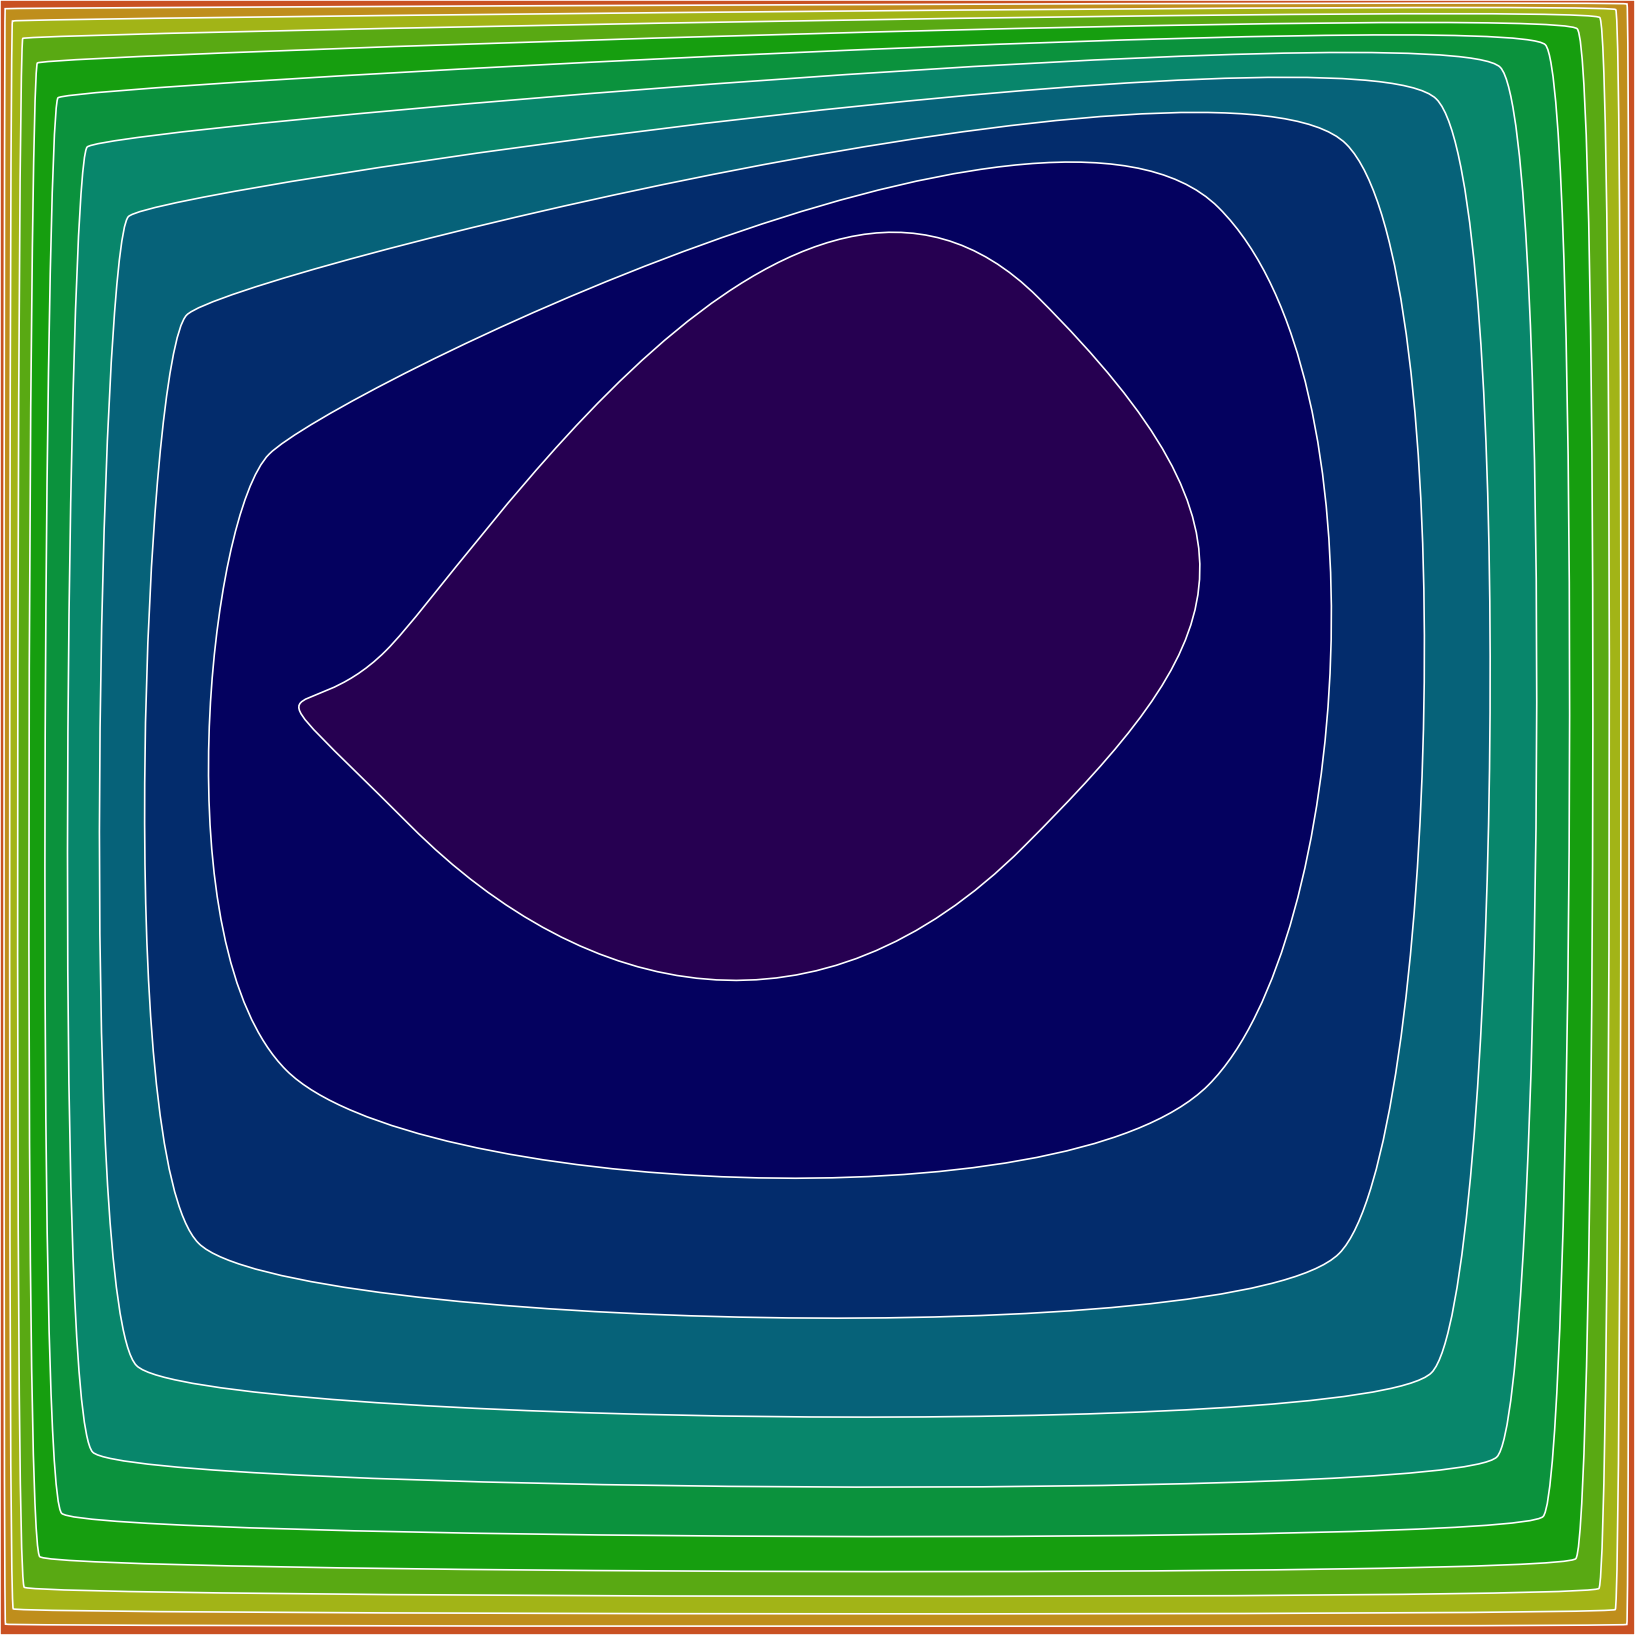

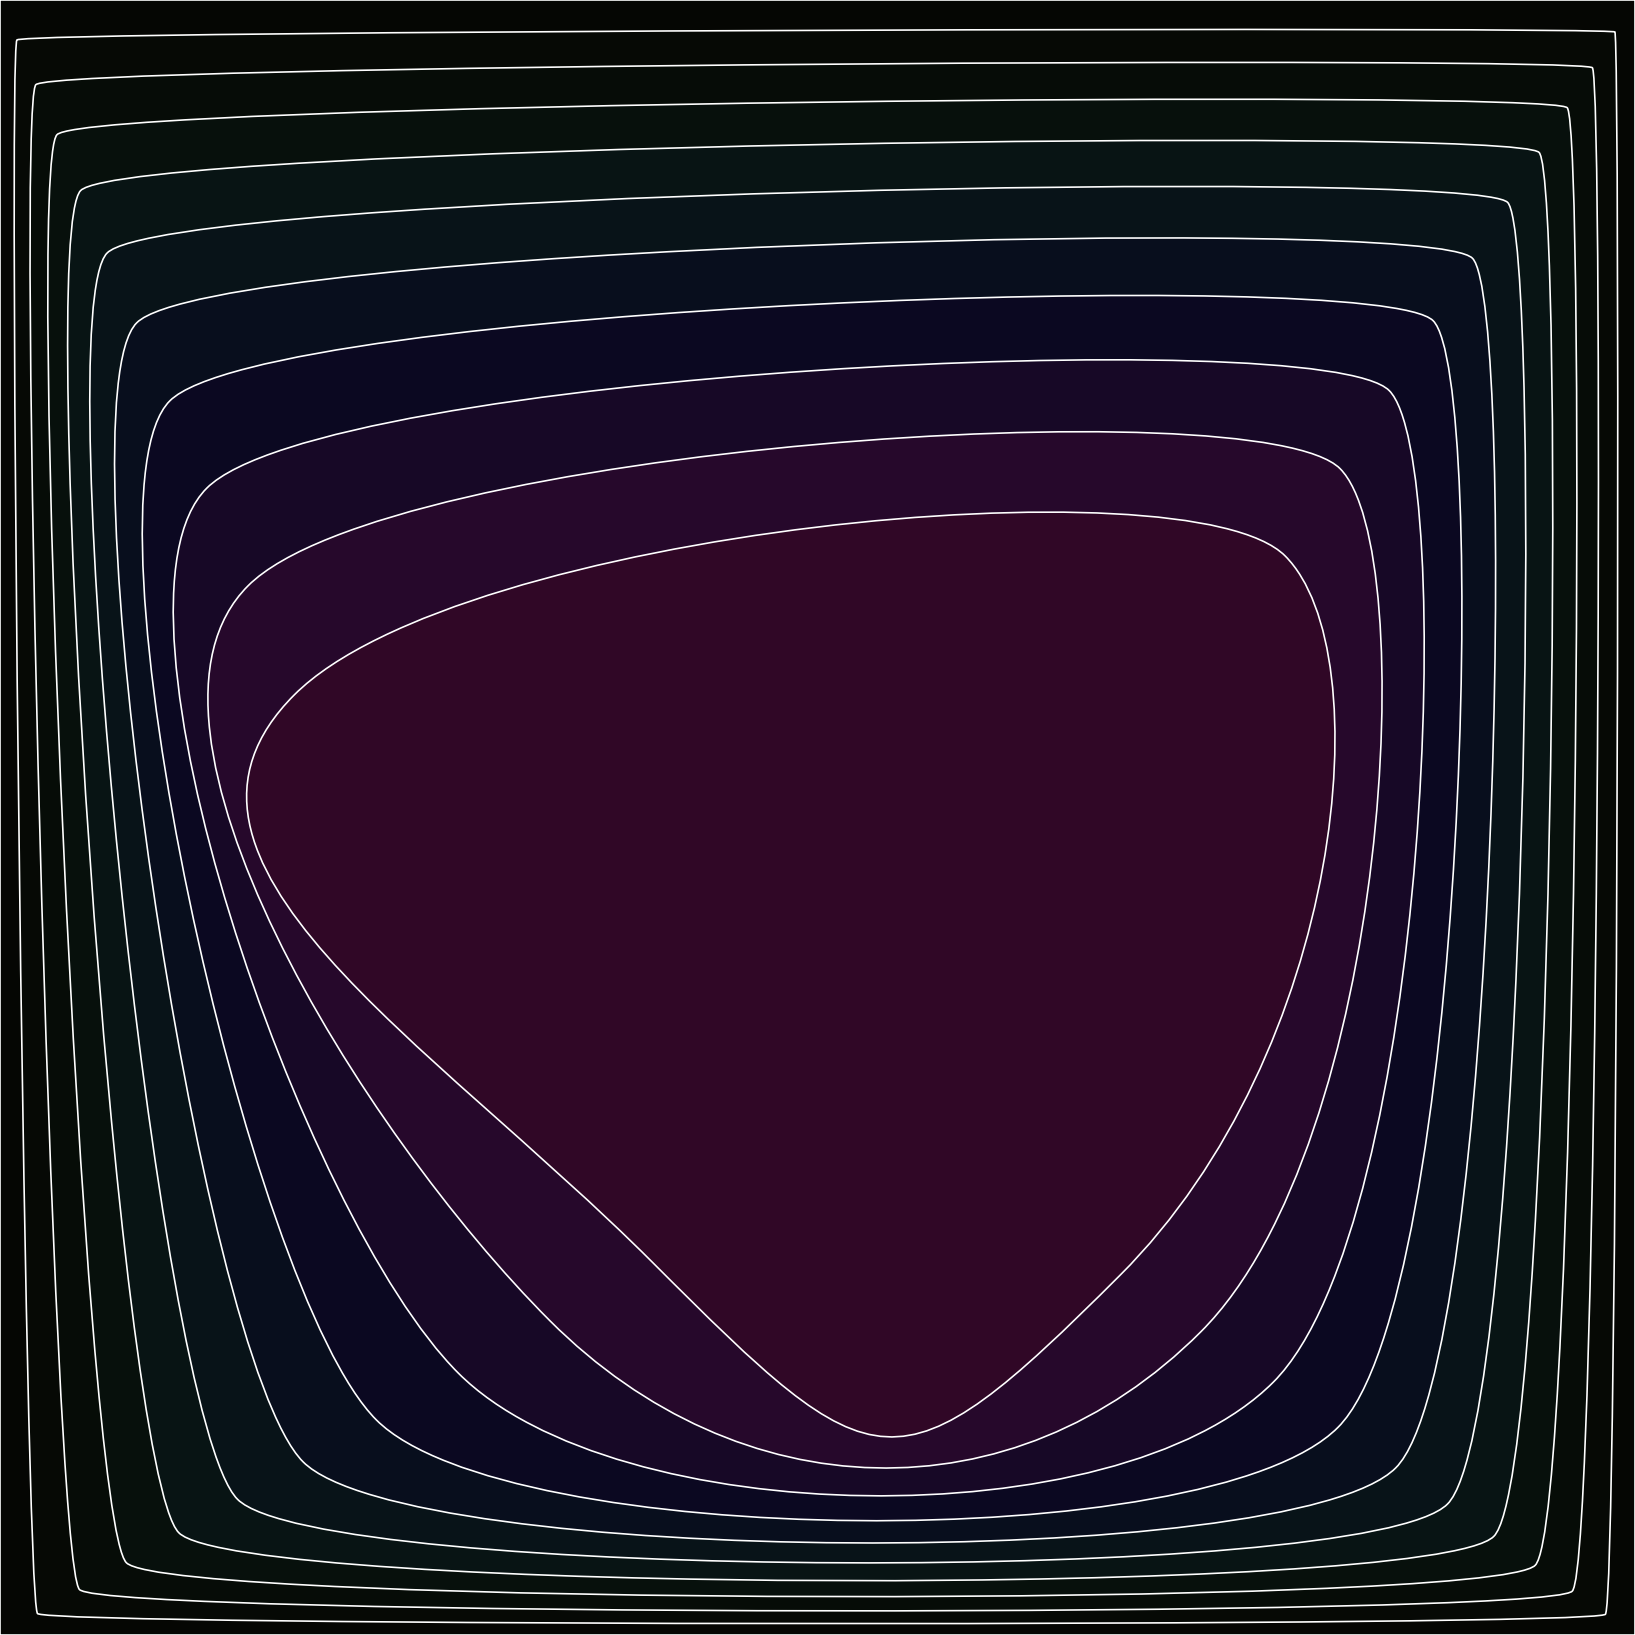

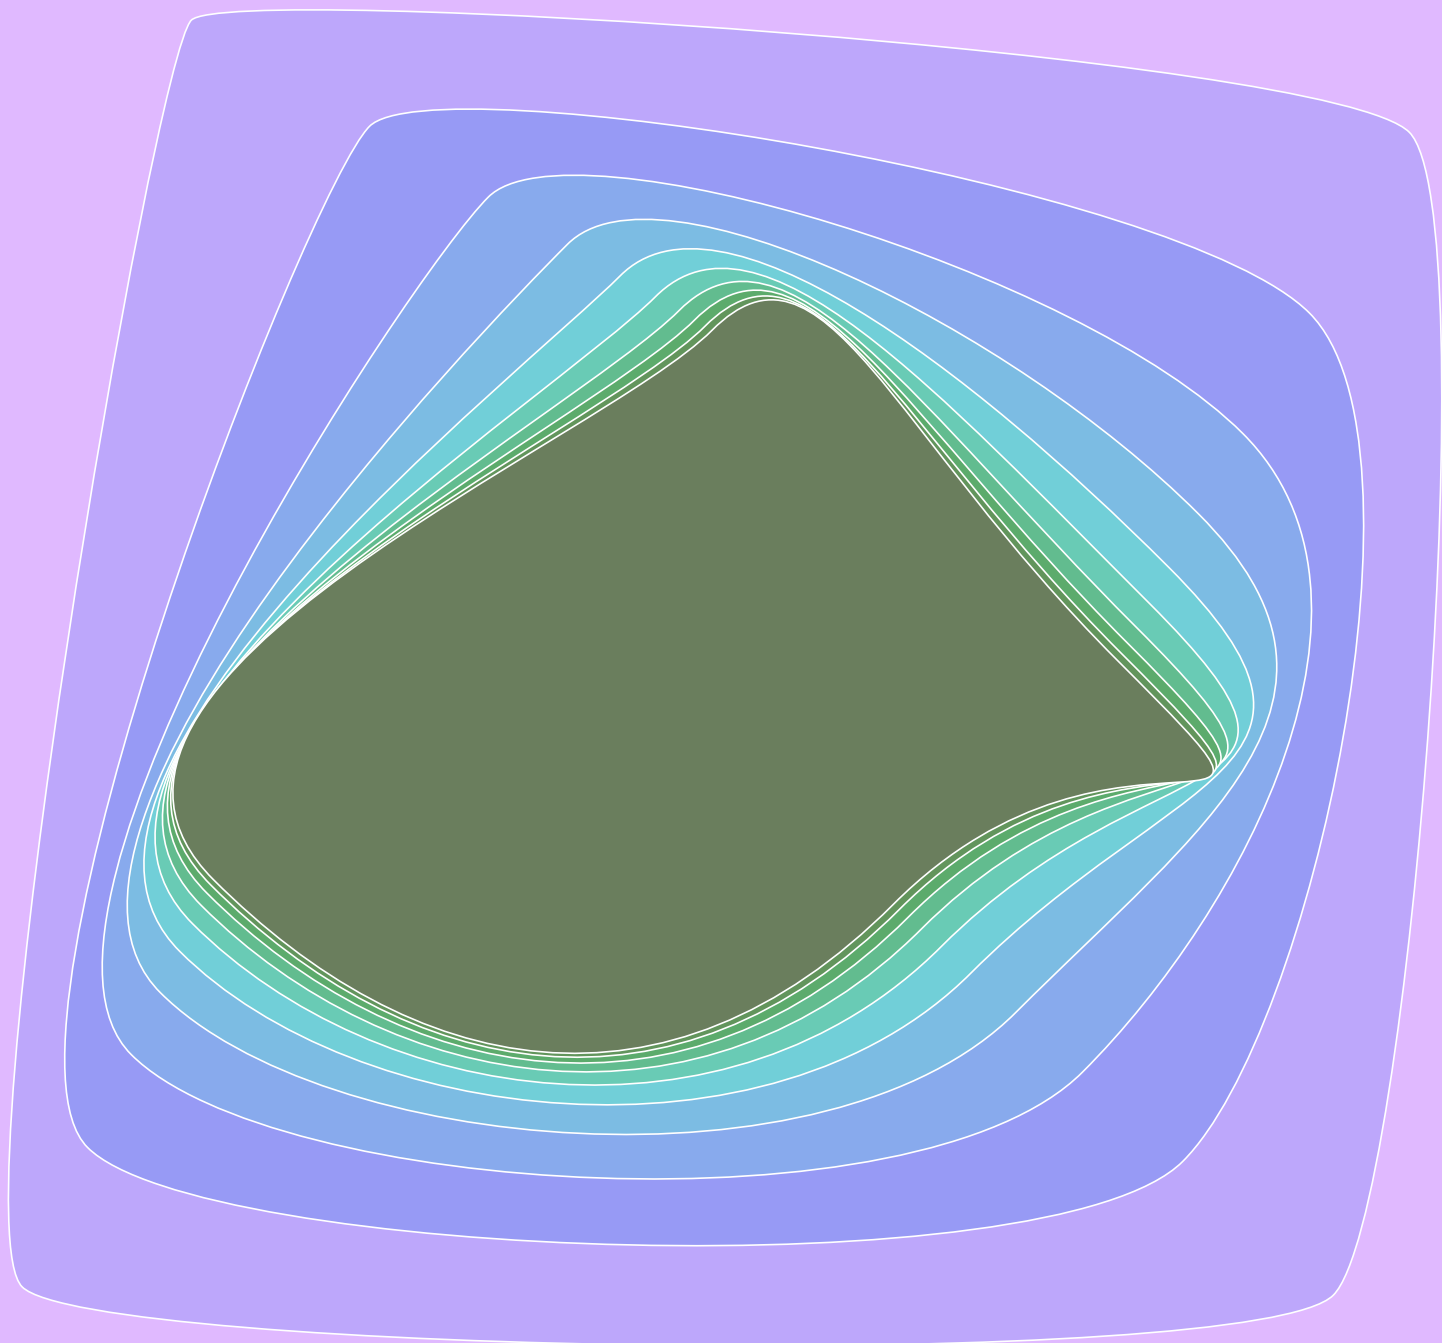

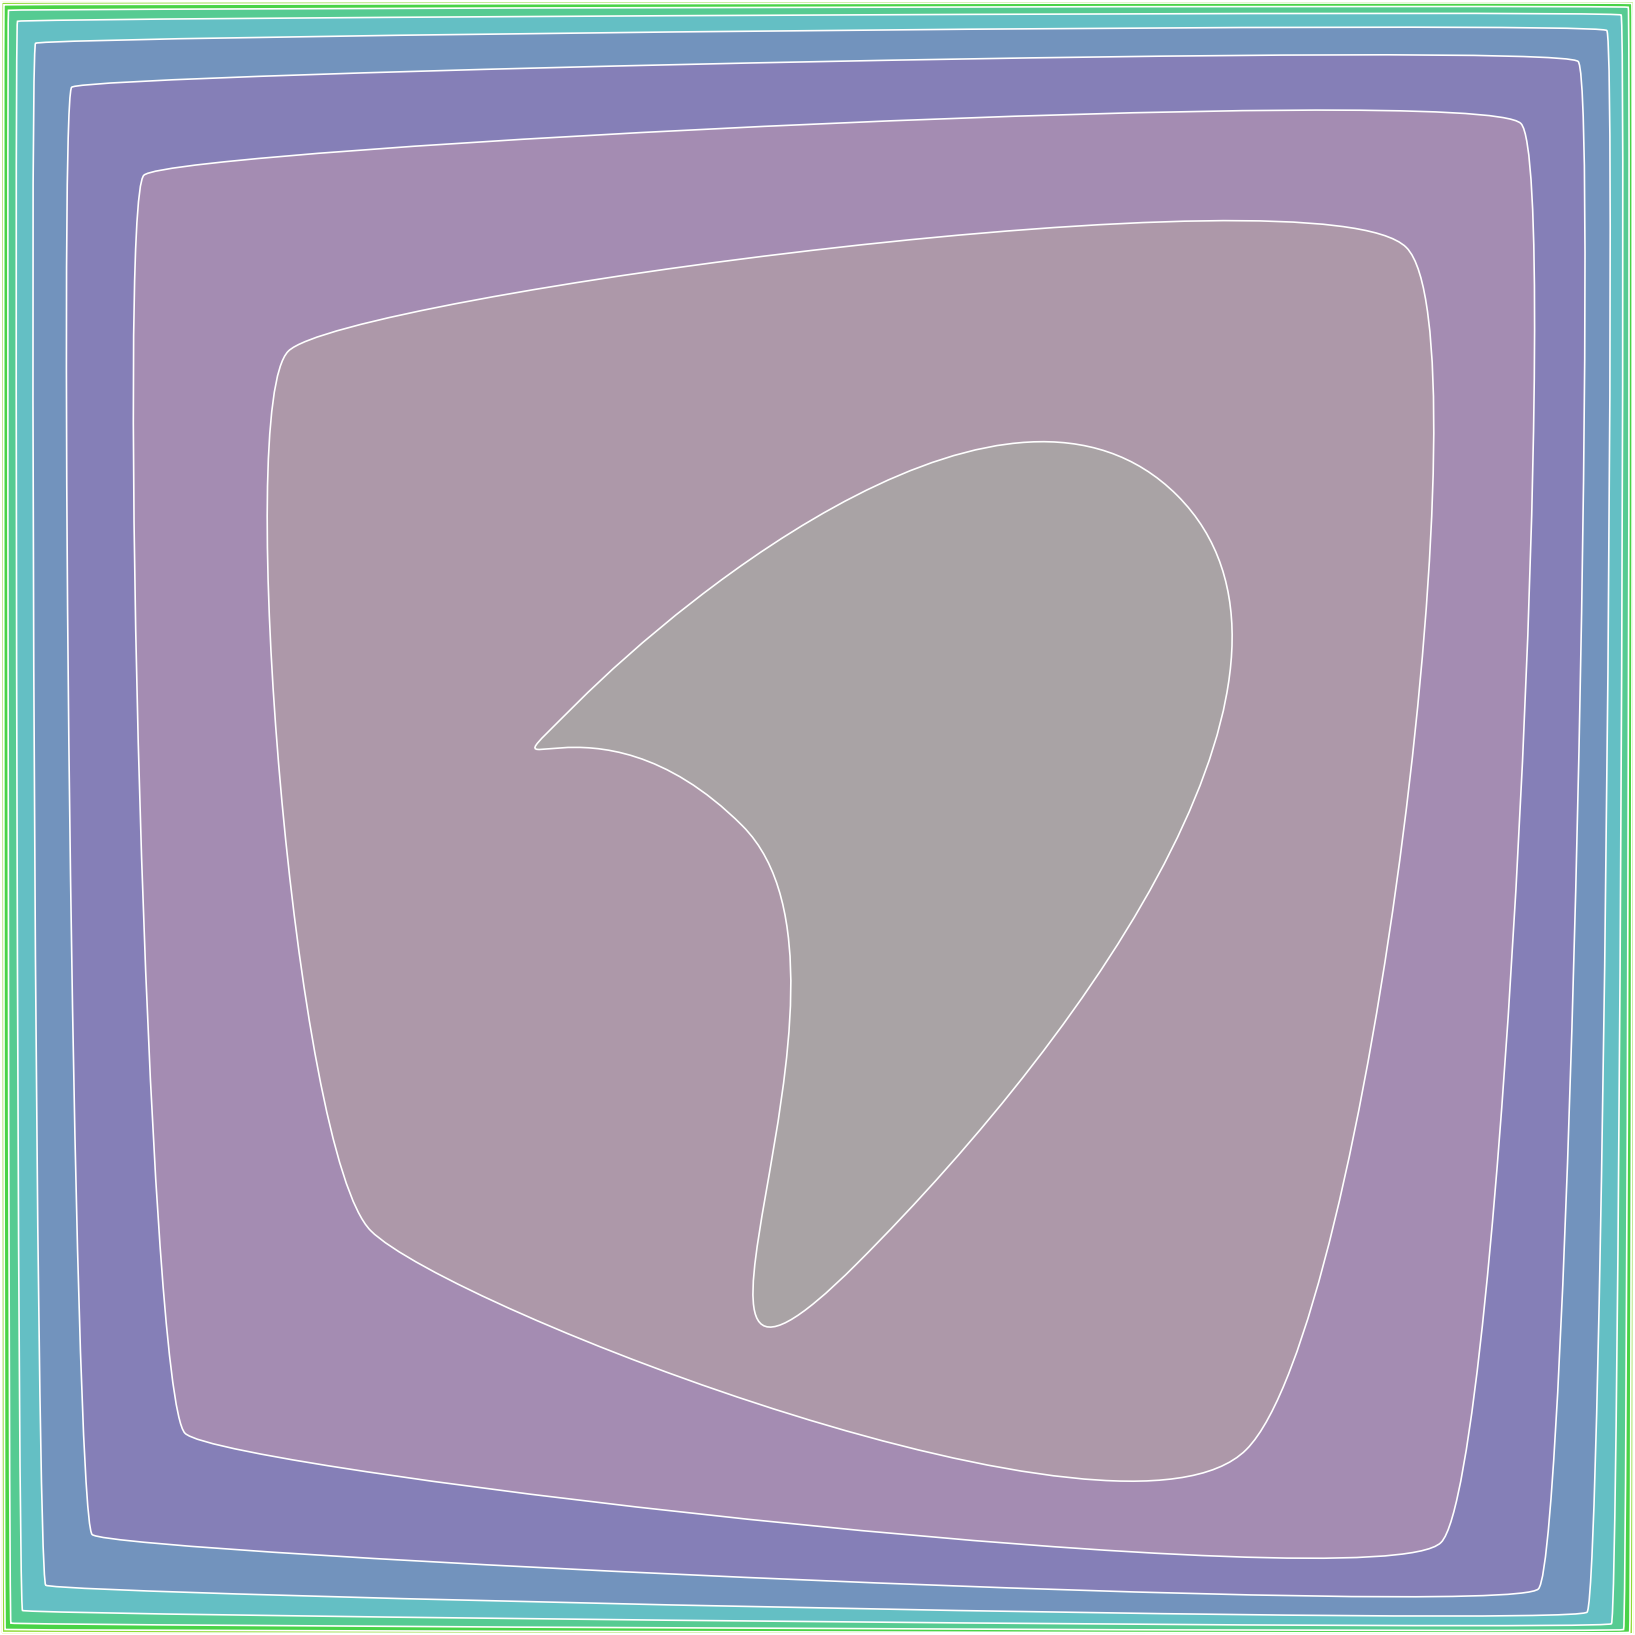

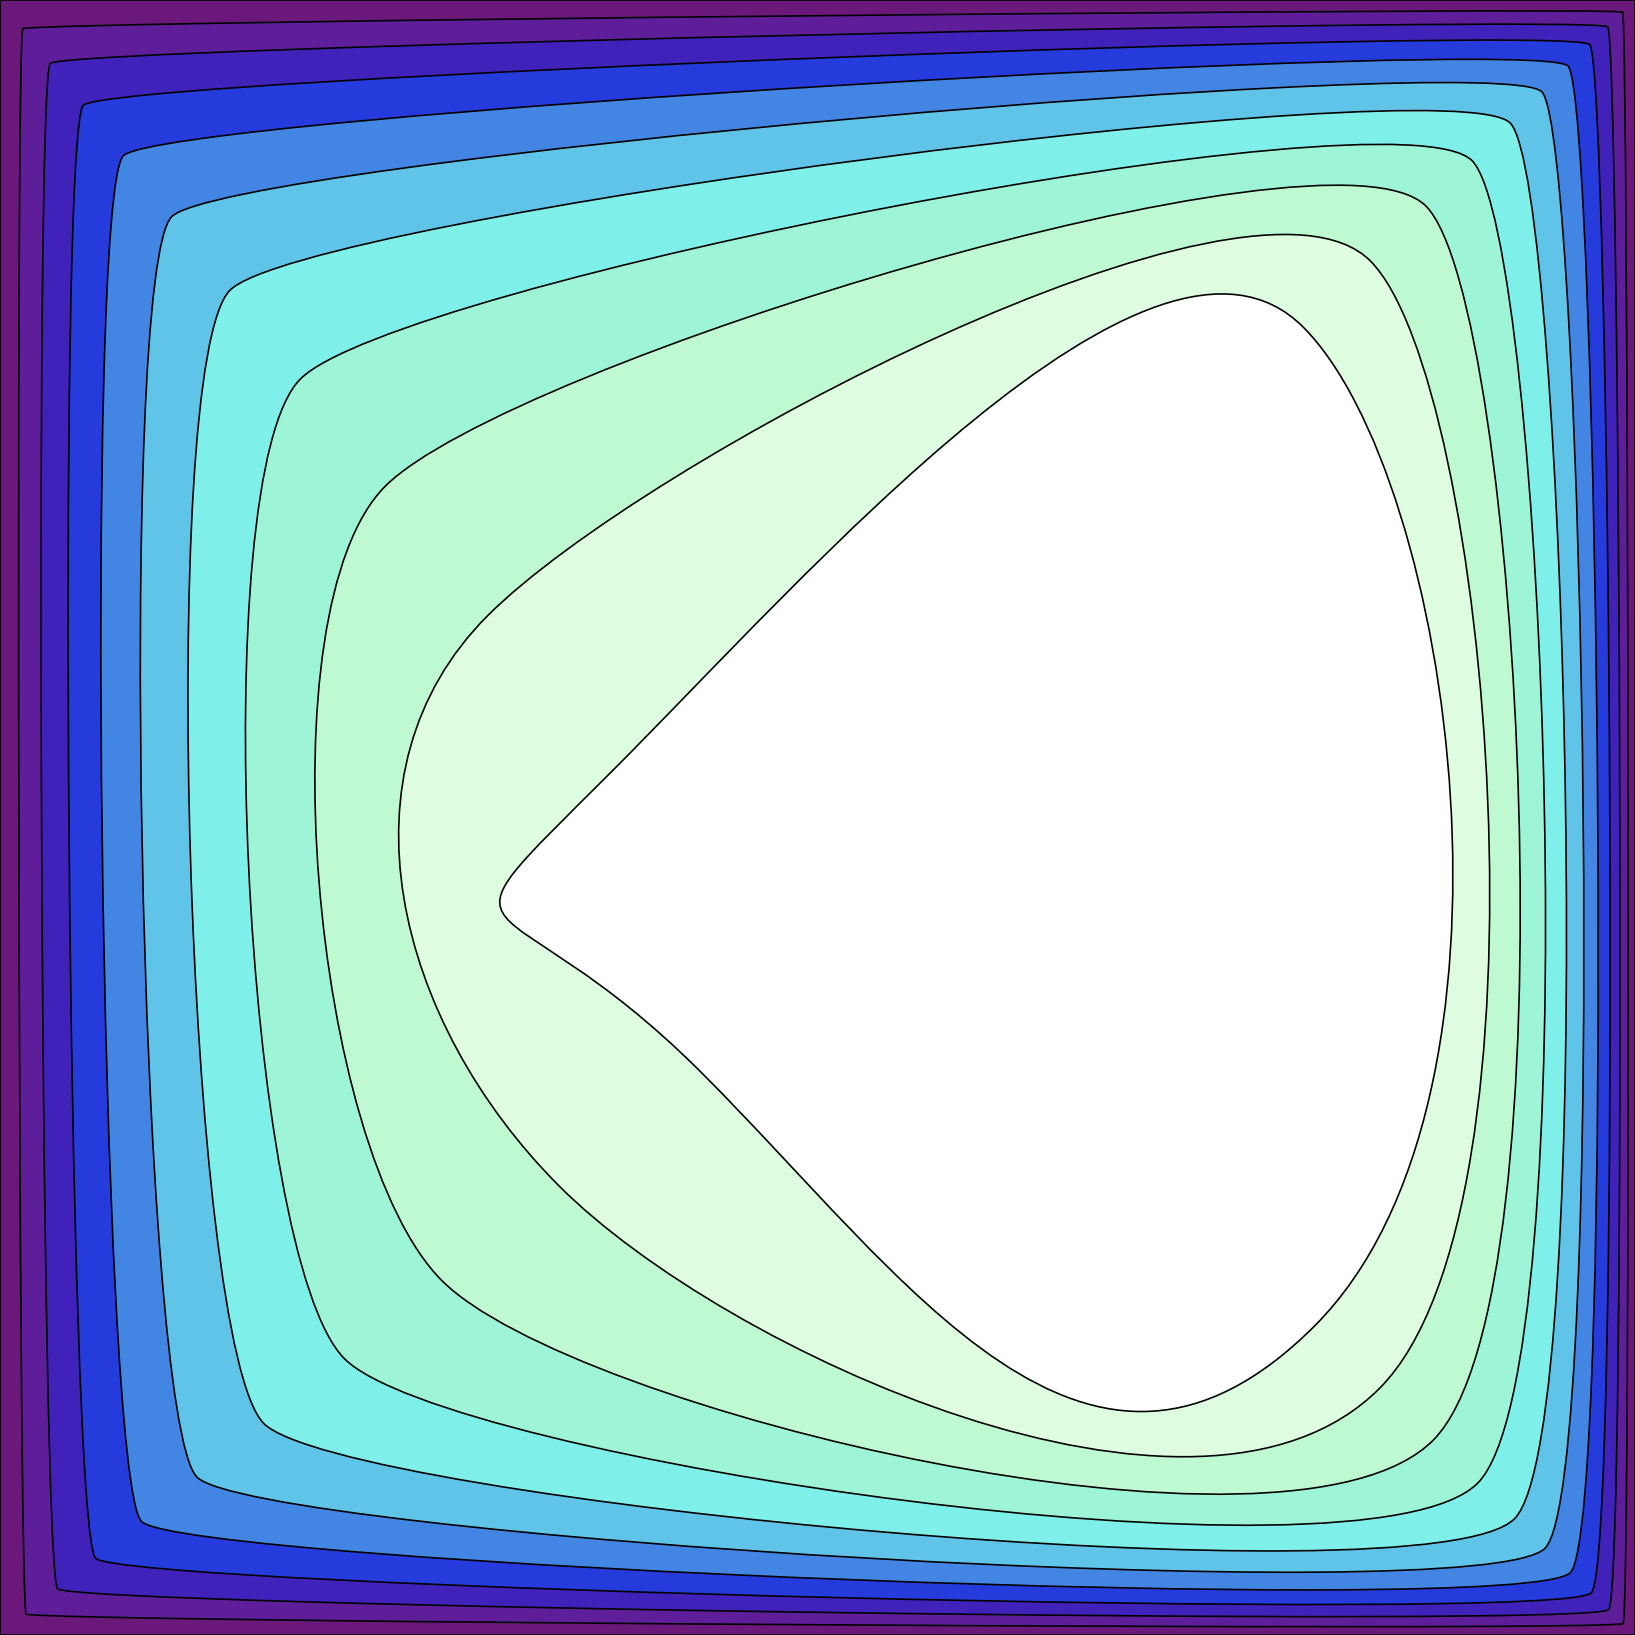

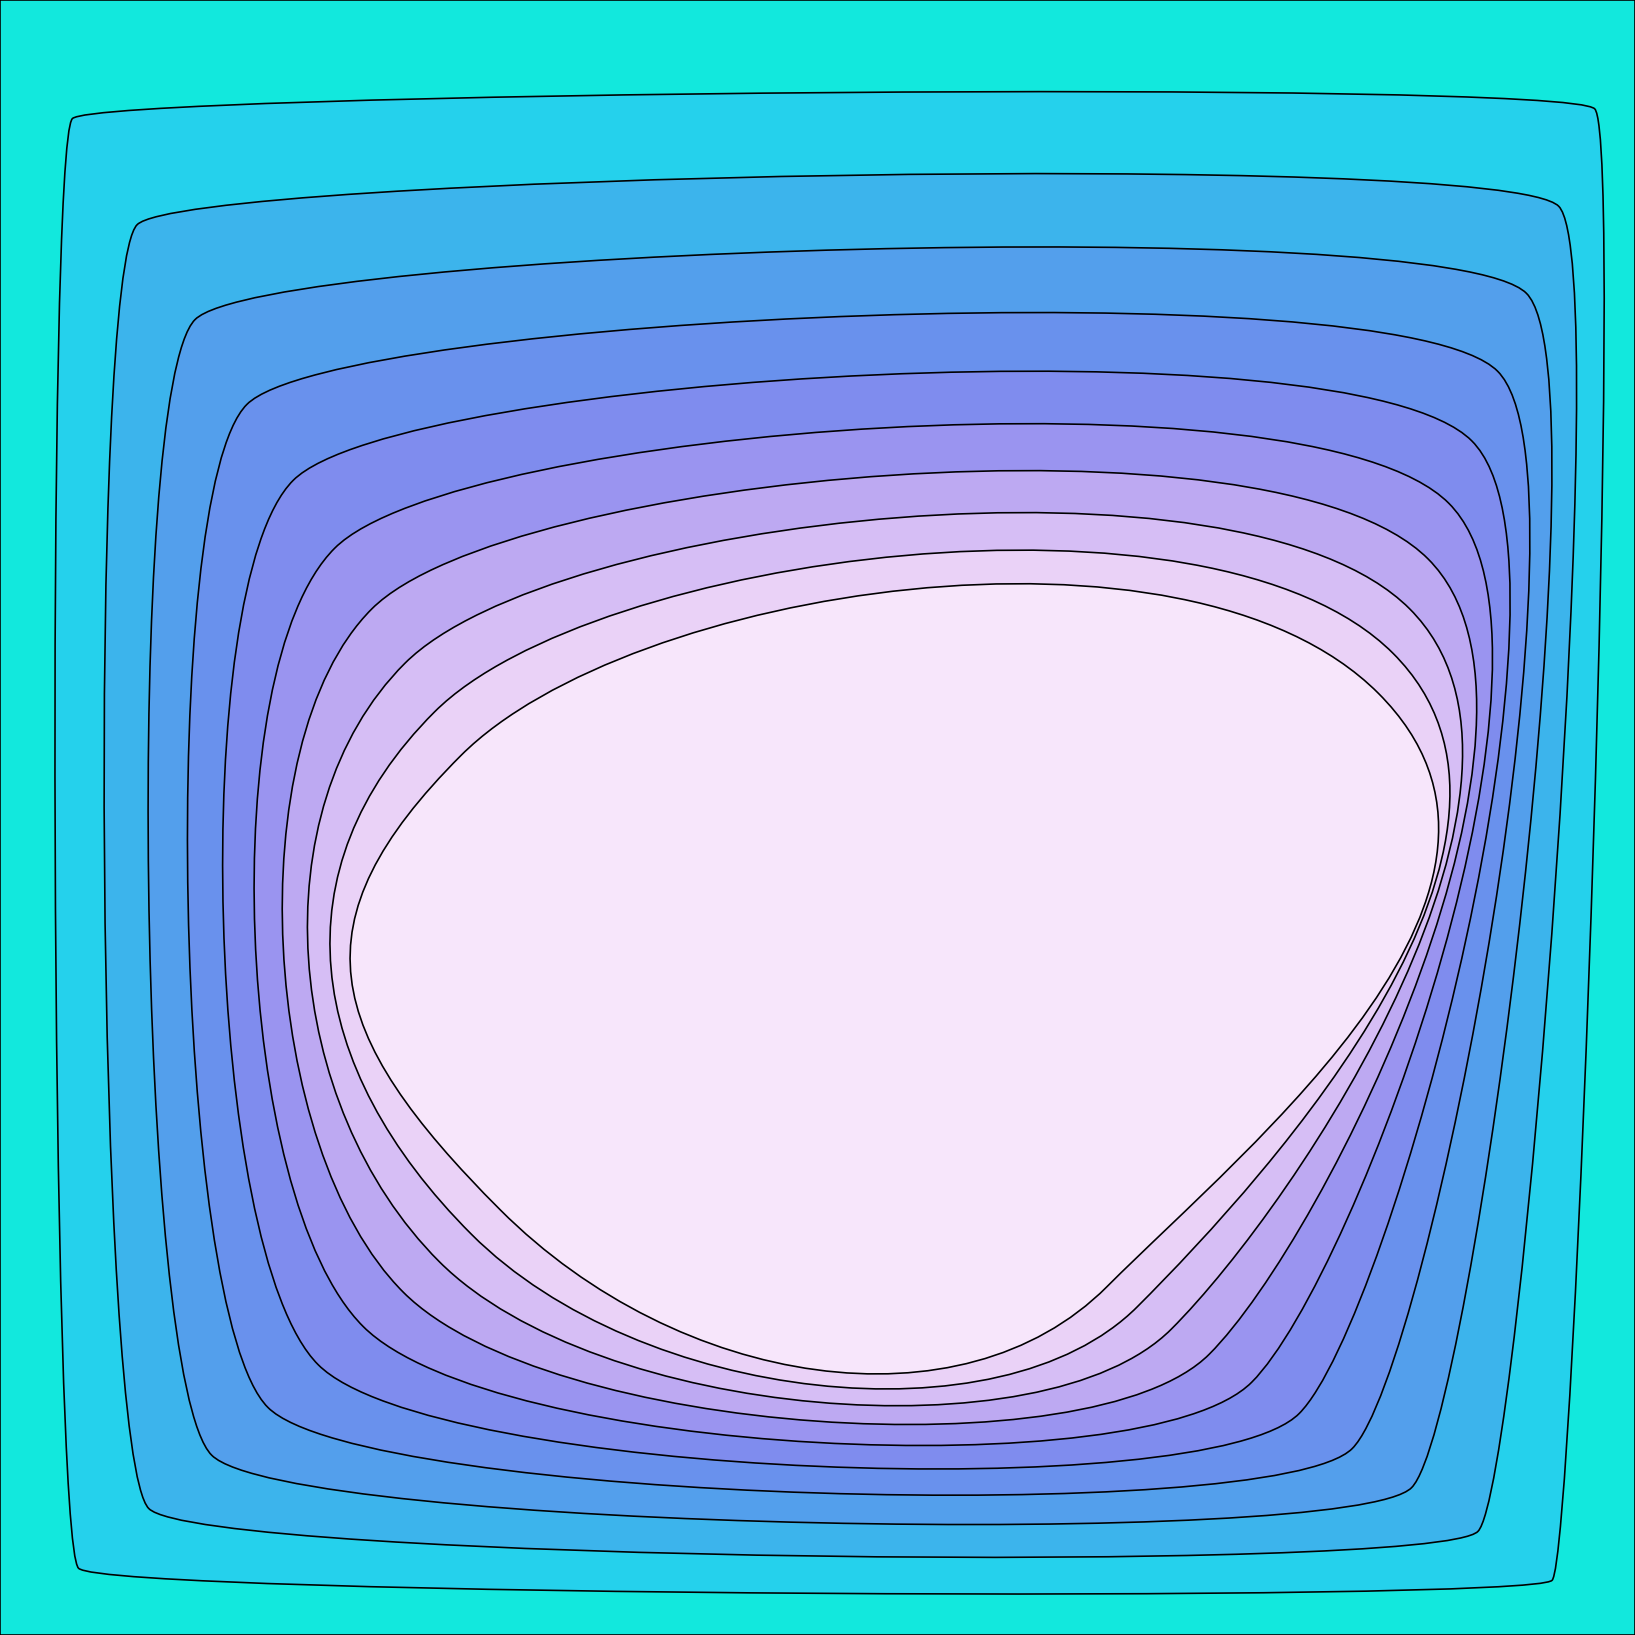

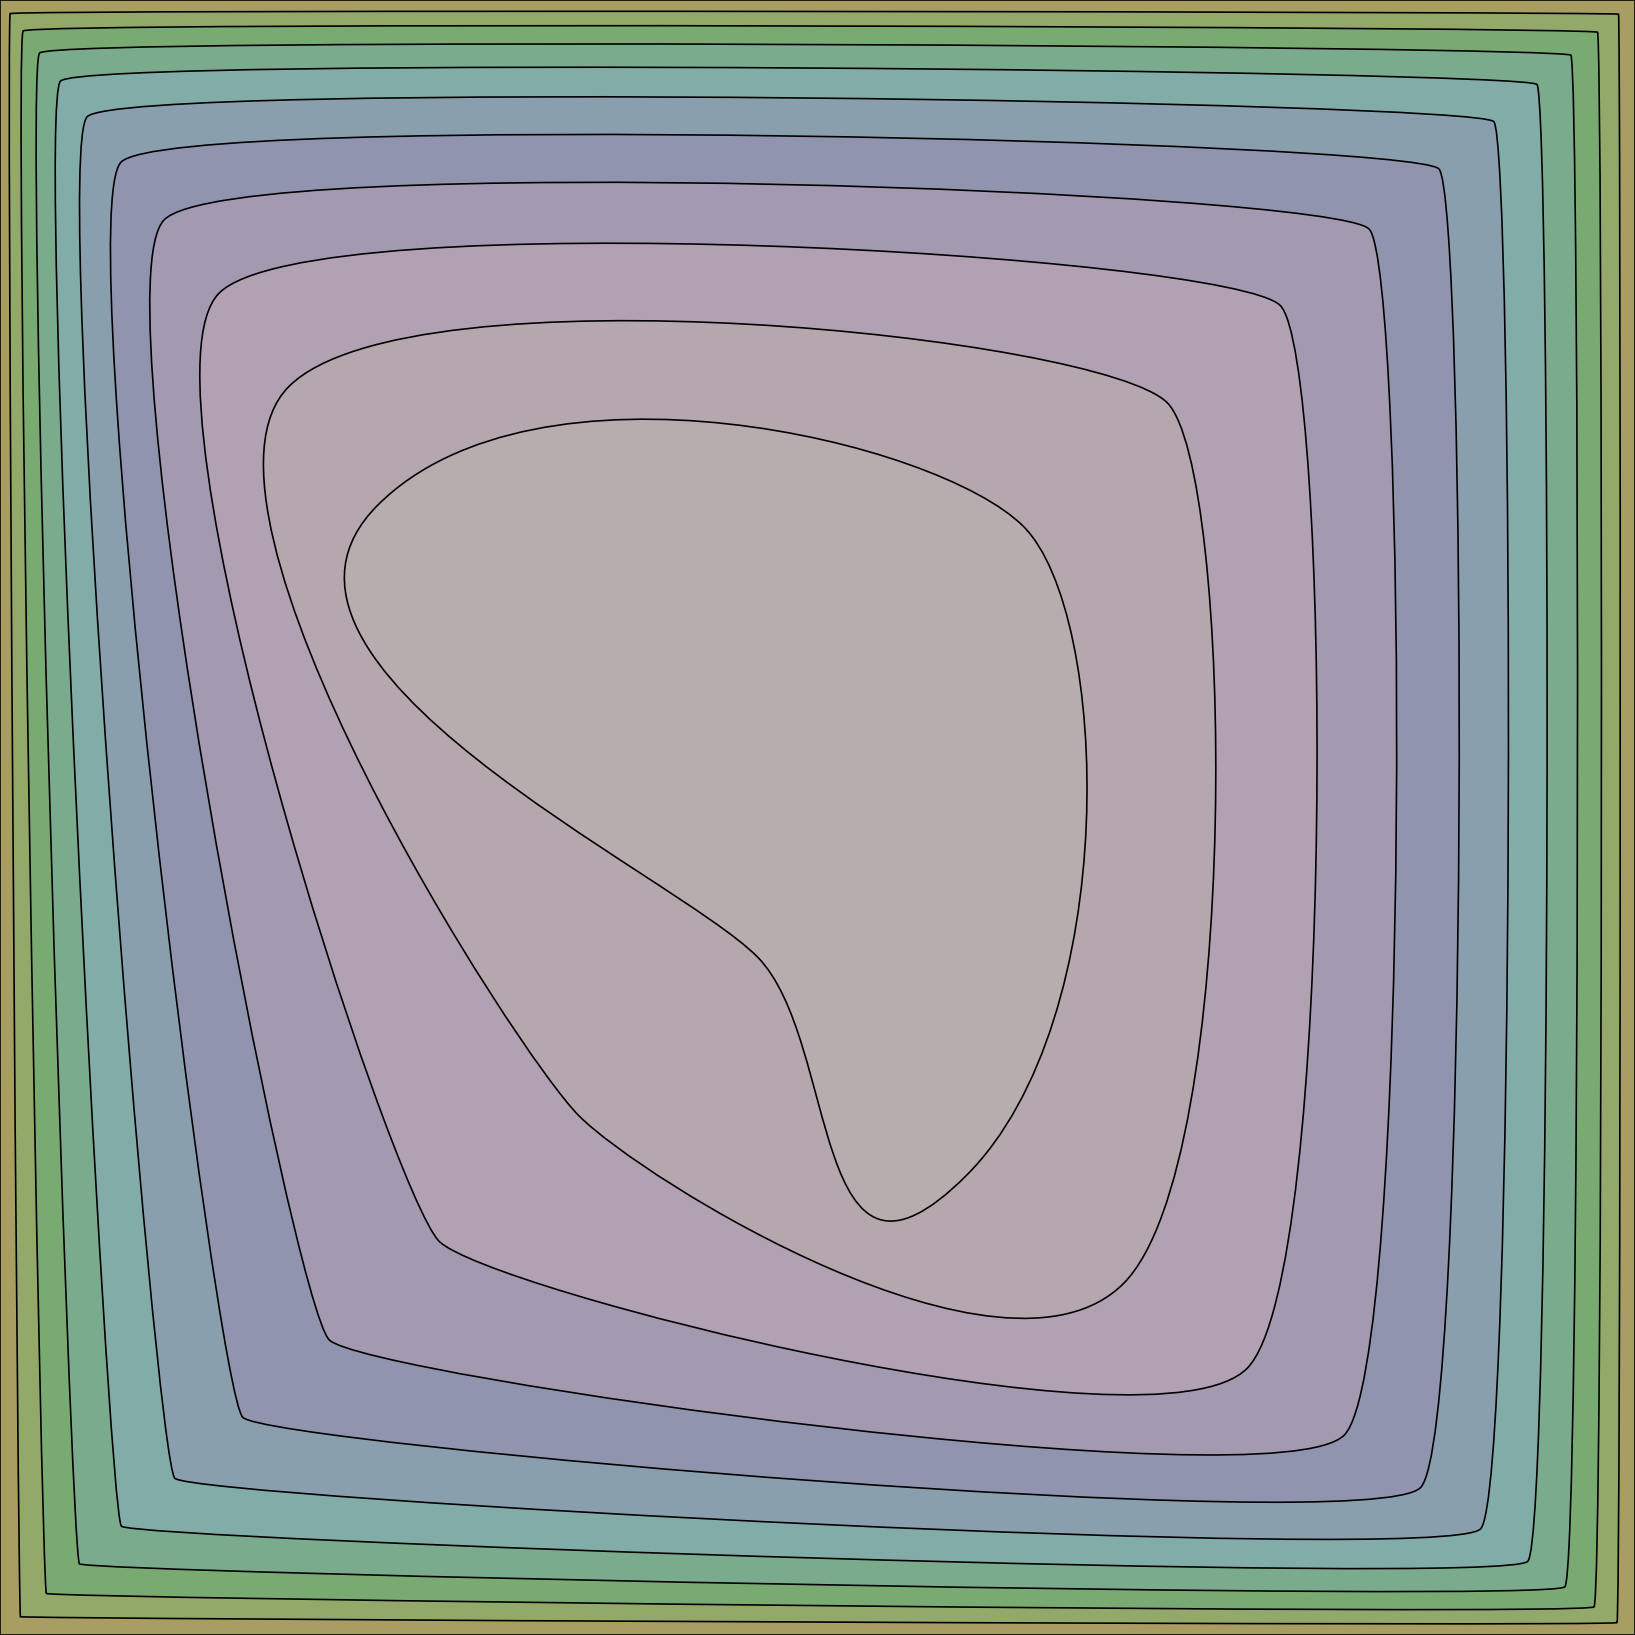

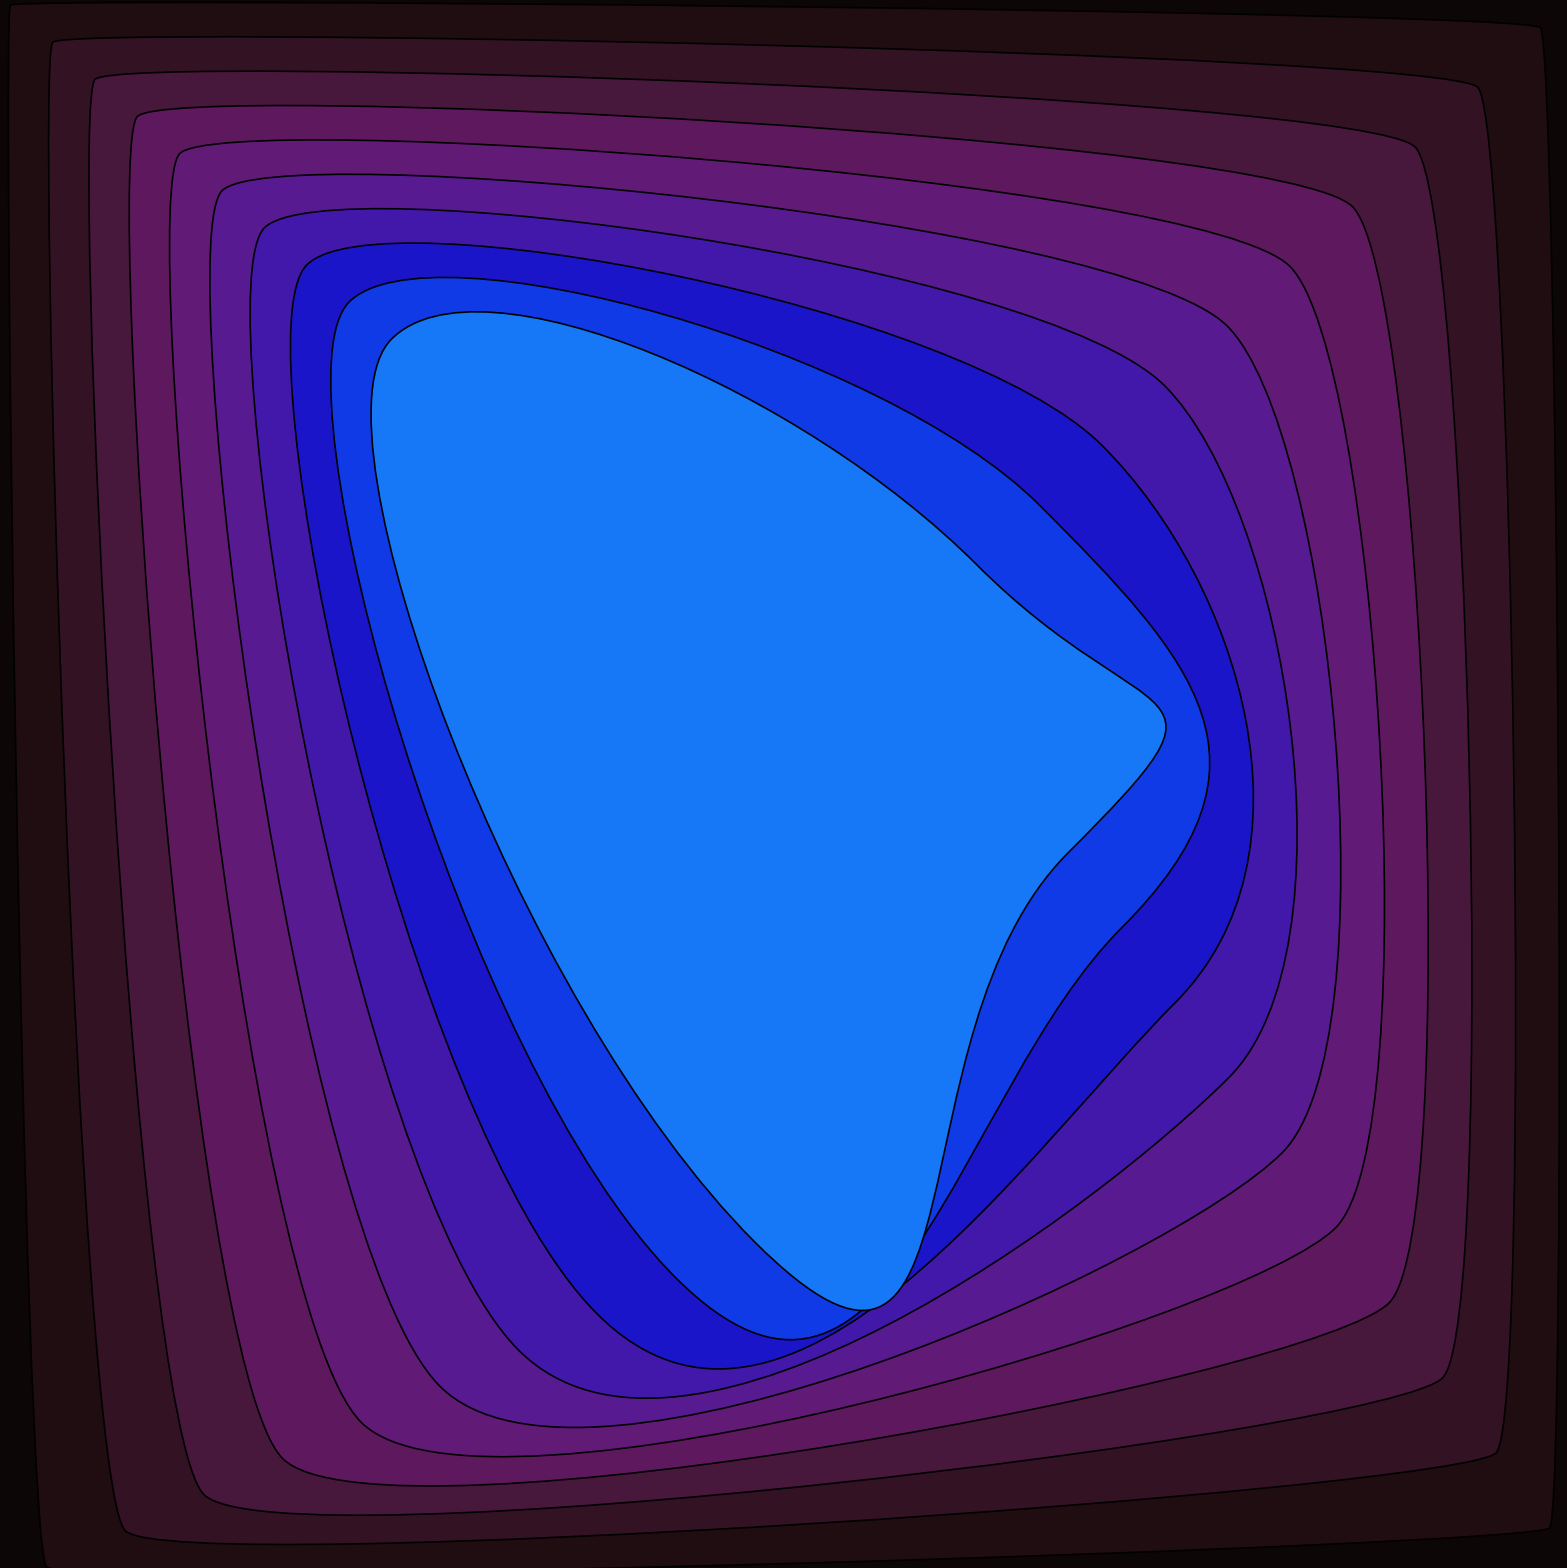

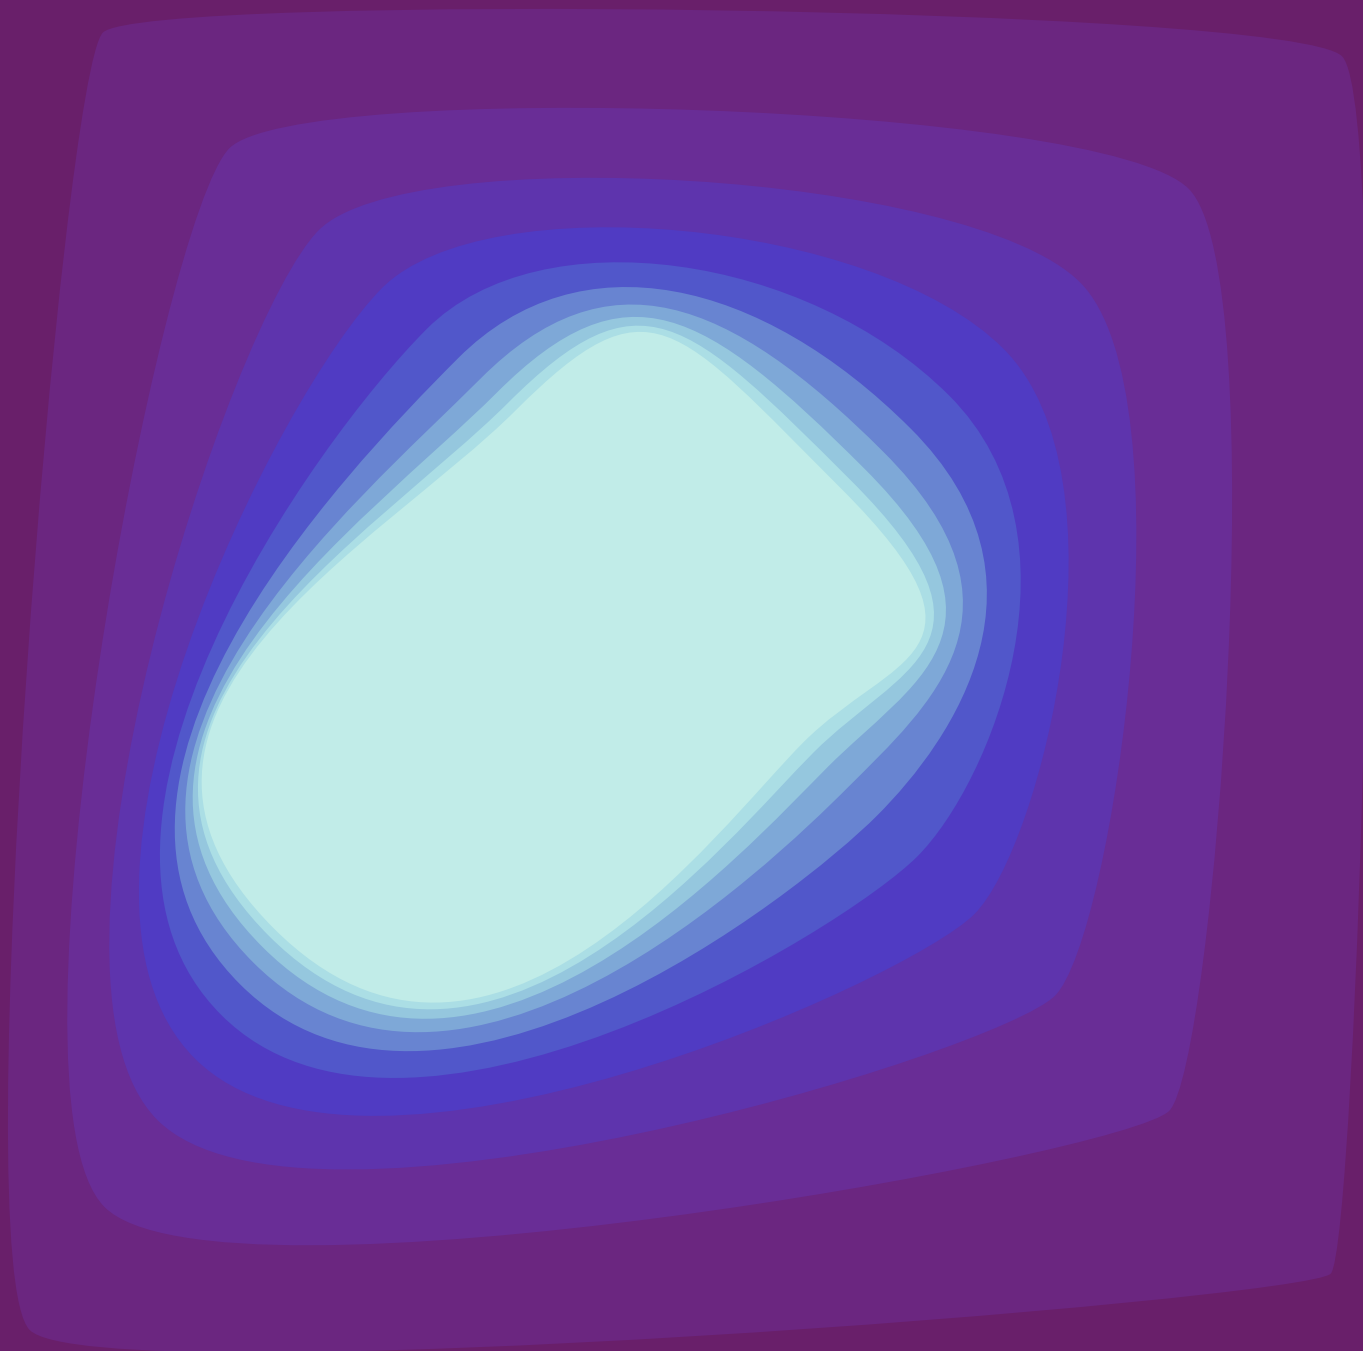

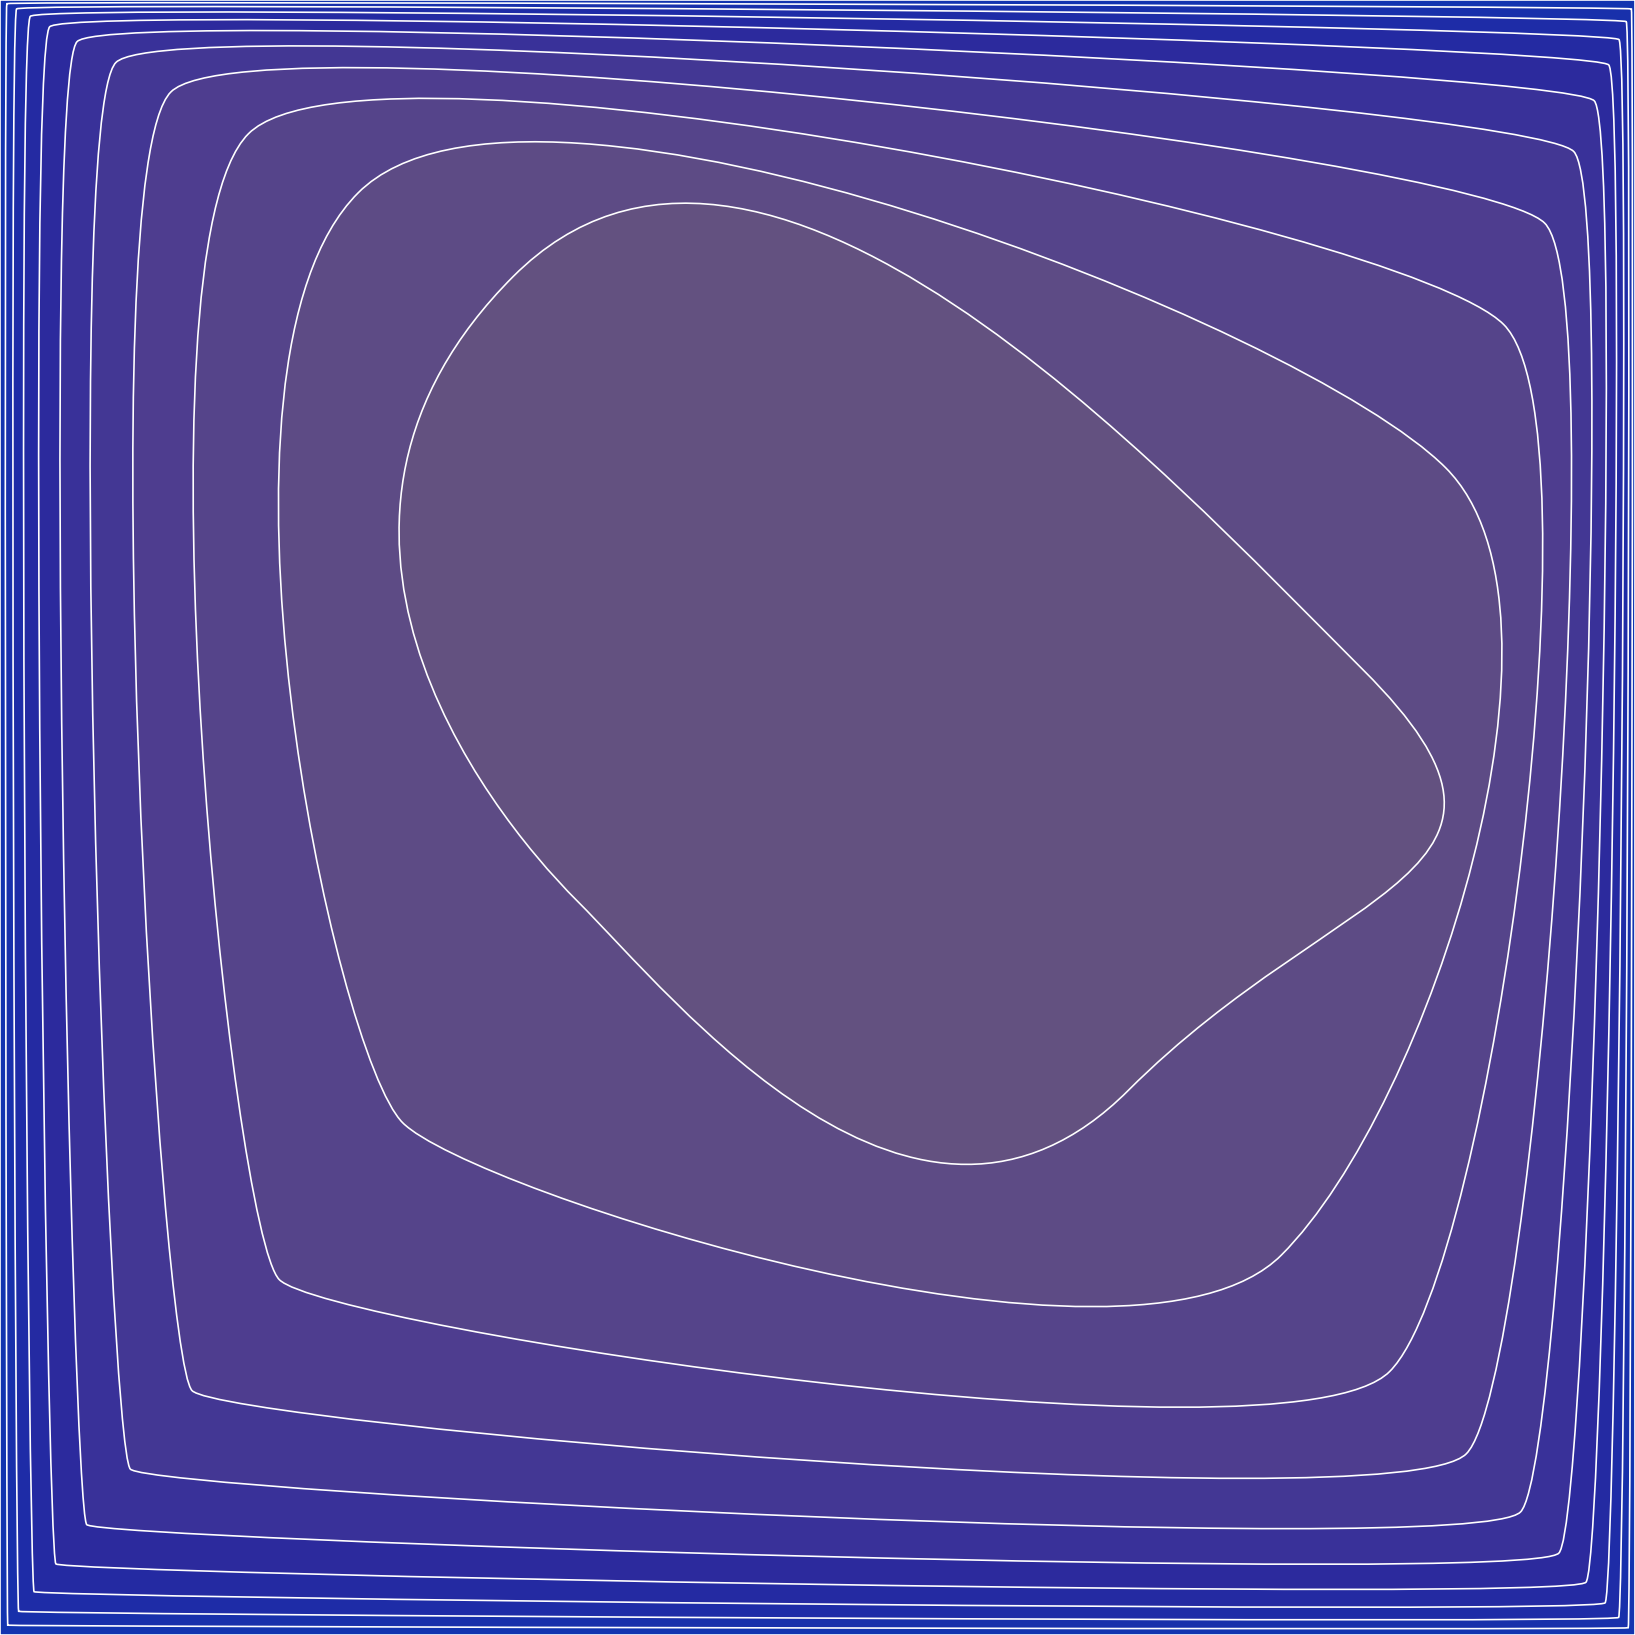

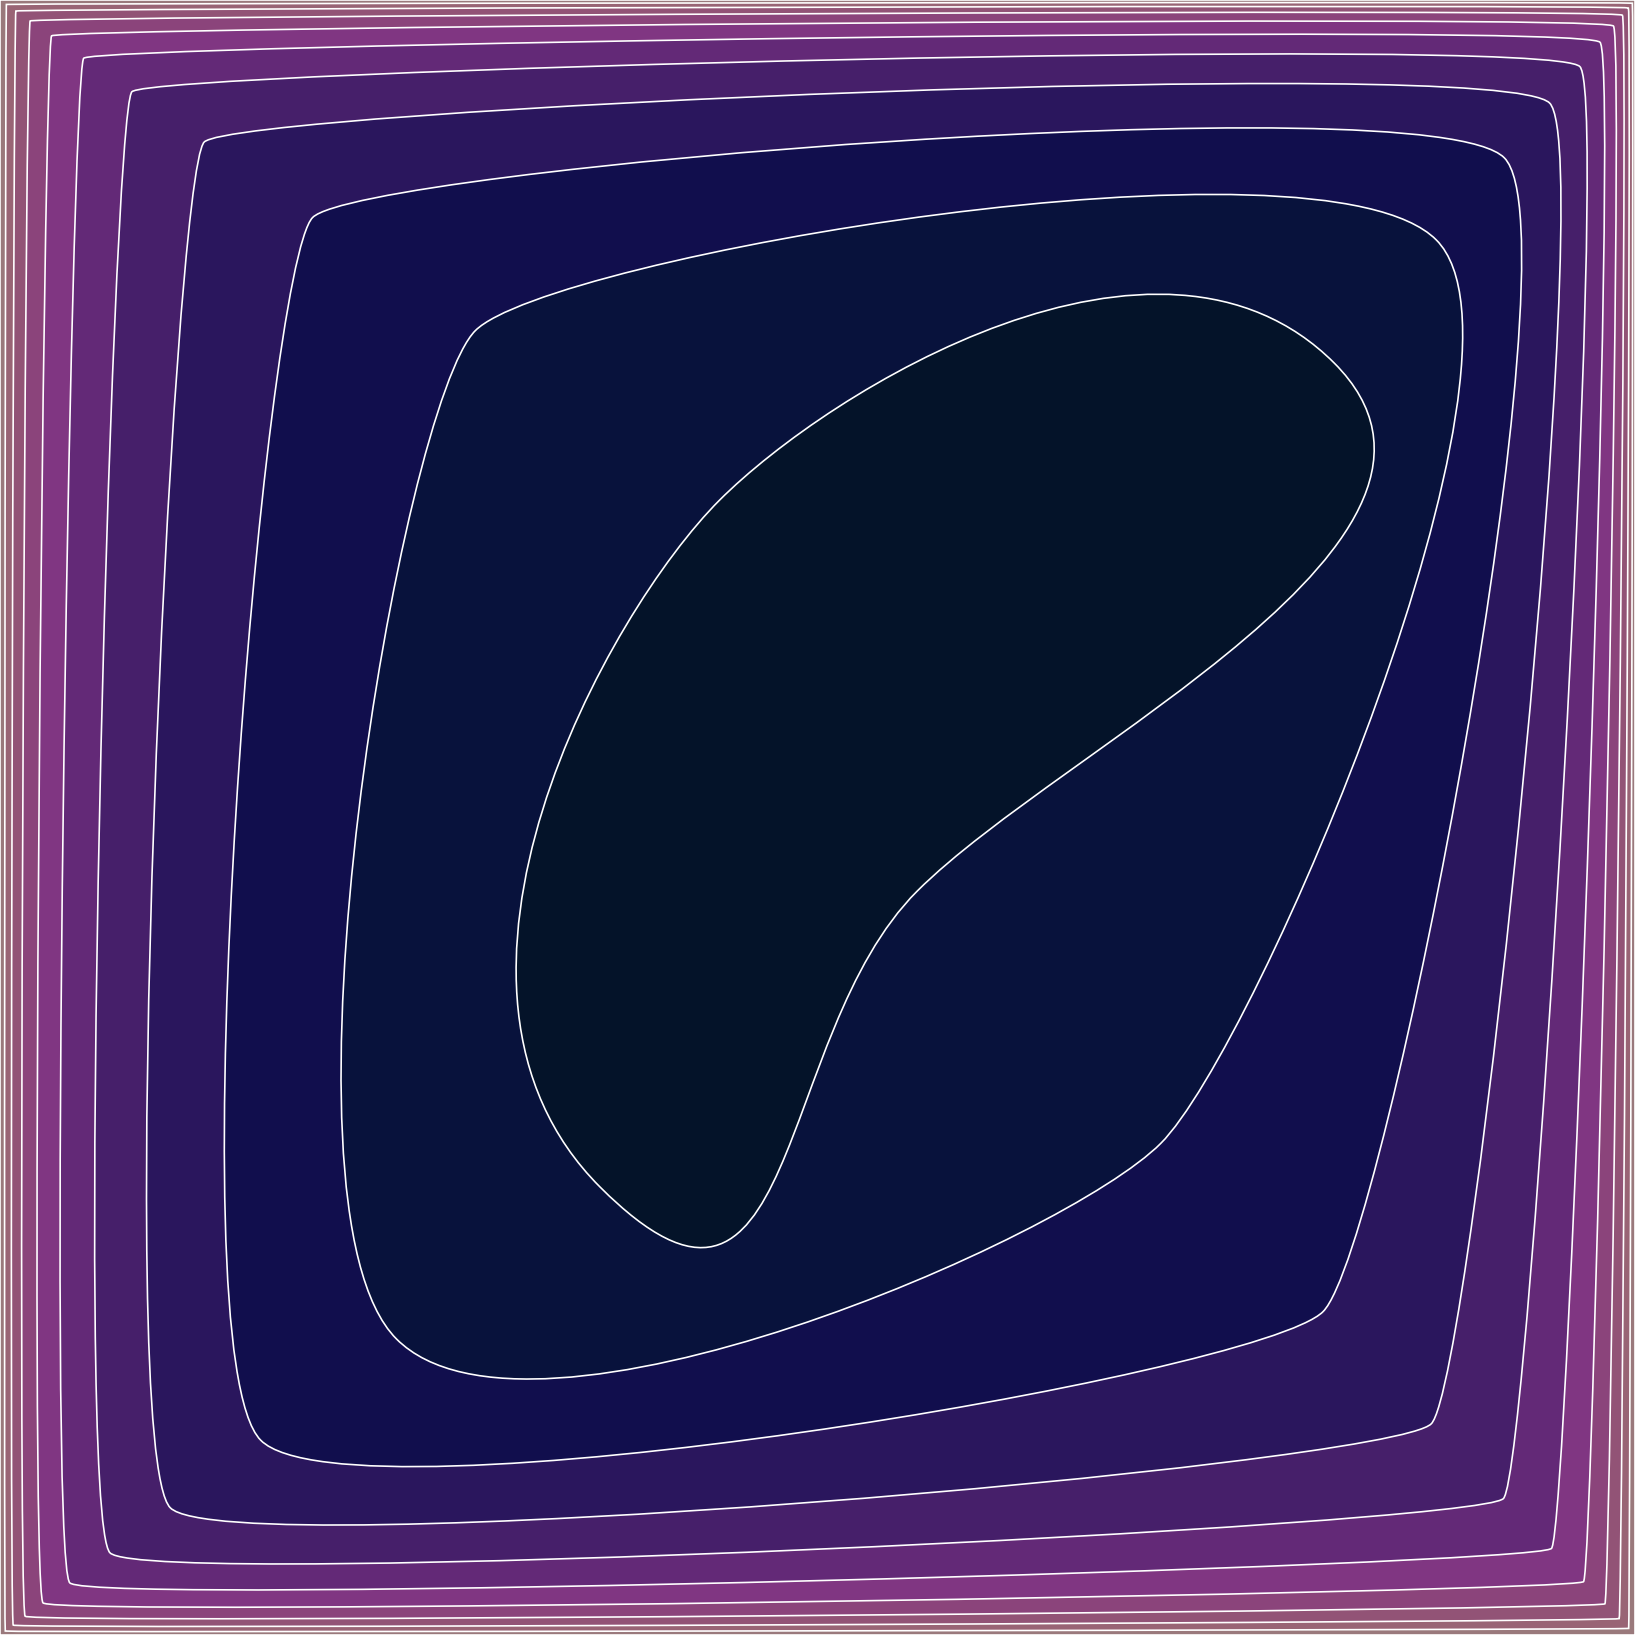

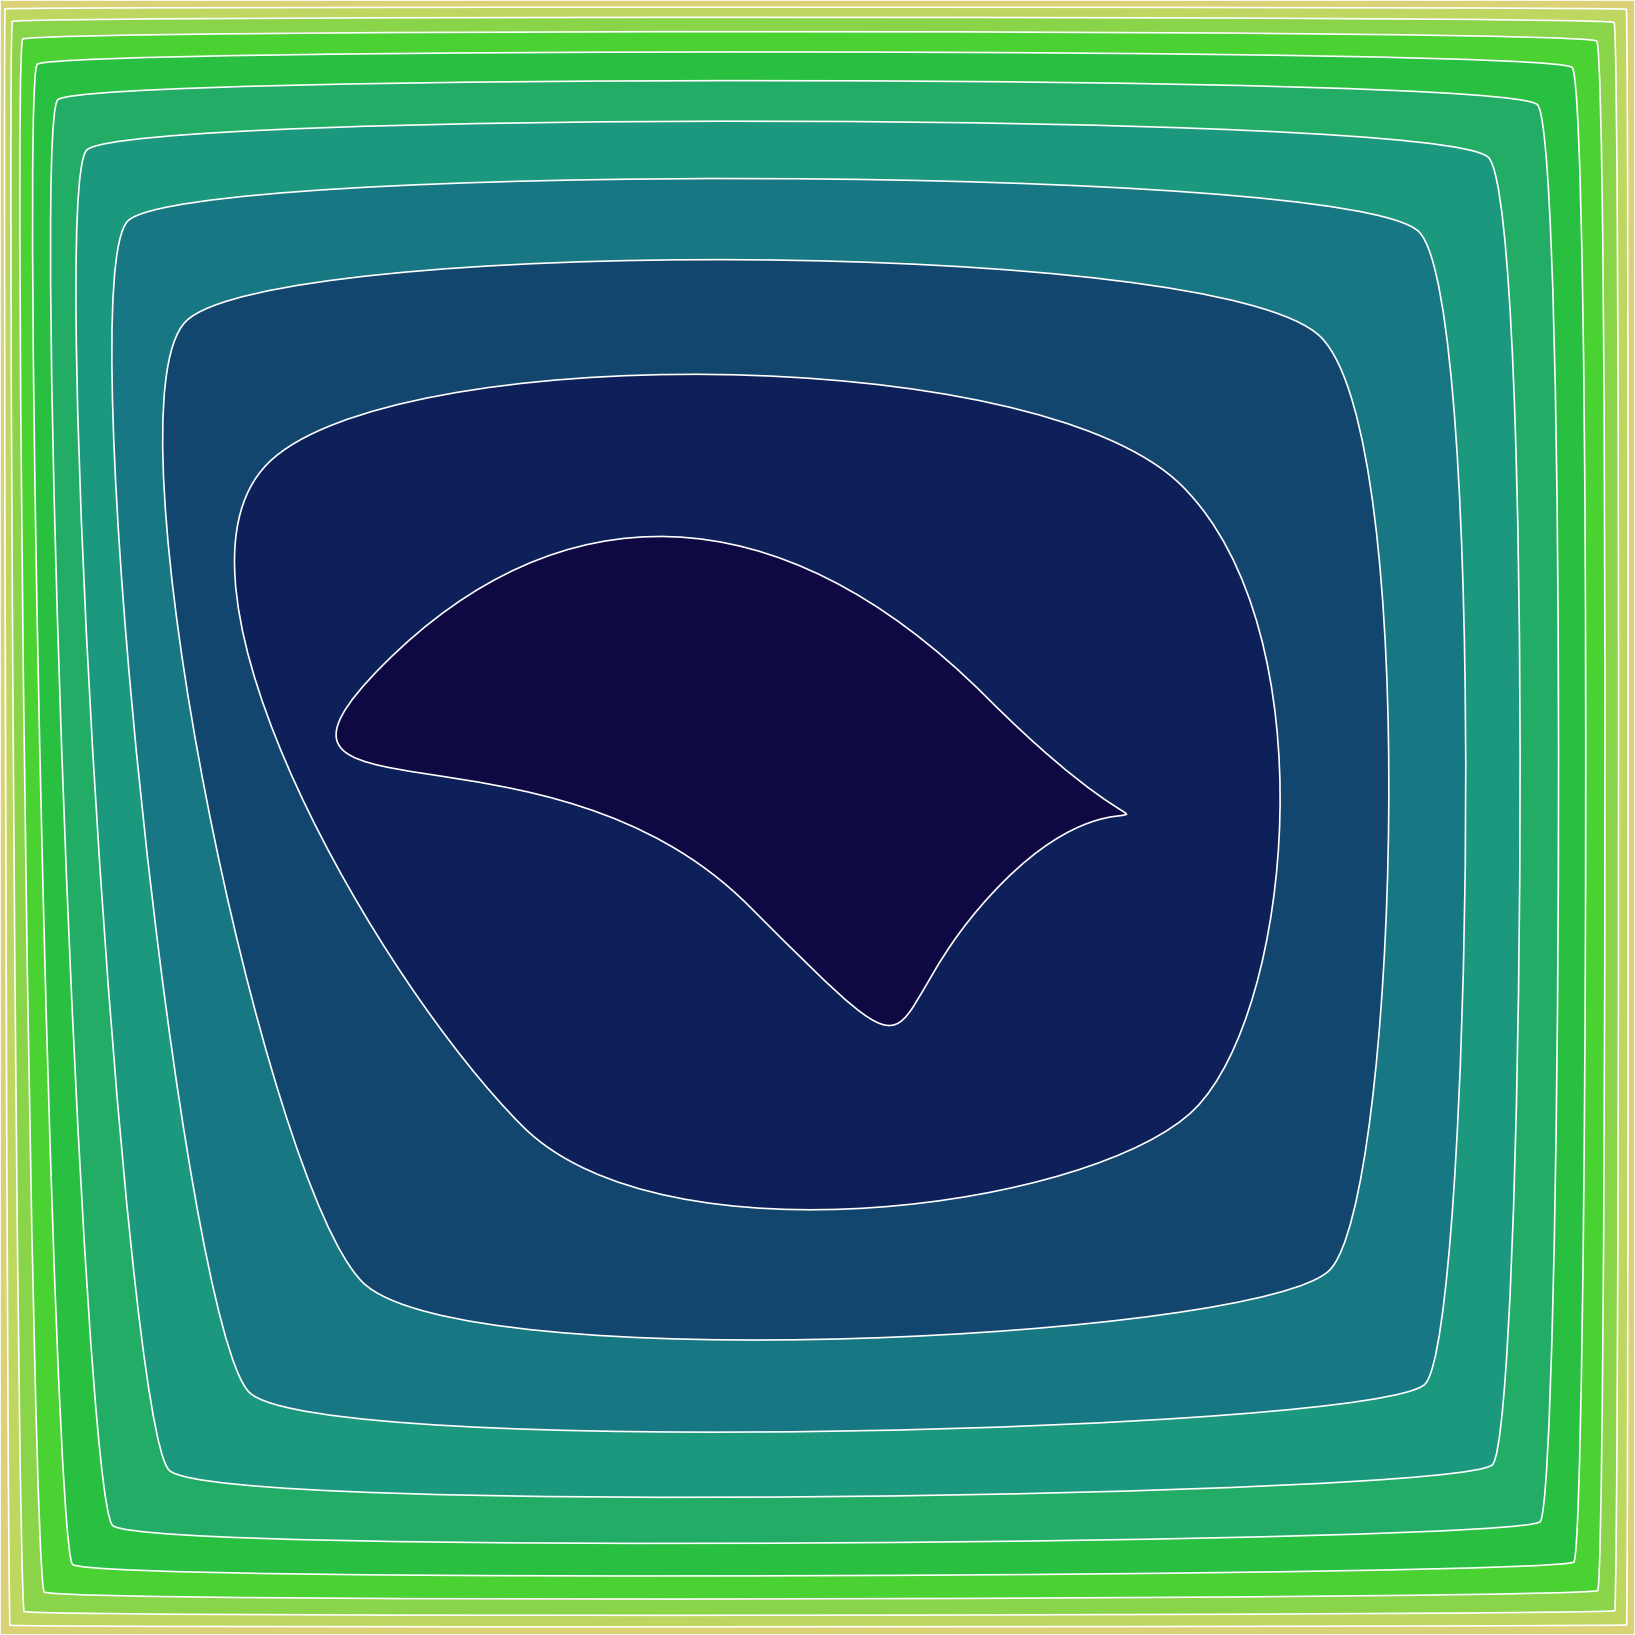

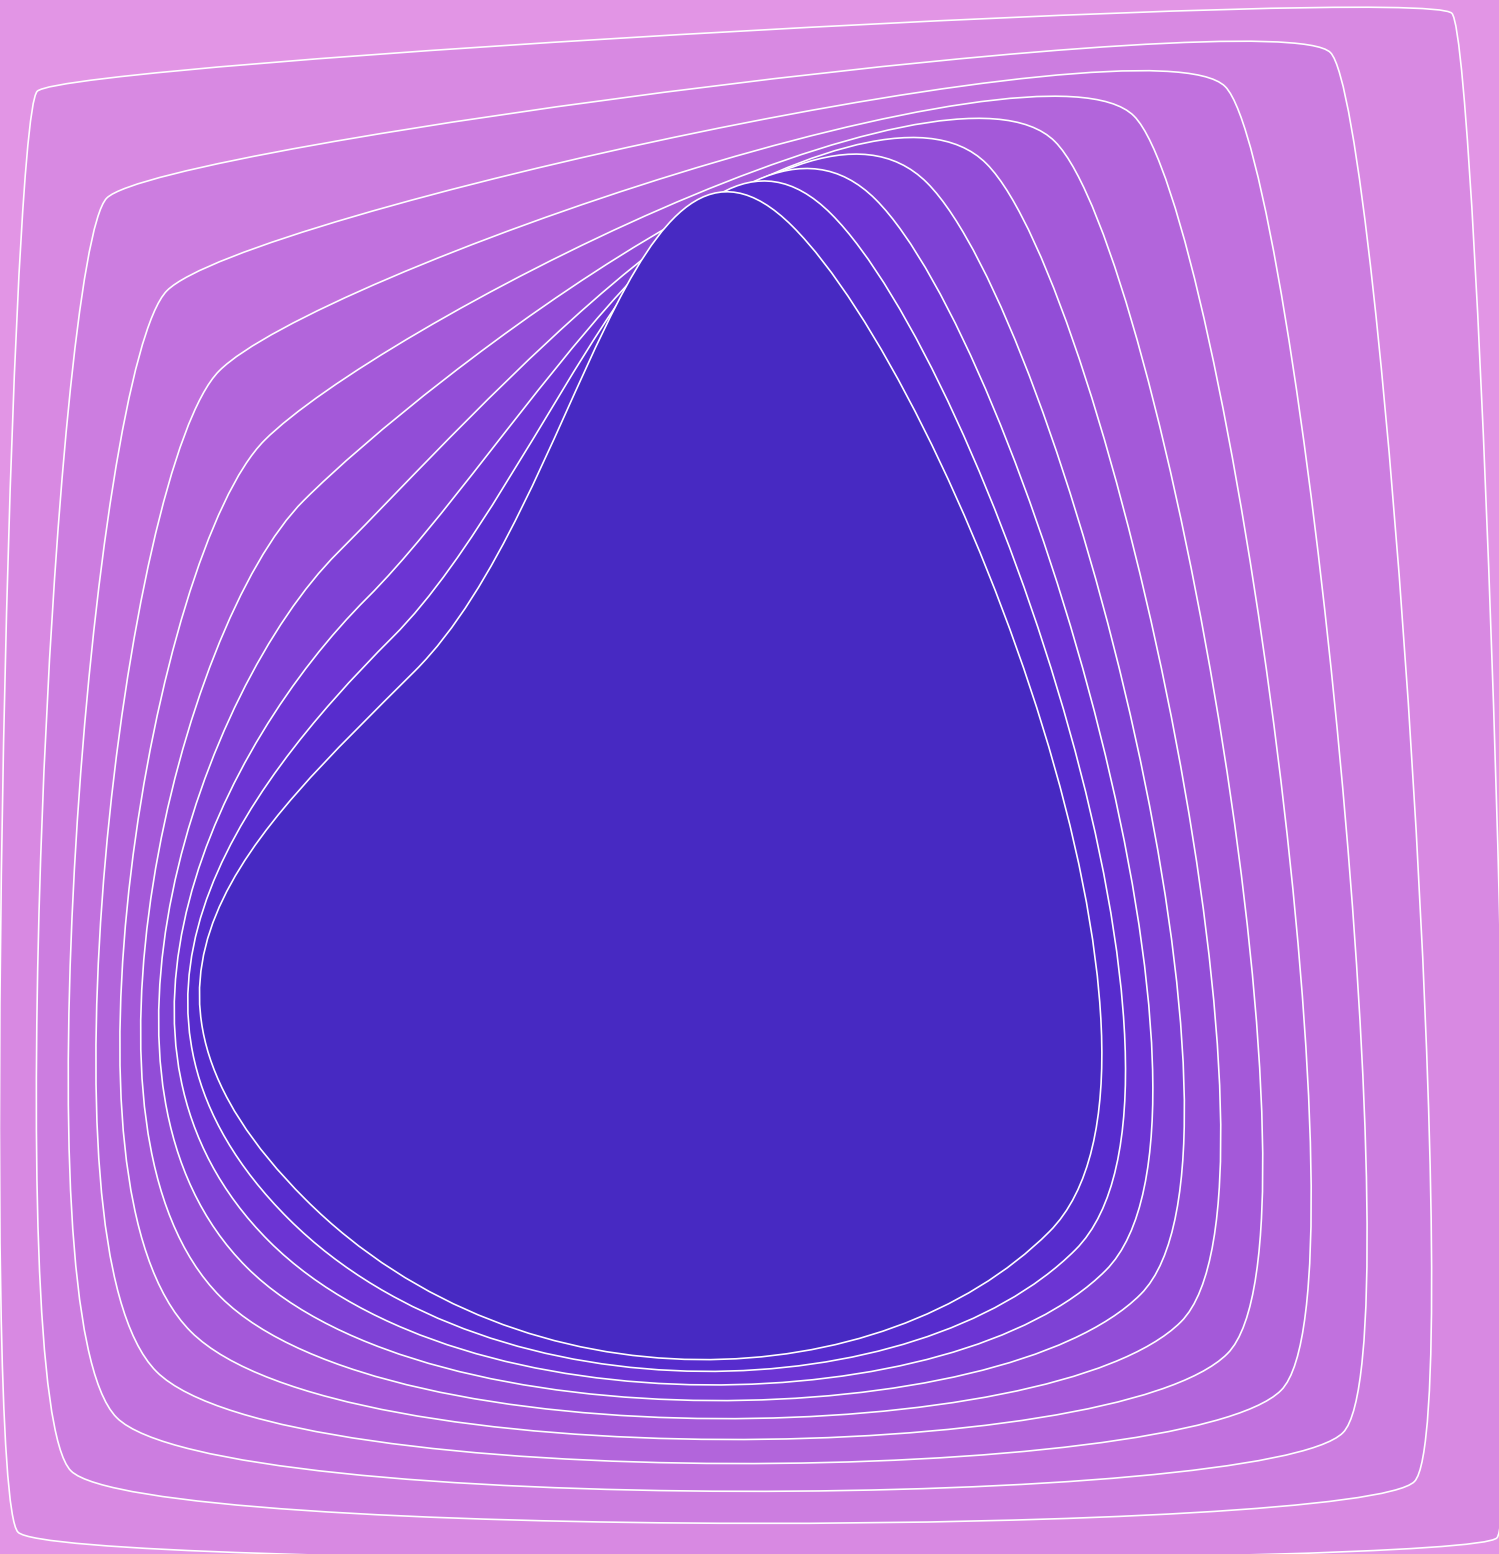

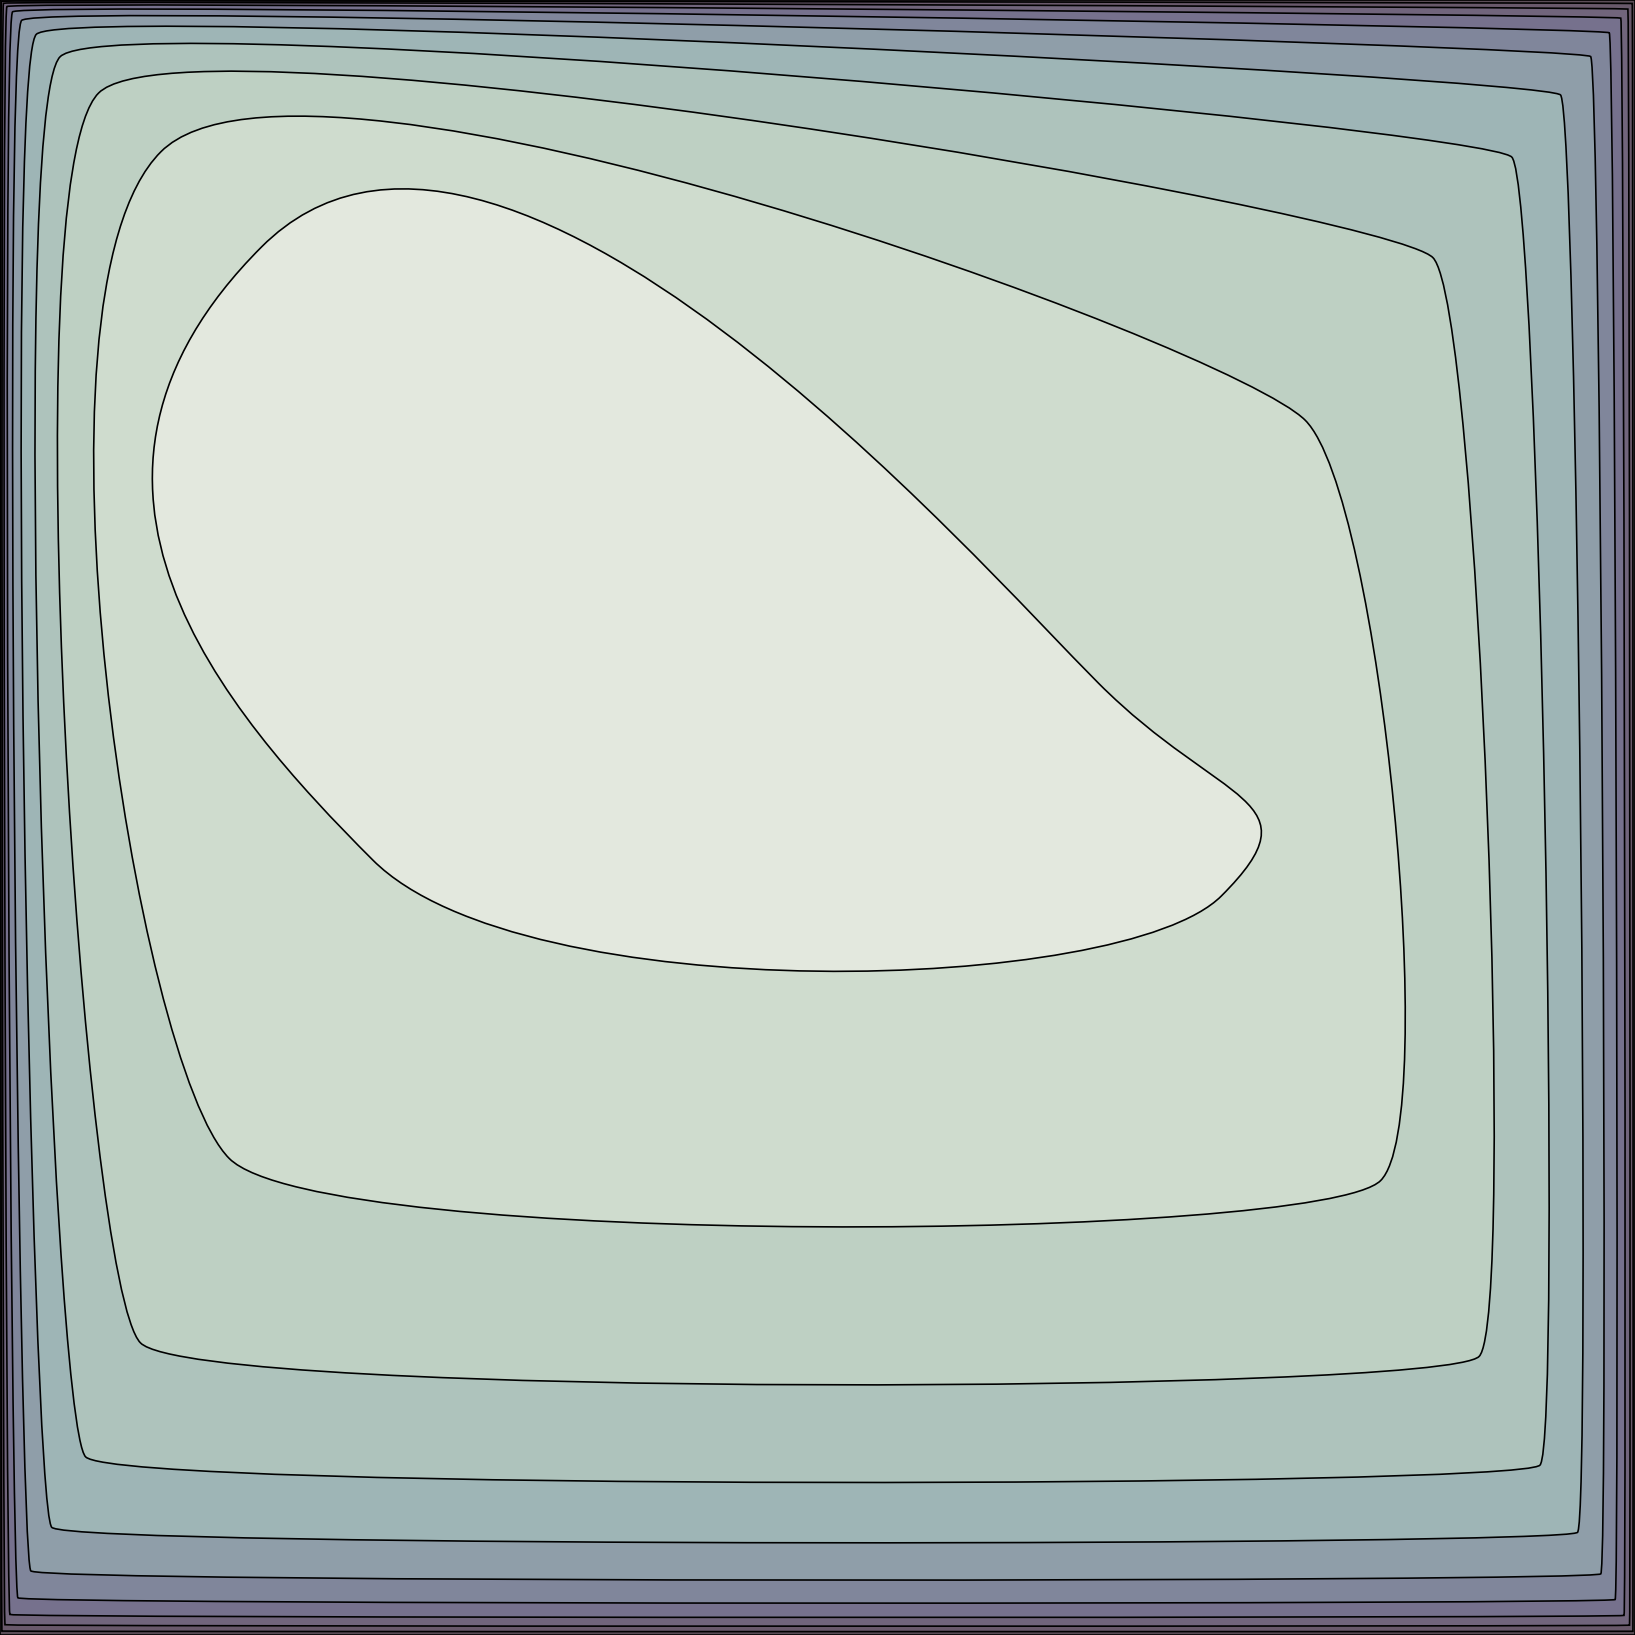

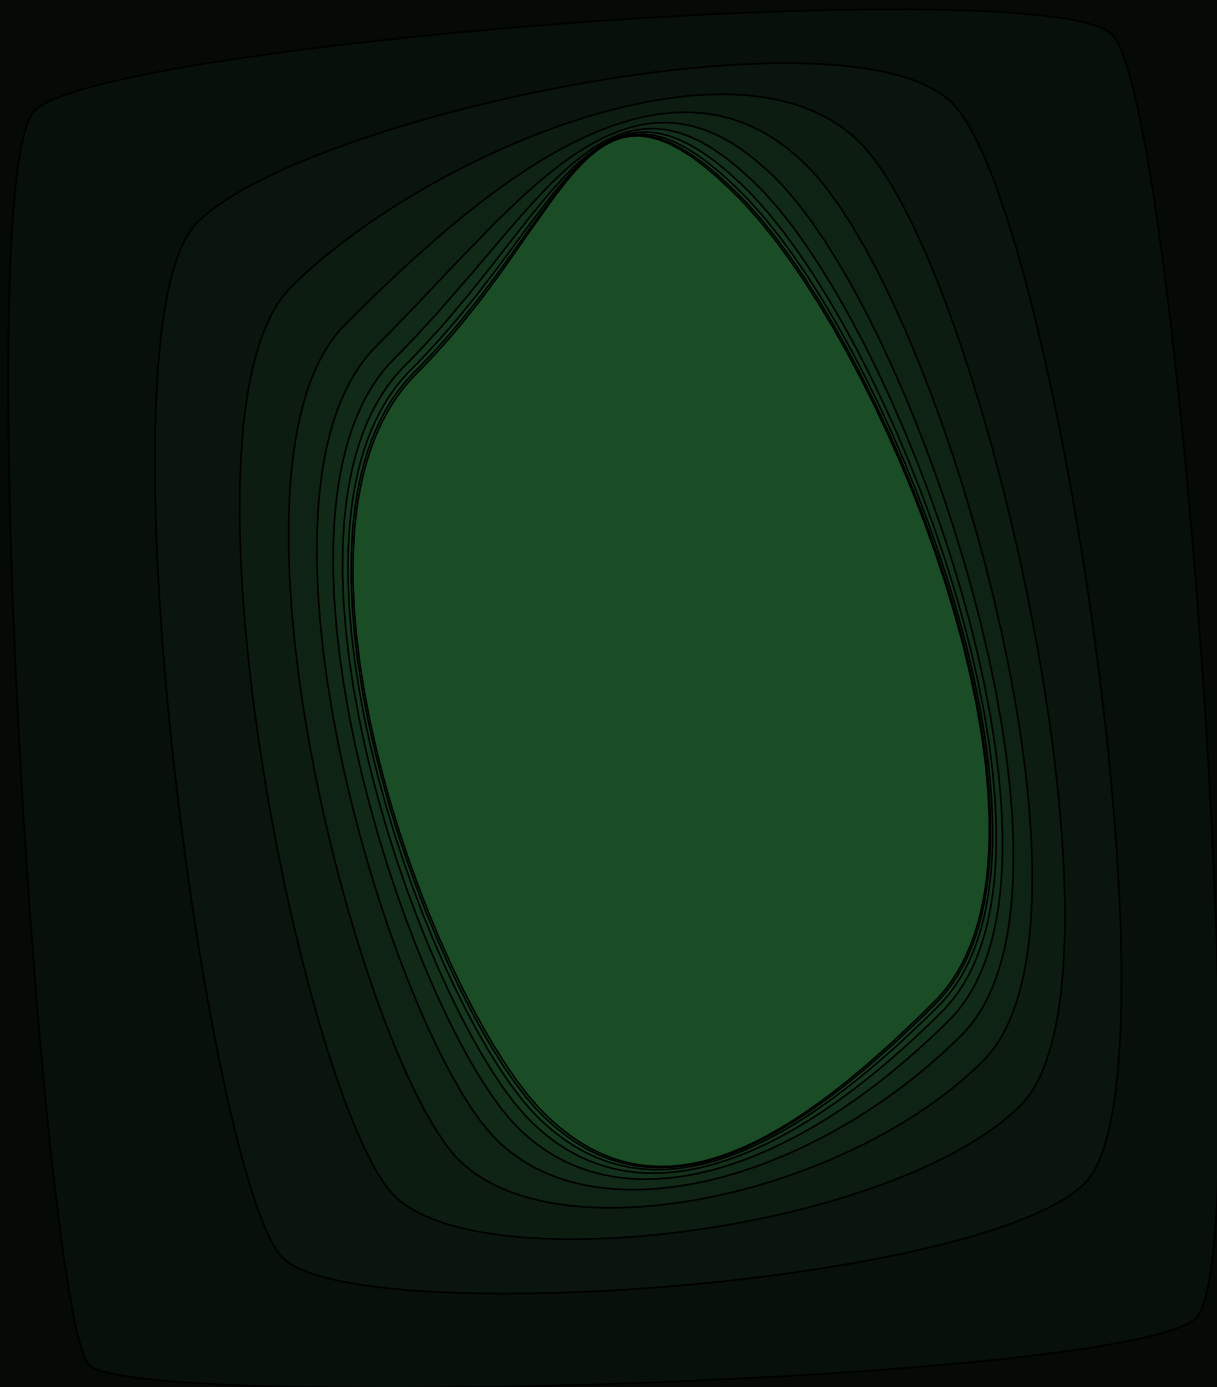

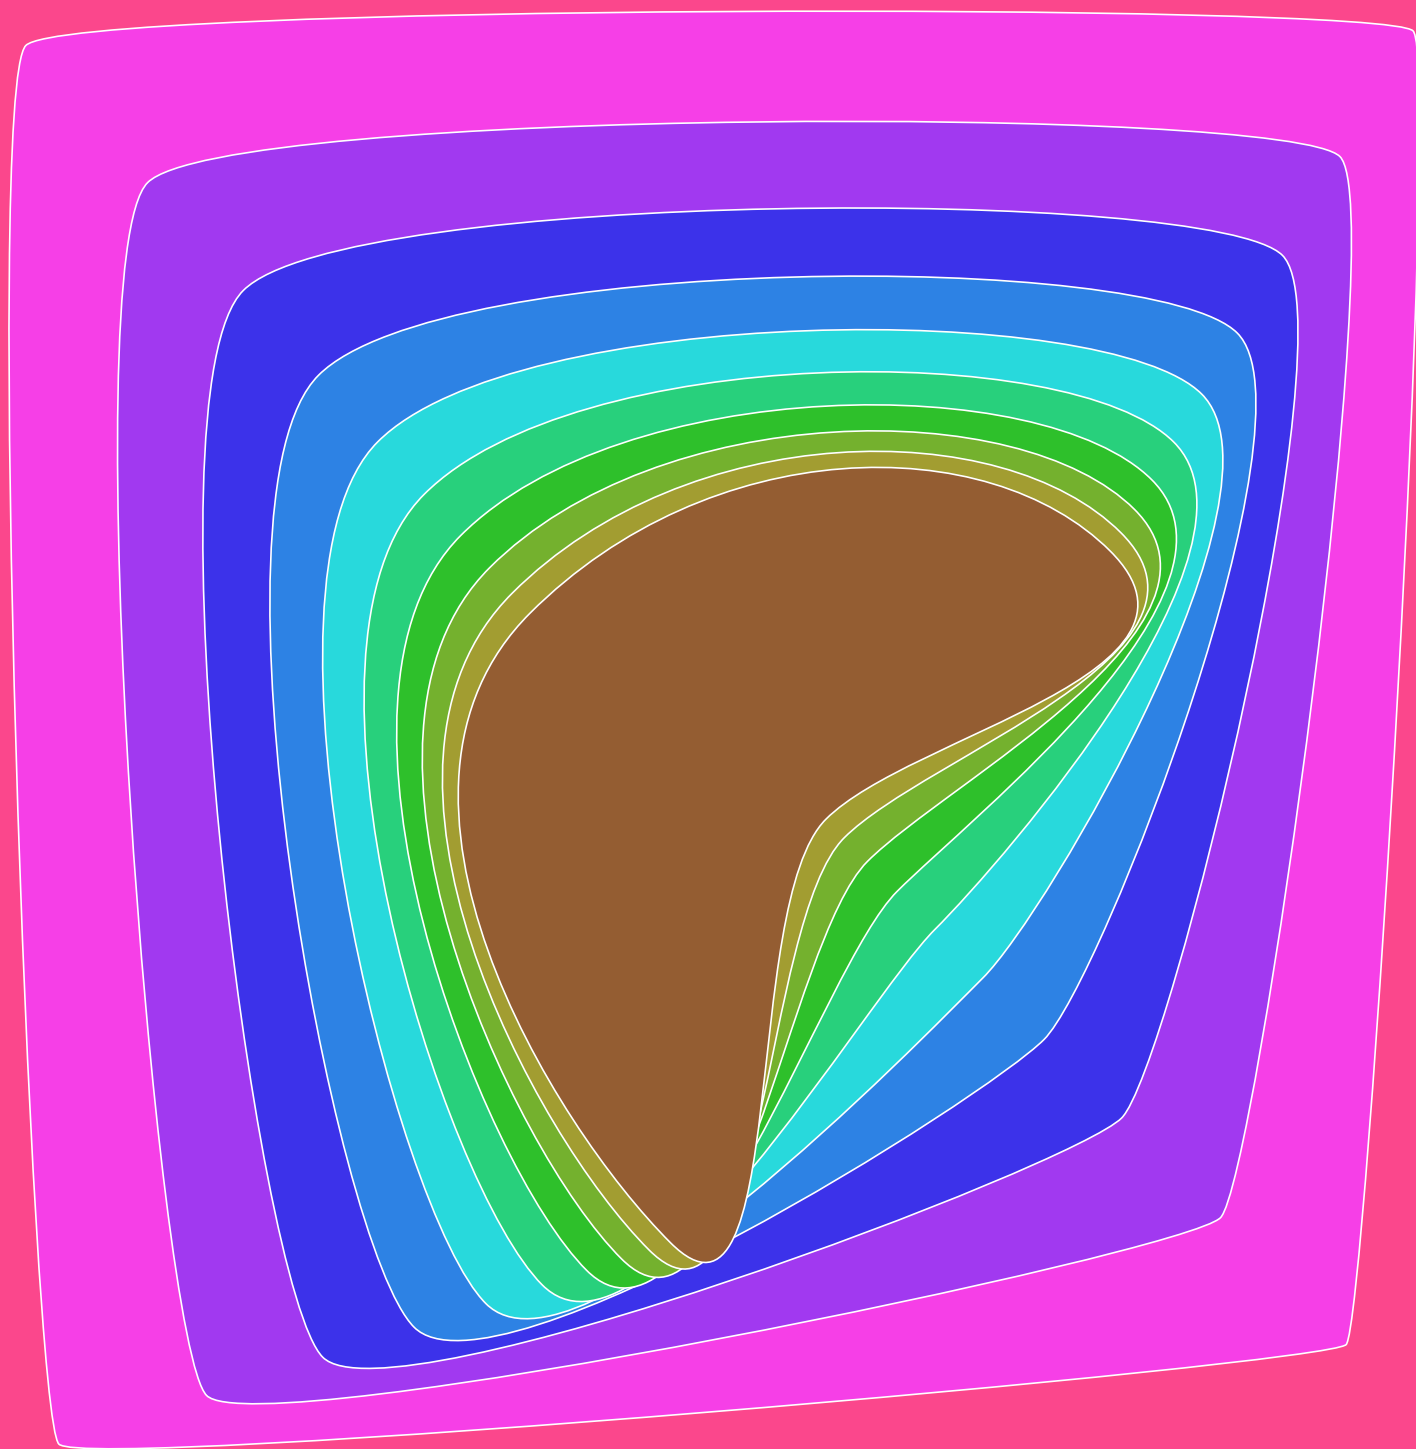

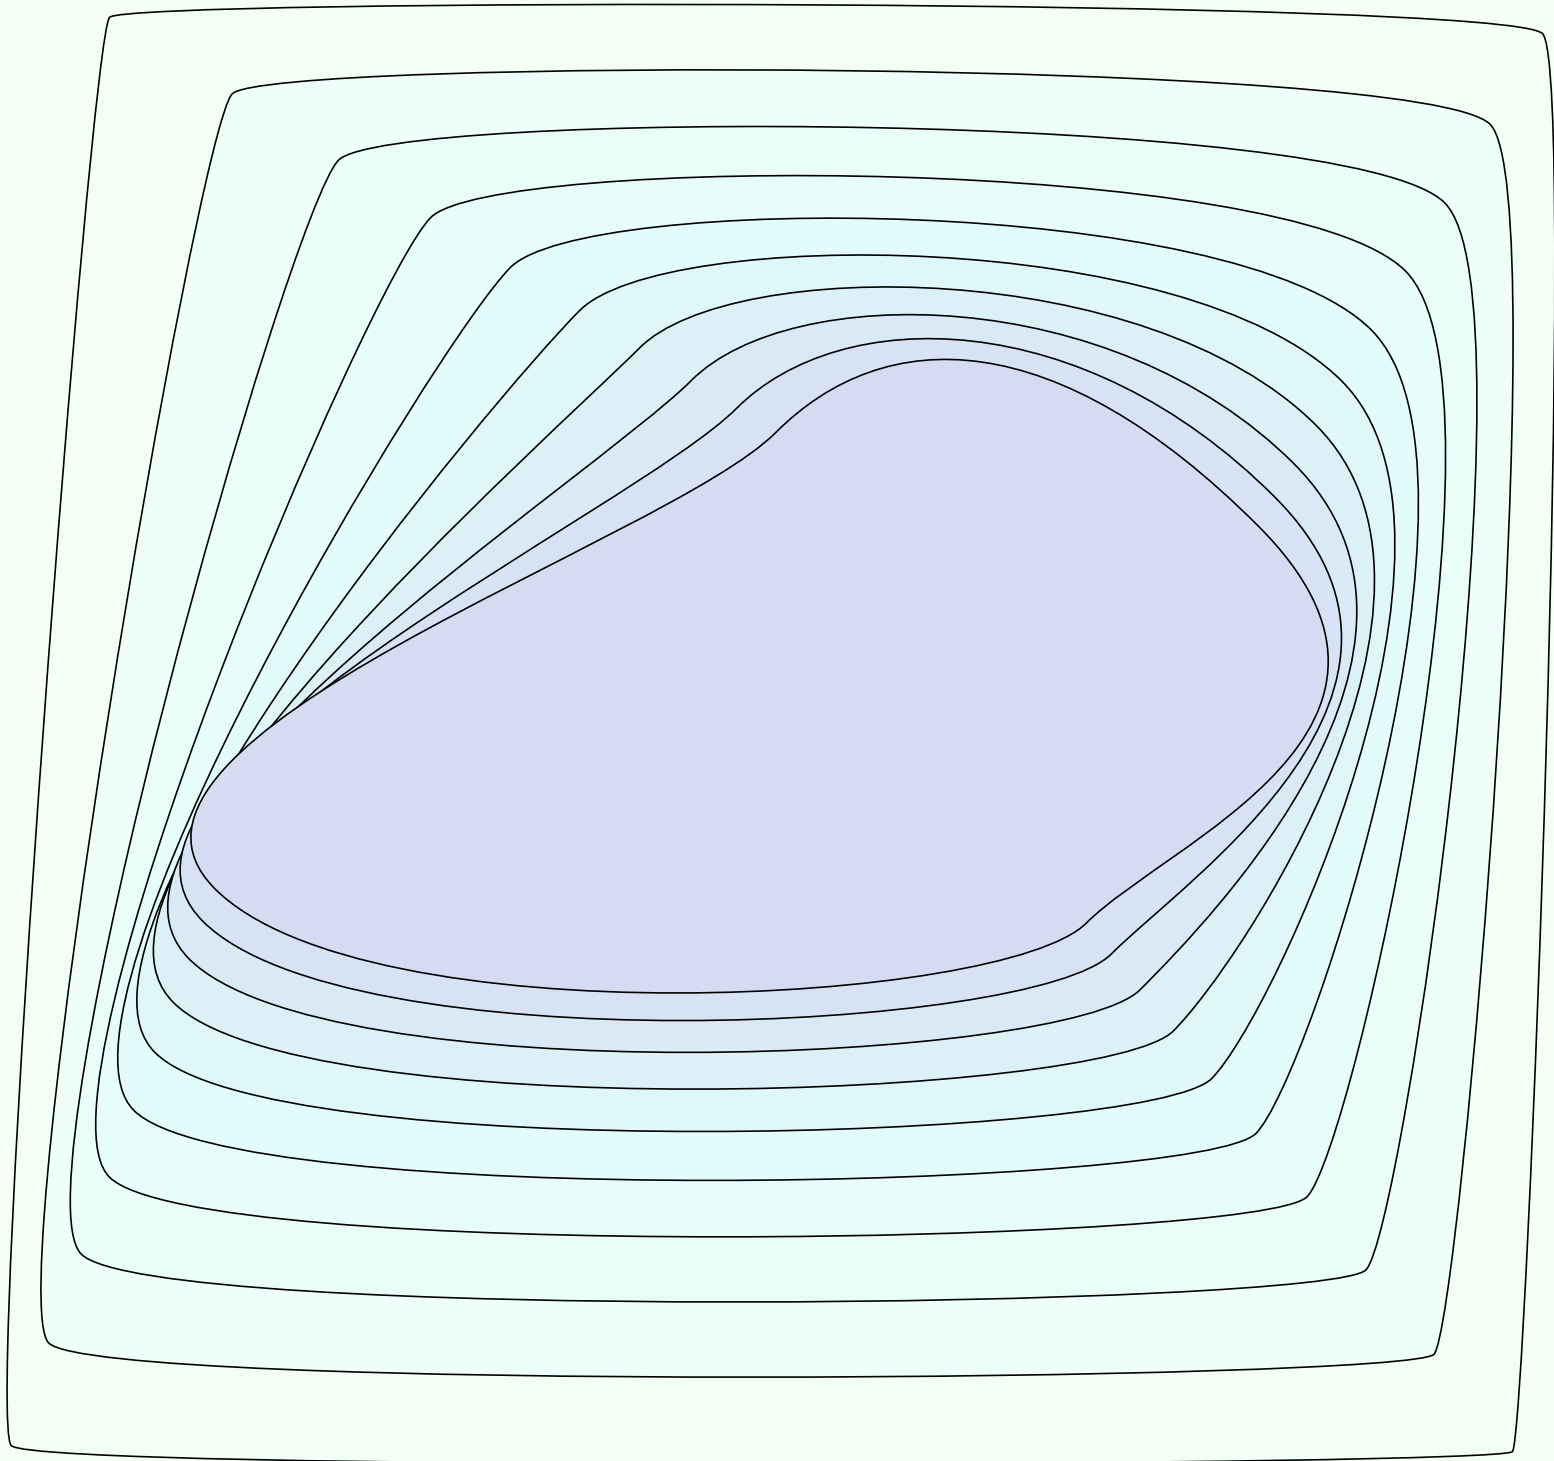

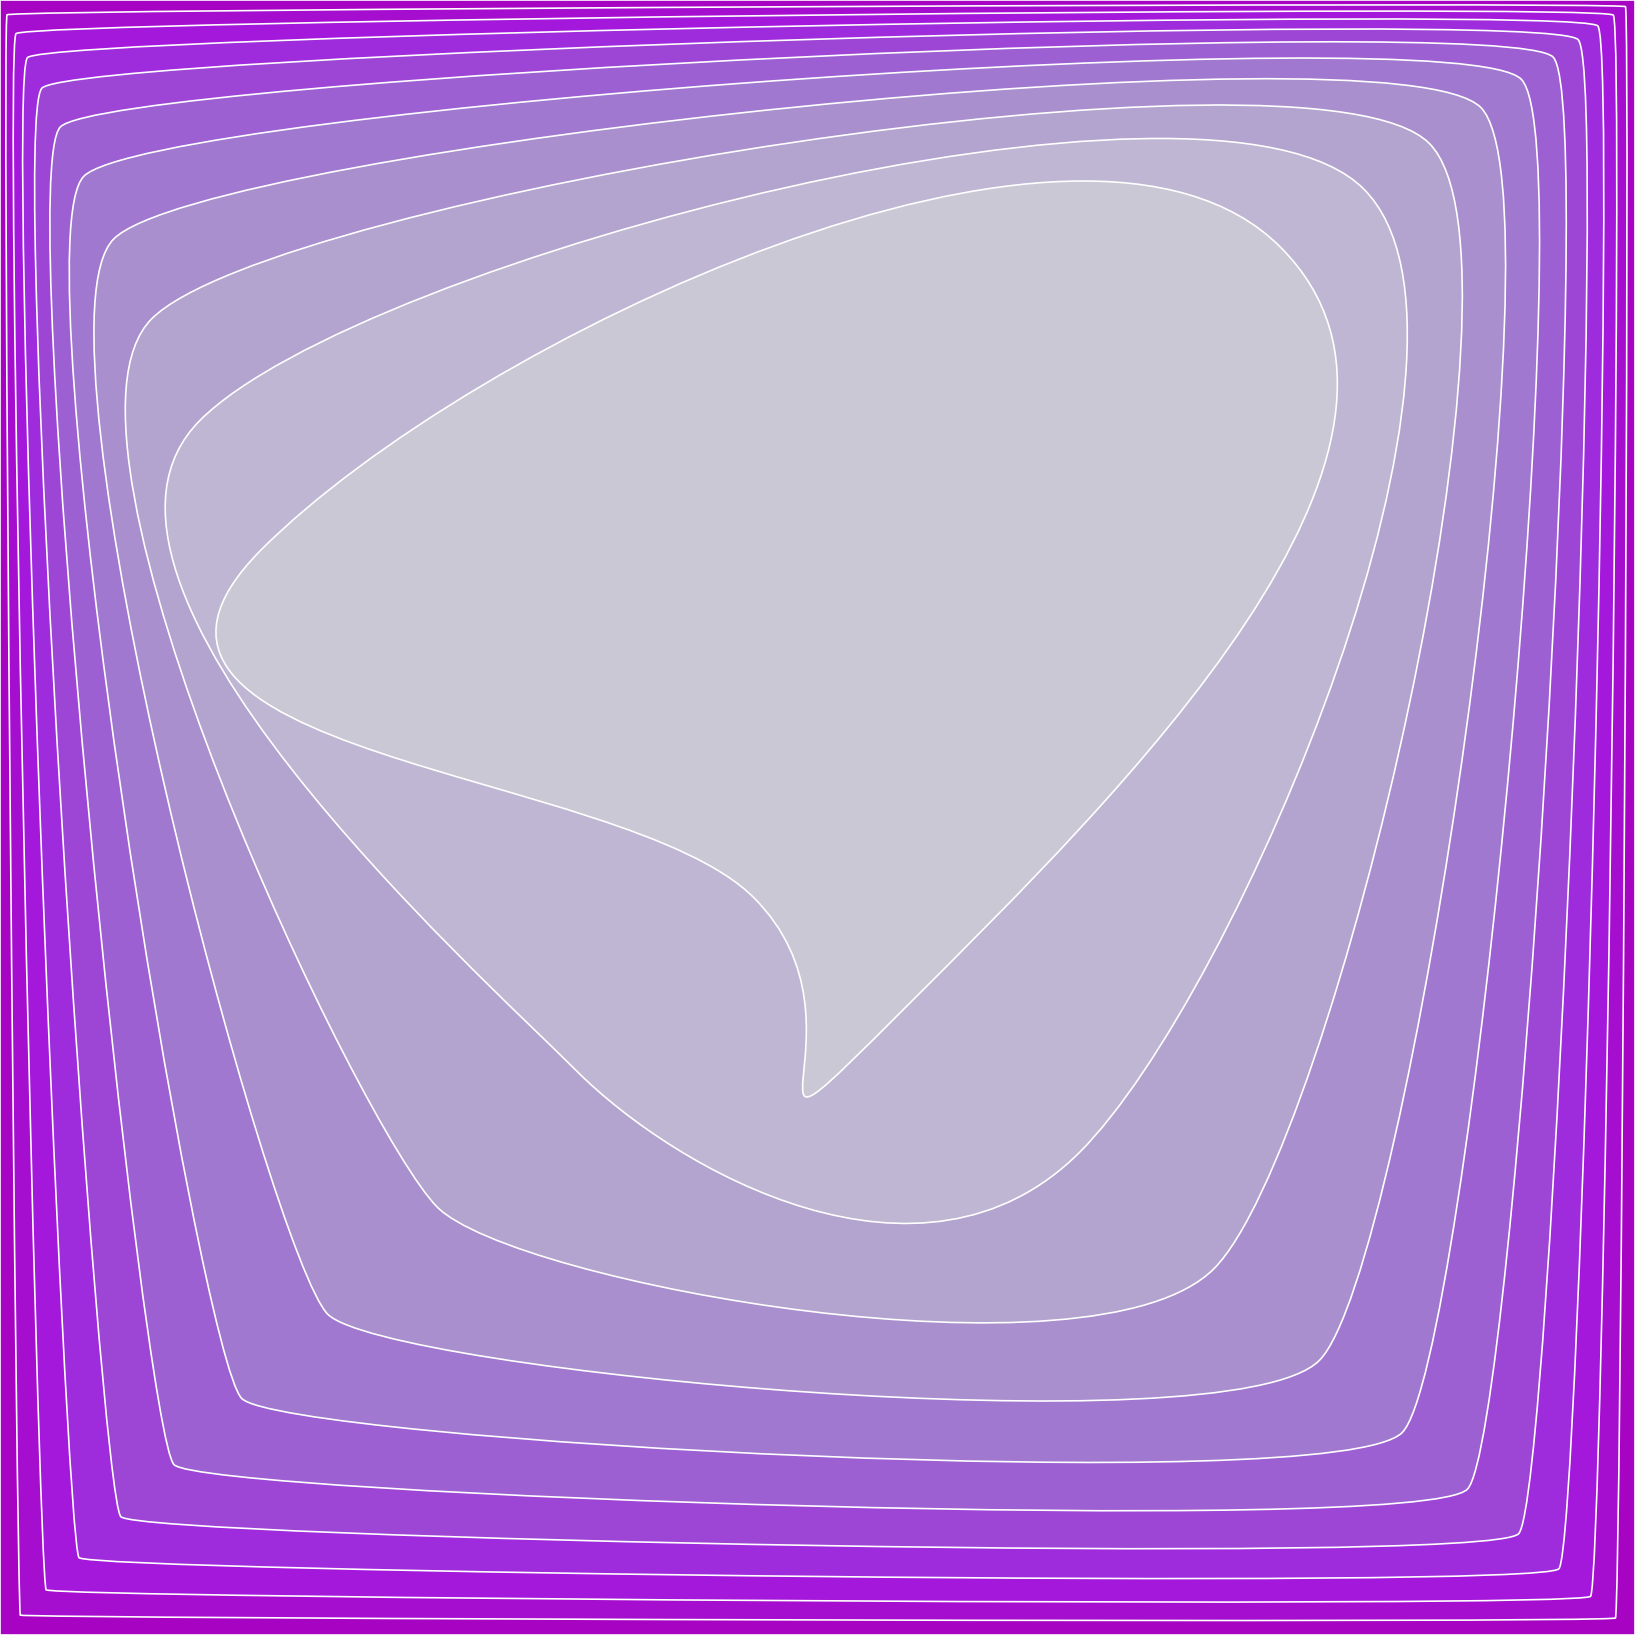

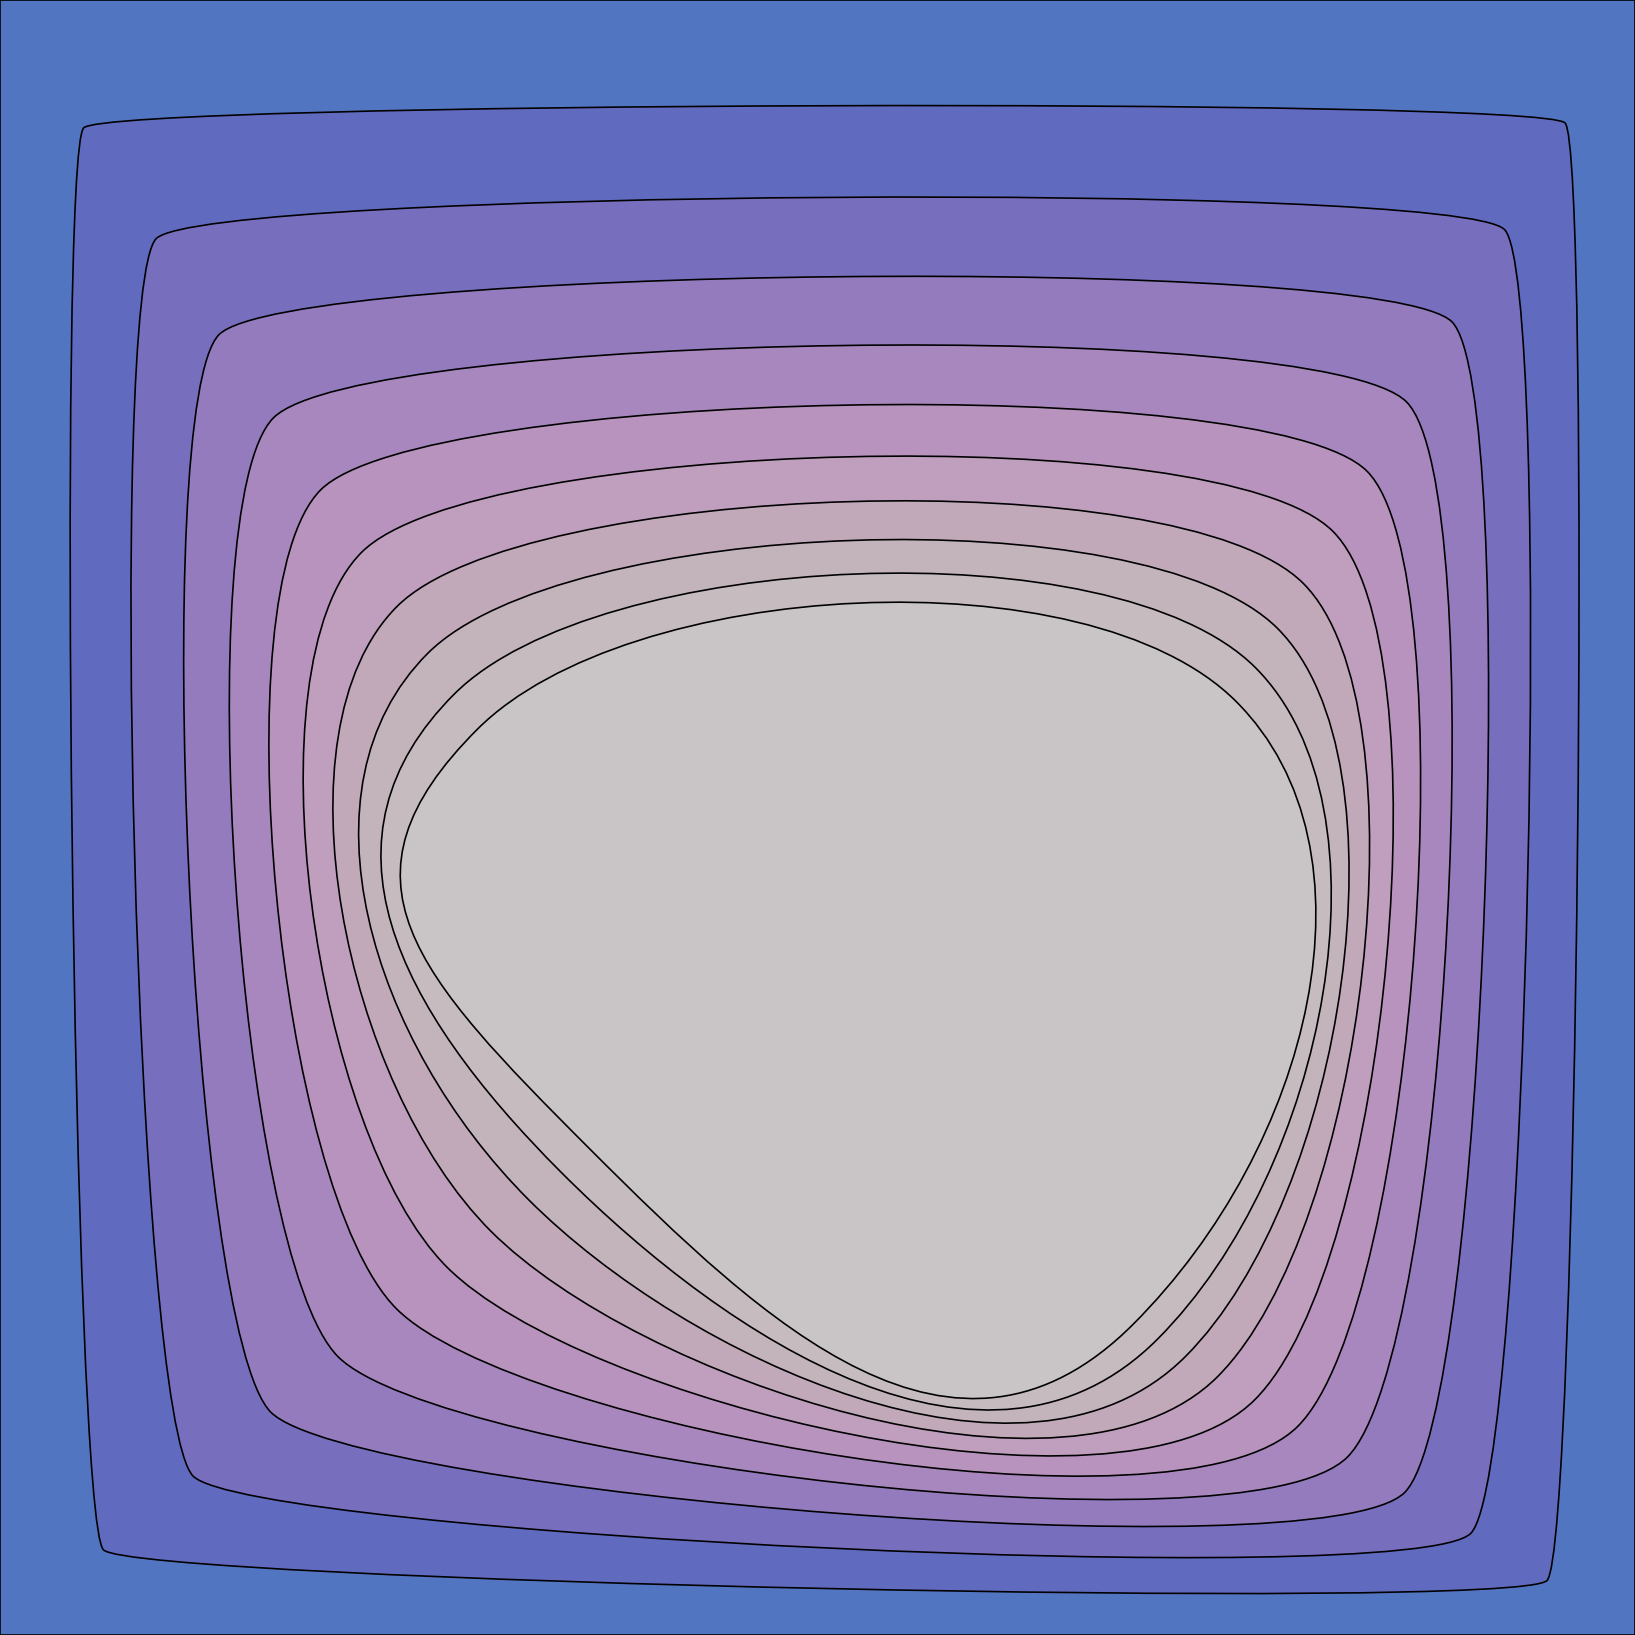

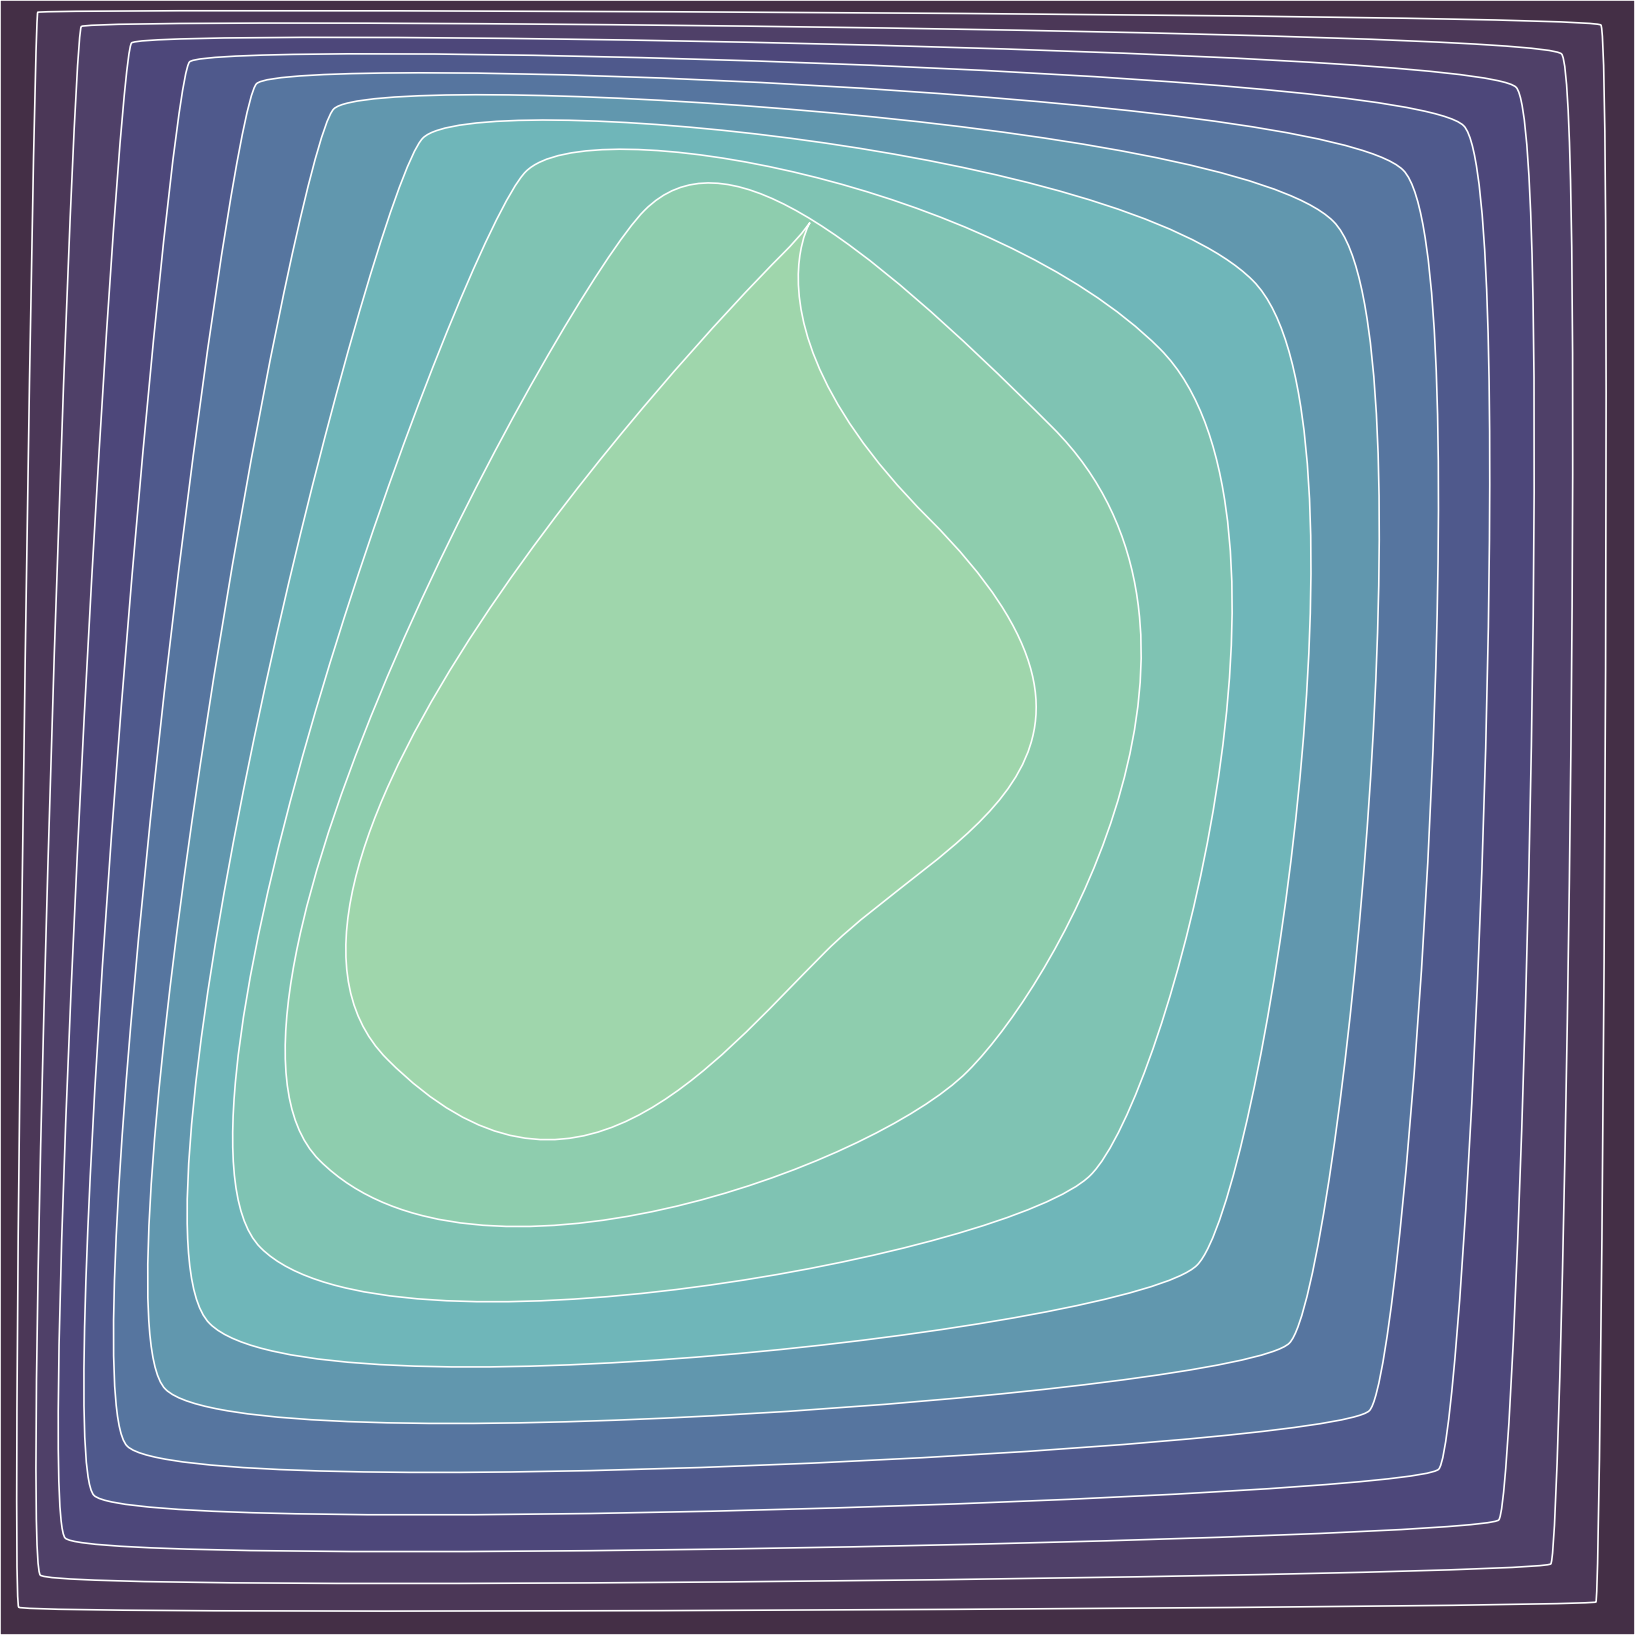

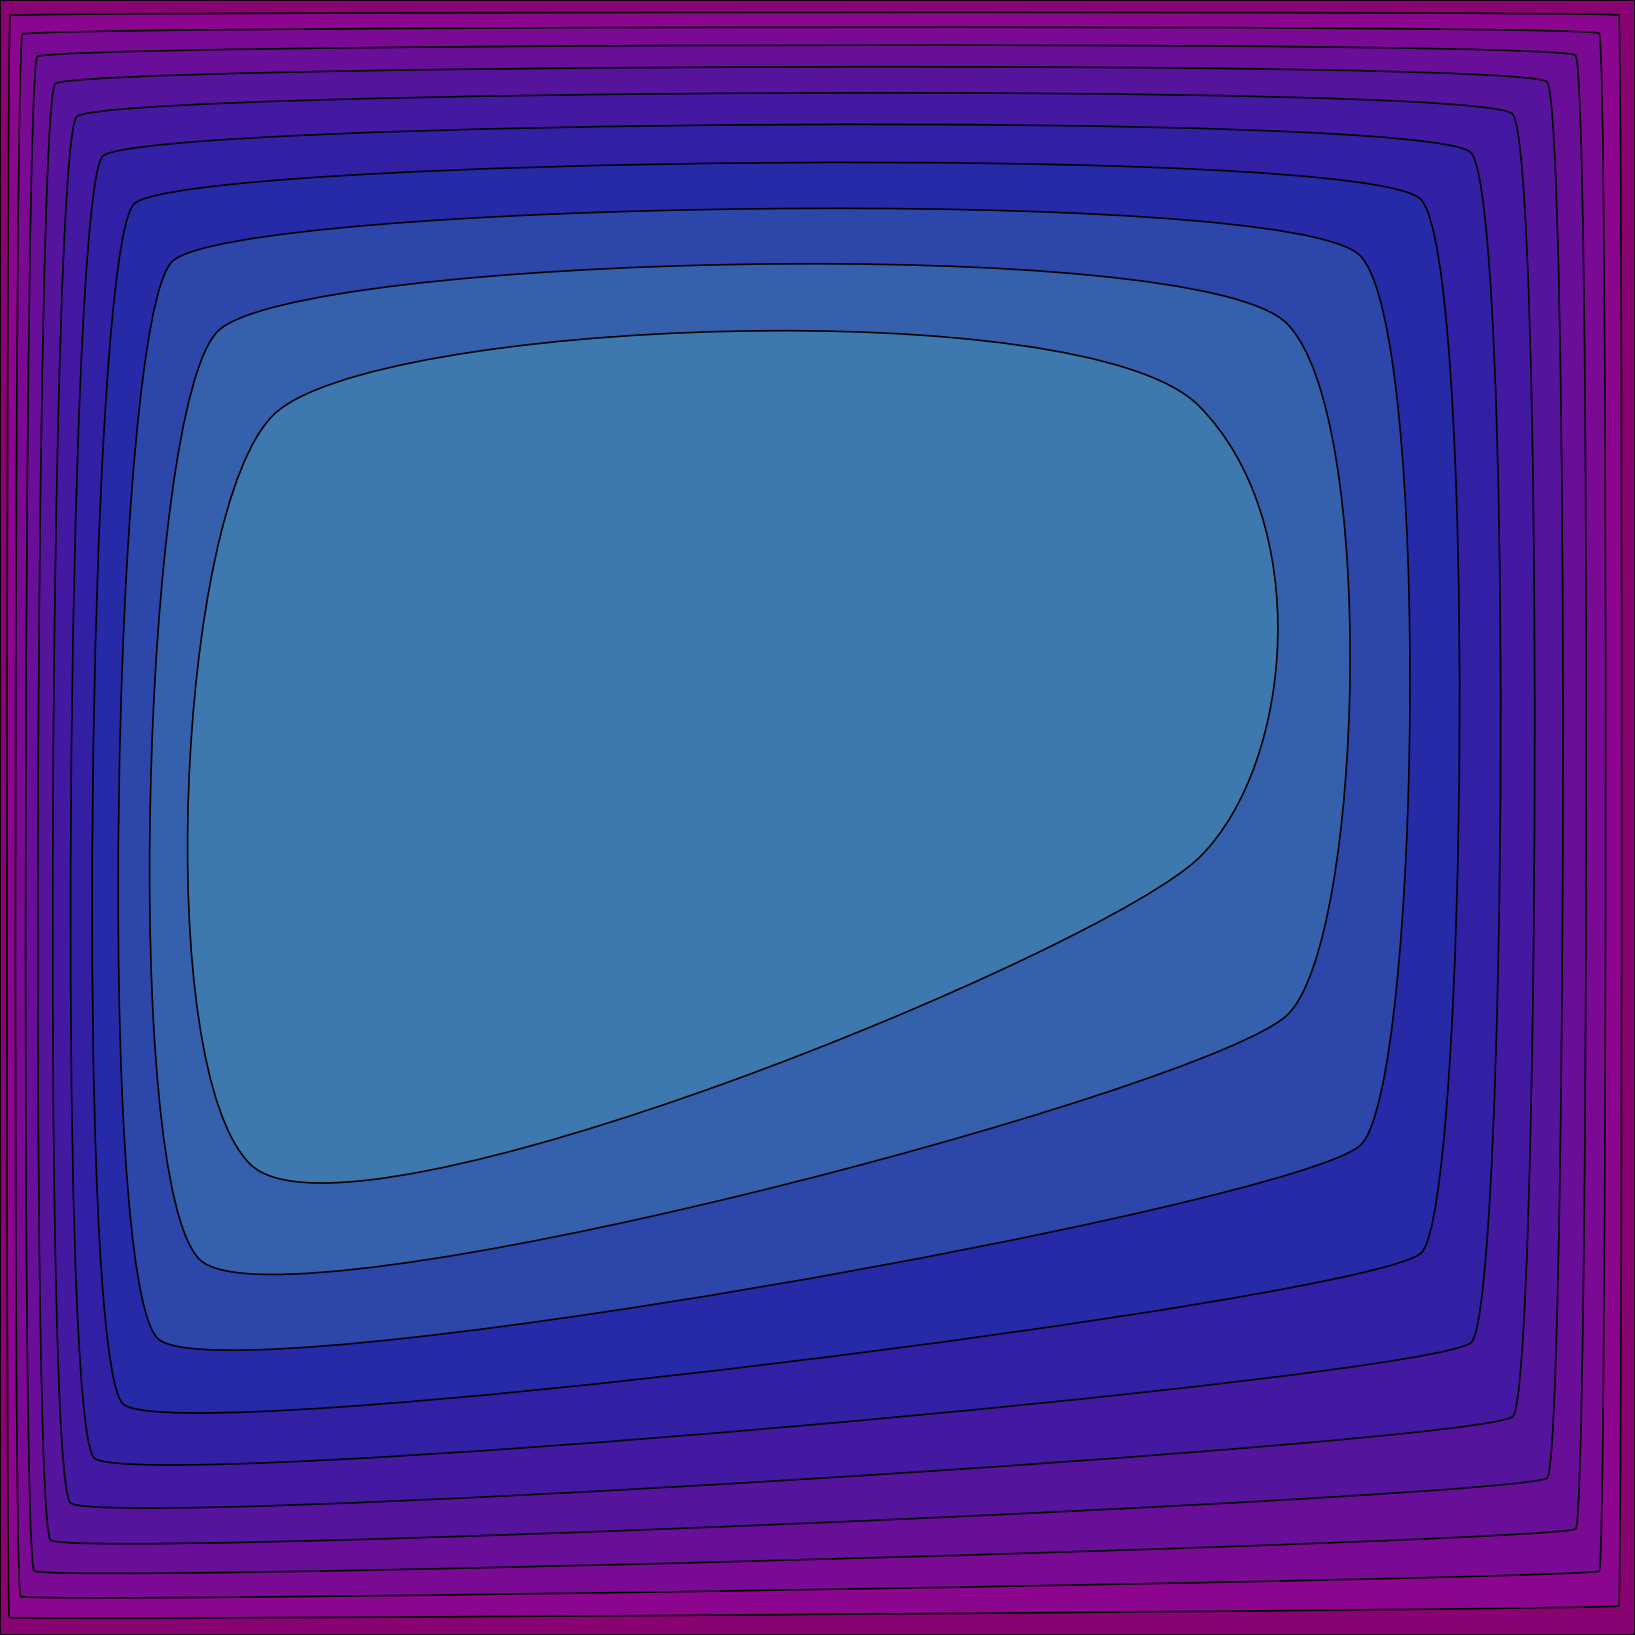

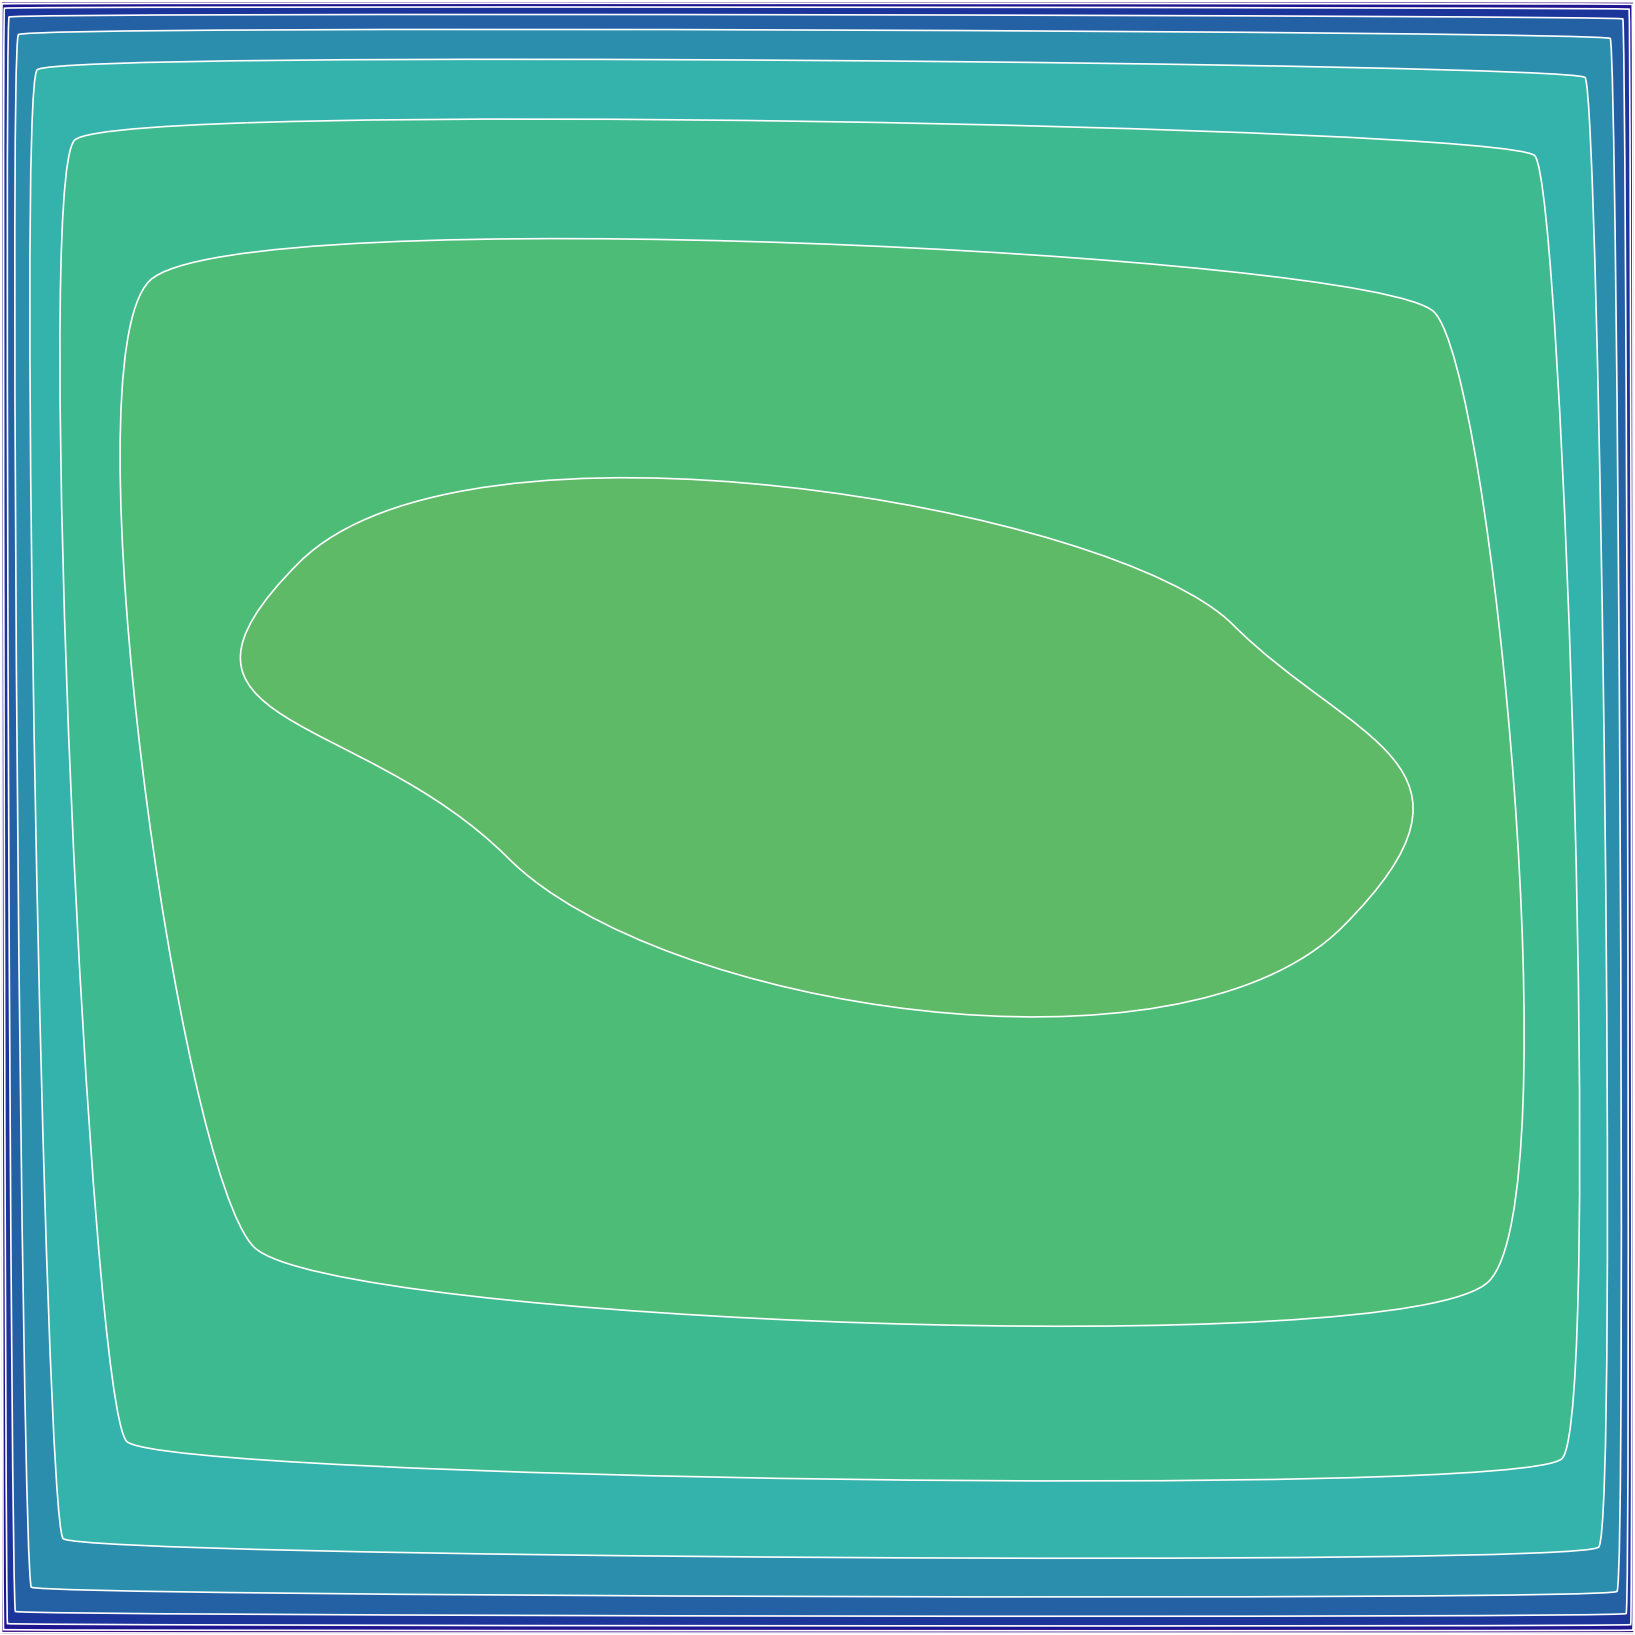

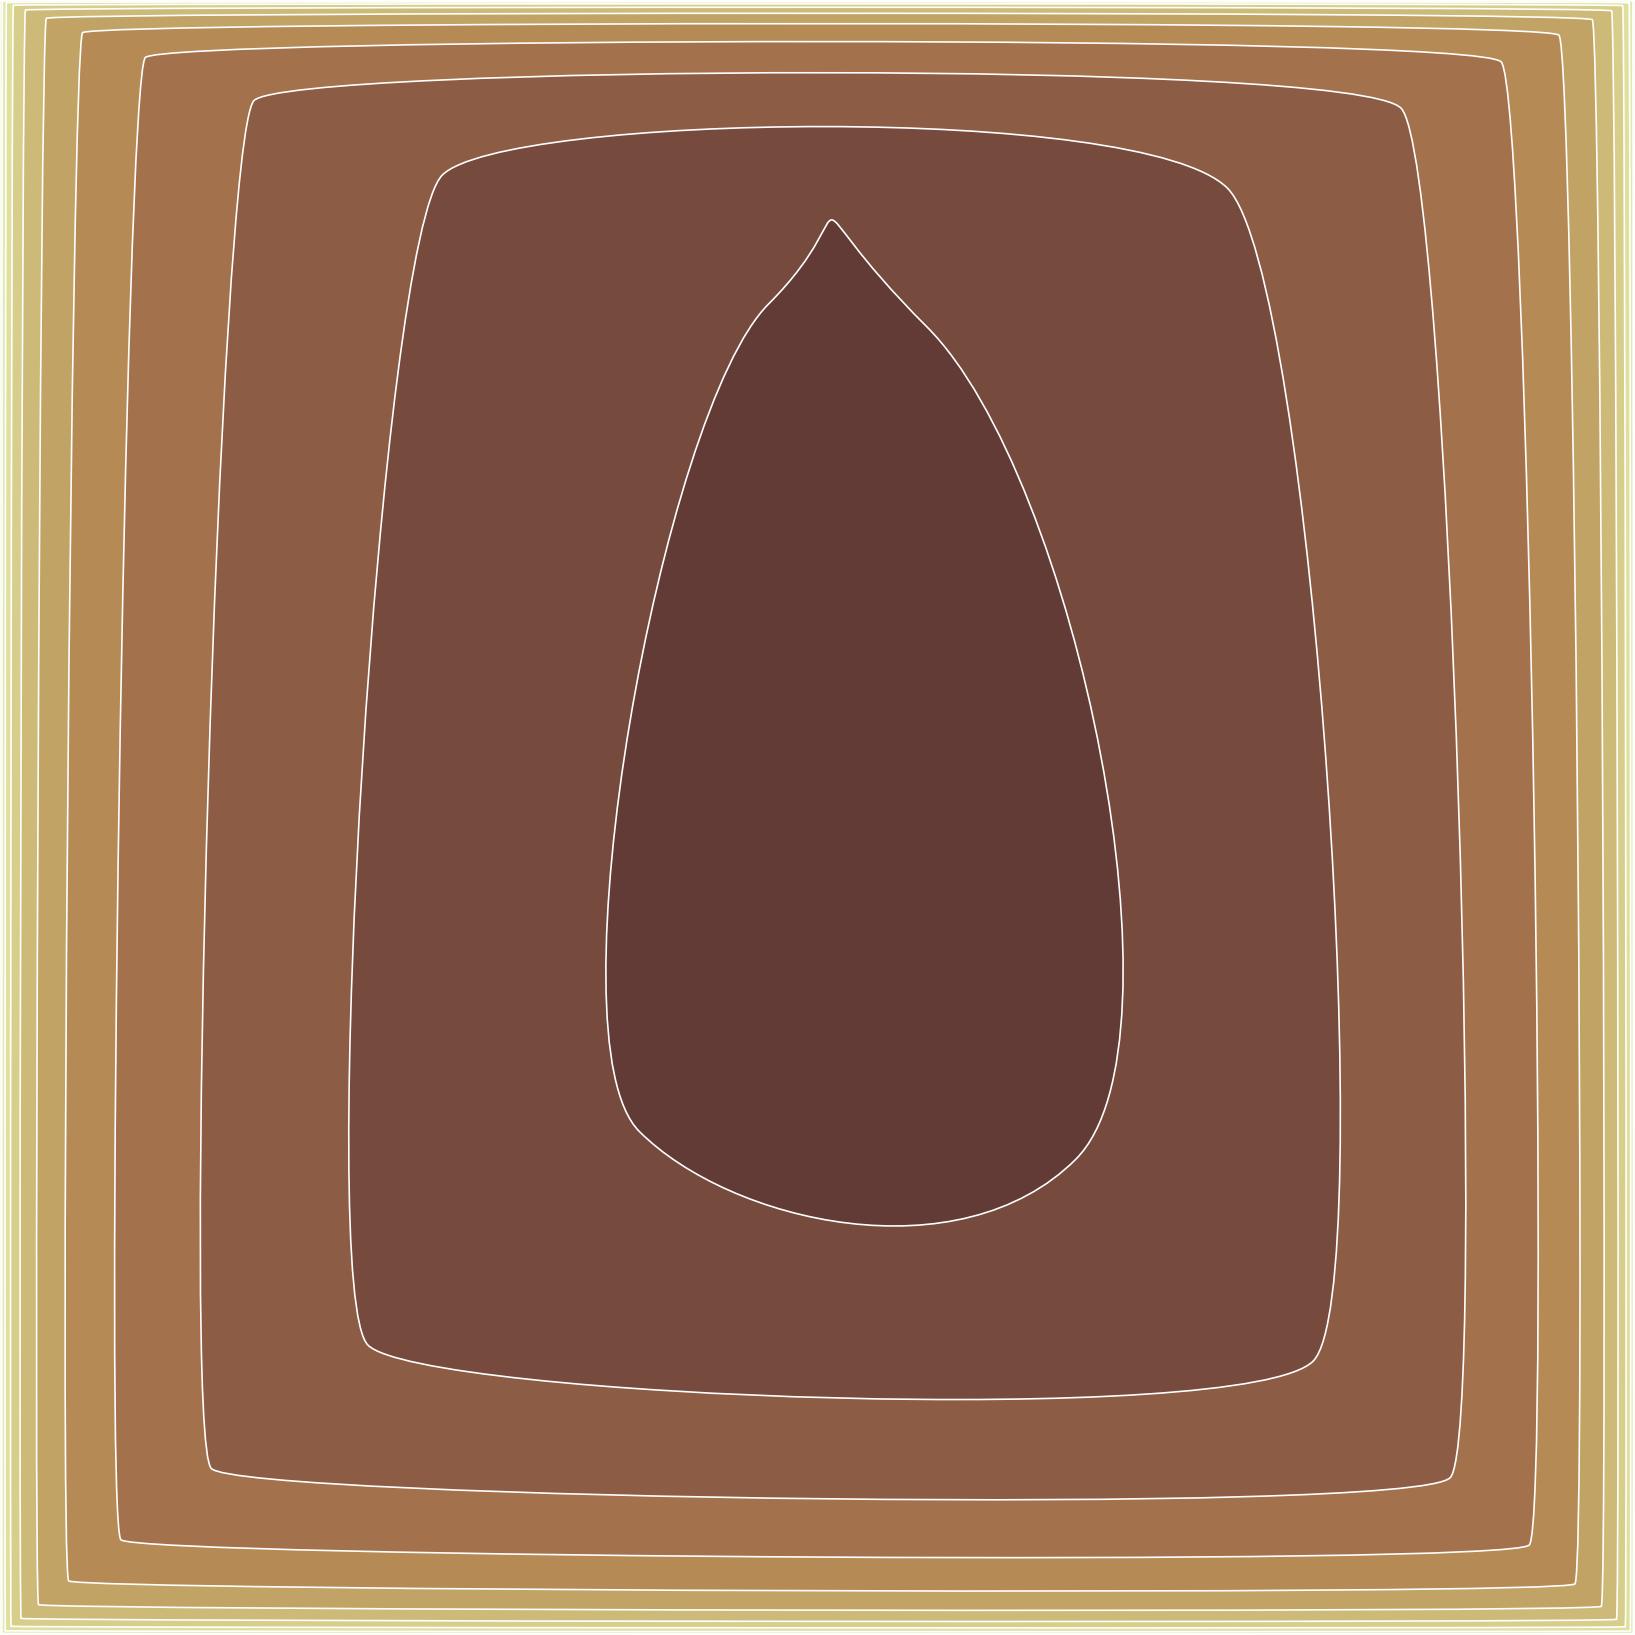

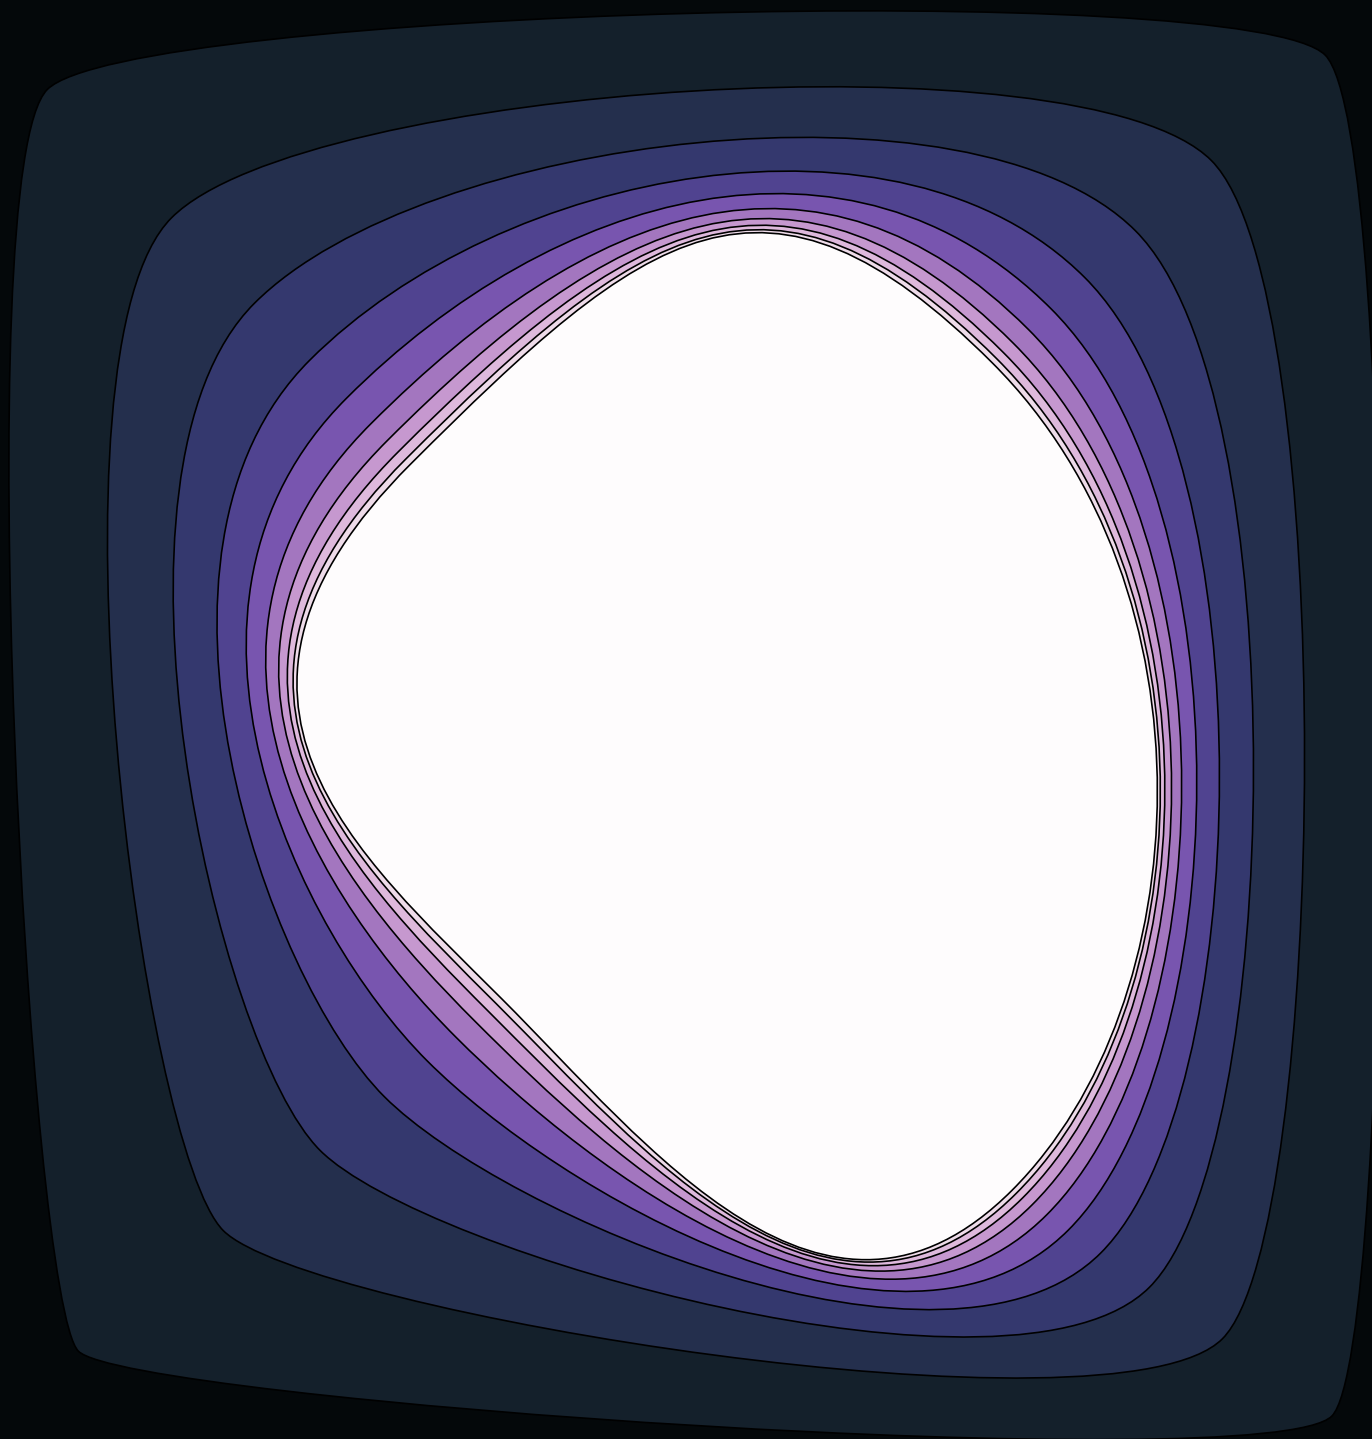

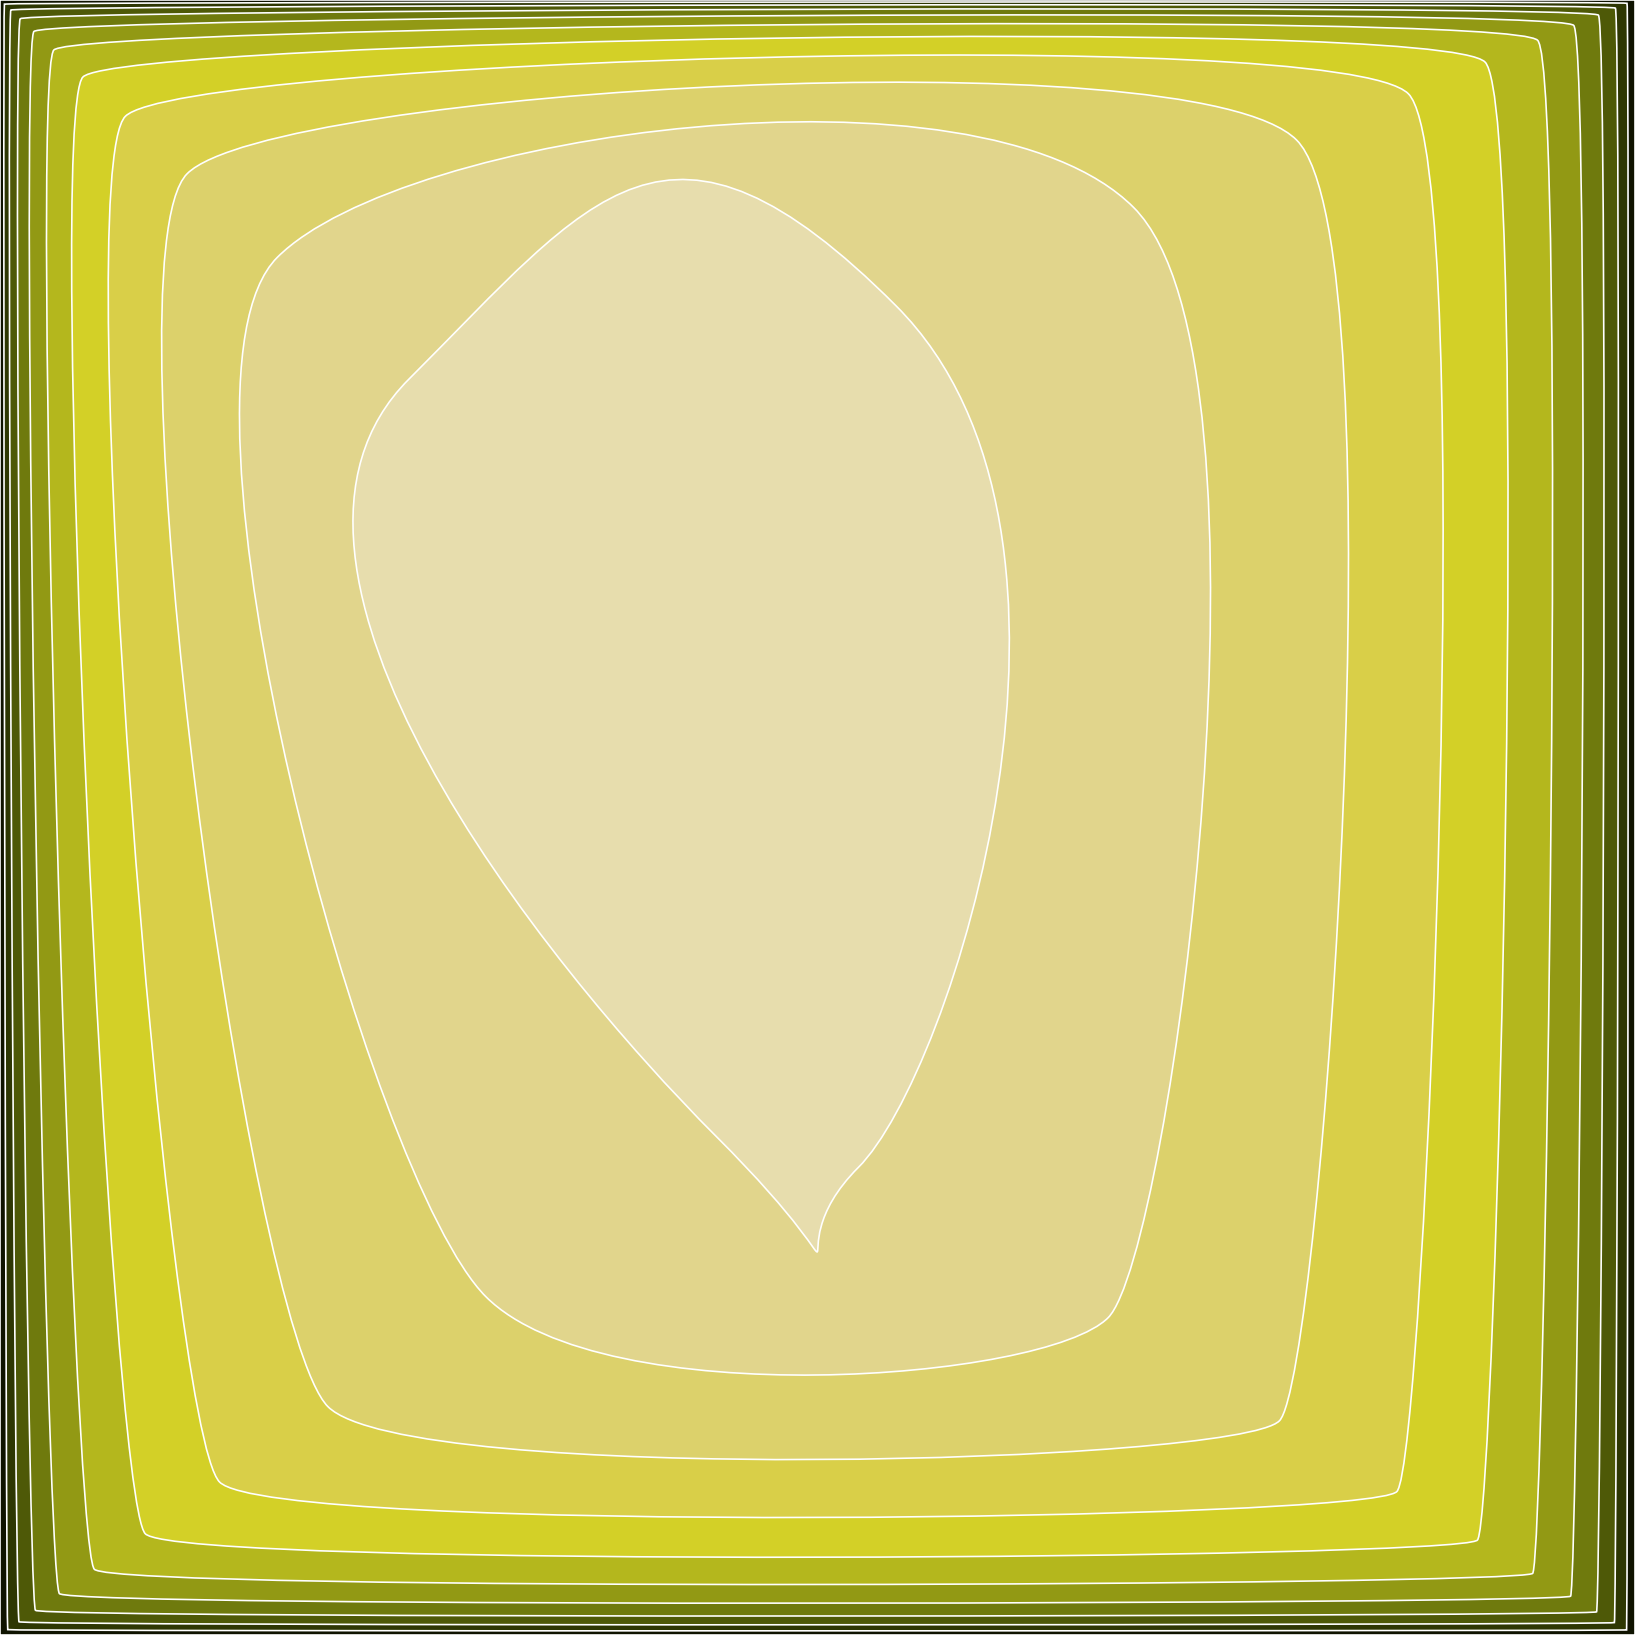

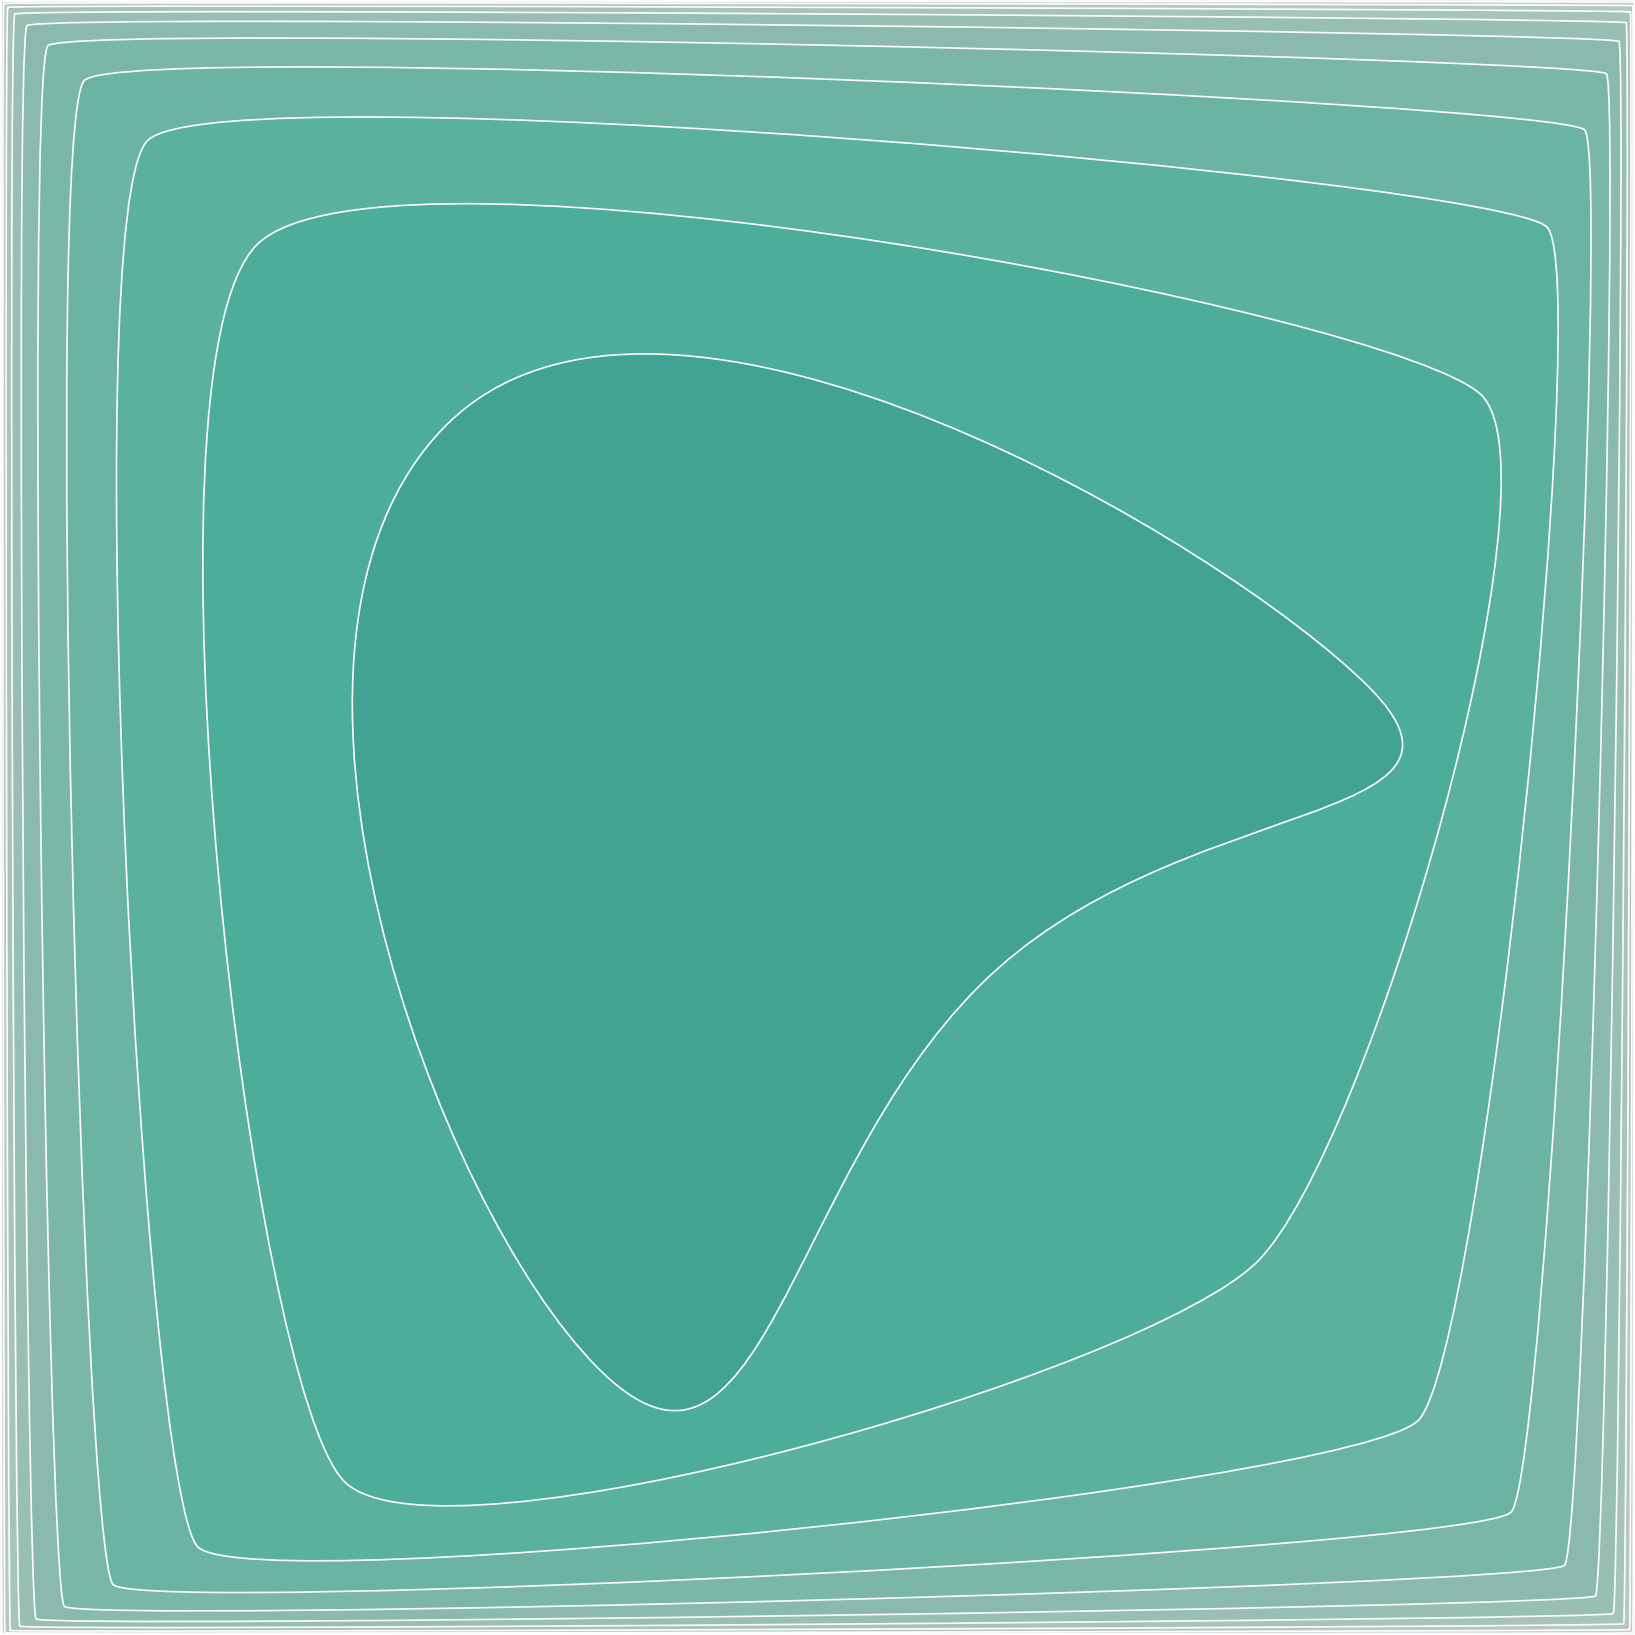

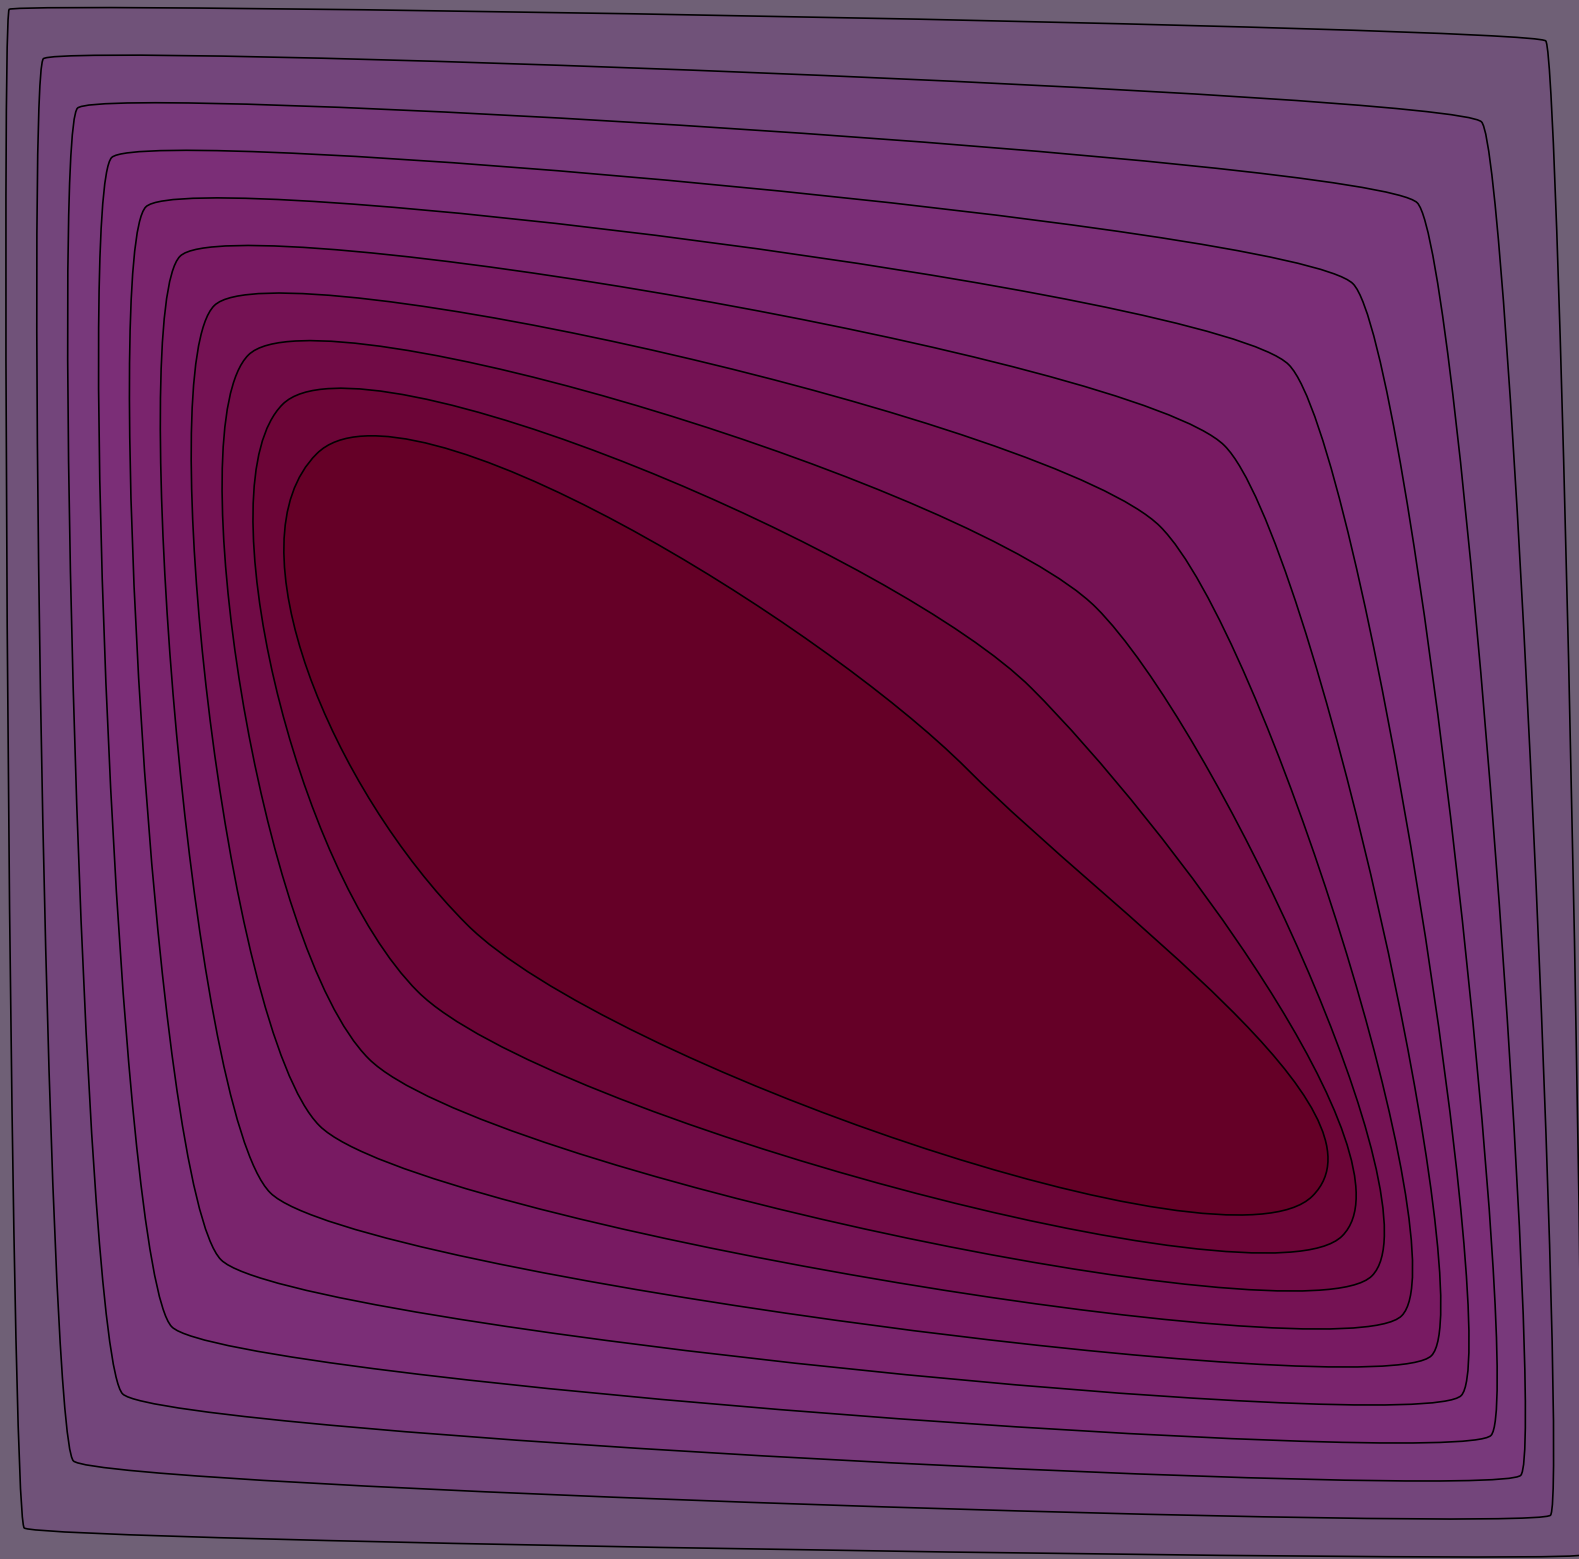

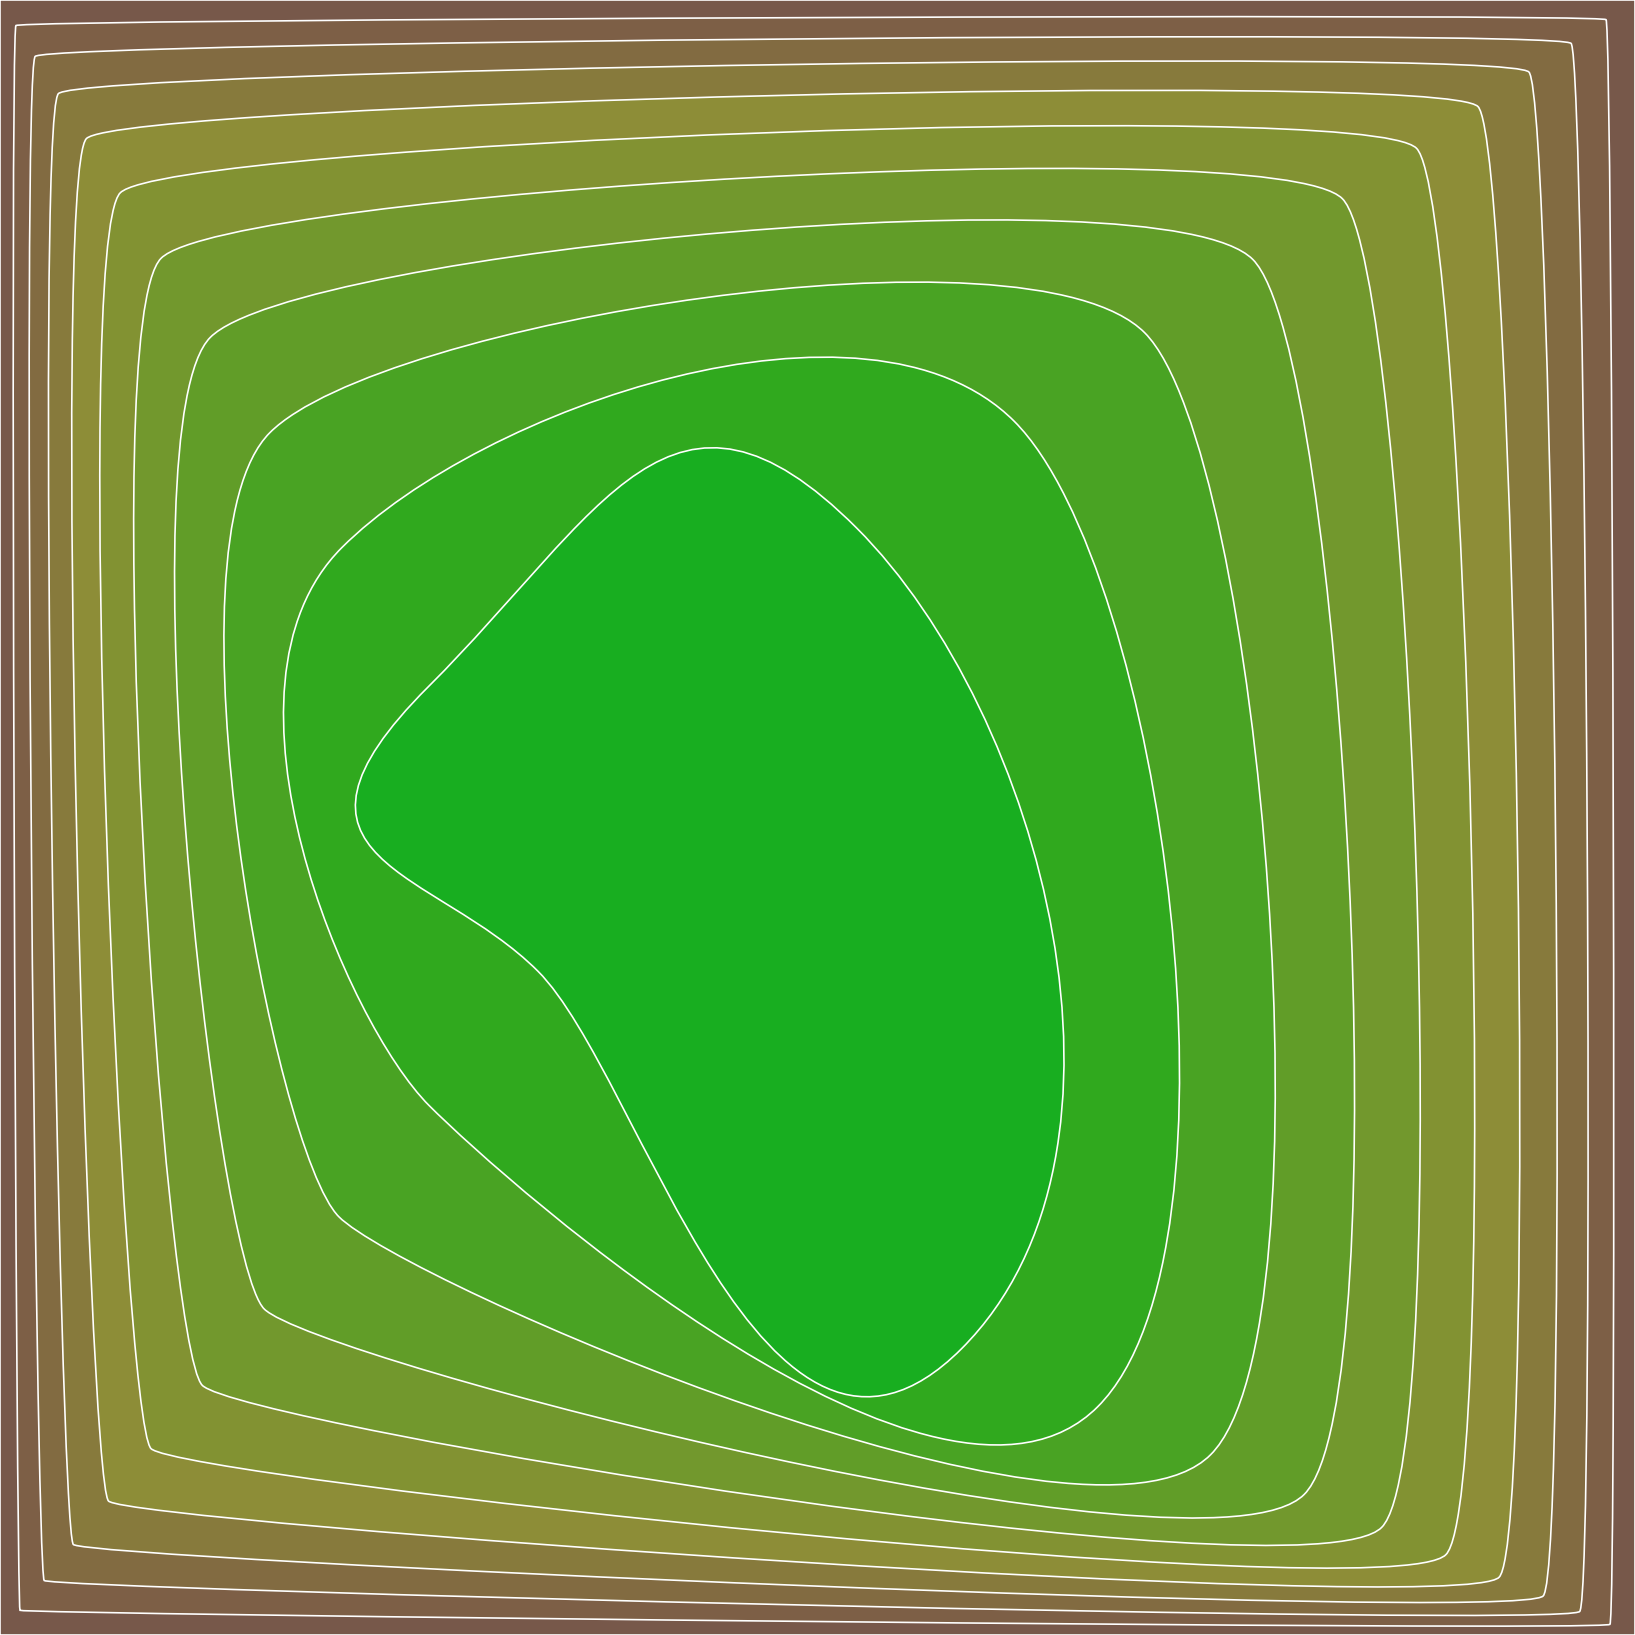

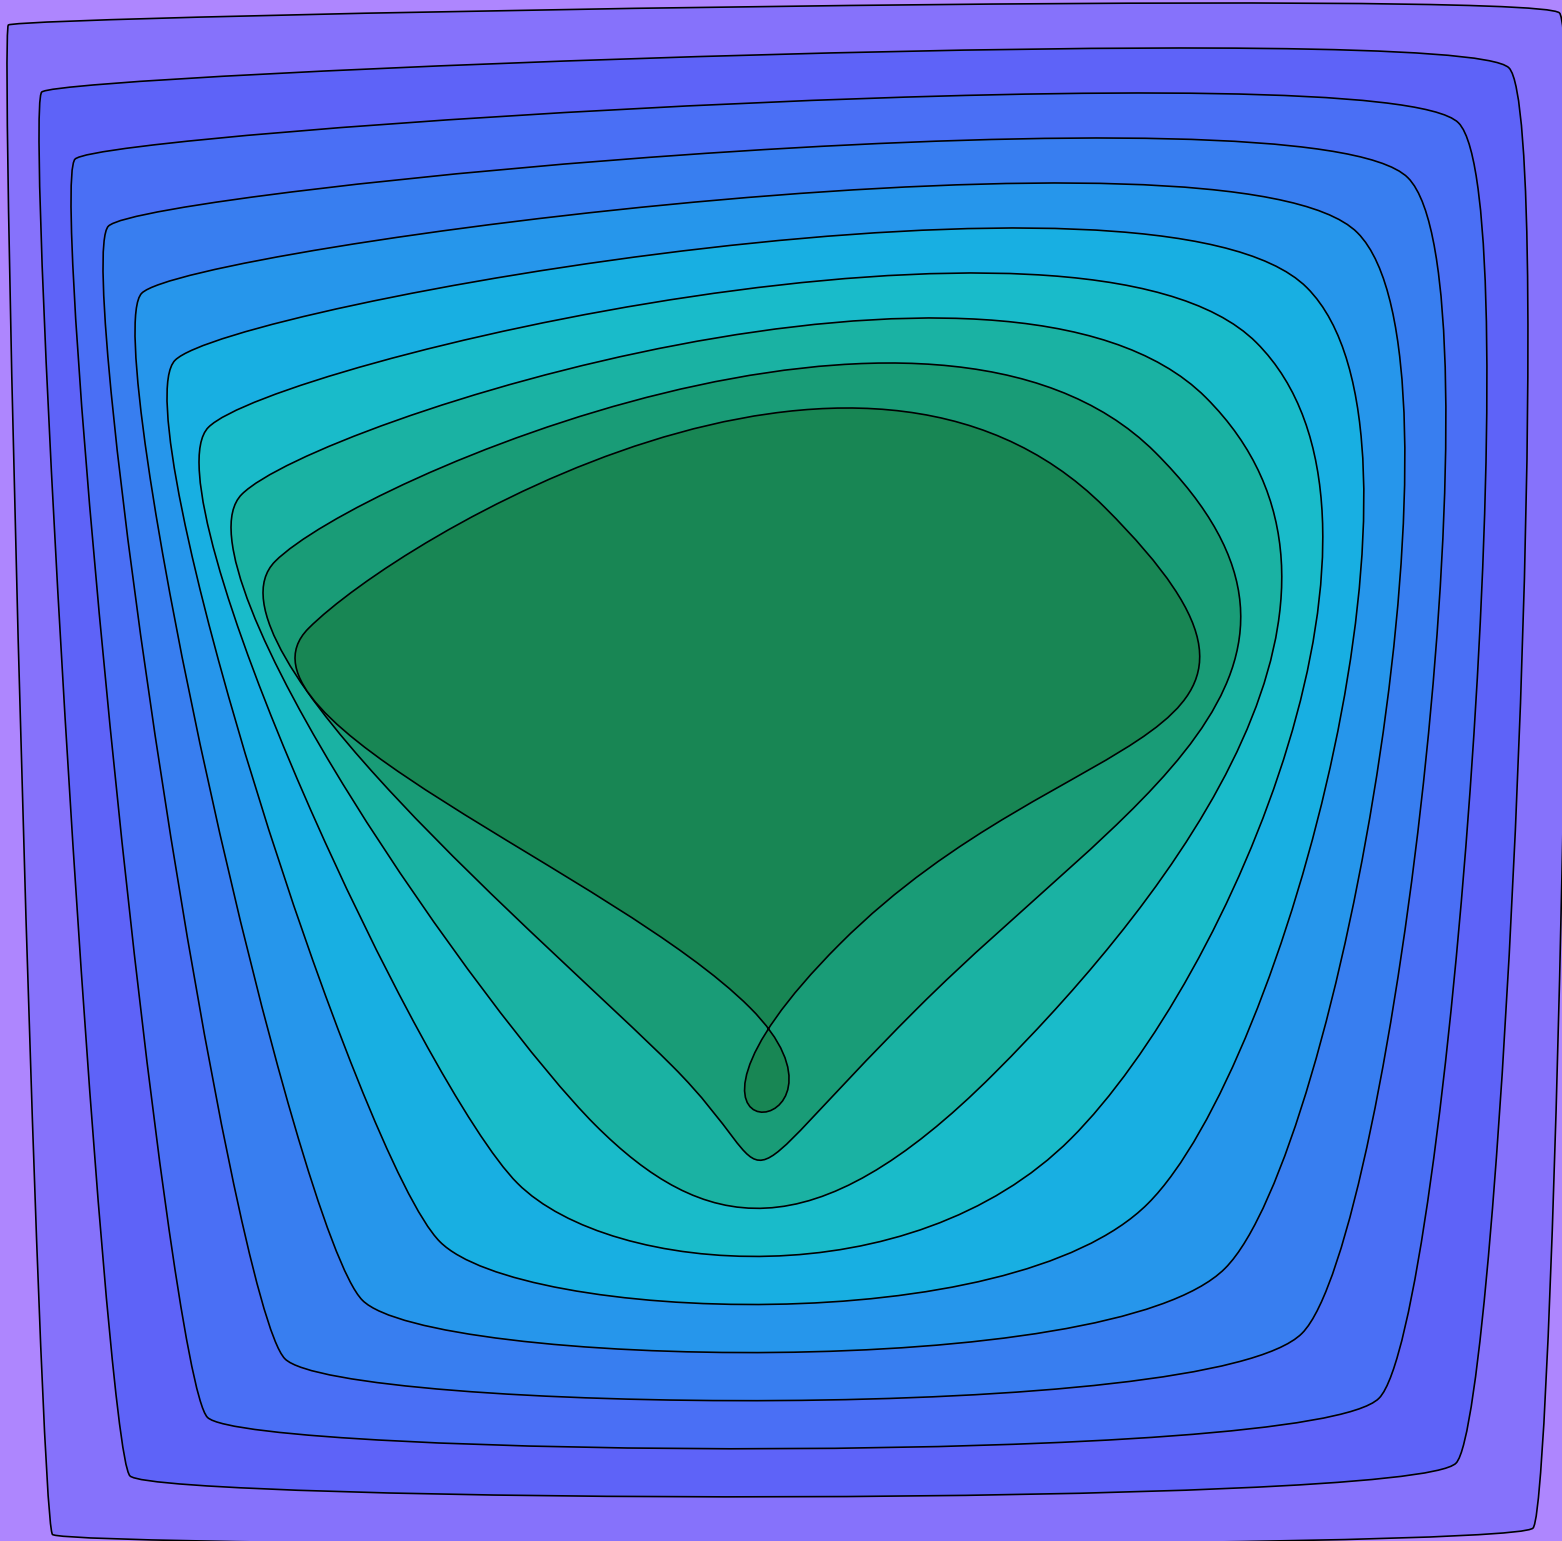

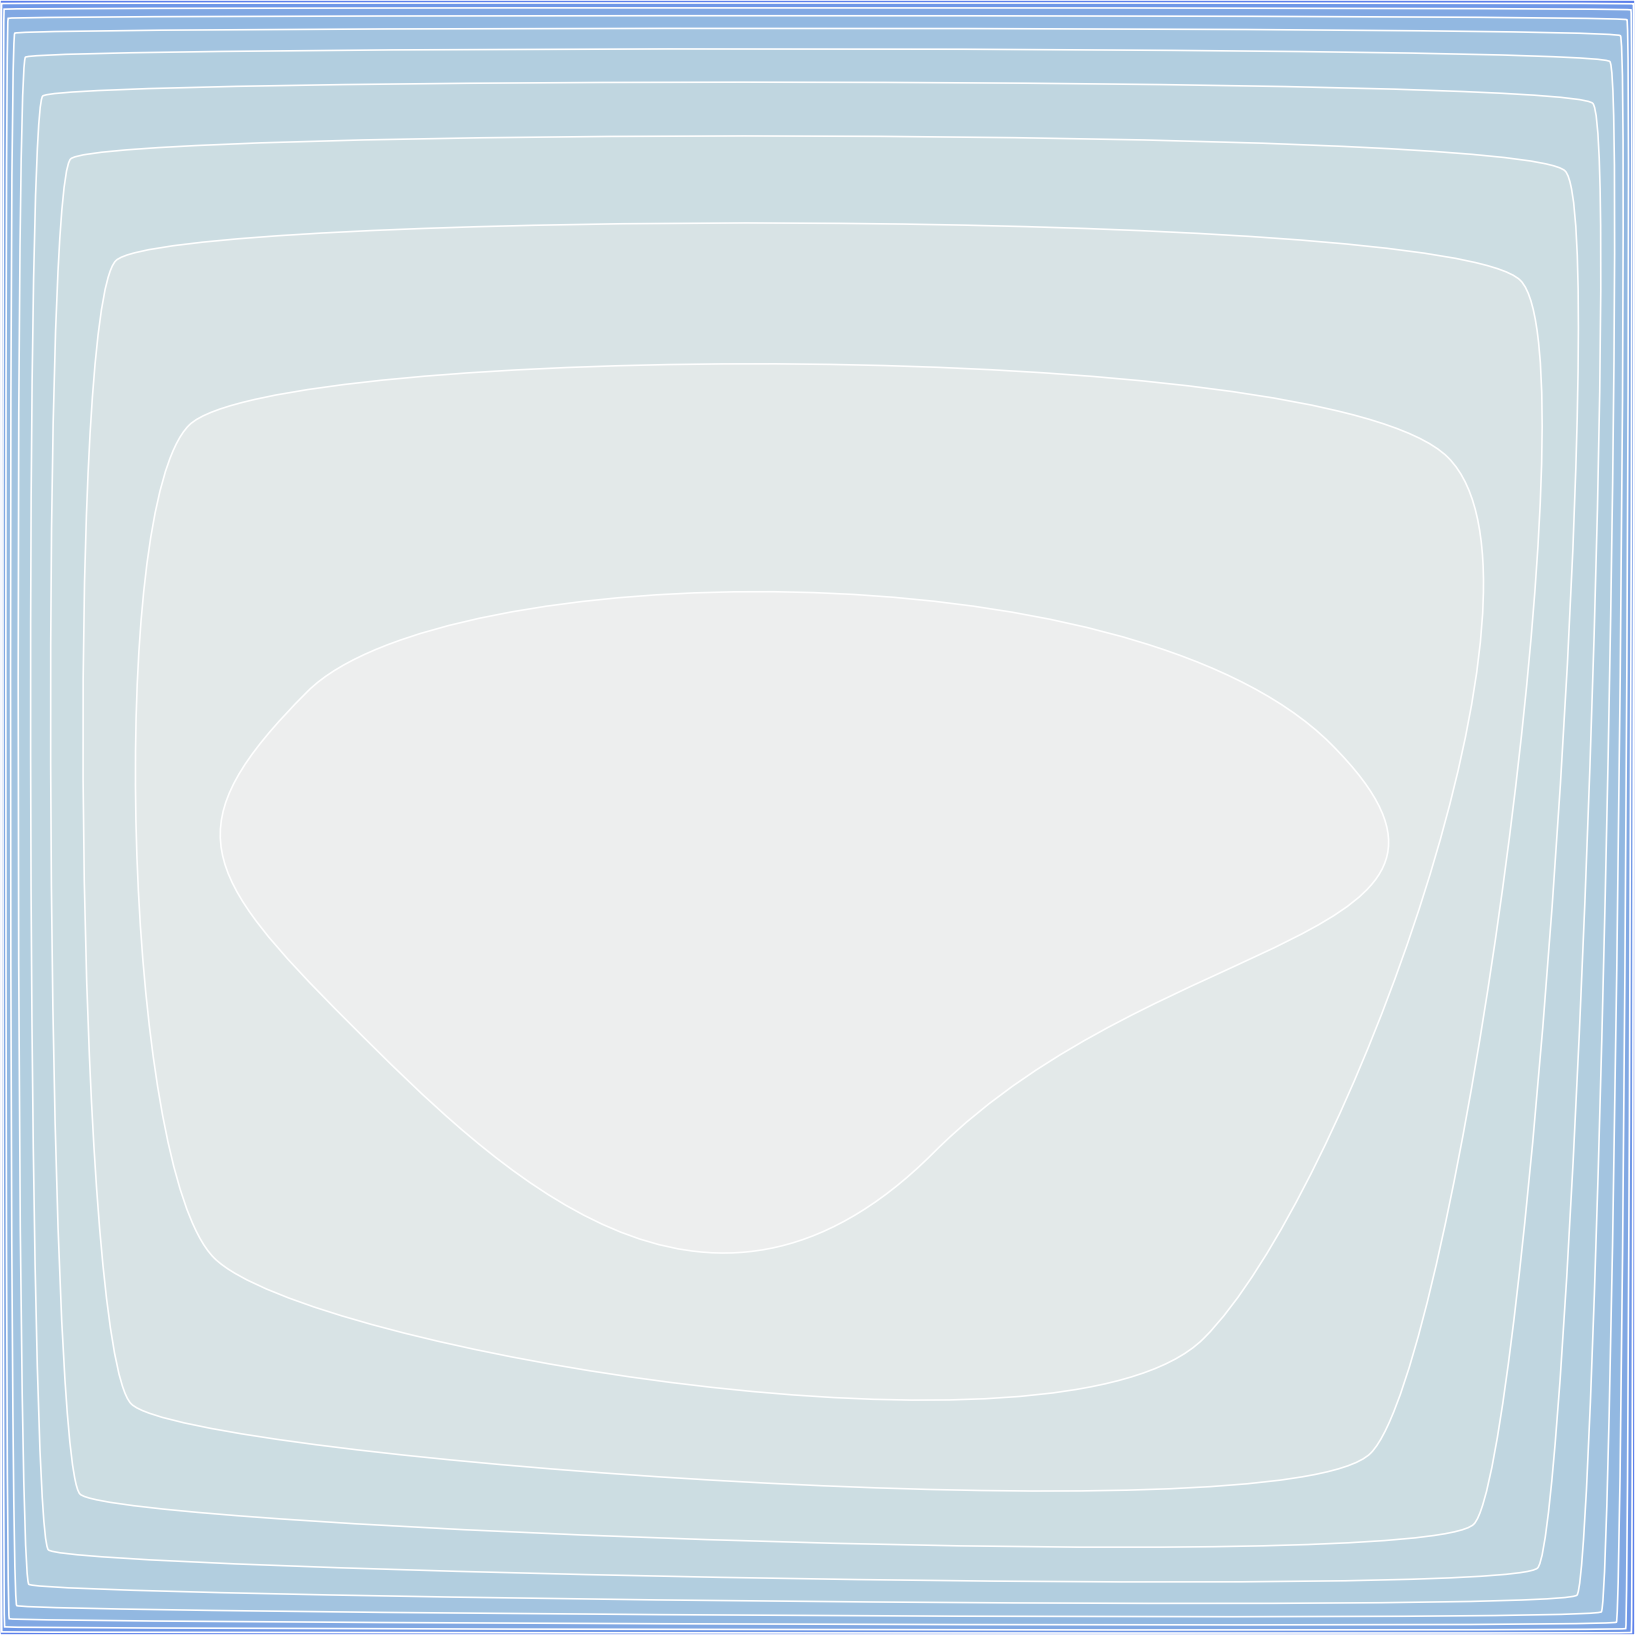

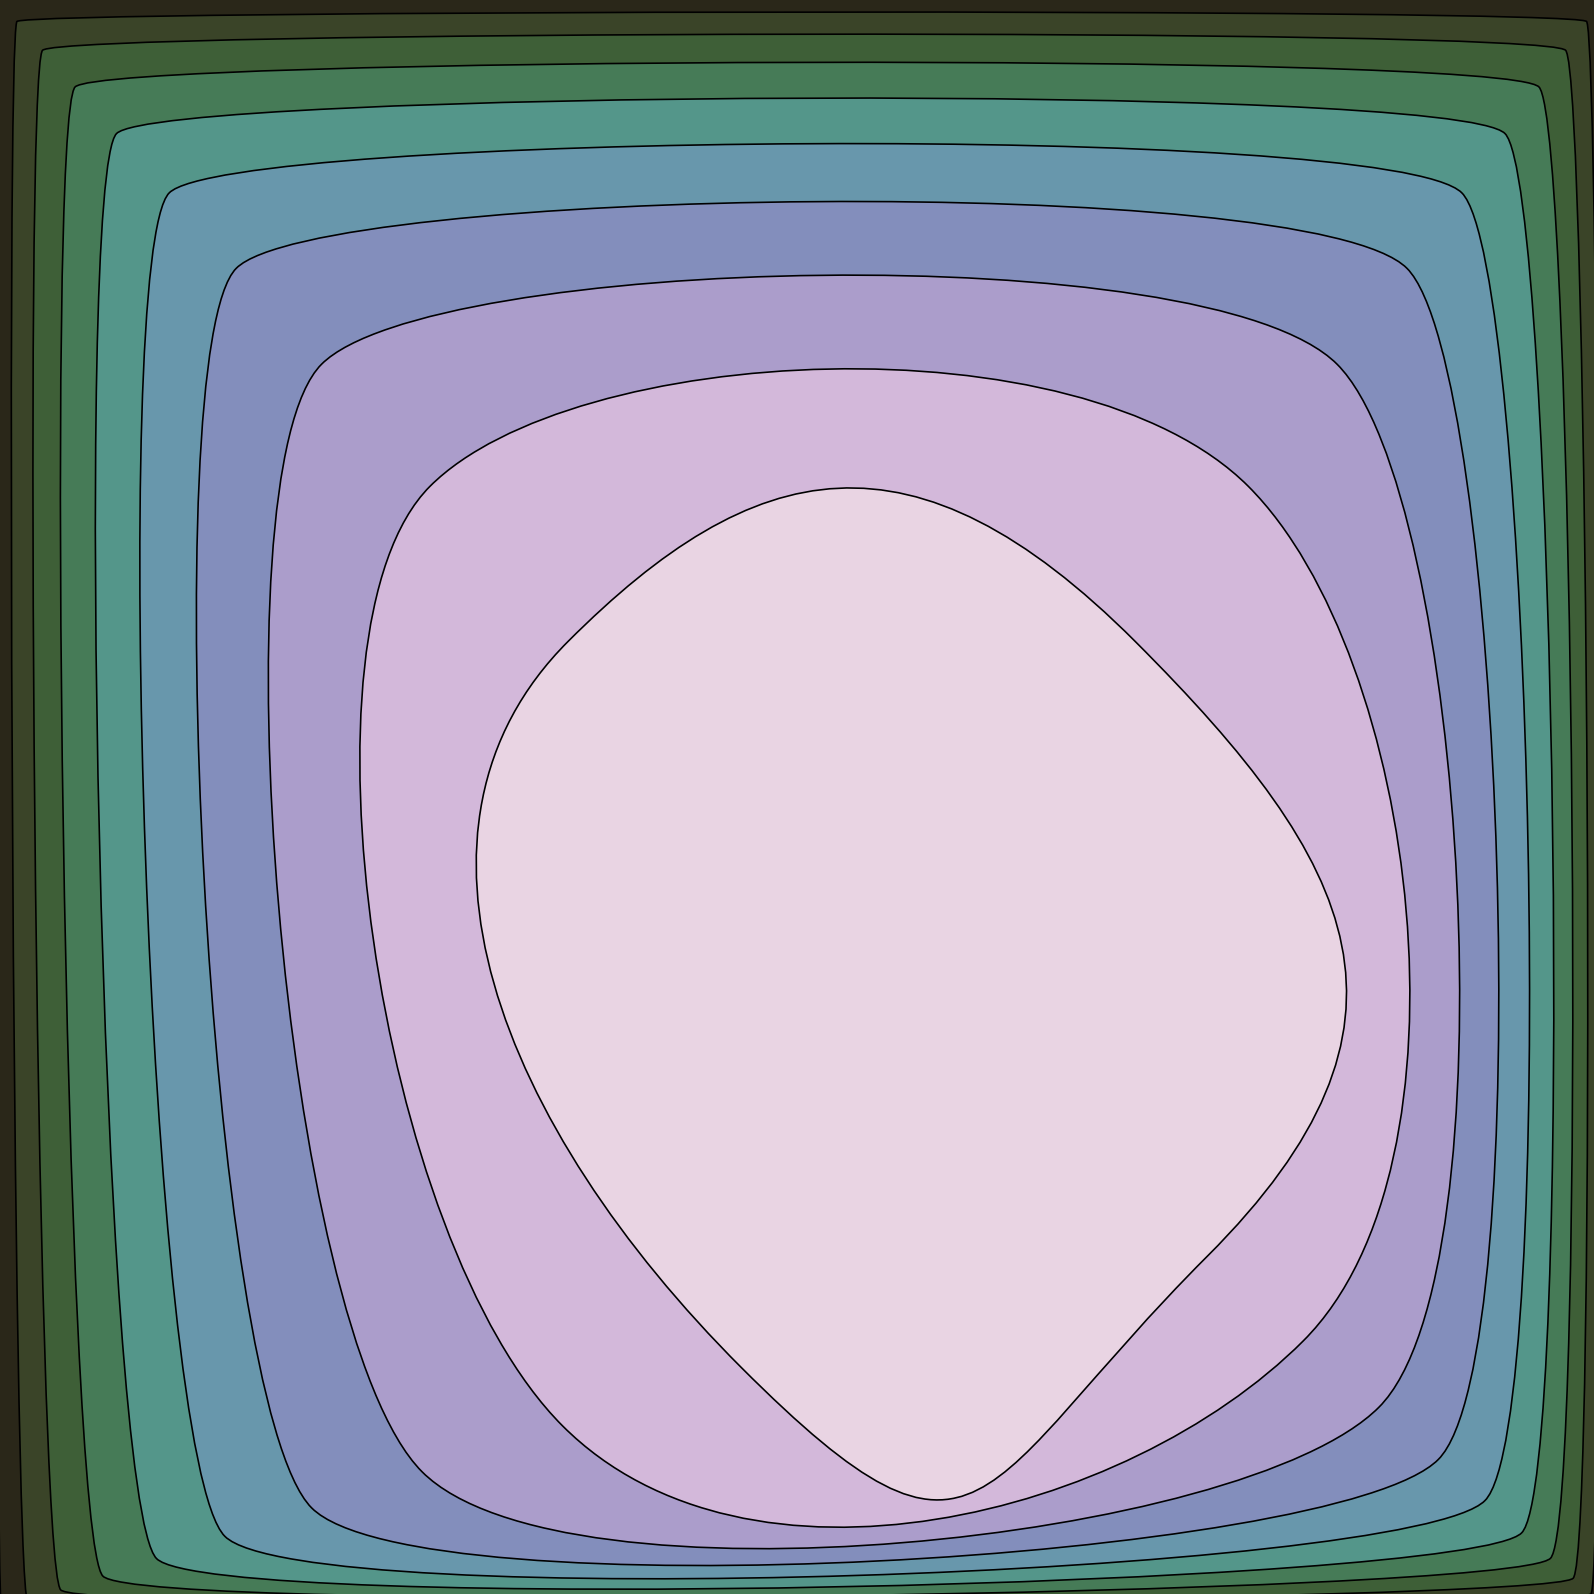

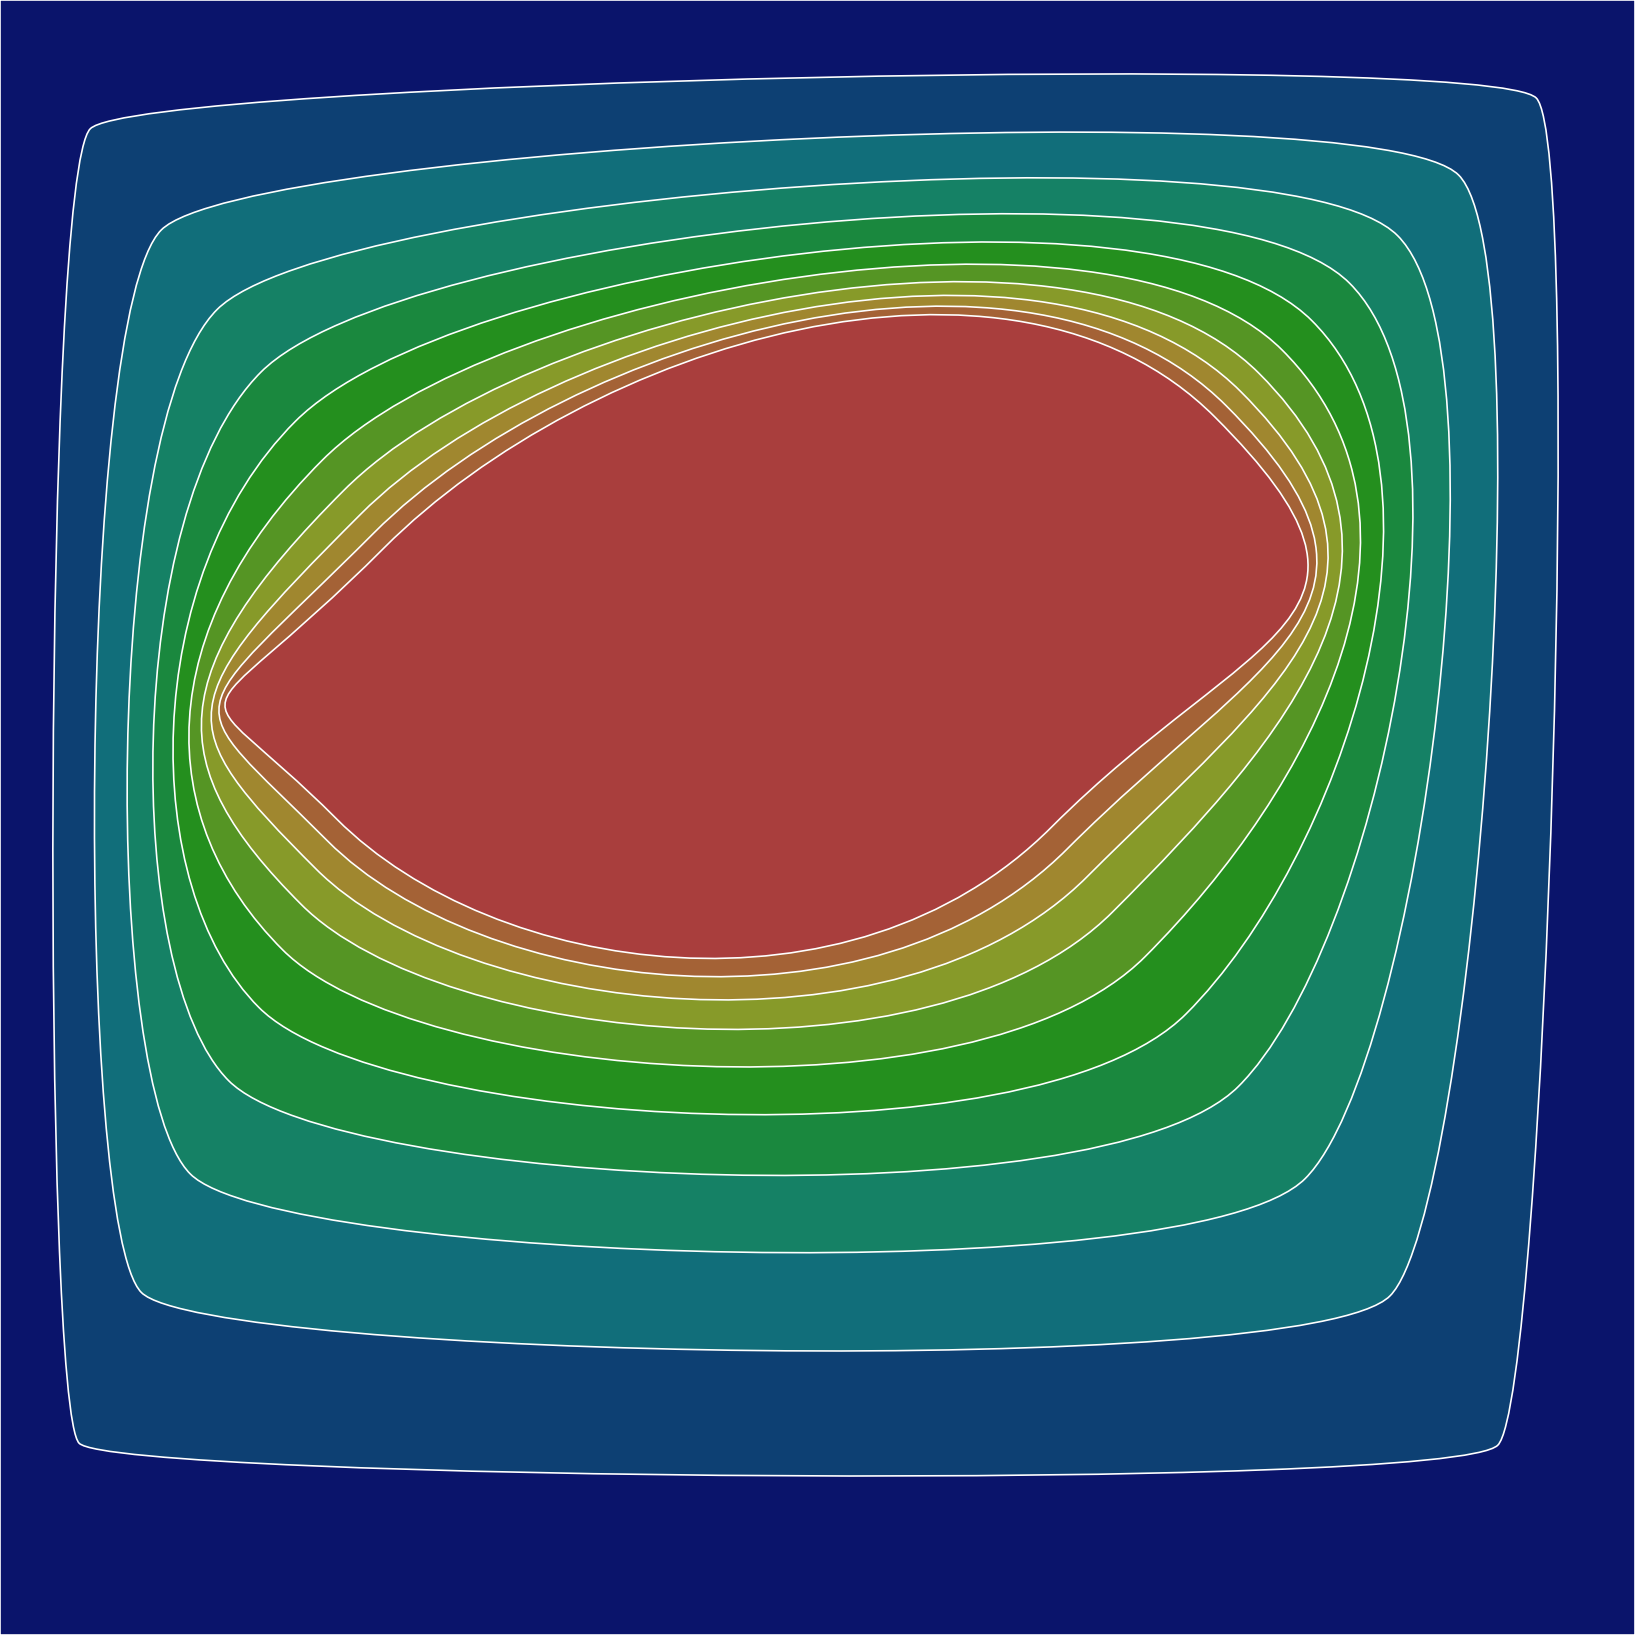

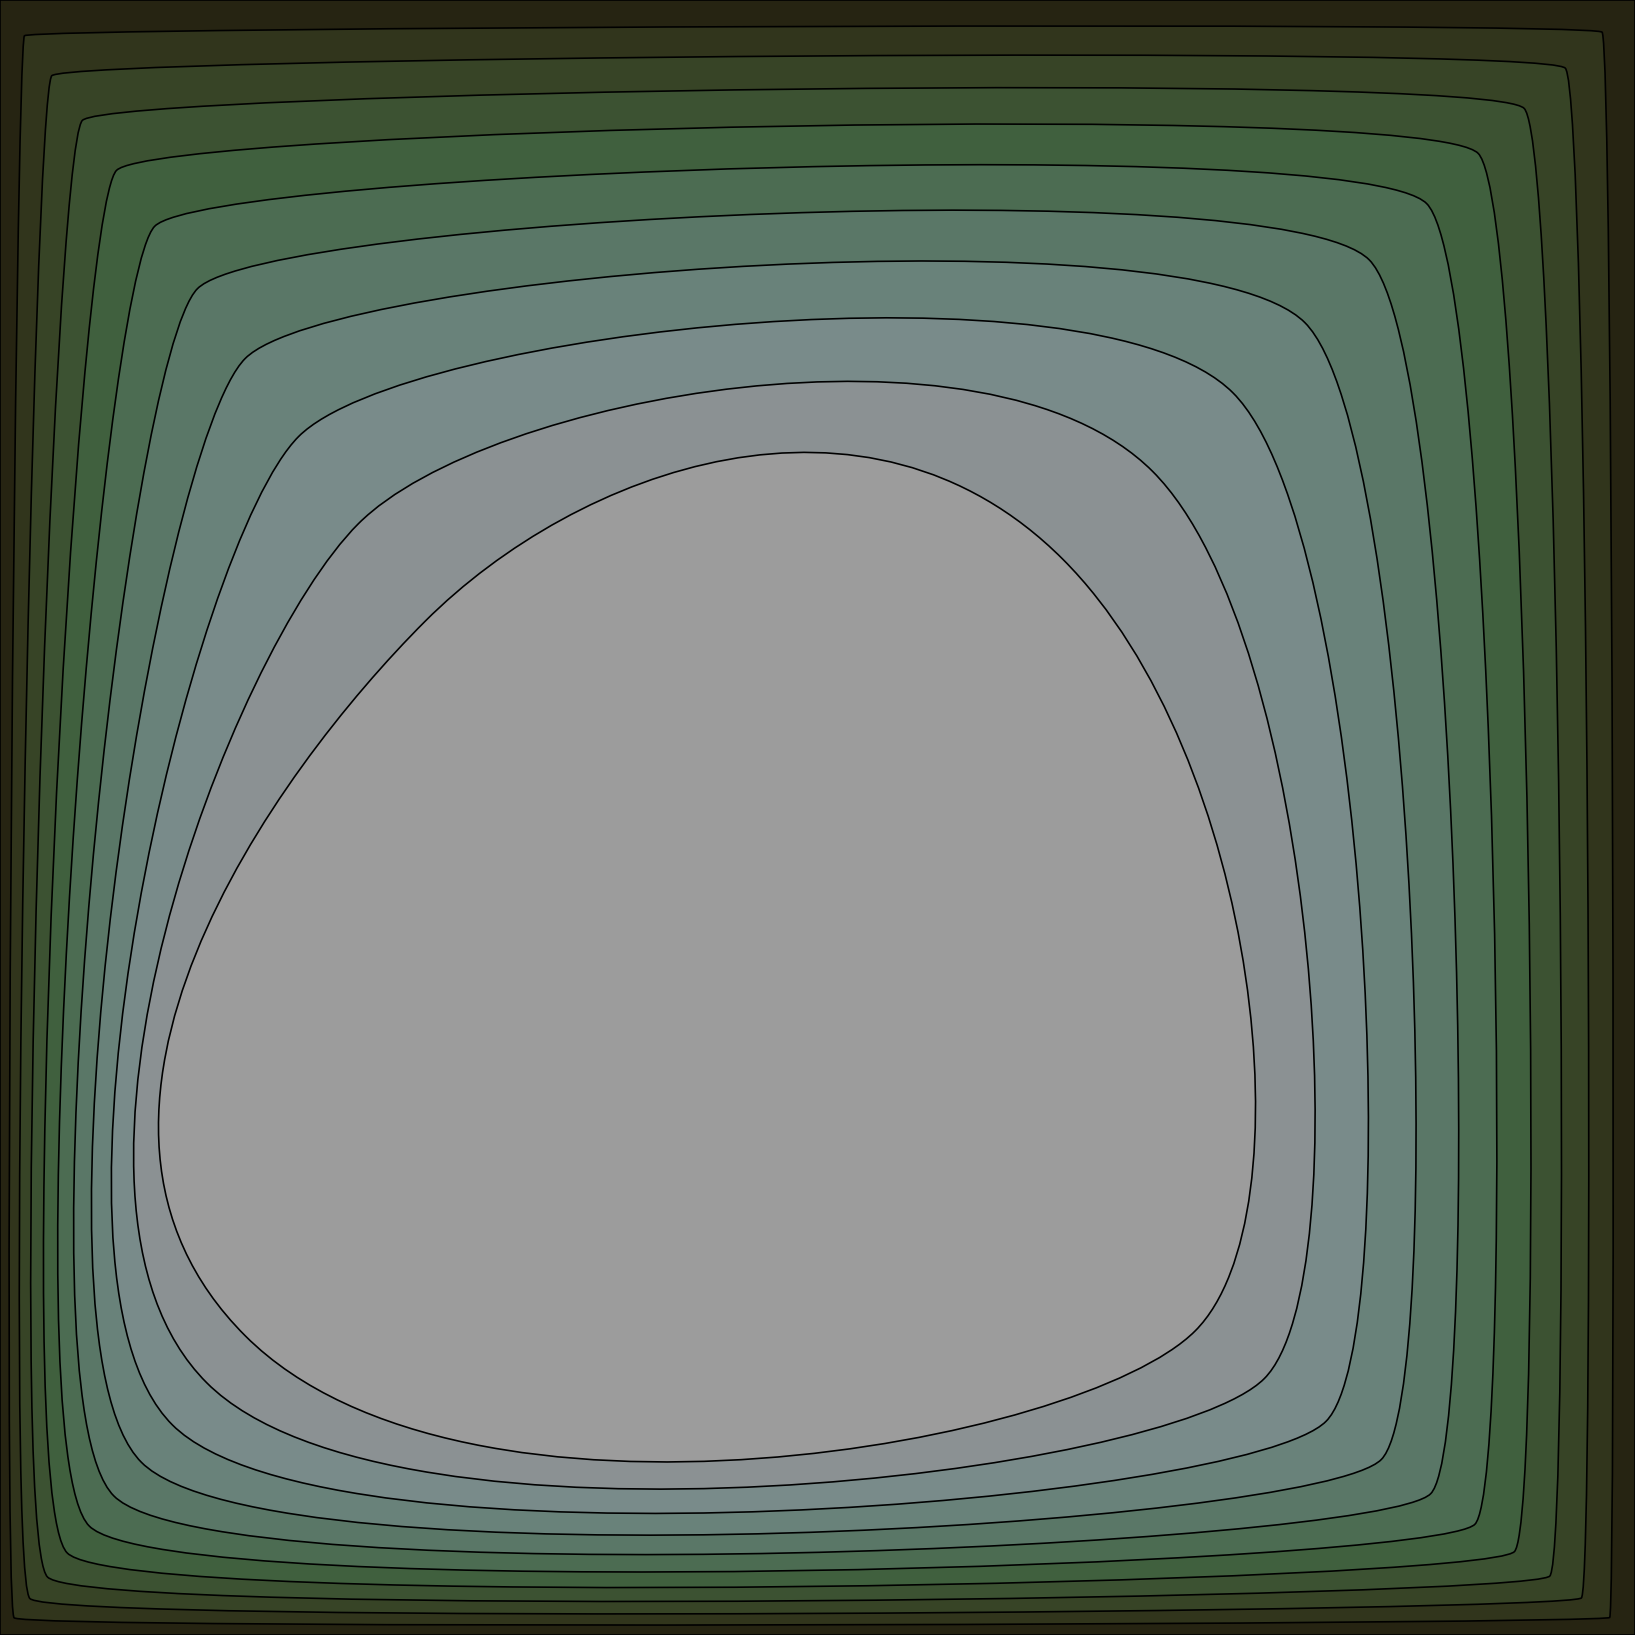

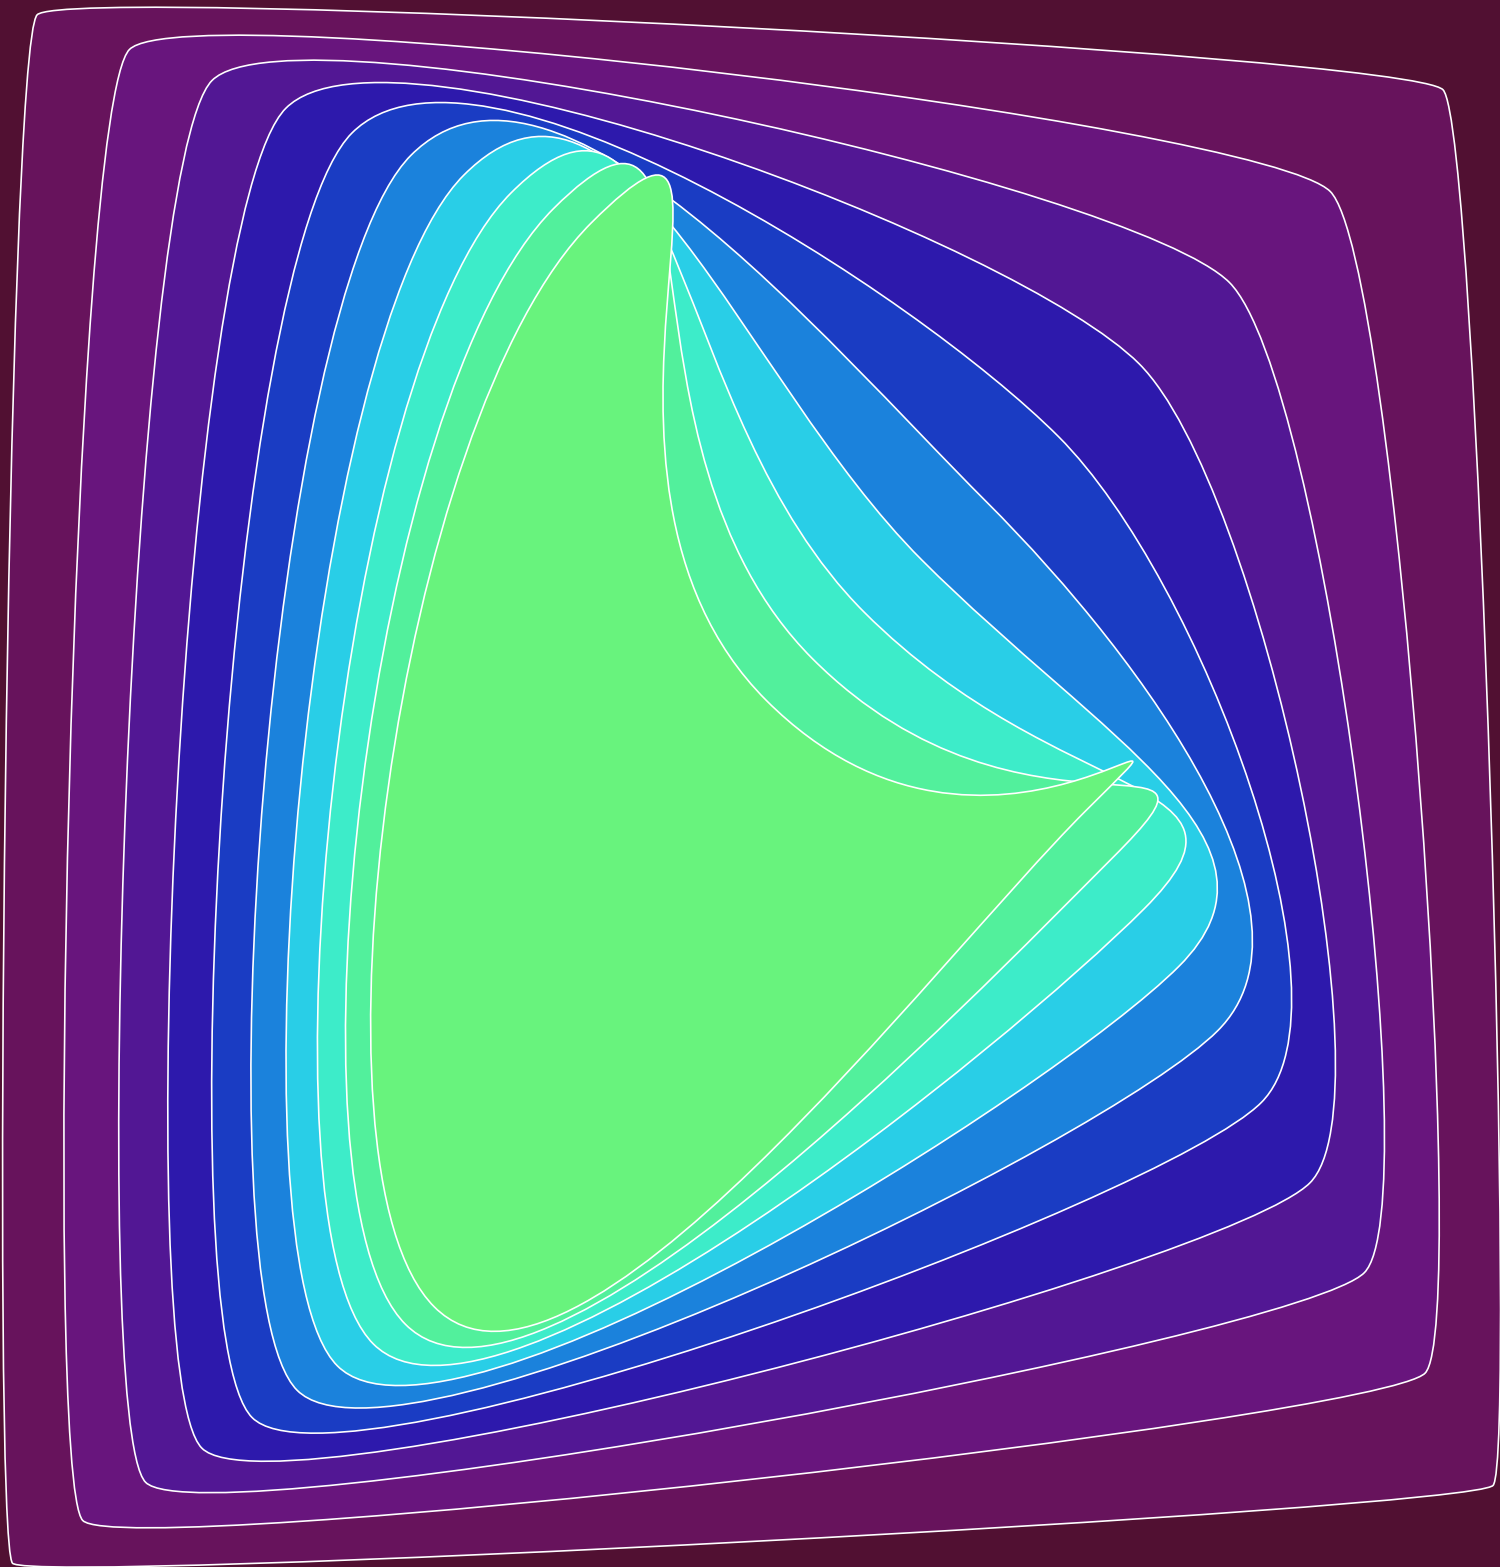

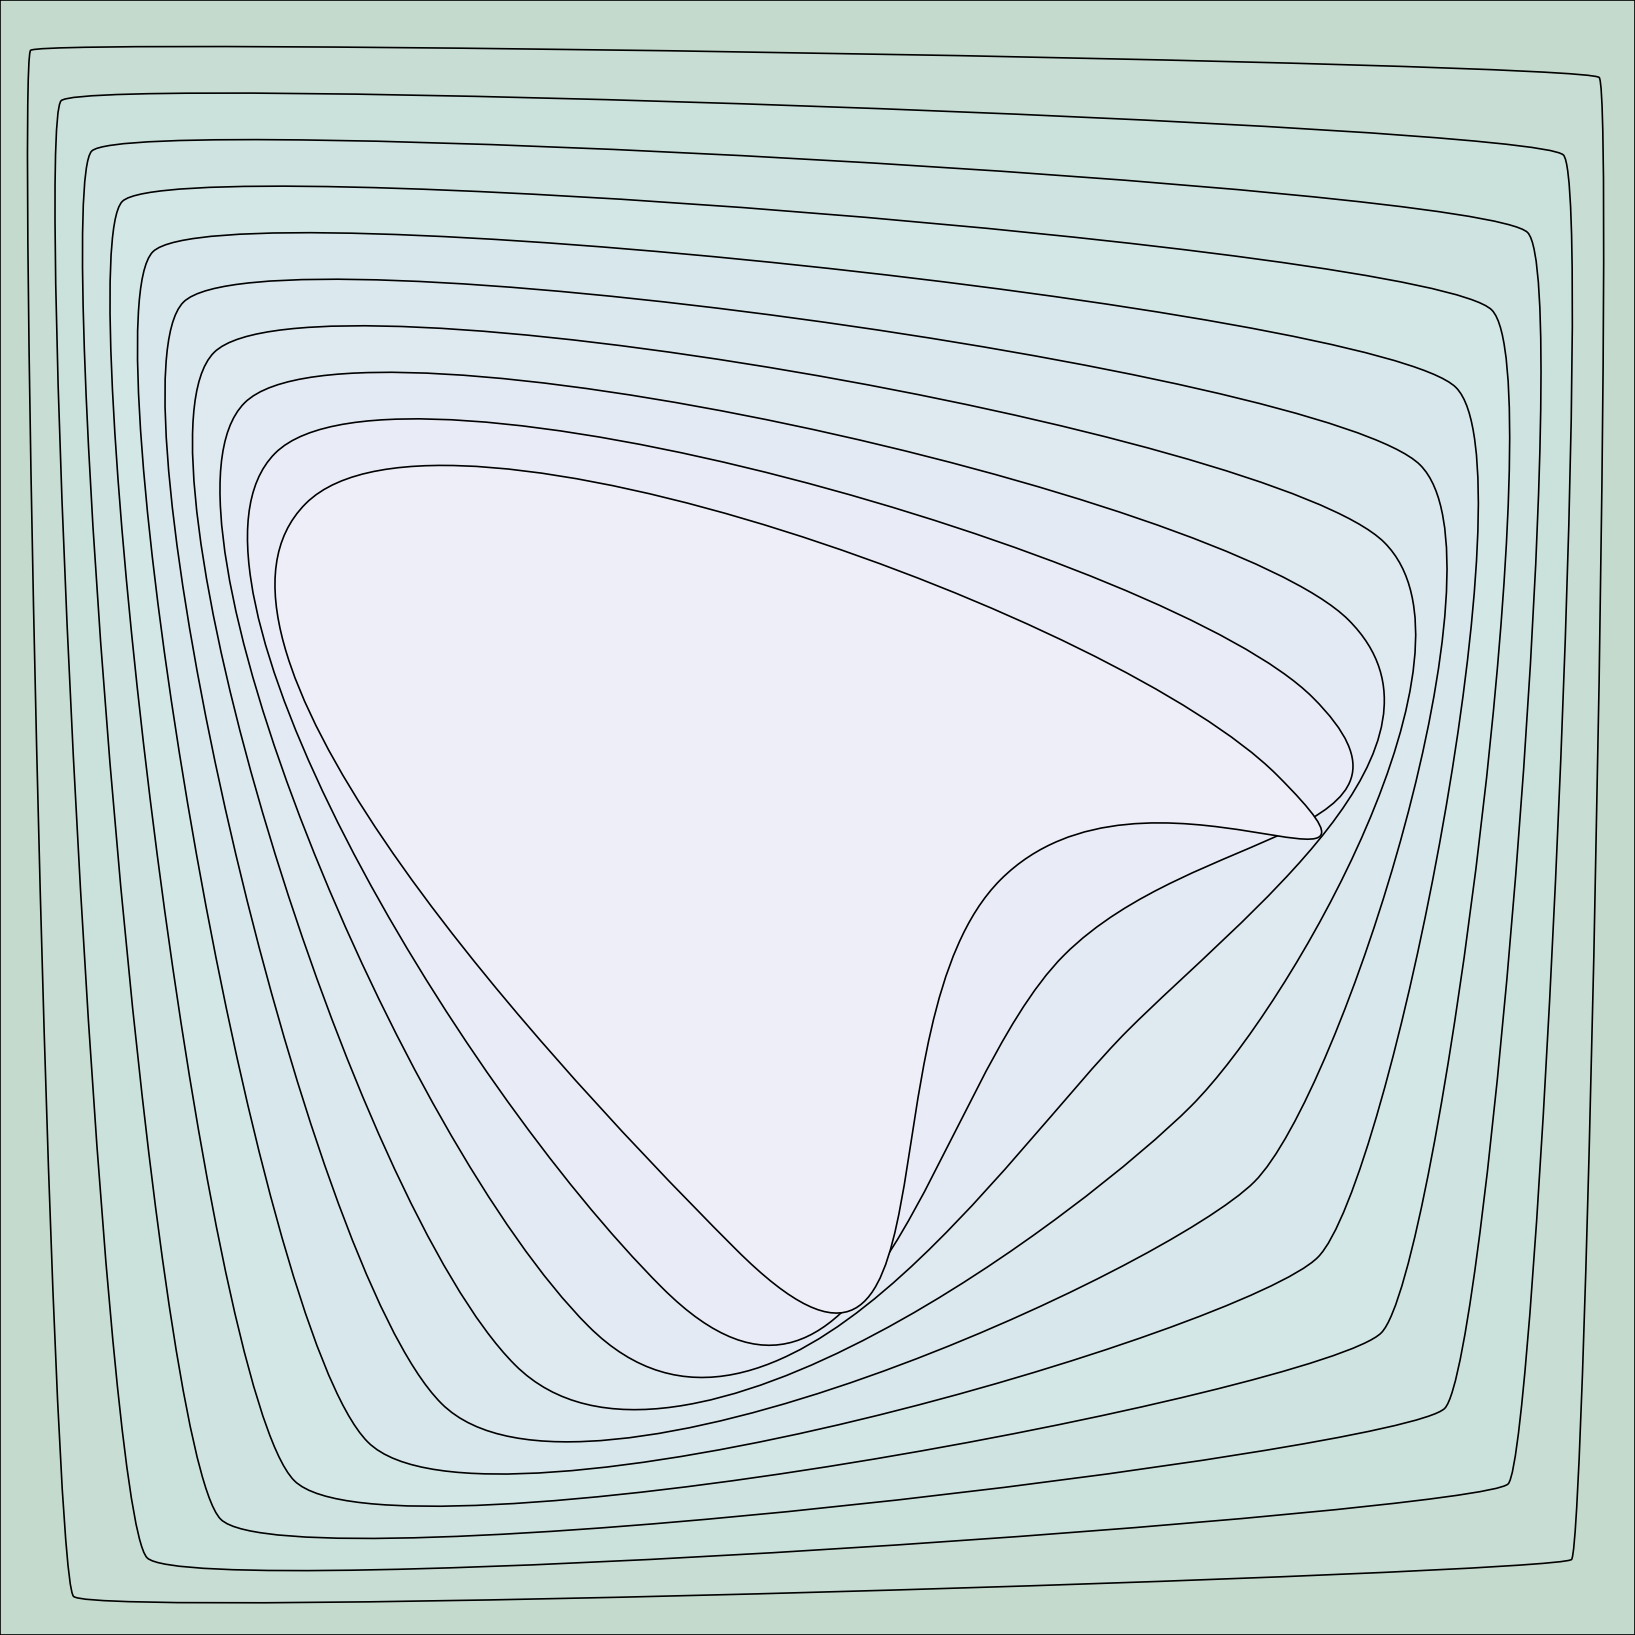

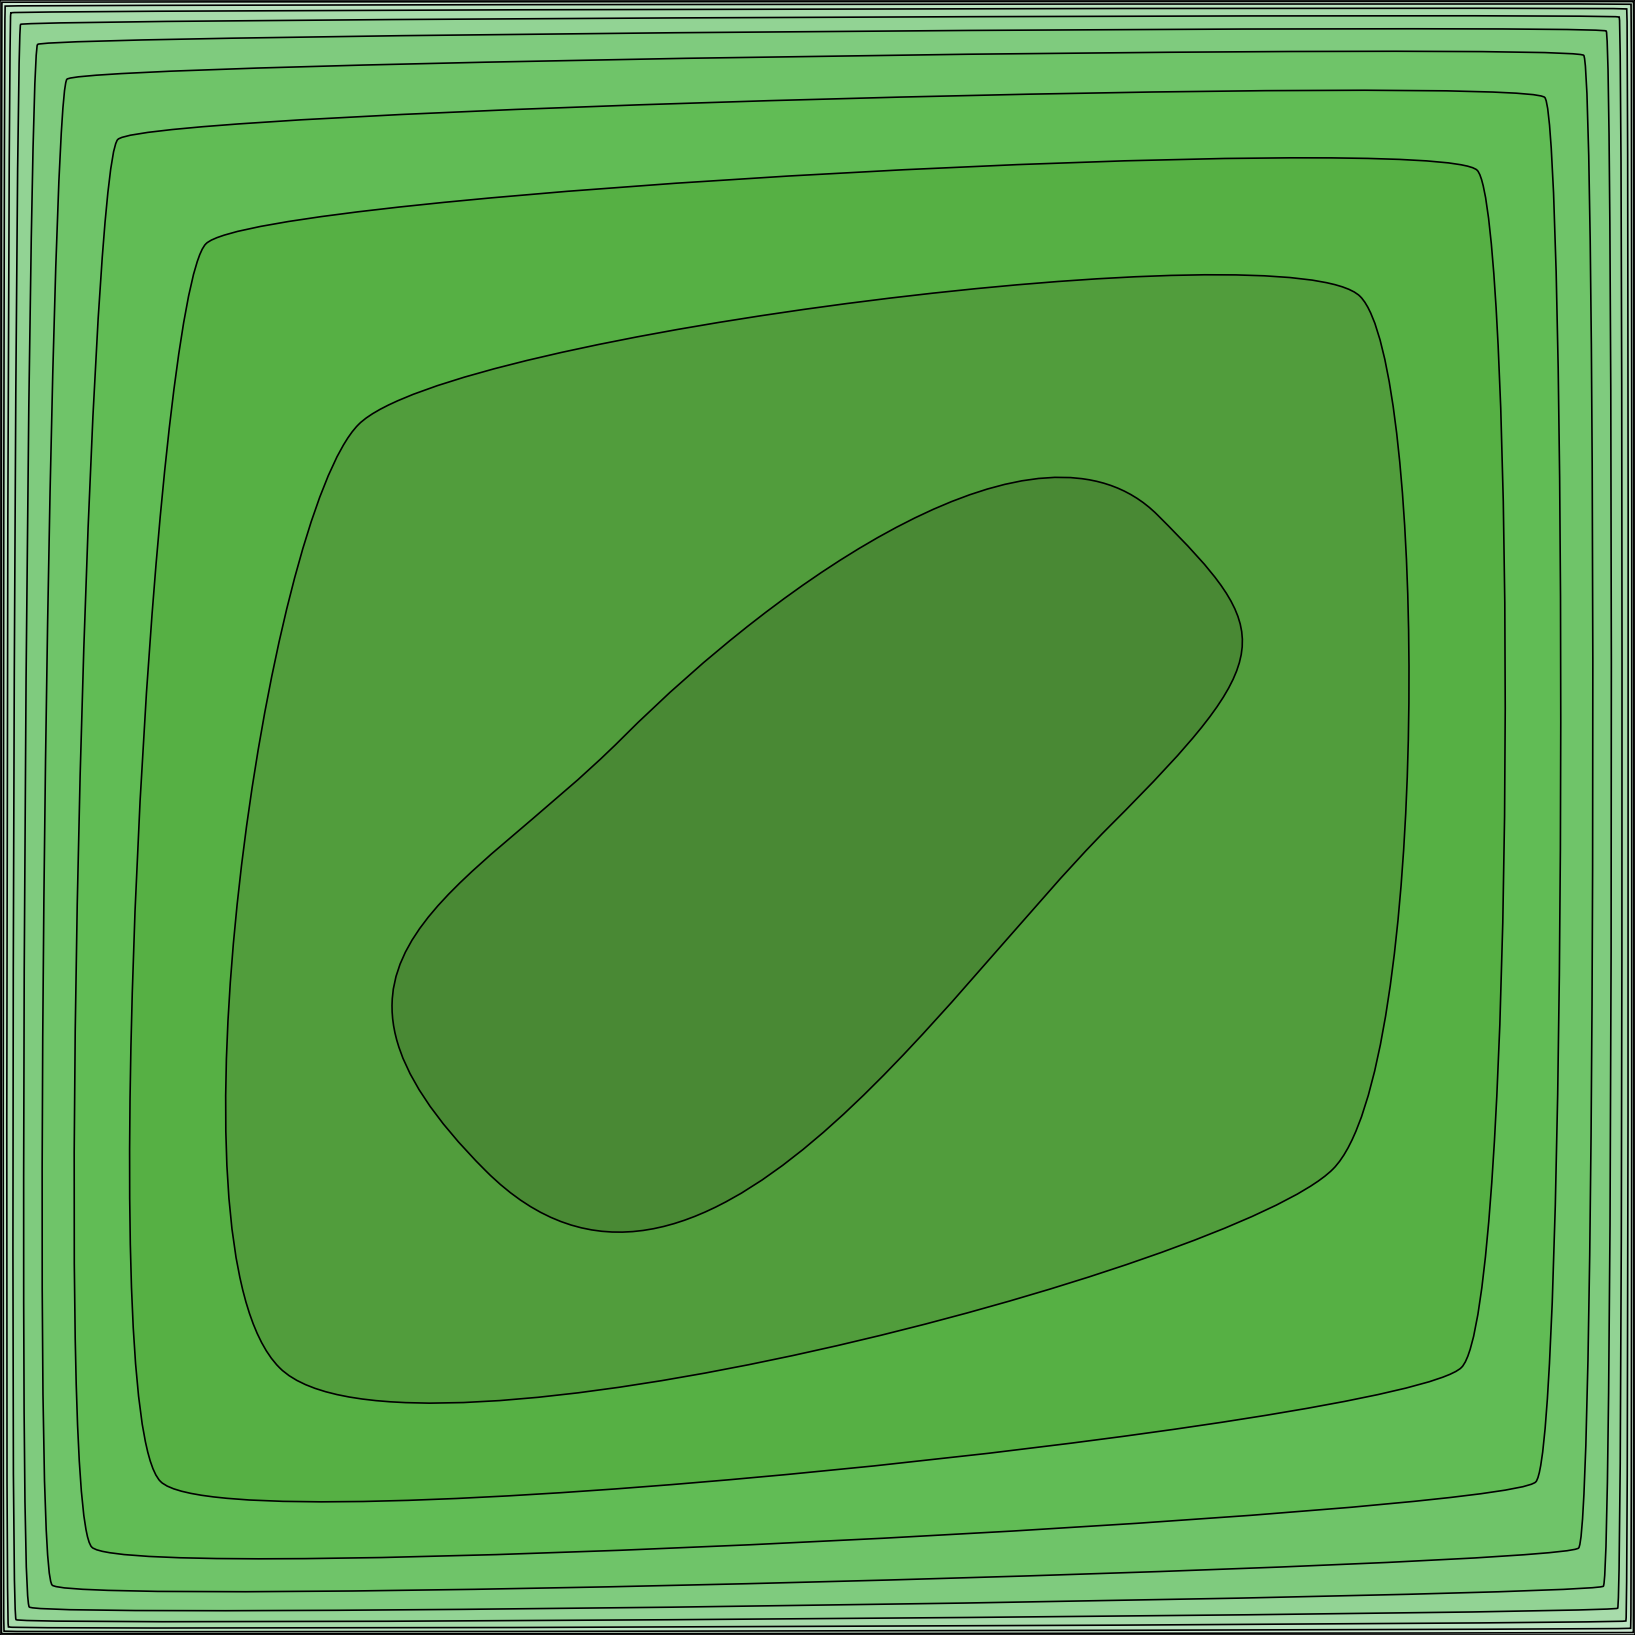

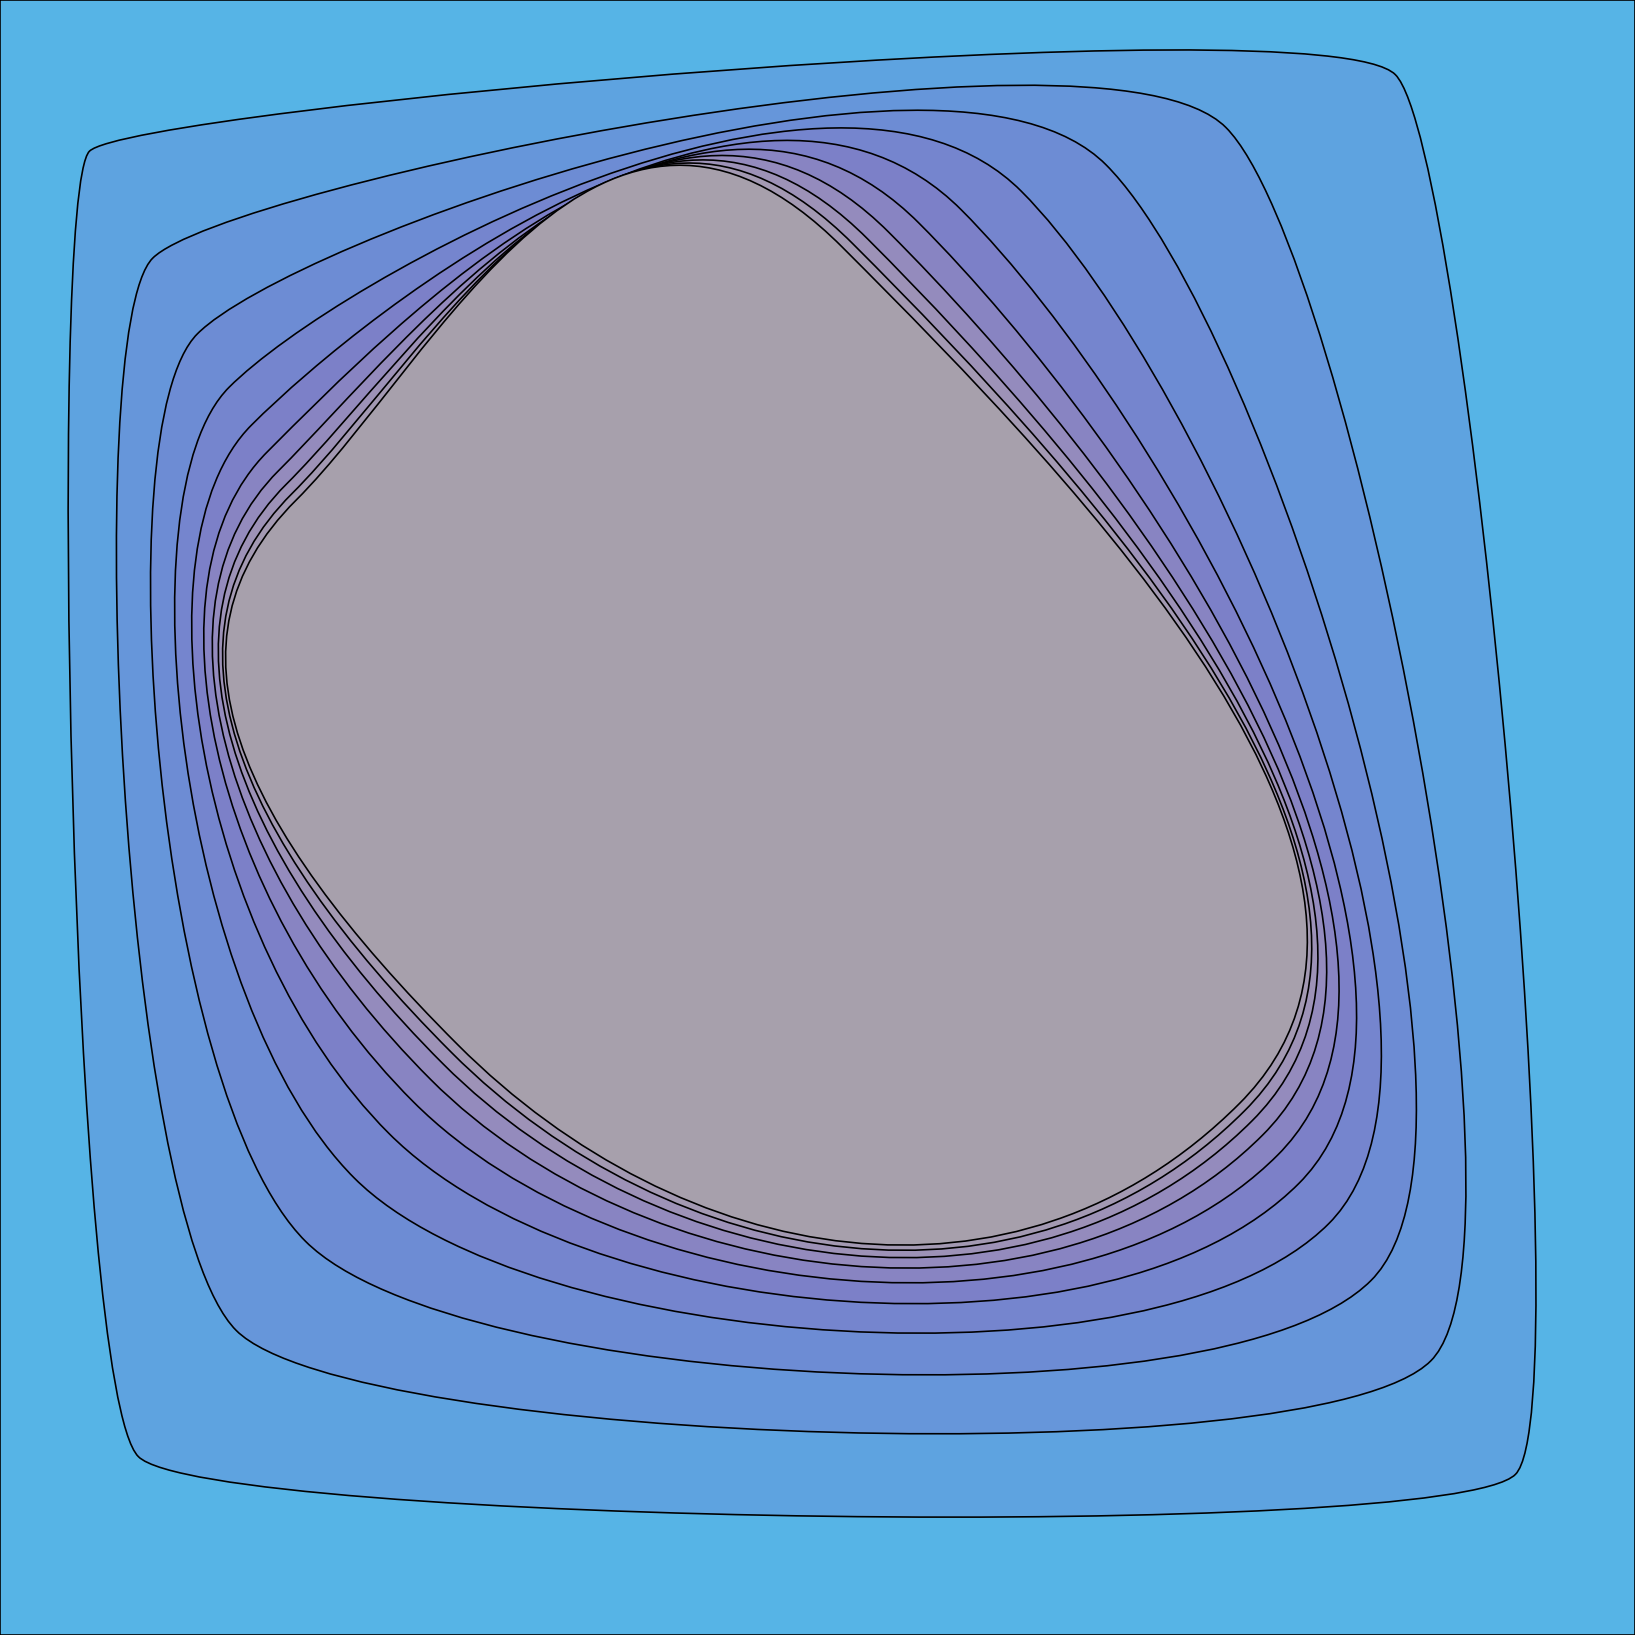

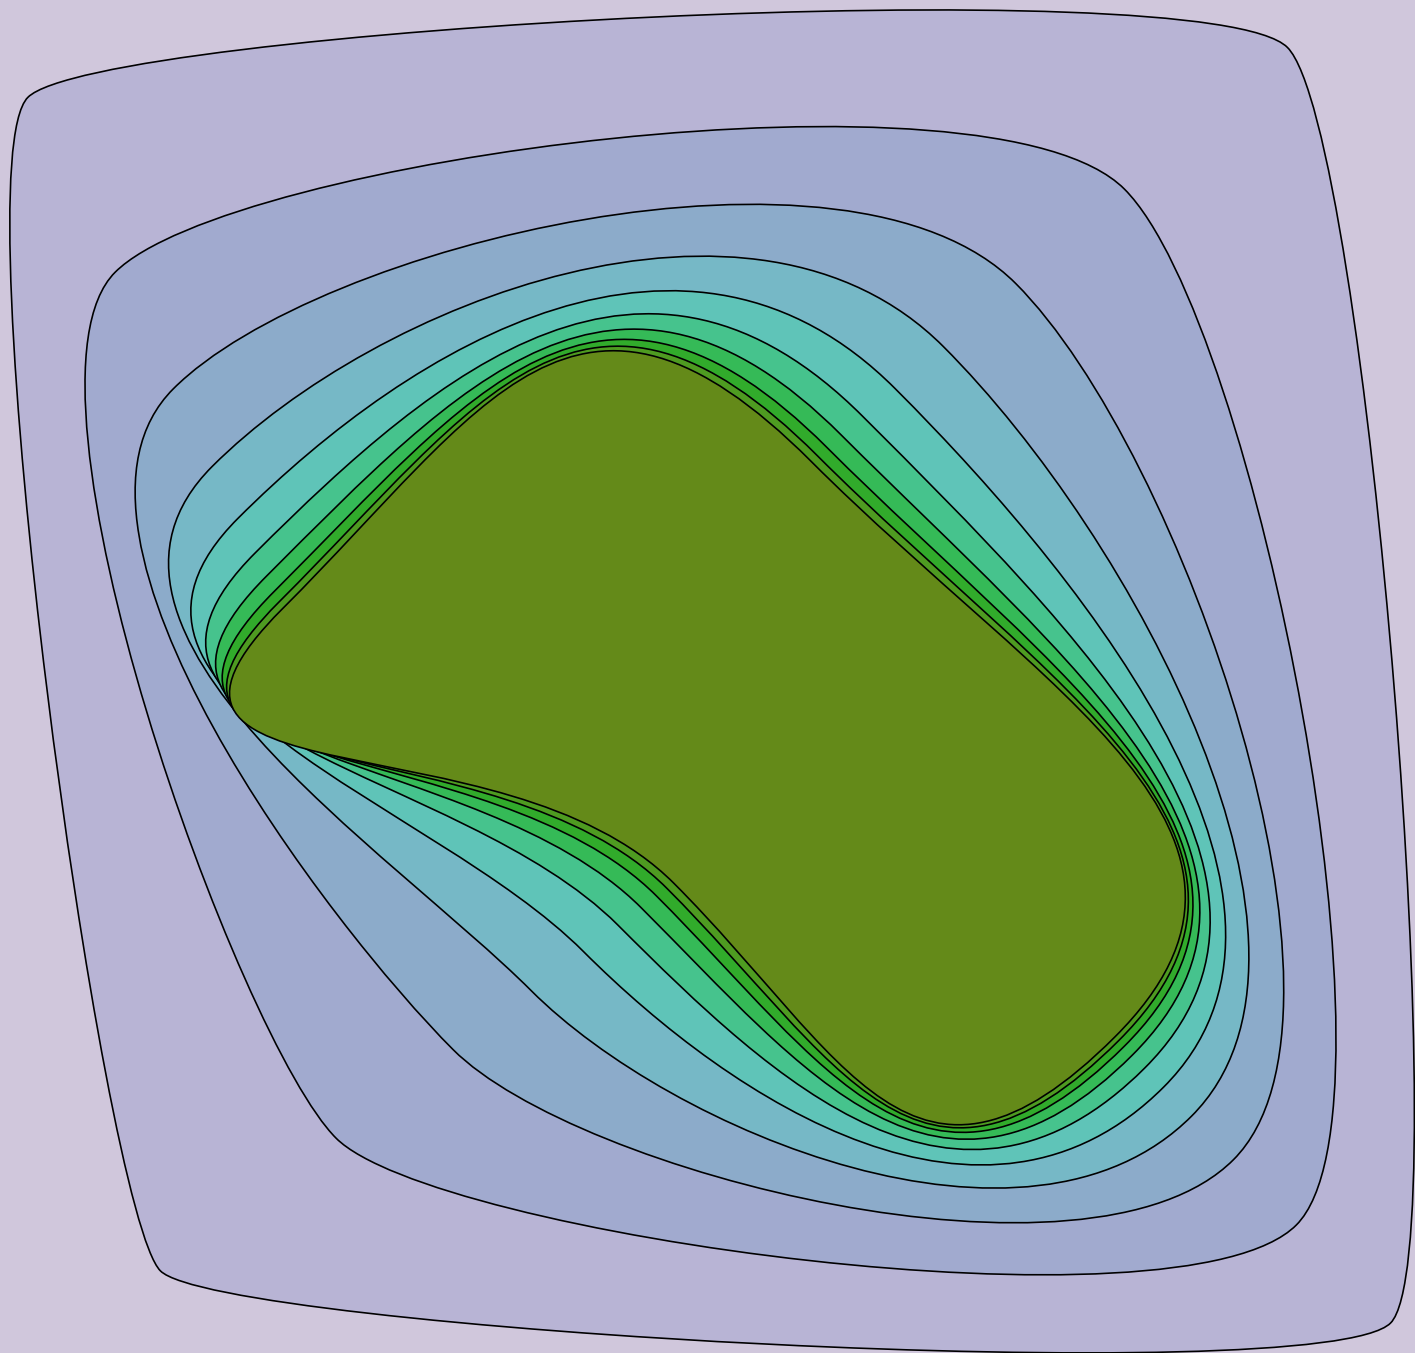

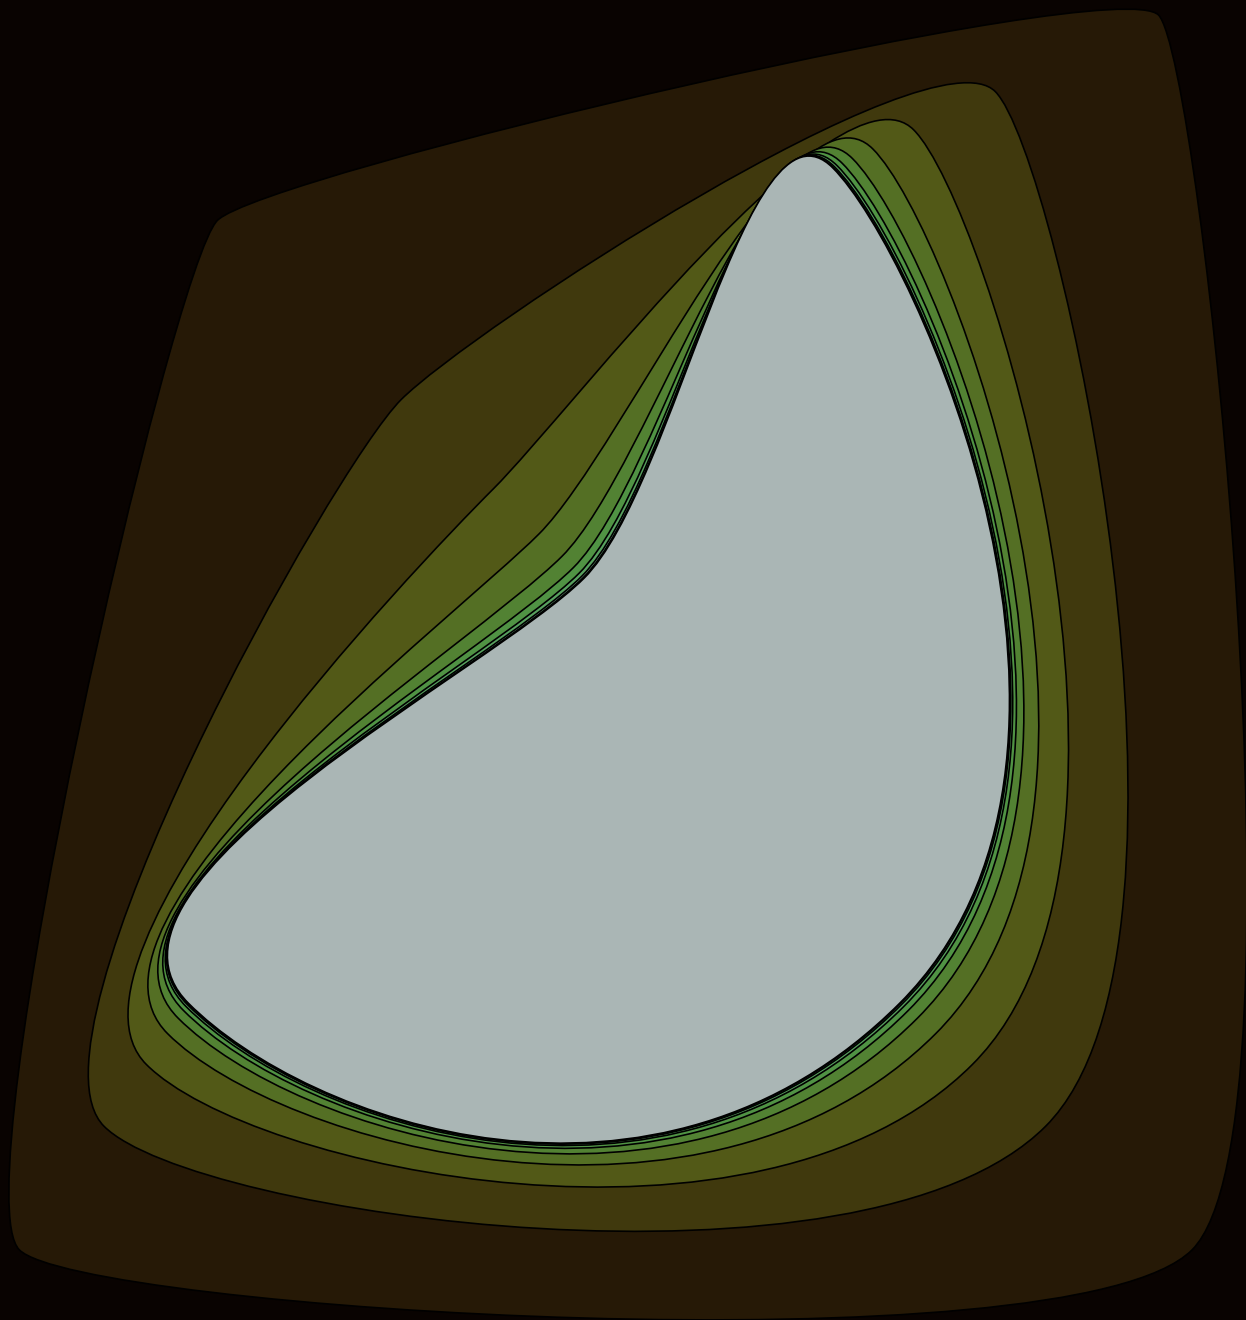

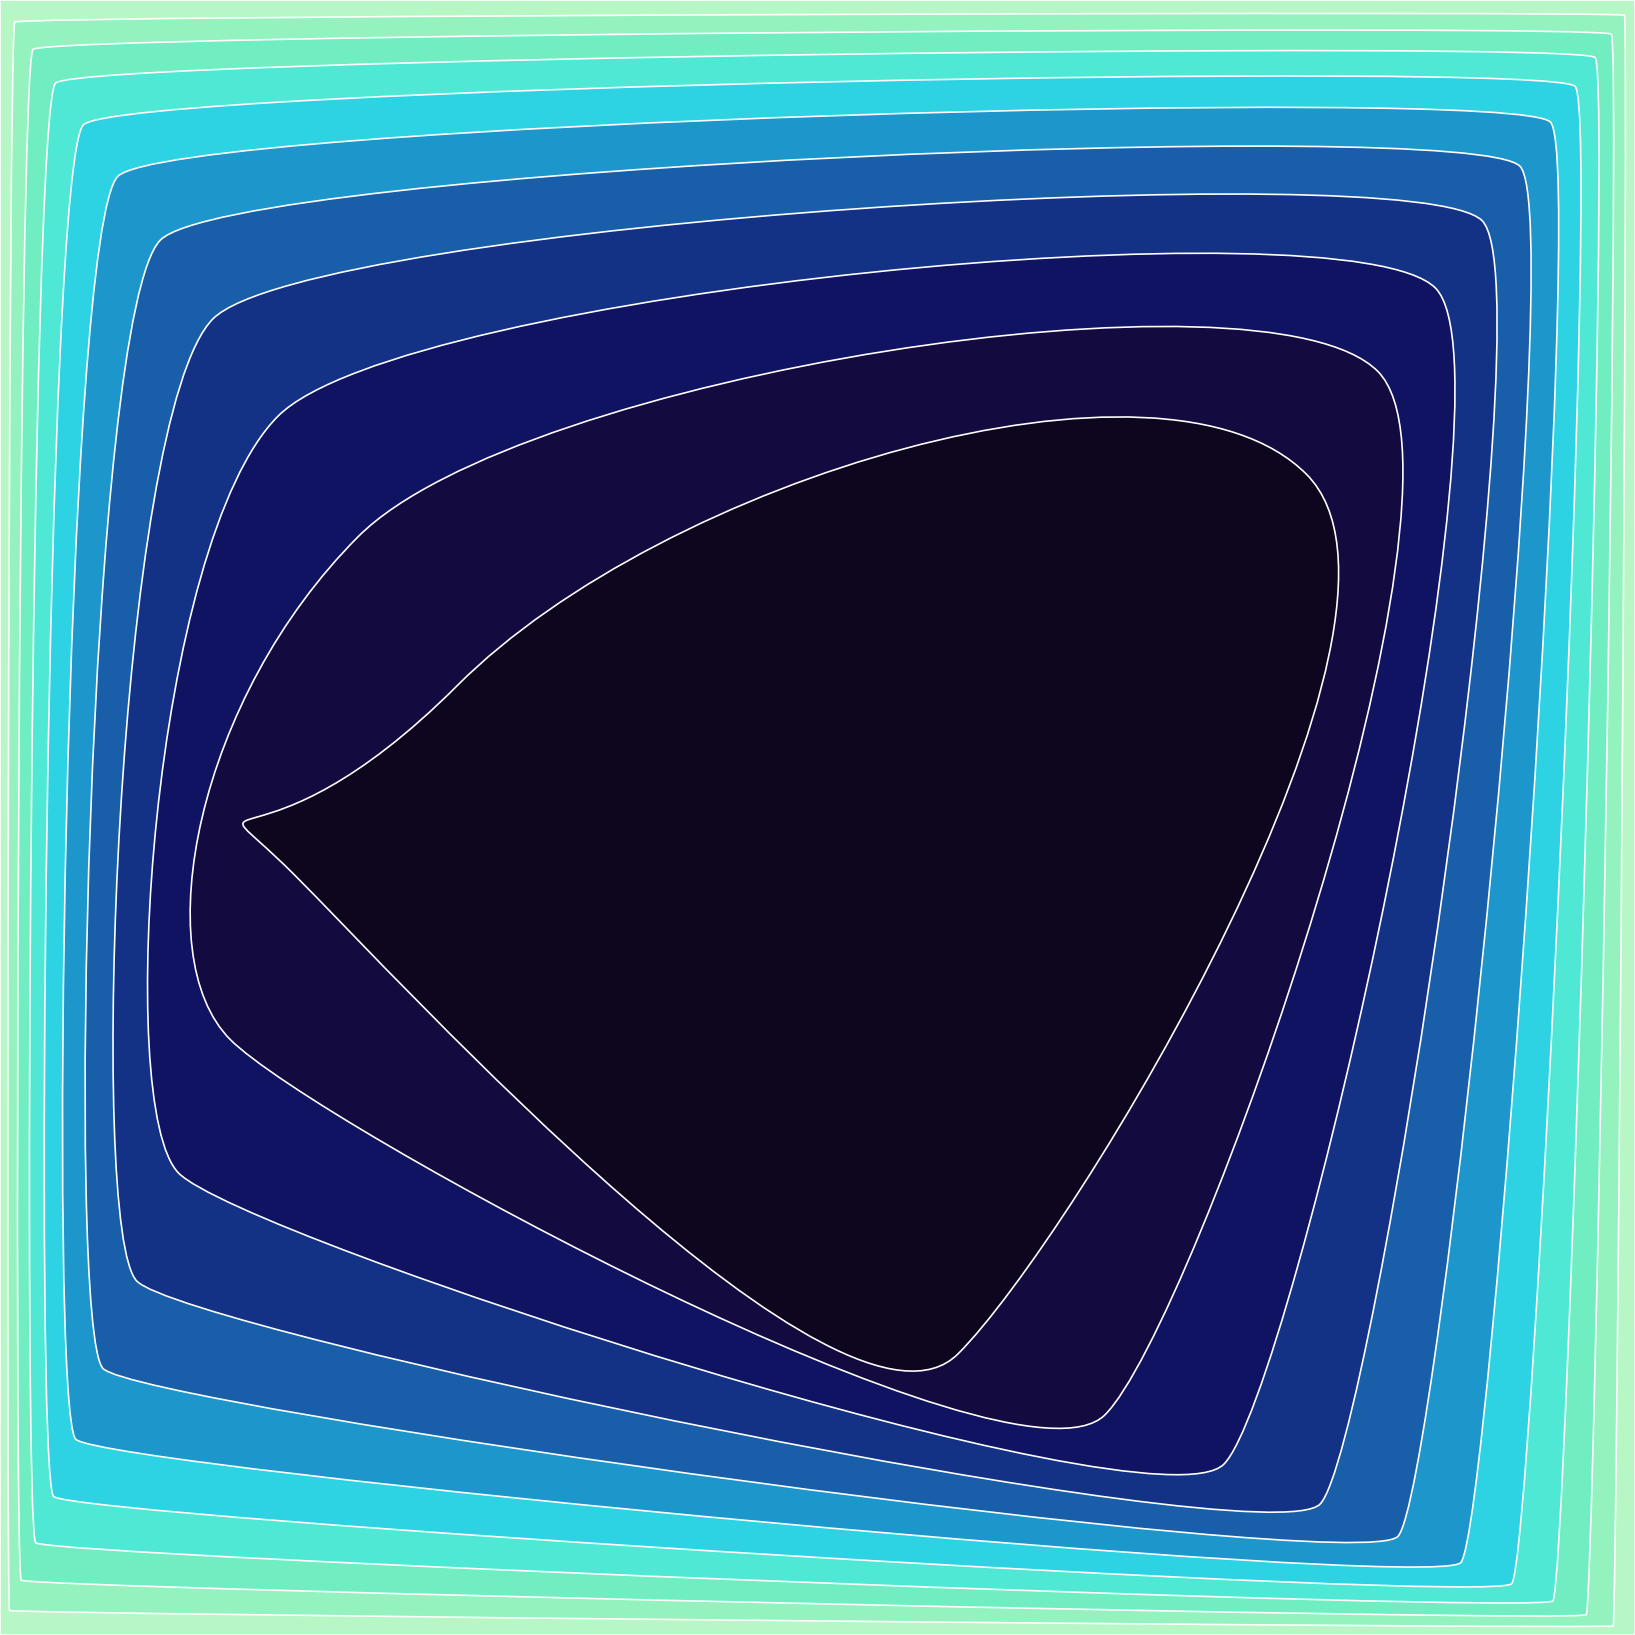

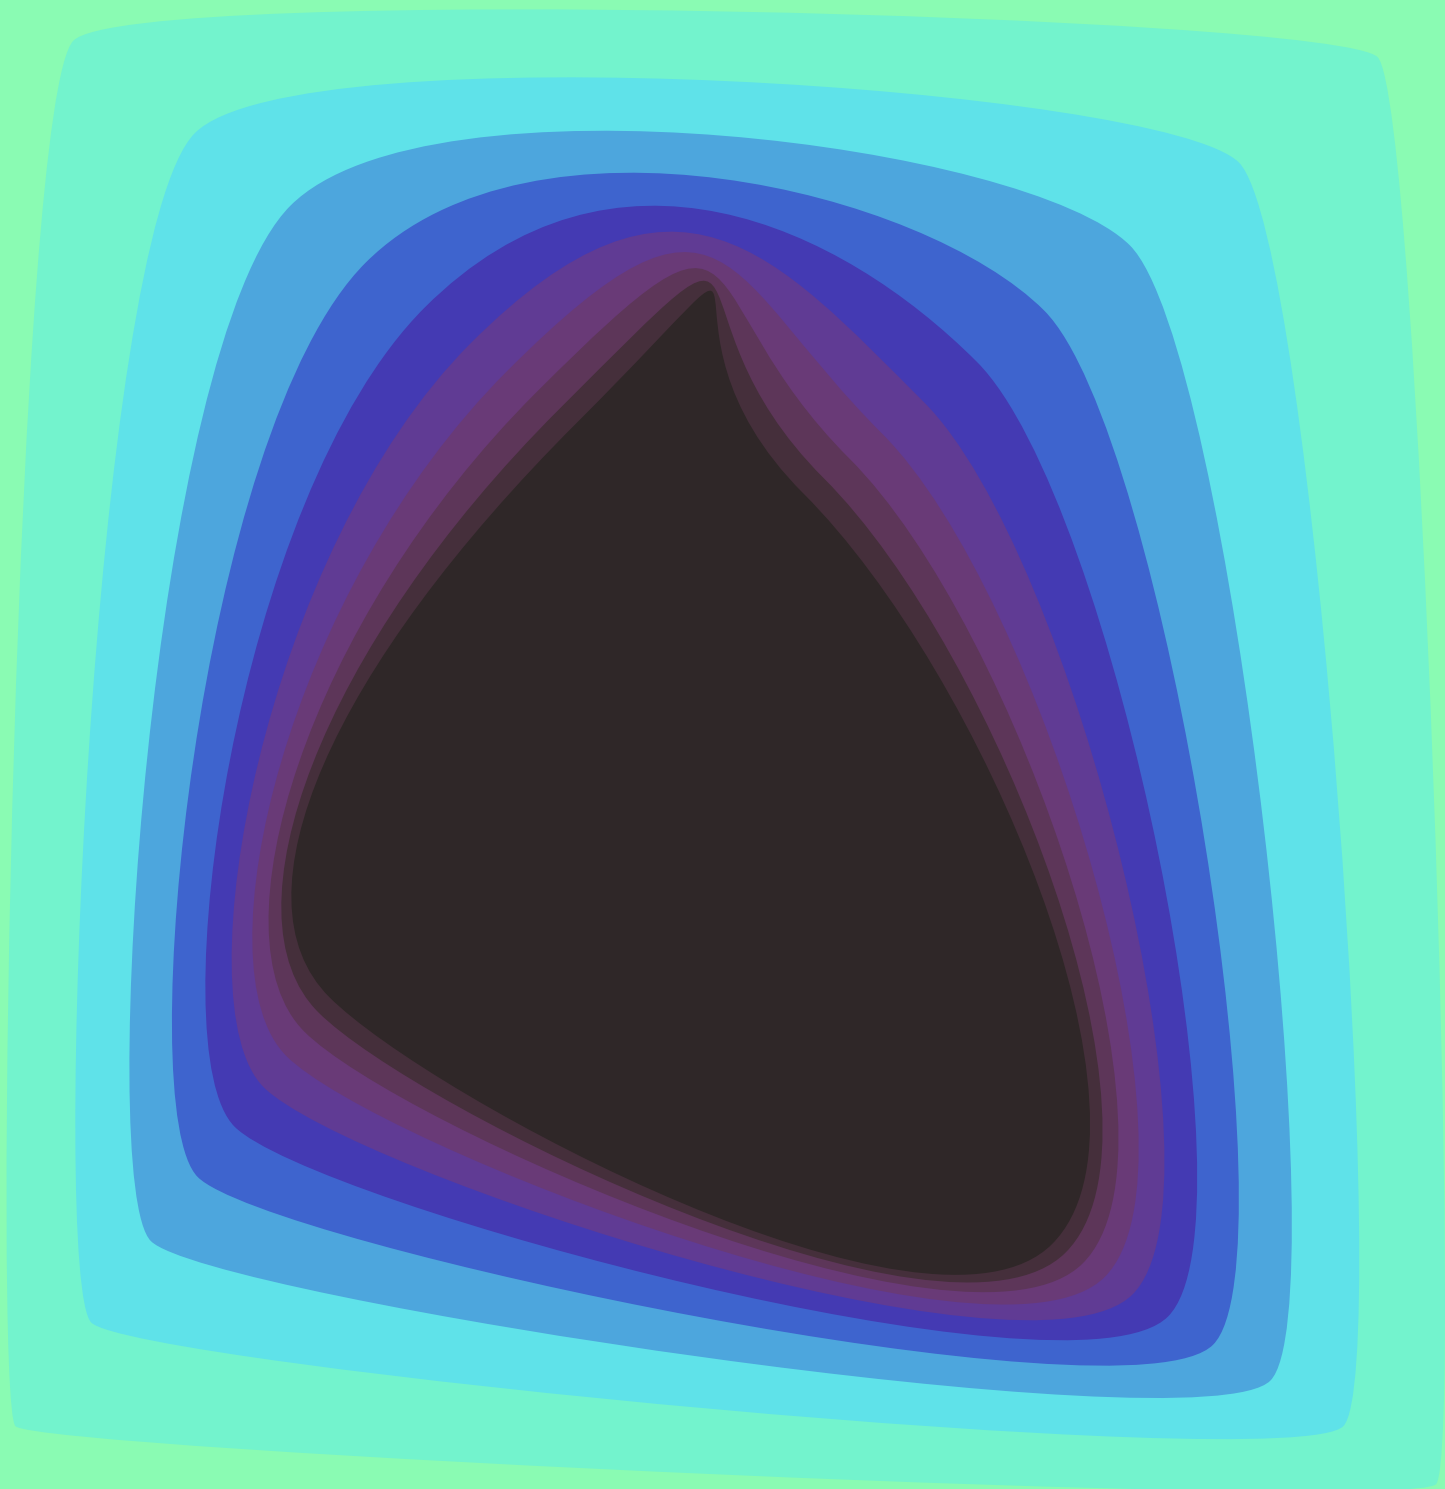

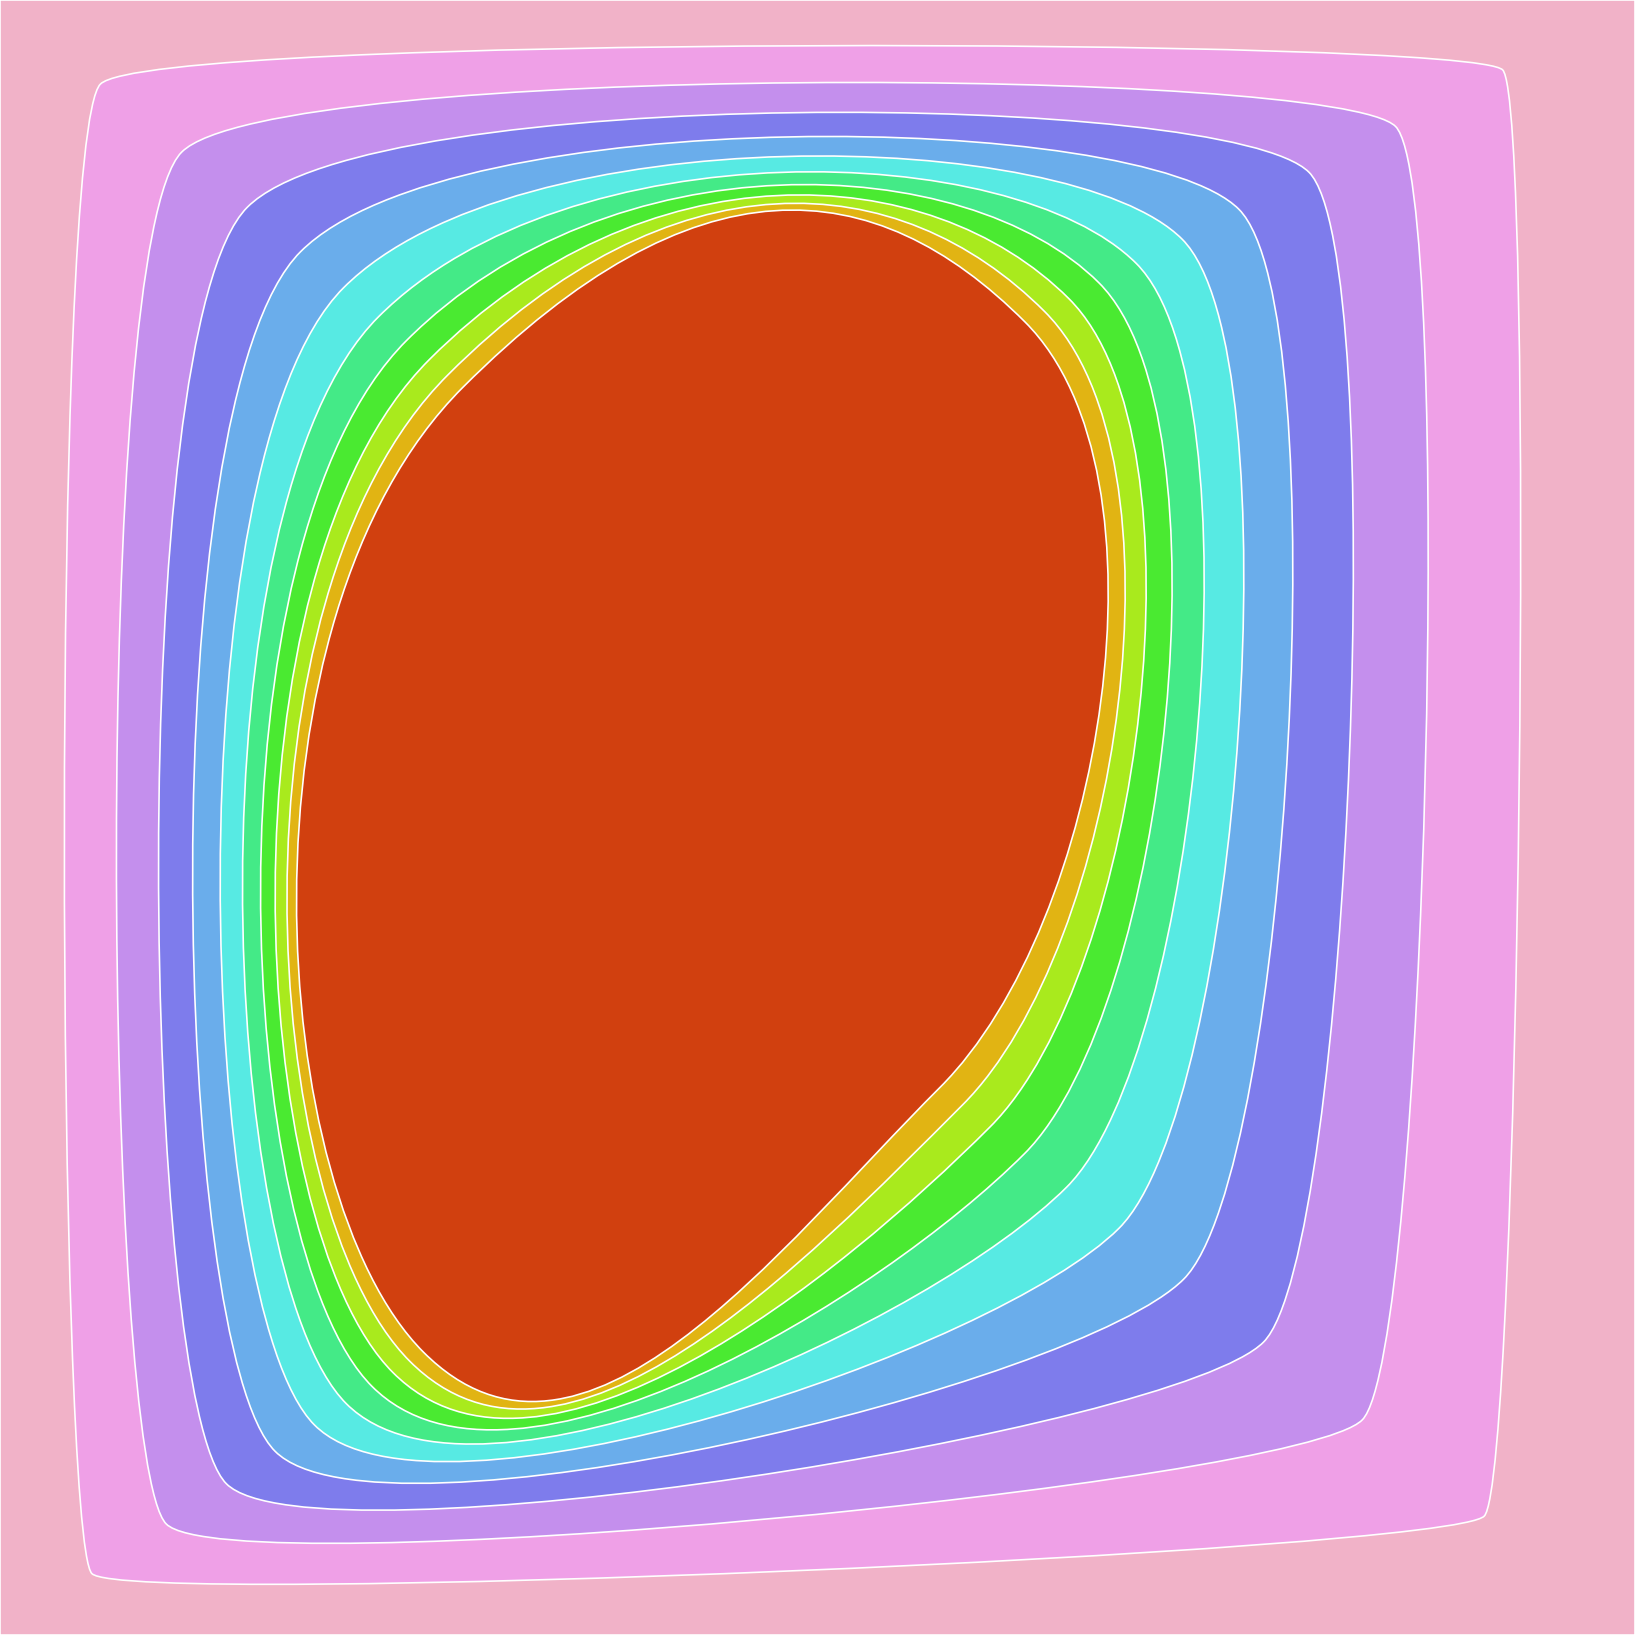

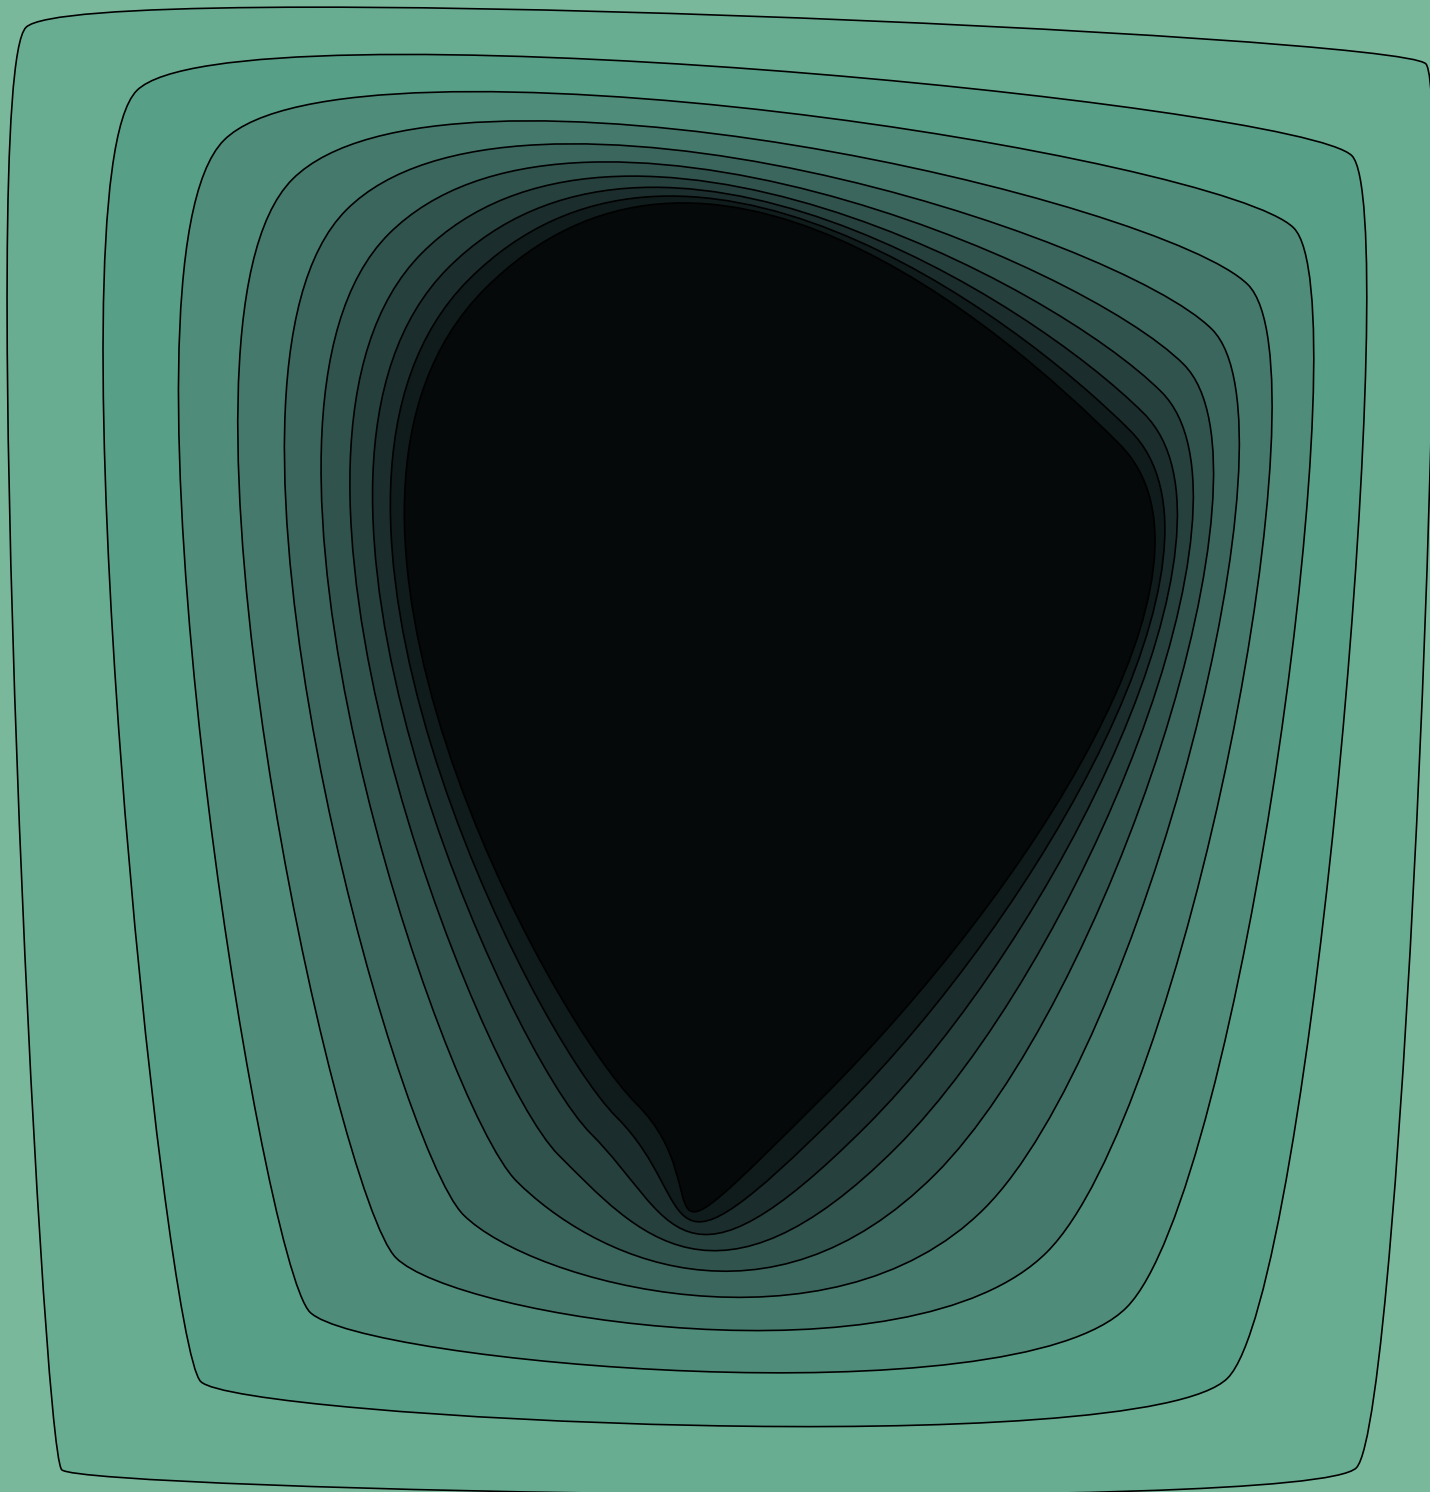

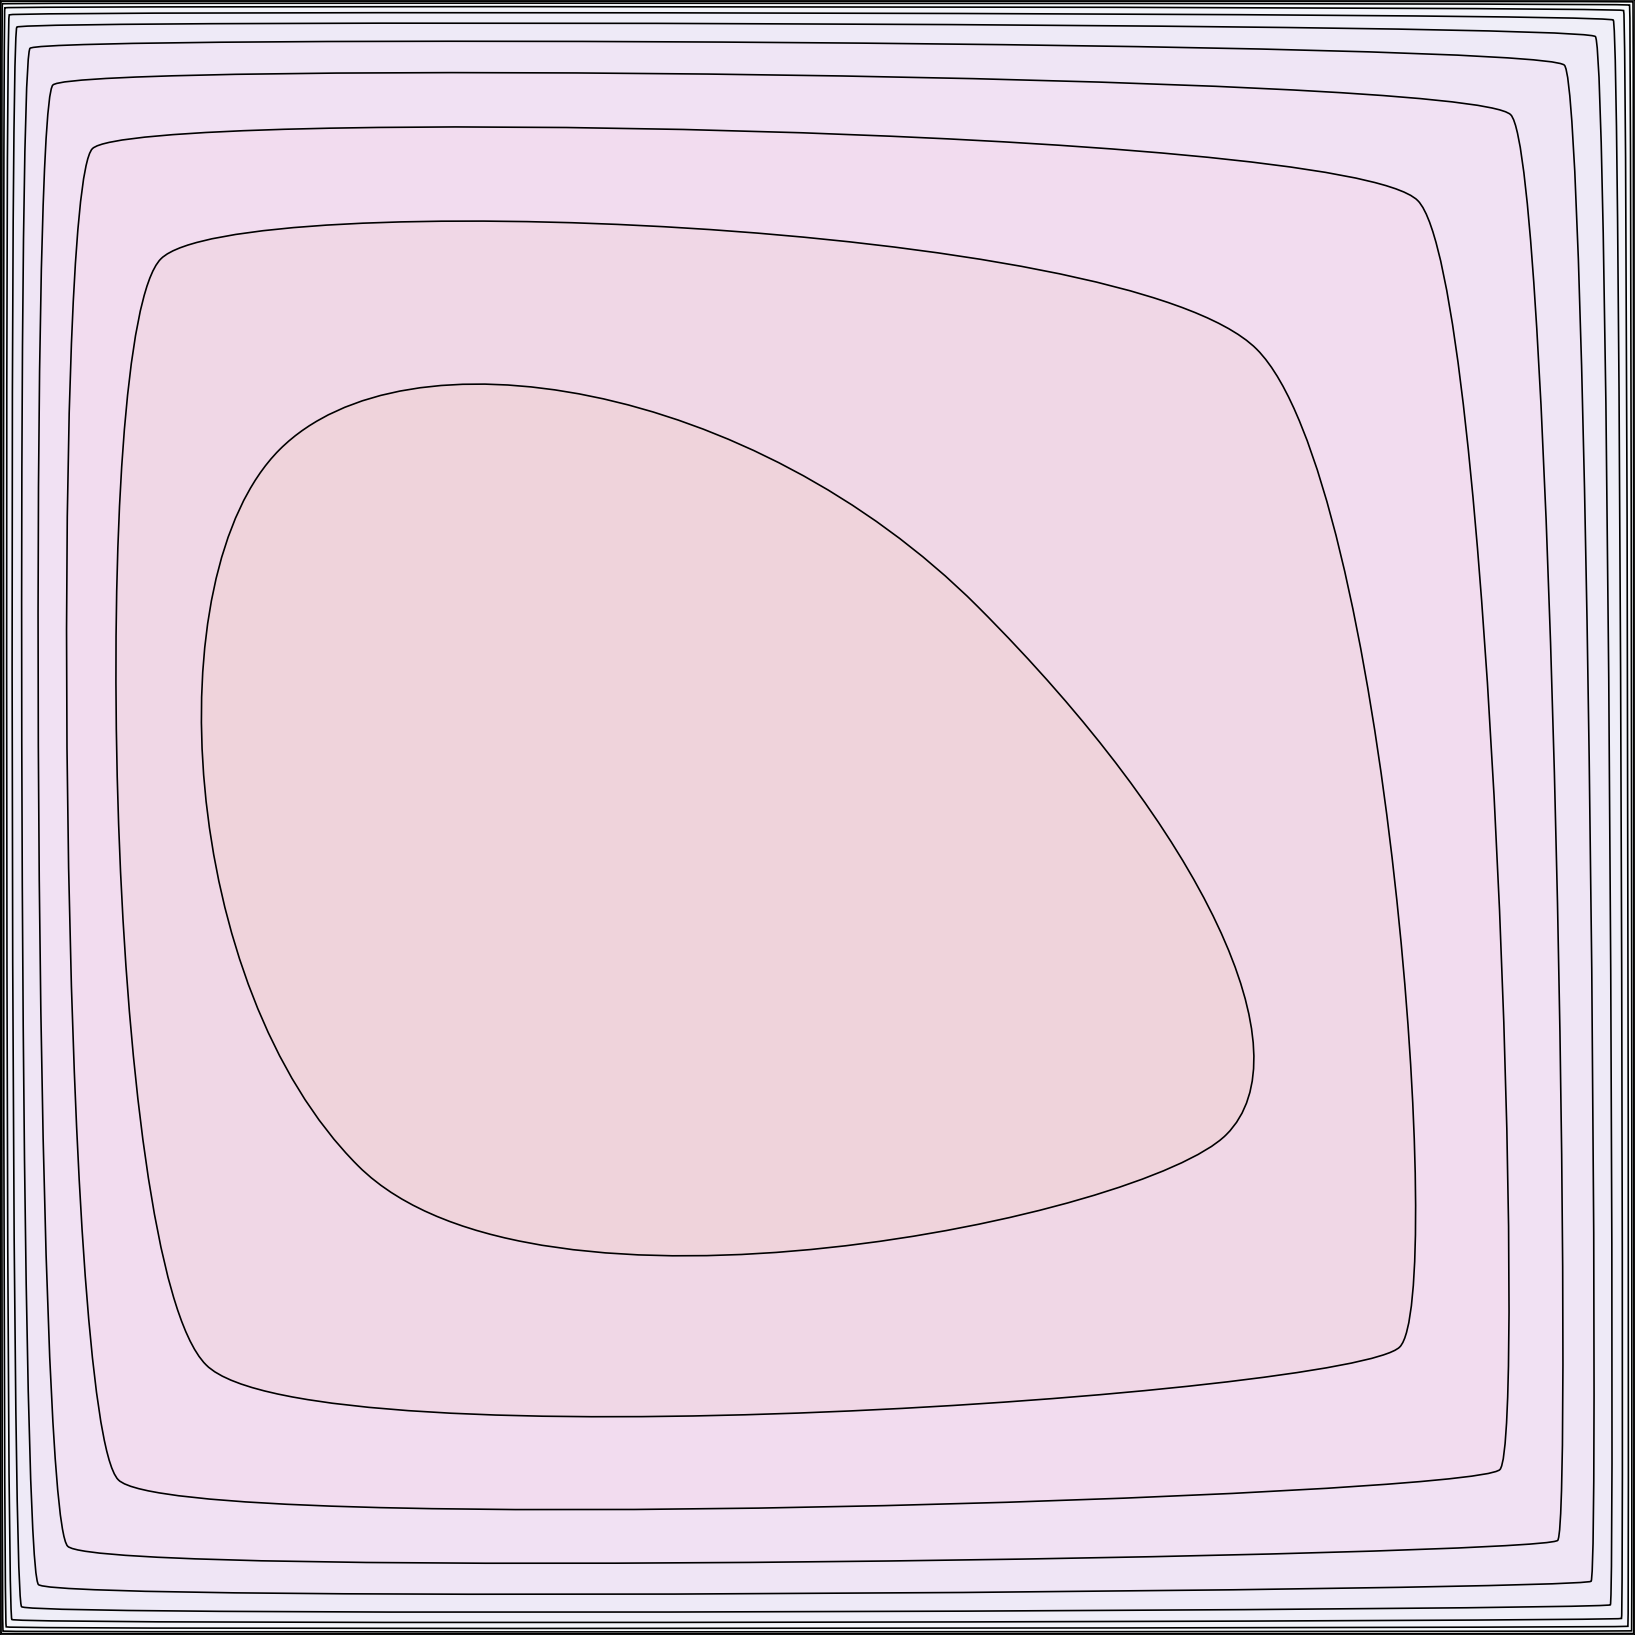

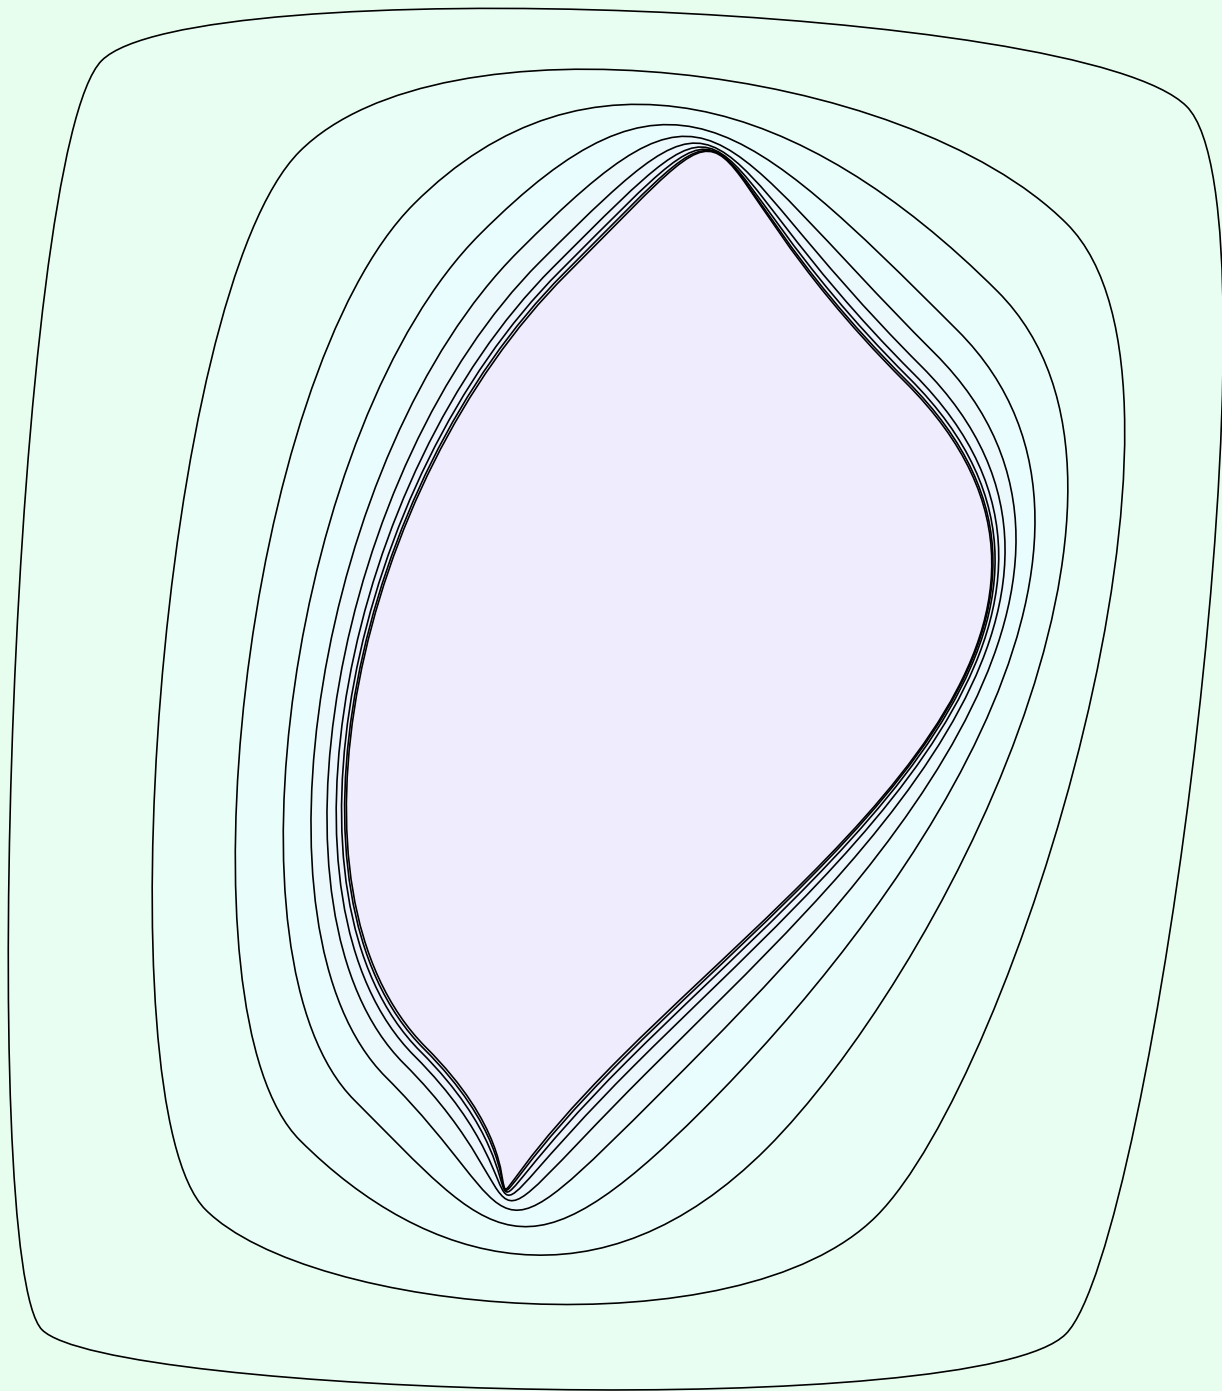

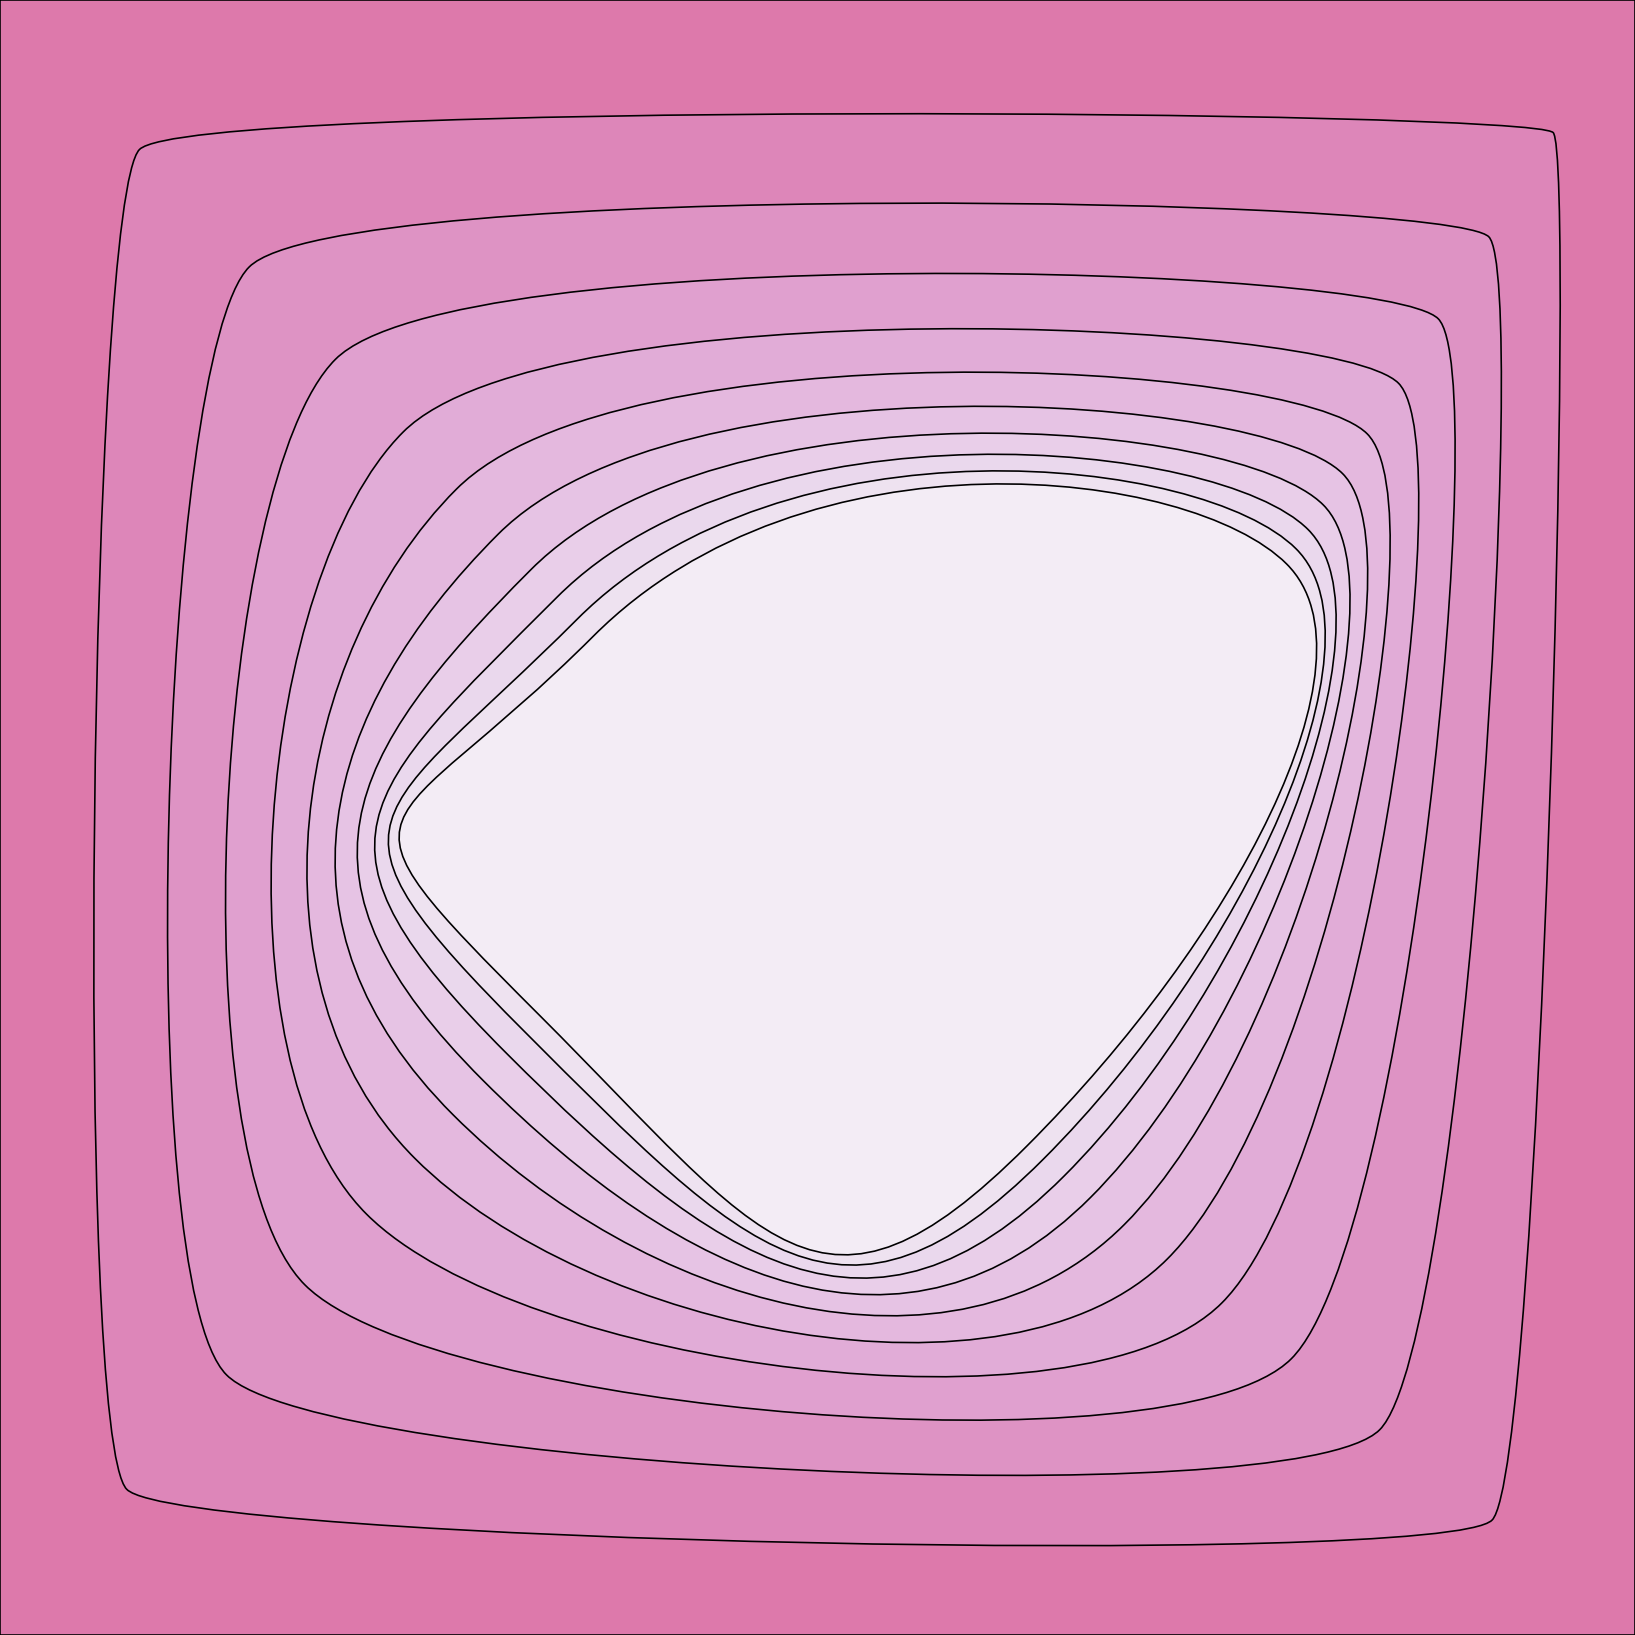

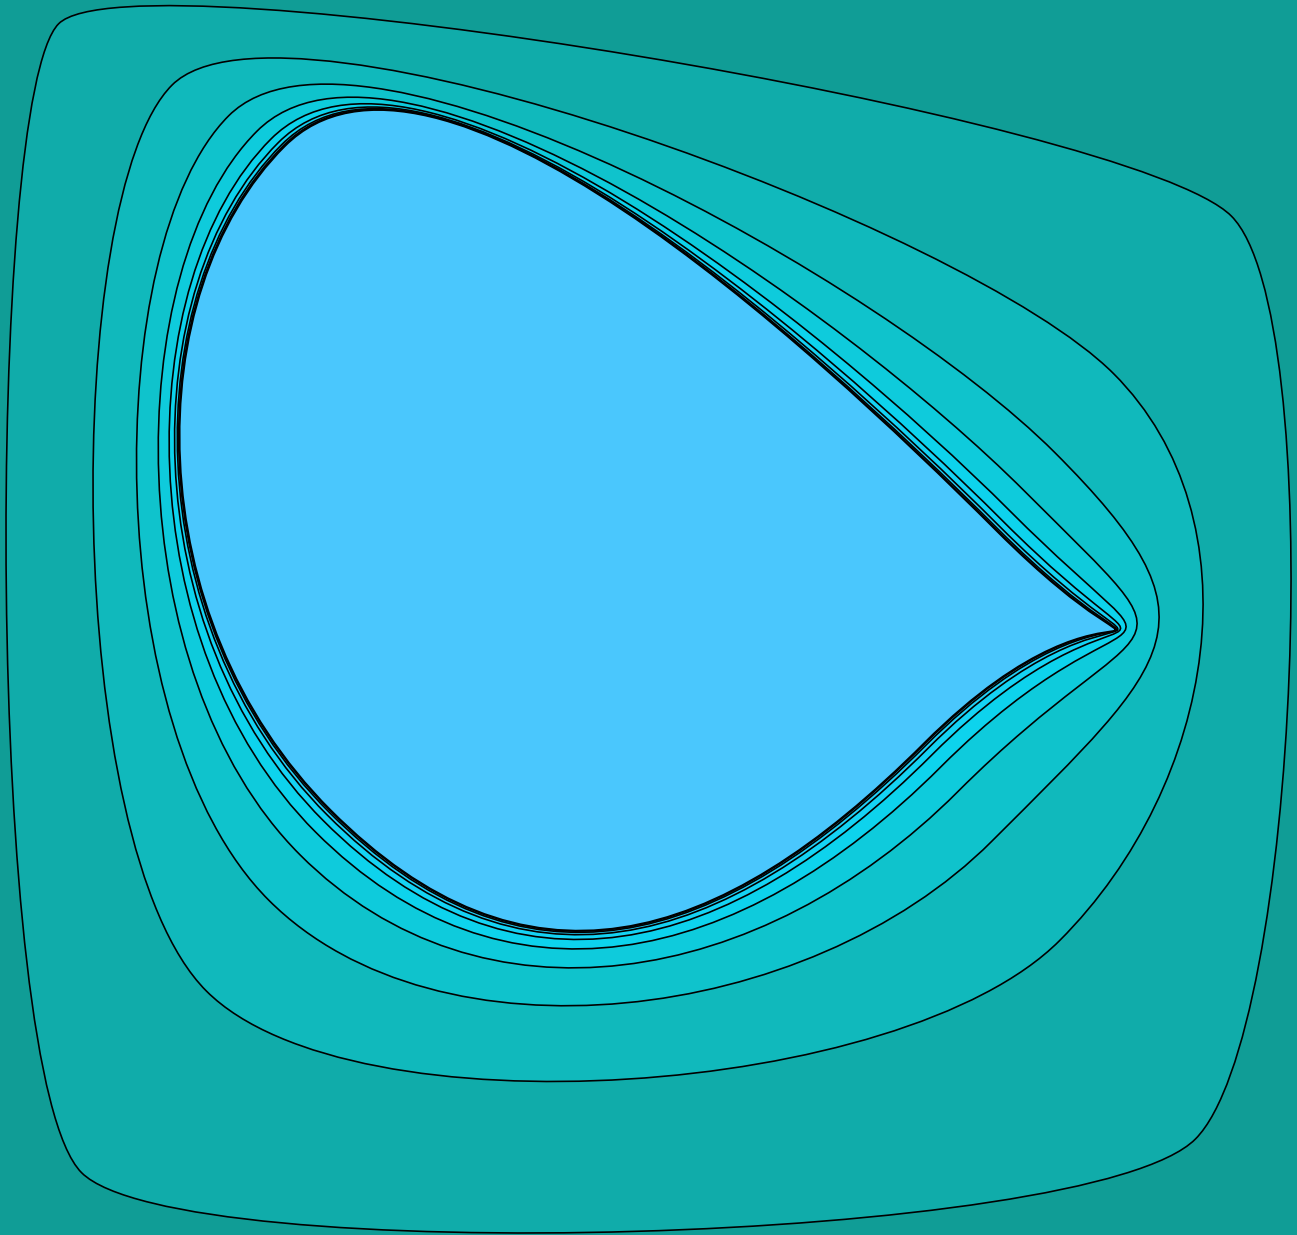

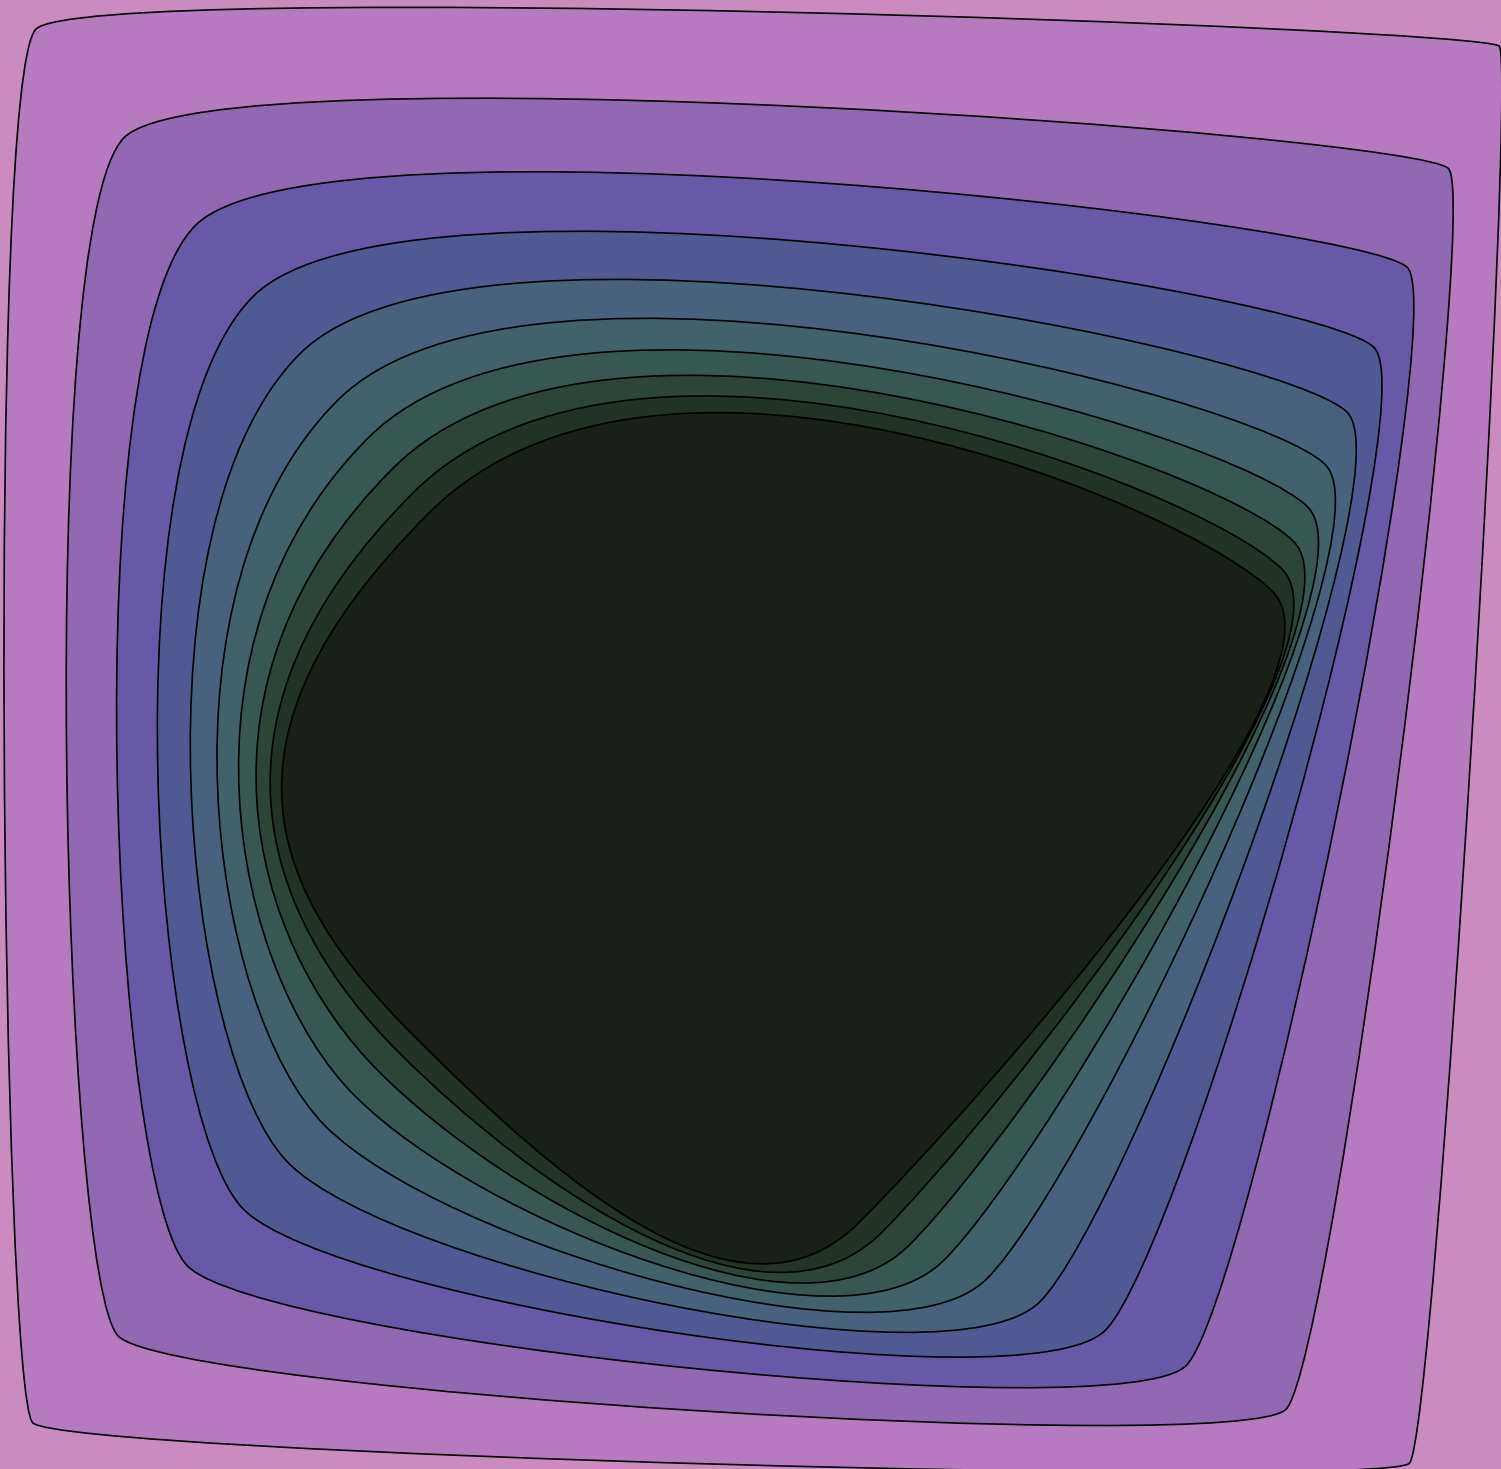

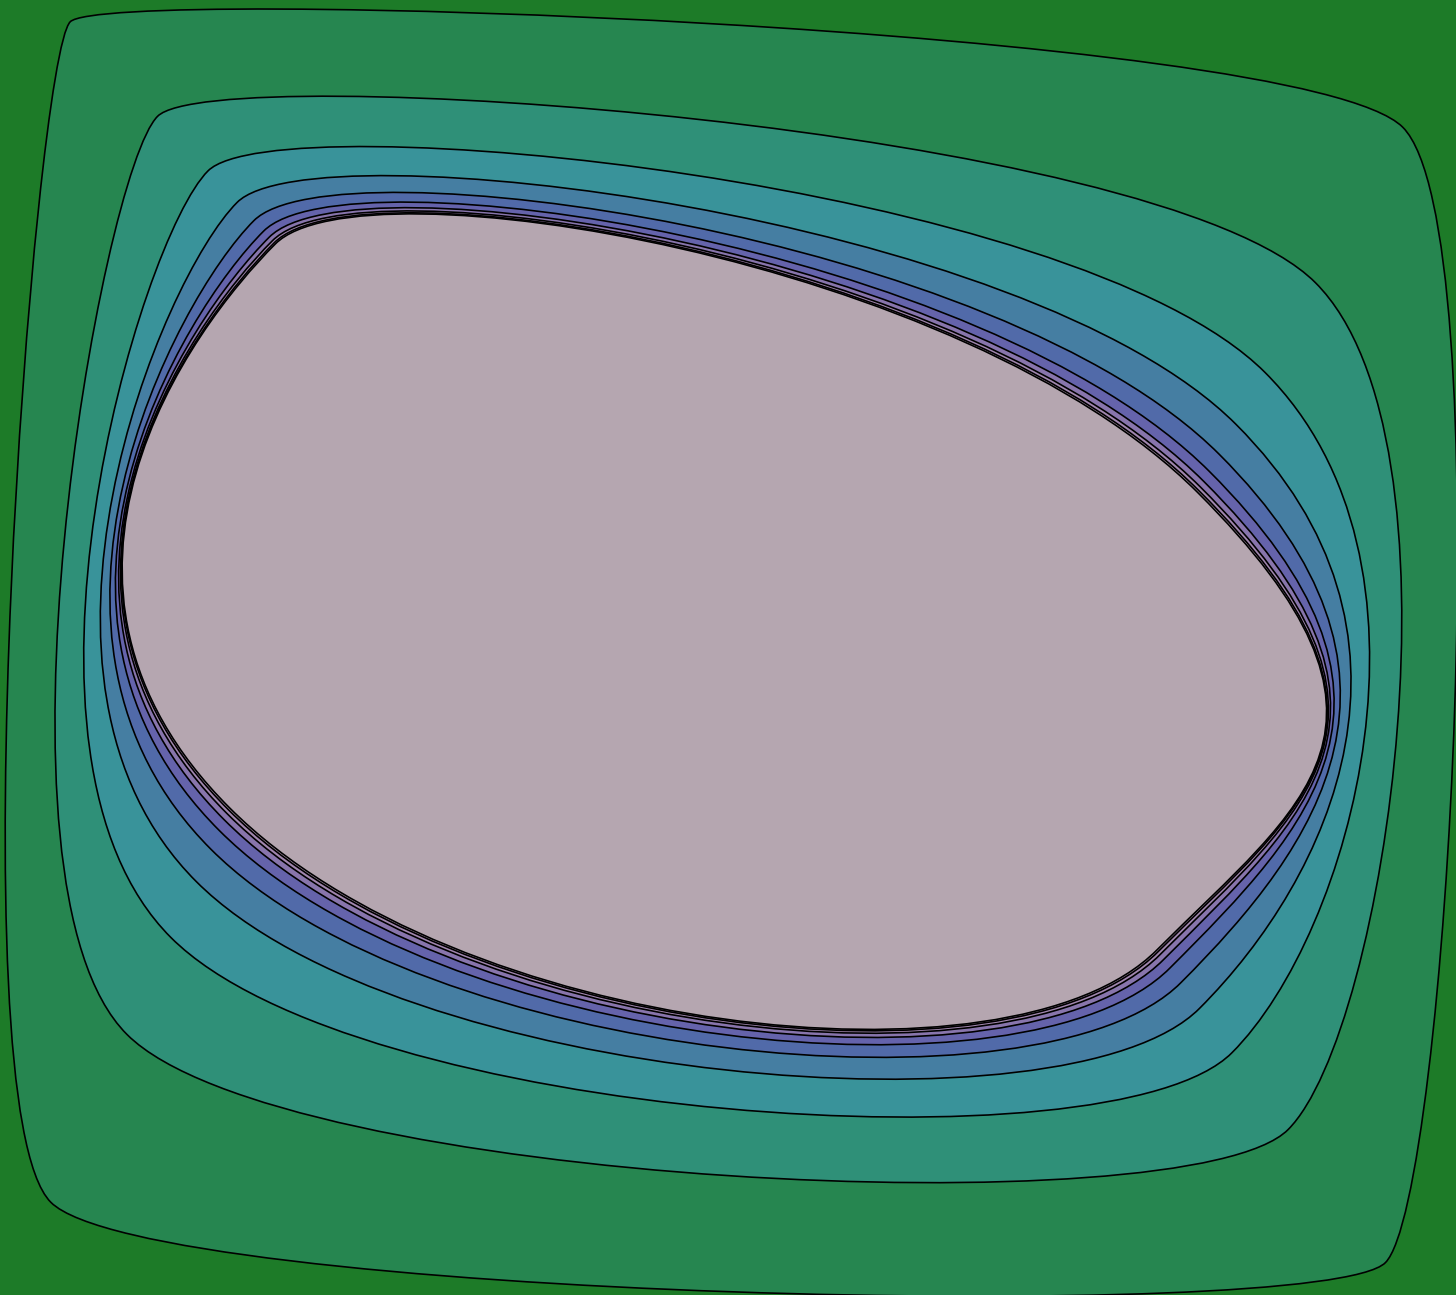

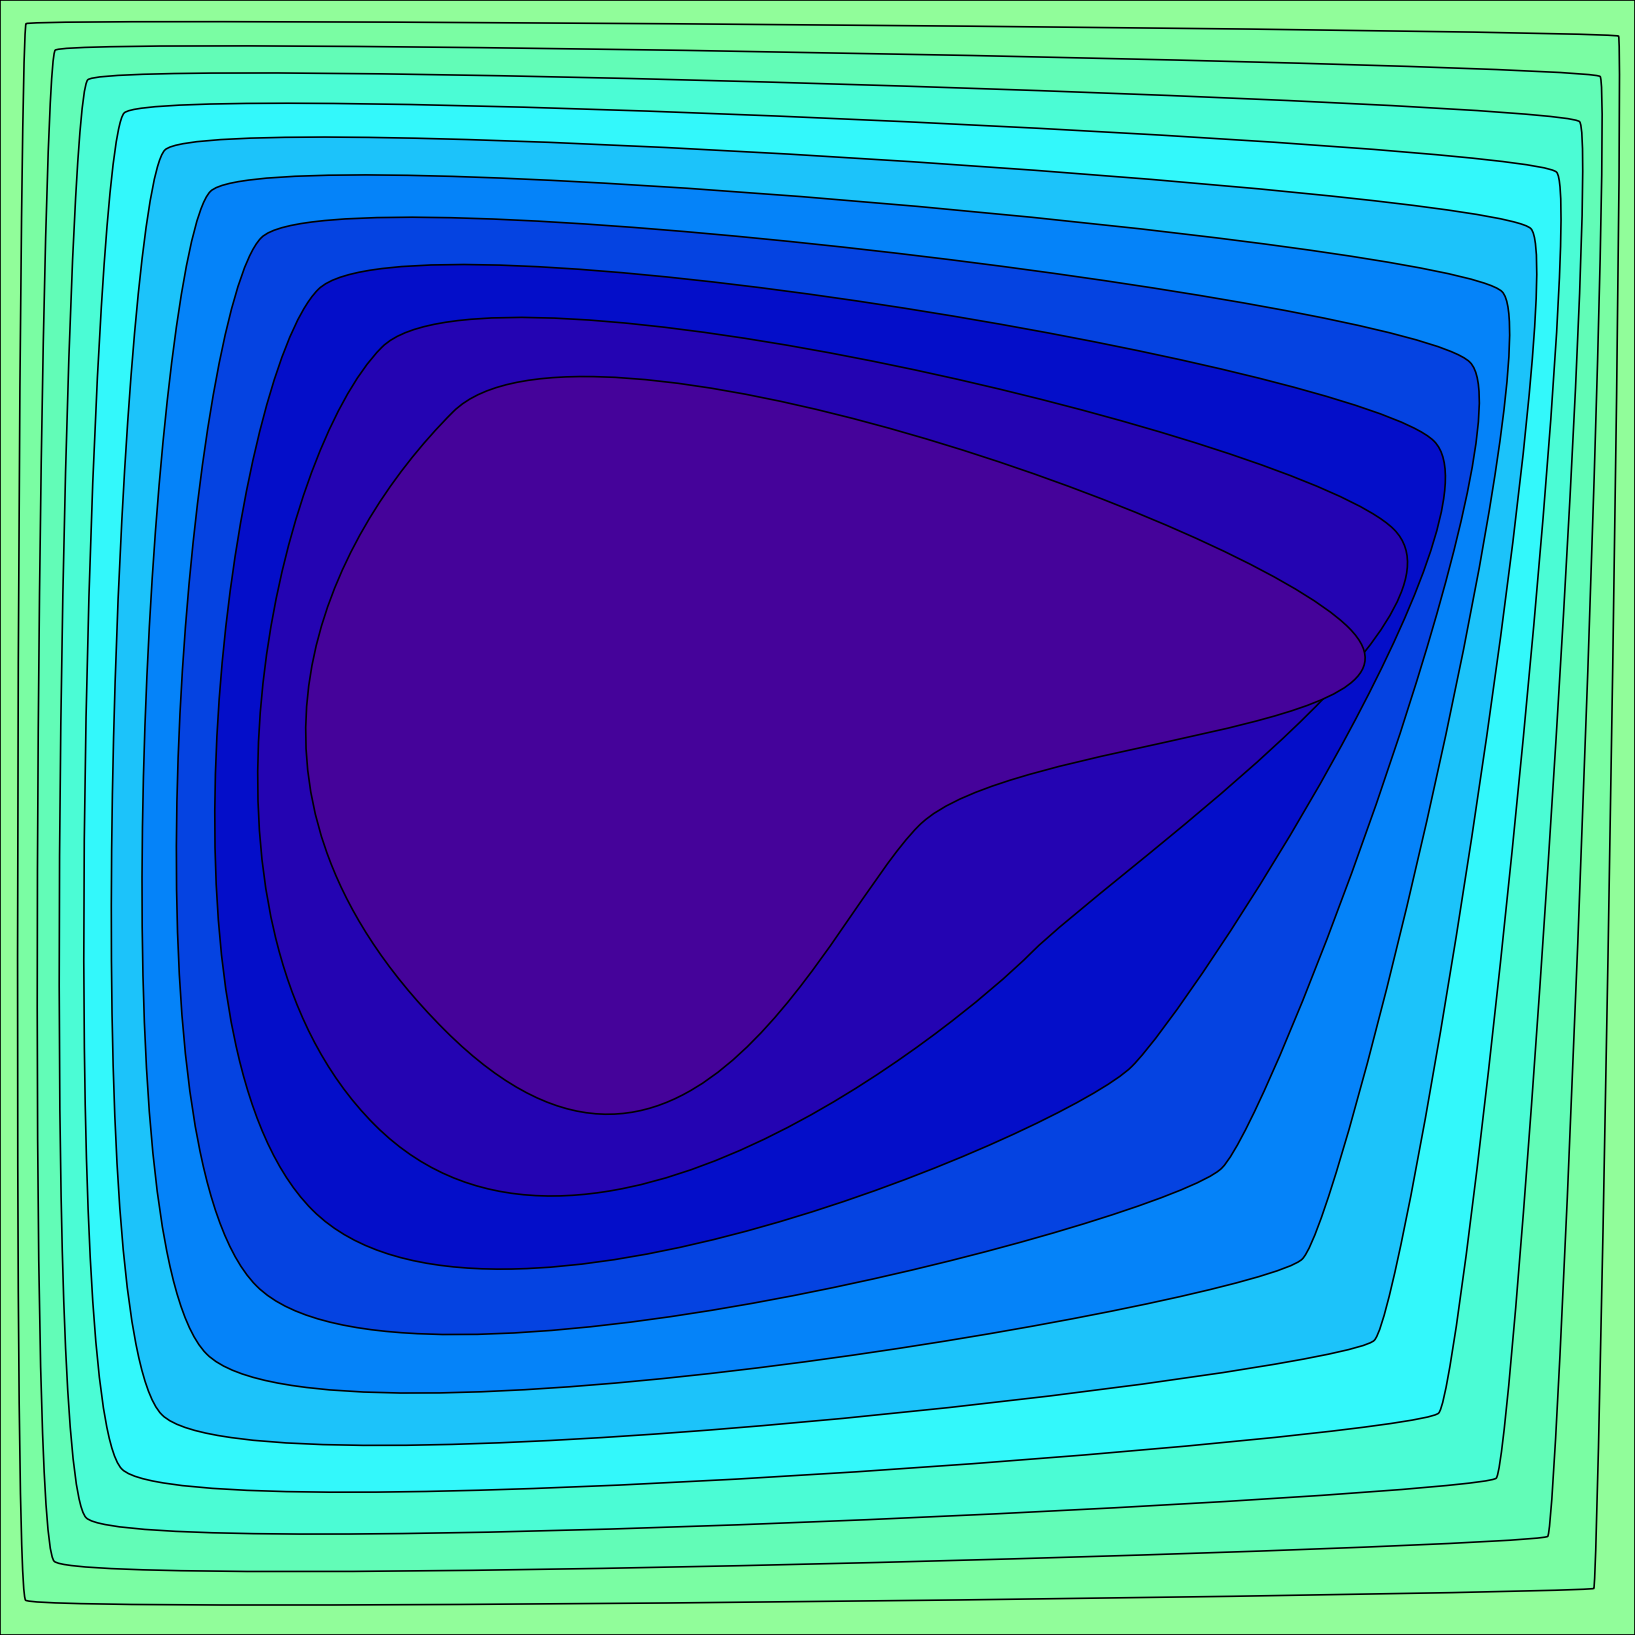

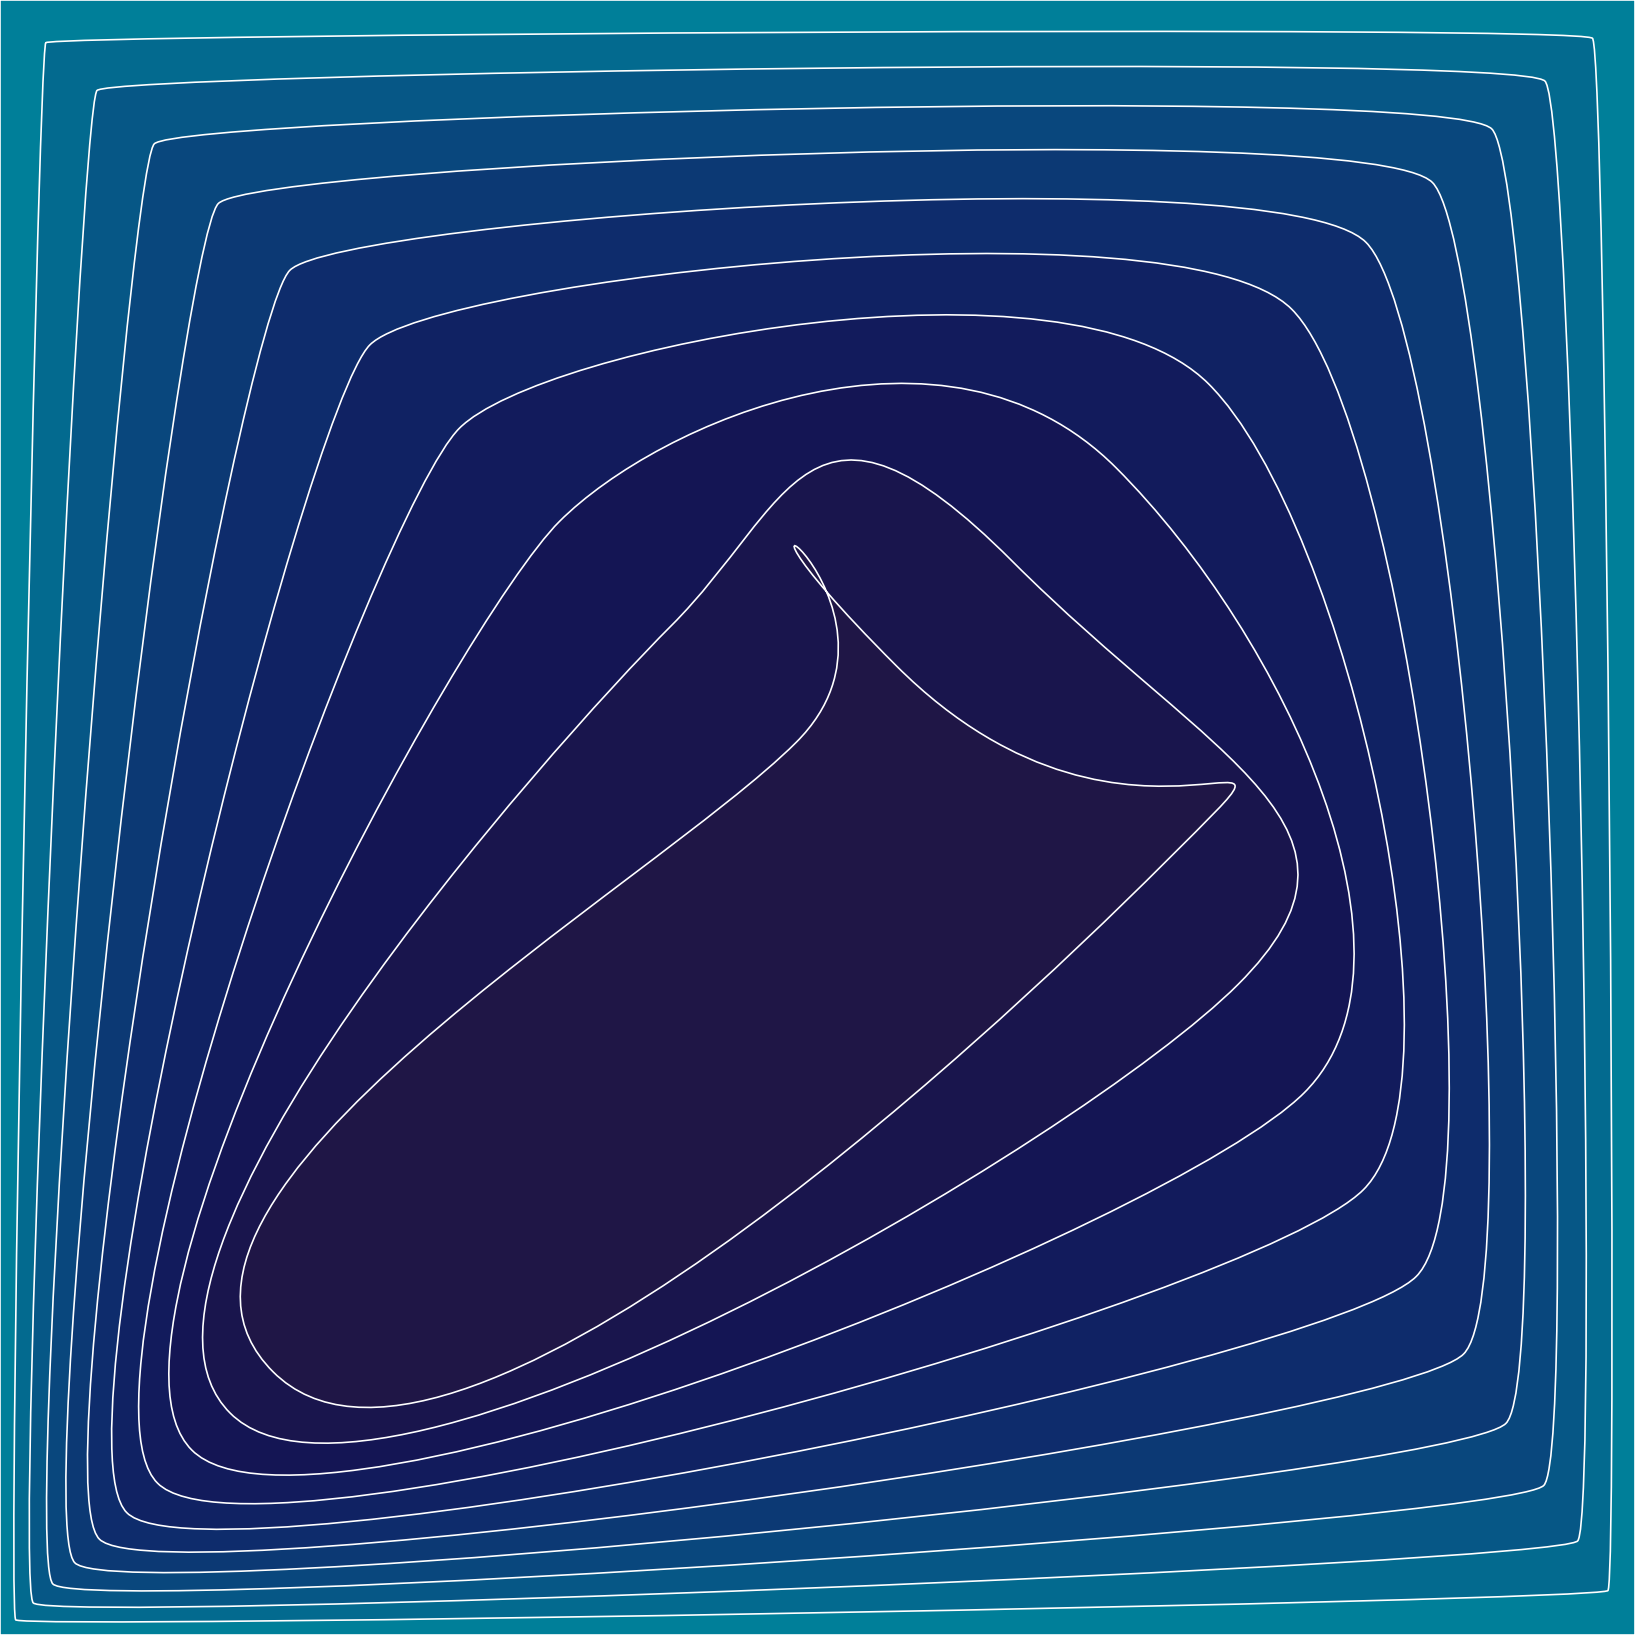

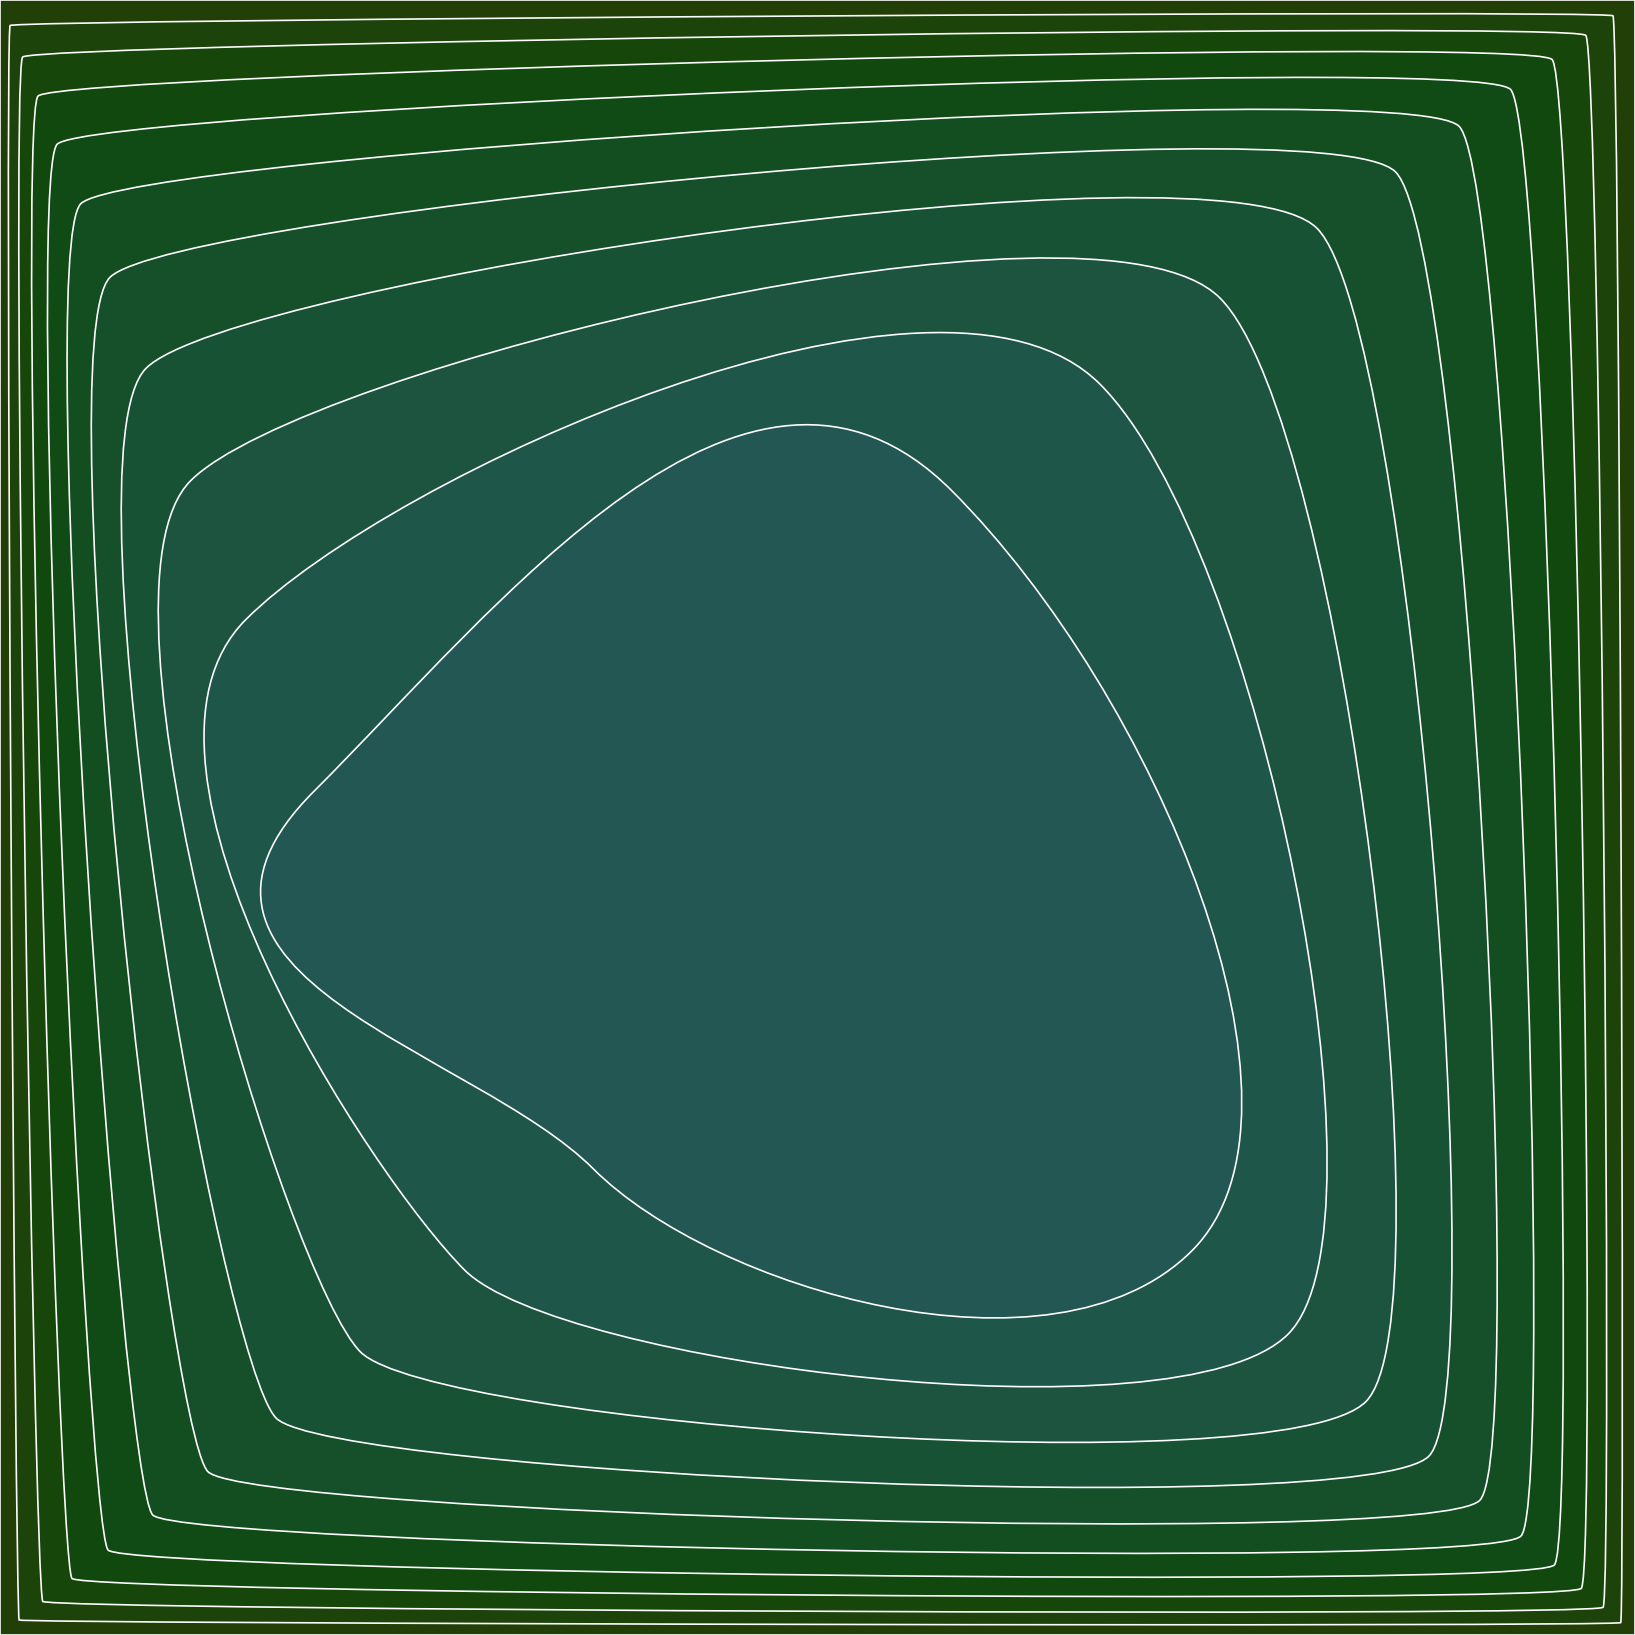

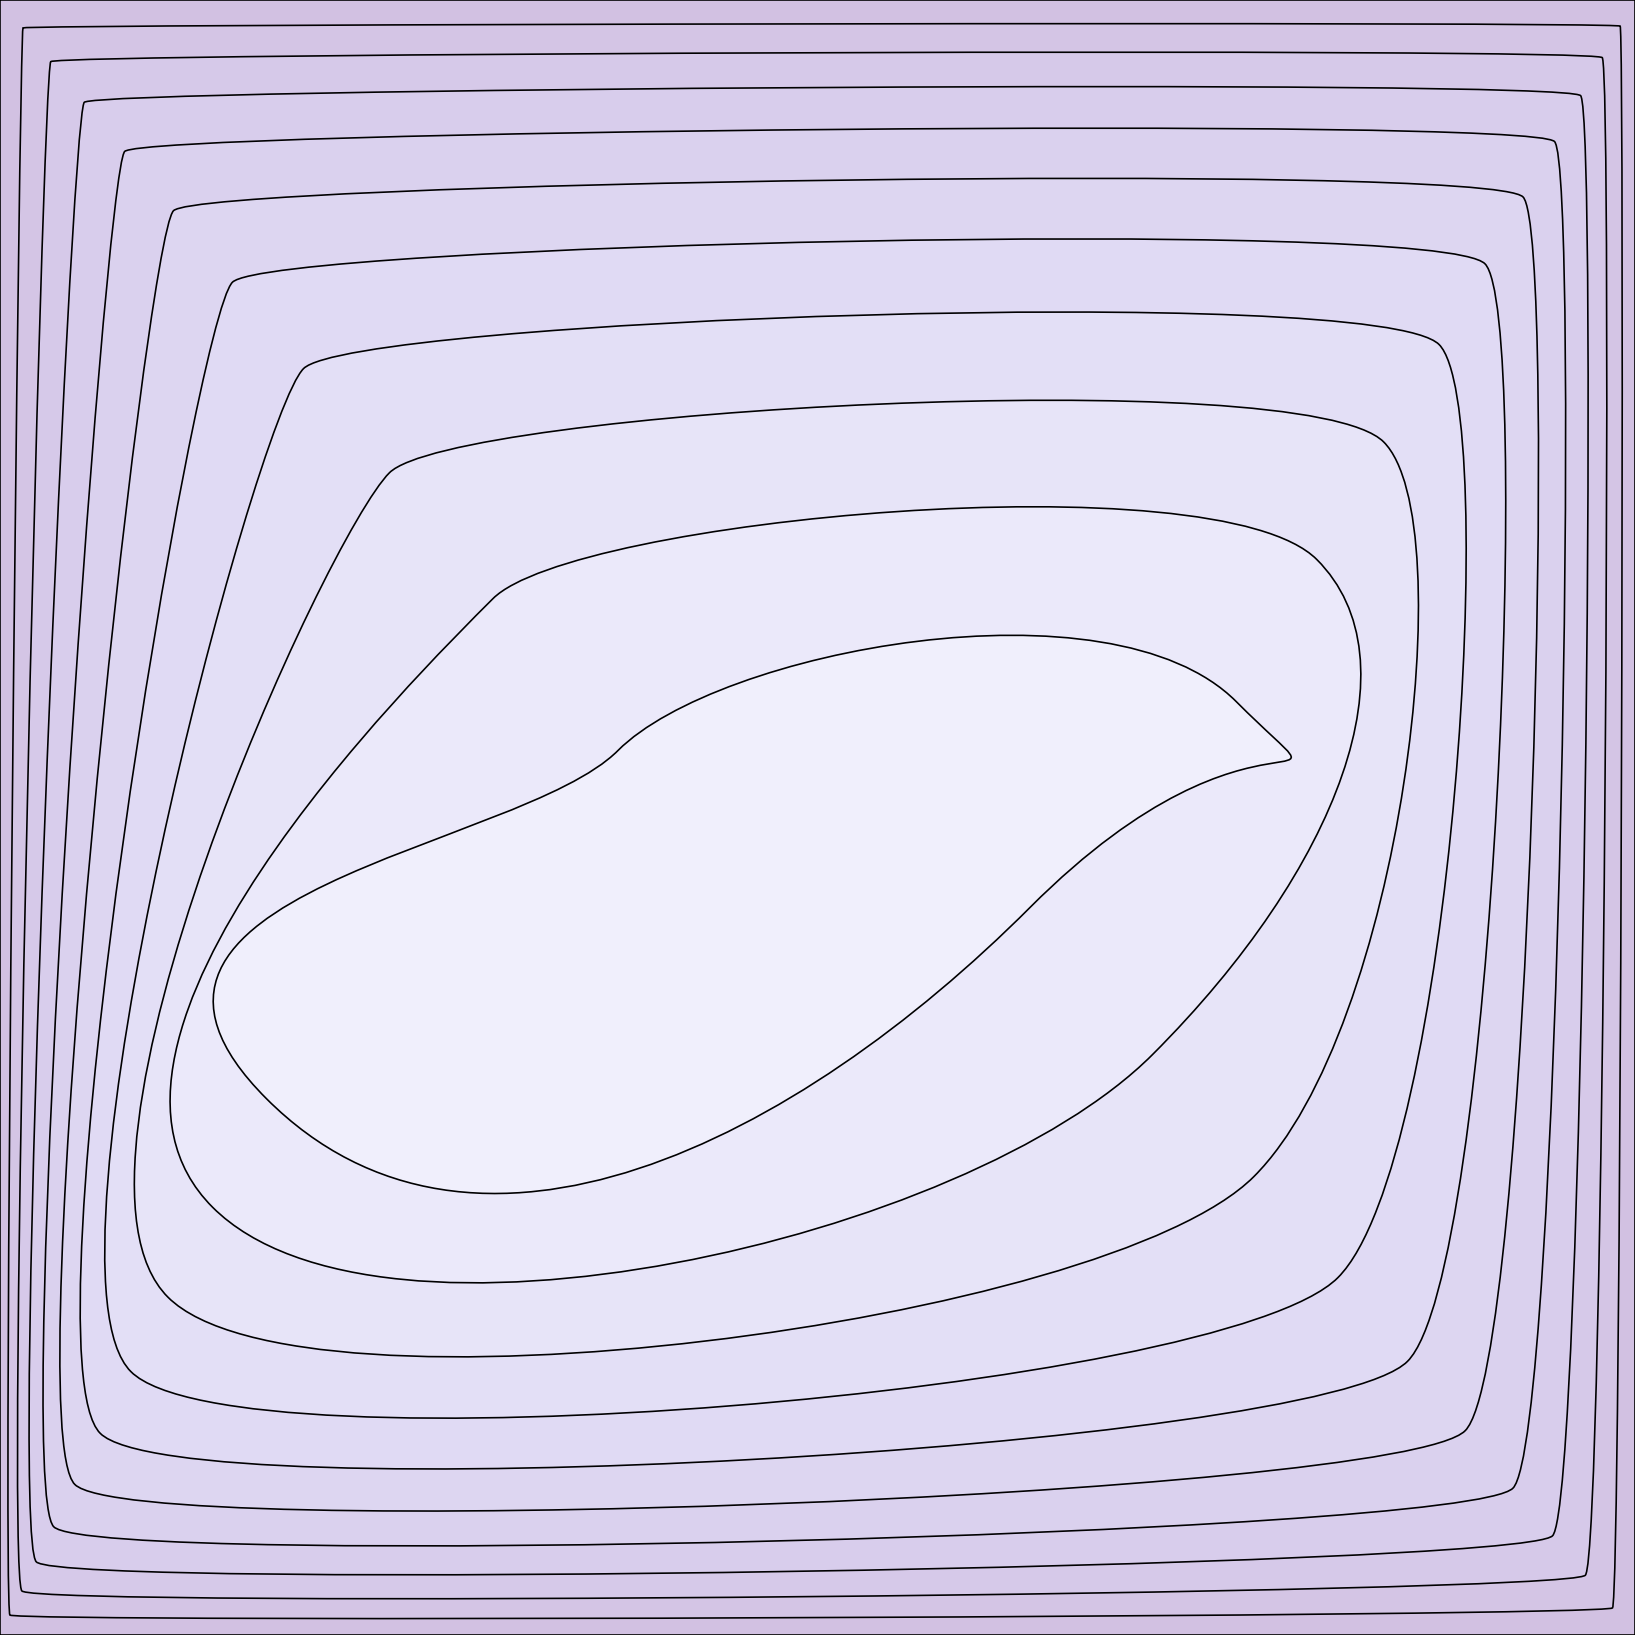

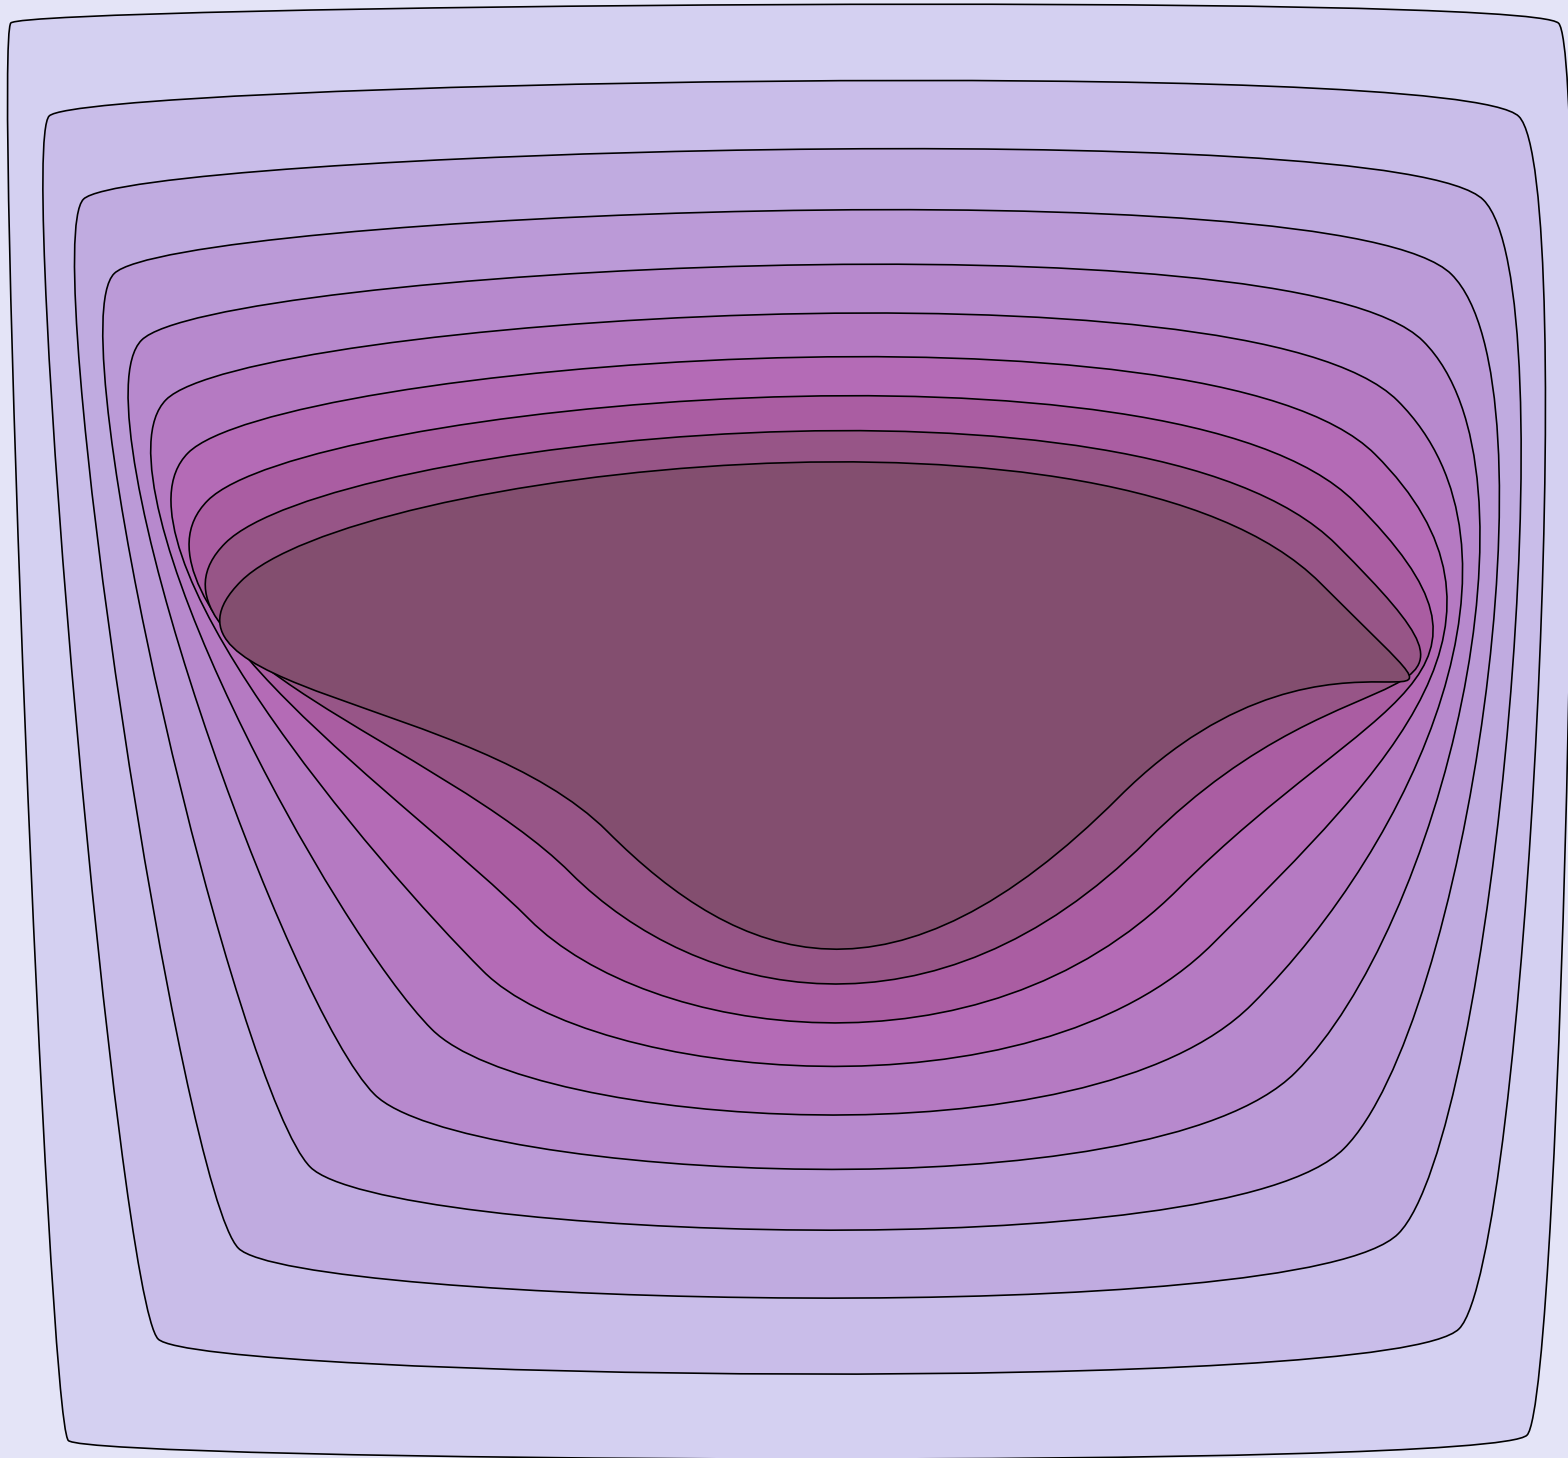

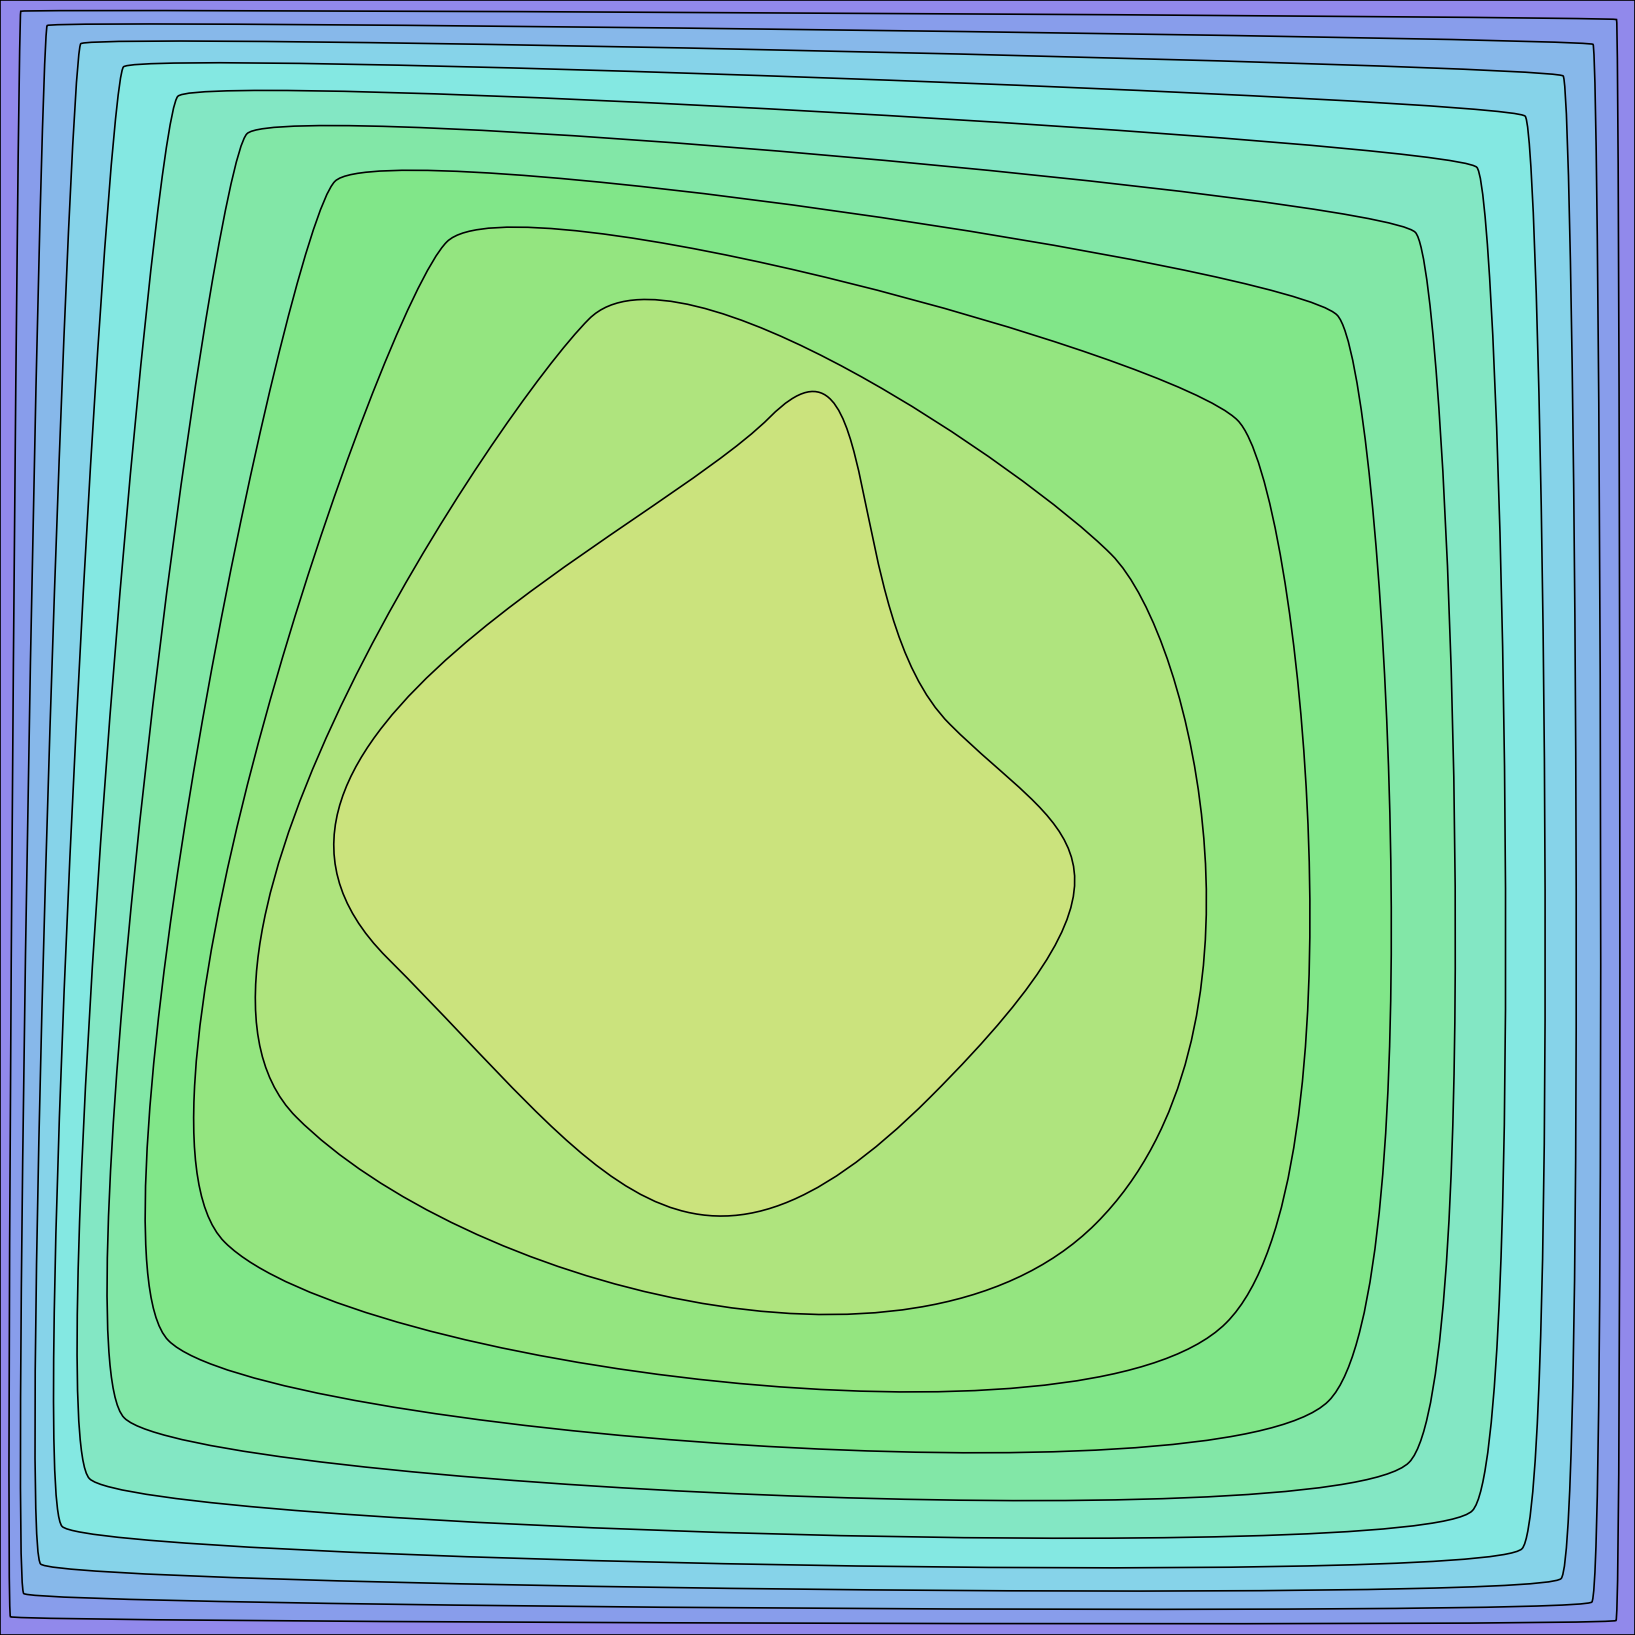

Every day my webserver generates a new book, filled with blobs of a random colour that turn into rectangles in ten steps. The blobs might have a border, and this border, if it exists, is either black or white. The ten steps follow a certain ratio. This ratio is one of the twelve so called excellent orthogons: The Quadrat, the Hemidiagon, the Trion, the Quadriagon, the Biauron, the Penton, the Diagon, the Bipenton, the Hemiolion, the Auron, the Hecton, and the Doppelquadrat.

Created for Vasilis van Gemert — and you — by his webserver.
